* ASTERISK AND (-) PARENTHESES

An asterisk * means that the pattern following is to be repeated the given number of times, in addition to the directions immediately following the asterisk. Parentheses indicate that directions enclosed within them should be repeated only the number of times stated immediately after parentheses.

IMPORTANT! CHECK TENSION FIRST

It is essential to work to the tension given in pattern instructions. Before starting work, take yarn and needles used in the directions and knit, or crochet, a small square in the stitch to be used. Measure number of stitches and rows and compare with those given in directions. If there is little difference, loosen or tighten tension when working. If difference is great, it will be necessary to change the size of needles.
