★ as many **more** times as
indicated in addition to the first
time.

† to † or ♥ to ♥ — work all
instructions from first † to

stitch or space indicated or
contains explanatory remarks.

colon (:) — the number(s) given
after a colon at the end of a row
or round denote(s) the number of
stitches you should have on that
row or round.

GAUGE

Exact gauge is **essential** for
proper size. Hook size given in
instructions is merely a guide and
should never be used without
first making a sample swatch of
the rounds indicated in the
thread and hook specified. Then
measure the swatch, counting
your stitches and rounds
carefully. If your swatch is larger
or smaller than specified, **make
another, changing hook size
to get the correct gauge**. Keep
trying until you find the size hook
that will give you the specified
gauge.

CHAIN

To work a chain stitch, begin
with a slip knot on the hook.
Bring the yarn **over** hook from
back to front, catching the yarn
with the hook and turning the
hook slightly toward you to keep
the yarn from slipping off. Draw
the yarn through the slip knot
(Fig. 1) (first chain st made,
abbreviated ch).

Fig. 1

WORKING INTO THE CHAIN

When counting chains, always
begin with the first chain from
the hook and then count toward
the beginning of your foundation
chain (Fig. 2a).

Fig. 2a

Method 1: Insert hook under
top two strands of each chain
(Fig. 2b).

Fig. 2b

Method 2: Insert hook into
back ridge of each chain (Fig.
2c).

Fig. 2c

Method 3: To form a beginning ring, work the specified number of chains and then join to the first chain made with a slip st (**Fig. 2d**).

WASHING AND BLOCKING

For a more professional look, pieces should be washed and blocked. Using a mild detergent and warm water and being careful not to rub, twist, or wring, gently squeeze suds through the piece. Rinse several times in cool, clear water. Roll piece in a clean terry towel and gently press out the excess moisture. Lay piece on a flat surface and shape to proper size; where needed, pin in place using rust-proof pins. Allow to dry **completely**.
