THE NEW HAND KNIT STAR RATING — TO HELP YOU TO CHOOSE THE PATTERN SUITED TO YOUR KNITTING ABILITY.

- ★ One star says this is a beginner level of knitting. Knit and Purl stitches, casting on and off and some basic increasing and decreasing.
 - ★★ Two stars mean easy knits, with knit-purl stitch patterns, simple lace patterns (no shaping in the lace), slip-stitch patterns, and cables.
 - ★★★ Three stars are advanced knitters requiring some specialised knowledge, such as Fair Isle, Aran and more complicated lace patterns.
 - ★★★★ Four stars signal a *challenge knit*. There can be make-and-loose patterns, complicated shaping, and any technique that requires a higher level of concentration.
- P This letter P after any star grouping suggests that an additional degree of patience is required for a quality finish.

These star ratings will now be on all new and reprinted Cleckheaton books and leaflets.

This system has been developed to give the knitter a better understanding of the comparable ease or complexity which would be experienced in knitting any one design.

Using C6, embroider "bear's" face and buttons on his jumper.

Place Front Overlap over Back Underlap and catch edges together at armhole edge. Tie coloured threads 13 (14, 16, 18) cm down from shoulder seams on Back and Front. Using back stitch, sew in sleeves evenly between coloured threads. Join side and sleeve seams. Sew on buttons to correspond with buttonholes on left shoulder.

KNITTING STITCH EMBROIDERY

KNITTING STITCH EMBROIDERY is particularly effective on plain knitting. Your garment can be quickly transformed by the addition of embroidered motifs to yoke or pockets, and children love to have an illustration from their favourite books transferred to a cardigan or jumper.

Use the same thickness of yarn for embroidery as used in the garment. You could use a thicker yarn if necessary, but a thinner yarn would not give a good result.

Knitting stitch is a stitch worked directly over each knitted stitch, with a contrasting colour to represent the same knitted stitch, as before. Each square on the graph represents one stitch.

Insert needle from back of work, in the centre of any stitch and draw through. * Insert needle from right to left, underneath the two loops of the same stitch one row above, and draw through, then insert needle back into original place where needle was first inserted, draw

underneath the two loops still working from right to left, and out into the centre of the next stitch (thus completing one knitting stitch), rep from * to end of graph pattern.

All rows of pattern are worked from right to left, then from left to right, till the motifs or patterns has been completed.

HELPFUL HINT

"KNIT-IN-ELASTIC"

To prevent lower bands, cuffs and certain types of Neckbands and Collars from stretching, we suggest using Aero "Knit-in-Elastic" knitted together with yarn (in areas mentioned above only).

Stem Stitch is primarily an outlining stitch, but is often used to work stems in floral designs as well. Working from left to right, bring needle out at 1. Insert 2 and exit a half stitch length back at 3; distances 1-3 and 3-2 should be equal. Repeat sequence.

Note that point 3 of previous stitch is now point 1, and the needle emerging at 3 is coming from hole at point 2 of the previous stitch. Keep thread below needle. For a broader stem stitch, angle the needles slightly when entering at 2 and exiting at 3 as in last drawing.

THE RIGHT WAY TO WASH 'MACHINE WASH' WOOLLENS

Here are a few helpful hints to make sure your wool washing is completely successful.

- Before putting any pure wool garments in your washing machine, make sure that the wool used is machine washable.
- Always use the gentle cycle on your washing machine.
- Don't wash your woollen garments in hot water as the colours may run. Instead, it is recommended that you wash in warm water and never soak for more than a few minutes.
- Always rinse at the end of the wash. Softly will gently lift the dirt from the fibres and help return the natural spring to the wool.
- Avoid letting water run directly onto your woollens as it can matt the fibre, and never twist or wring them as this can lead to distortion and mis-shaping of the garments.
- The spin cycle of your washing machine is safe to use for all but the most delicate wool garments. For delicate woollens, avoid using the spin cycle, instead just simply roll in a towel and gently squeeze out as much water as possible.
- When excess water is removed, turn the garment inside out and place on a flat surface to dry, easing it into its original shape and size.
- Avoid drying your woollen garments in direct sunlight because it may fade colours and 'yellow' whites.
