ROLL STITCH CROCHET

Afghans on a Roll™

General Information

We recommend the special **ROLL STITCH HOOK** that has been designed with a tapered point, making it easier to pull through the wraps. It also has a larger work area without the usual wide grip found on most crochet hooks, so there is more space for wrapping.

Basic Instructions

Learning to Roll Stitch

If you already know how to crochet, you will be able to learn the Roll Stitch in less than a day! With our new Roll Stitch Hook and a little practice you will be making beautiful new projects in no time.

Let's grab the Roll Stitch Hook and some yarn and get started.

To practice, ch 16. Work 2 sc rows; at the end of the second row, ch 3 (counts as a dc on following rows), turn. Then work the next row as follows:

Pattern Row 1

In next sc work roll st as follows:

Step 1: YO 6 times.

Hint: Wrap yarn loosely around hook, keeping wraps even.

Step 2: Insert hook in st indicated and draw up lp; you now have 8 lps on hook.

Step 3: YO and draw through all lps on hook; ch 1.

Hint: Bring your middle finger and thumb (of the hand not holding the hook) up and gently hold the lps on the hook (pinching them

just a touch). This makes it easier to pull the hook through all the lps at one time. Gently roll the hook around as you pull through.

Now continue working across row as follows: dc in next sc, (roll st in next sc, dc in next sc) 6 times. Ch 1, turn.

Pattern Row 2

Sc in each dc and in each roll st. Ch 3, turn.

Repeat Pattern Rows 1 and 2 until you are comfortable with the roll st.

The height of the roll st can vary depending on the number of "yarn overs" that are done.

When you are comfortable with 6 times, try YO 8 times and then 10 and so on.

ASSEMBLY

Referring to photo for placement of squares, join squares in five strips of seven squares each. For first strip, hold first square with right side facing you; make slip knot on hook and join with an sc in ch-2 sp in upper right-hand corner, 2 sc in same sp; † sc in next 23 sc, dec over next corner ch-2 sp on working square and ch-2 sp of corresponding corner on next square (to work dec: draw up lp in each of next 2 corner ch-2 sps, YO and draw through all 3 lps on hook—dec made) †; rep from † to † 5 times more; (sc in next 23 sc, 3 sc in next corner ch-2 sp) twice; rep from † to † 6 times more; sc in next 23 sc, 3 sc in next corner ch-2 sp; sc in next 23 sc; join in joining sc.

Finish off and weave in ends.

Hold right side of strip facing you and weave unjoined edges of squares together through BLs, beginning and ending in ch-2 sps of corners.

Join remaining squares in strips in

same manner.

To join strips, hold two strips with right sides facing you. Weave edges of strips together through BLs, beginning and ending with second sc of corners and being sure all four-corner junctions are firmly joined.

EDGING

Hold afghan with right side facing you and one short end at top; make slip knot on hook and join with an sc in second sc of upper right-hand corner.

Rnd 1 (right side): Sc in same sc as joining; * sc in each sc to second sc of next corner; 3 sc in next sc—corner made; rep from * twice more; sc in each sc to joining sc; sc in same st as joining sc; join in joining sc.

Rnd 2: Ch 3 (counts as a dc on this and following rnds), dc in same sc—half of beg corner made; * dc in each dc to second sc of next corner; in next sc work (2 dc, ch 2, 2 dc)—corner made; rep from * twice more; dc in each st to beg ch-3; 2 dc in same sc as beg ch-3—half of beg corner made; join with an hdc in third ch of beg ch.

Rnd 3: Ch 3, dc in sp formed by joining hdc—half of beg corner made; * dc in each st to next corner ch-2 sp; in ch-2 sp work (2 dc, ch 2, 2 dc)—corner made; rep from * twice more; dc in each st to sp formed by joining hdc, 2 dc in same sp—half of beg corner made; join with an hdc in third ch of beg ch-3.

Rnd 4: Rep Rnd 3.

Rnd 5: Ch 1, 3 sc in sp formed by joining hdc; * sc in each dc to next corner ch-2 sp; 3 sc in ch-2 sp; rep from * twice more; sc in each dc to first sc; join in first sc. Finish off and weave in all ends.□□

* An asterisk is used to mark the beginning of a portion of instructions to be worked more than once; thus, "rep from * twice more" means after working the instructions once, repeat the instructions following the asterisk twice more (3 times in all).

† The dagger identifies a portion of instructions that will be repeated again later in the same row or round.

— The number after a long dash at the end of a row or round indicates the number of stitches you should have when the row or round has been completed. The long dash can also be used to indicate a completed stitch such as a decrease, a shell, or a cluster.

() Parentheses are used to enclose instructions which should be worked the exact number of times specified immediately following the parentheses, such as "(2 sc in next dc, sc in next dc) twice." They are also used to set off and clarify a group of stitches that are to be worked all into the same space or stitch, such as "in next corner sp work (2 dc, ch 1, 2 dc)."

[] Brackets and () parentheses are used to provide additional information to clarify instructions.

Join—join with a sl st unless otherwise specified.

The patterns in this book are written using United States terminology. Terms which have different English equivalents are noted below.

United States	English
single crochet (sc)	double crochet (dc)
half double crochet (hdc)	half treble (htr)
double crochet (dc)	treble (tr)
triple crochet (trc)	double treble (dtr)
skip (sk)	miss
slip stitch (sl st)	slip stitch (ss) or "single crochet"
gauge	tension
yarn over (YO)	yarn over hook (YOH)

How to Check Gauge

A correct stitch gauge is very important. Please take the time to work a stitch gauge swatch about 4" x 4". Measure the swatch. If the number of stitches and rows are fewer than indicated under "Gauge" in the pattern, your hook is too large. Try another swatch with a smaller size hook. If the number of stitches and rows are more than indicated under "Gauge" in the pattern, your hook is too small. Try another swatch with a larger size hook.

Stitch Guide

Chain - ch: YO, draw through lp on hook.  Single Crochet - sc: Insert hook in st, YO and draw through, YO and draw through both lps on hook.  Reverse Single Crochet - Reverse sc: Work from left to right, insert hook in sp or st indicated (a), draw lp through sp or st - 2 lps on hook (b); YO and draw through lps on hook. Fringe

Basic Instructions

Cut a piece of cardboard half as long as specified in instructions for strands plus 1/2" for trimming allowance. Wind yarn loosely and evenly lengthwise around cardboard. When cardboard is filled, cut yarn across one end. Do this several times, then begin fringing; you can wind additional strands as you need them.

Single Knot Fringe

Hold specified number of strands for one knot of fringe together, then fold in half. Hold afghan with right side facing you. Use crochet hook to draw folded end through space or stitch from right to wrong side (**Figs 1 and 2**), pull loose ends through folded section (**Fig 3**) and draw knot up firmly (**Fig 4**). Space knots as indicated in pattern instructions.
