TO MAKE UP:

LEGS, BODY AND HEAD: Sew back seam to top of legs, leaving an opening just below neck for stuffing. Gather around cast on sts of legs, draw up tightly and fasten off. Sew leg seams. Turn right side out. Stuff each leg firmly. Stuff body, neck and head firmly. Close opening. **NECK SHAPING:** Using a long double strand of light peach, gather around neck at row of increase sts and pull up tightly, leaving a long strand at one end. Pass this long strand around neck once, draw up tightly and knot at back of neck. Sew ends into neck. **NOSE:** Mark centre of face 6 rows up from neck and work a few horizontal sts for nose using light peach. Using a cotton bud, rub a little blusher onto the nose to give it definition. **MOUTH:** Using red sewing thread and starting 4 knitted rows down from nose, work a small v-shape for mouth, with 2 small sts on either side (see picture). **EYES:** Mark positions of eyes 2 rows up from nose. Glue or sew an 8mm eye at each marked position. Using black or brown sewing thread, work 3 small sts on either side of eyes for eyelashes. **CHEEKS:** Using a cotton bud, rub blusher lightly onto cheeks for a healthy complexion. **SLIPPERS:** Noting that seam will run up front of slipper, fold knitted piece in half with pointed ends matching. Sew row ends tog, then sew across cast on sts. Turn right side out and push toe of slipper out gently. Stuff toe, then stuff the rest of the slipper, leaving a small space for where the leg will fit into the slipper. Sew slippers to legs at the knitted marker row. **TOP OF SLIPPERS:** Fit top piece around each leg ensuring that the knitted piece hides the sts where the slipper is joined to leg. Sew the top pieces at back of leg, then sew the top portion of each piece to leg. **ARMS:** Gather around cast on sts, draw up tightly and fasten off. Sew row ends tog and turn right side out. Stuff arms and position them two knitted rows below neck. Sew in place, noting that seam will run underneath the arms. **WINGS (Both Alike):** Fold picot edge to WS and slip st loosely into place (to allow for stretch) on each wing. Fold knitted piece in half and sew row ends tog (= seam where wings will join). Trace shape of wing from diagram onto cardboard and cut

out shape of wing. Slide the cardboard inside the knitted piece. Now oversew picot edges tog enclosing cardboard piece as you go and ensuring that you stitch between the downward V shape of the picot edge. Sew wings tog at base for $\pm 1\text{cm}$ [$\frac{1}{2}\text{in}$]. Hold wings at centre back of fairy, taking note of where the wings will be exposed above the arms and shoulders at front. Decorate this section with sequins, glue glitter or anything sparkling. Allow to dry. Sew wings to centre back of fairy. When fairy is complete, catch wings to hands to hold wings in position. **SKIRT:** Sew row ends tog and turn right side out. Slide skirt onto fairy and then sew waistband onto body at waist marker row. **NECKBAND FRILL:** Sew row ends tog, noting that cast off edge will be at bottom. Sew level with top of mauve section of bodice starting at centre back. Sew bottom and top edge into place in a square shape bringing frill over left shoulder, across front, over right shoulder and ending at centre back. **HAIR:** Using bright yellow and using a 20cm [8in] diameter side plate, wind yarn around middle of plate 70 times. Tie double piece of yarn tightly at centre front of plate so that it holds the strands tightly. Do this a couple of times. Turn the plate over and cut through the strands of yarn at centre back of plate. You will now have two long sections of yarn on either side of knot. Lie the piece flat and holding the yarn firmly on one side of knot, brush gently with the pets fine wire grooming brush to increase volume of the hair. Now turn over and brush the other side until required thickness is reached. Now repeat this process on the other side of the knot. Pin hair to top of head, positioning it a little to the front. Sew in place at centre knot. Style as desired or brush back from forehead allowing 2 sections to remain on either side of head. Cut a gold tinsel pipe cleaner into 3 equal pieces, turning in the sharp points to avoid scratches. Twist front 2 pieces of hair loosely around finger and secure with one section of gold pipe cleaner, running the pipe cleaner up the length of twisted hair as far as it can go and then securing firmly. Secure back hair section by twisting the third section of pipe cleaner firmly around bottom. Dab glue stick onto the 3 tufts of hair at bottom of twisted piece and twirl between fingers to form a point. This will prevent the tufts from fanning out. Allow to dry. Sew 3 small loops in bright yellow just below centre parting. Take the other long section of gold tinsel pipe cleaner and position it around forehead (see picture). Run it around back of head and secure in place (see back of head picture). Sew hair to head last of all as it tends to get in the way when sewing wings in position. **RAINBOW HEAD PIECE:** Sew cast on and cast off edges tog. Once hair has been attached to fairy, sew head piece in place at centre top (see picture), with the orange and bright yellow stripes facing to the front. Add droplets of glue glitter

to orange section of headpiece. **POT OF GOLD:** Sew row ends tog and turn right side out. Lay aside for now. **GOLD:** Sew row ends tog. Cut a 3cm [1in] cardboard circle and place knitted piece wrong side down on cardboard. Gather along cast on edge, pull up tightly until knitted marker row runs around outer edge of circle, fasten off. **POT AND GOLD:** Stuff pot, keeping it in a rounded shape. Pin knitted gold piece to inside of pot, just below the cast on edge. Sew gold piece to pot as pinned. Note seam will run up back of pot. **POT HANDLE:** Sew row ends to either side of pot, making sure that handles are of equal distance from back seam of pot. **DECORATING THE POT:** Add droplets of gold glue glitter to inside gold piece to resemble gold "nuggets". Let a little "molten" gold run over edge of pot at front by making a couple of stripes in gold glue glitter and allowing them to run about halfway down the pot. **COMPLETING THE FAIRY:** Using sequins, beads, glue glitter and anything shiny of your choice that will make your fairy sparkle, decorate in whatever way you feel will look most attractive - e.g. add droplets of gold glue glitter to hair, a silver sequin and mauve glue glitter to each slipper, two sequins to middle front of bodice with droplets of blue glue glitter dotted over rest of bodice, droplets of gold glue glitter to neckband and around neck. Lastly place your fairy near a light where it can sparkle magically and bring joy and good fortune to all the family.
