You have now the two pieces together in the shape of a cross, with the bridge straight in the middle.

With one piece of wire shape the top of lens, then with other piece shape the bottom. Now twist the two together to form the arm.

Repeat the other side in same way. With a length of D.K. wool wind all round wire, applying a thin layer of glue as you wind to secure wool, making sure that all the wire is covered. Apply powder blusher to cheeks, place glasses on face and slide arms under hair.
