Introduction

My latest collection of knits for children was inspired by images of childhood from days gone by - a time of rocking horses and sailing boats, dolls' houses and skipping ropes. I have tried to recreate this period not only by using these motifs but also by working with a soft palette of 'nursery' shades - cream and primrose, dusky blues, lilacs and pinks, with subtly flecked tweeds. Some of the designs for small babies are updated versions of the old-fashioned layette and many of the garments have matching accessories, such as booties or a blanket. Other outfits are accompanied by a toy, such as a small sailor bear with the classic sailor top or a tiny sheep that can be popped into the pocket of the smock.

The designs cover ages from 3 months to 3 years and range from the simple to the more challenging to meet the needs of a variety of knitting abilities.

Basic Information

NOTES

Figures for larger sizes are given in () brackets. Where only one figure appears, this applies to all sizes.

Work figures given in [] the number of times stated afterwards.

Where 0 appears no stitches or rows are worked for this size.

YARNS

All amounts are based on average requirements and should therefore be regarded as approximate. It is always best to use the yarn recommended in the knitting pattern instructions. Addresses for Rowan Yarns are given on page 80. If, however, you cannot find the yarn specified, you can substitute a yarn of similar weight and type. The descriptions of the various Rowan yarns are meant as a guide to the yarn weight and type (i.e. cotton, wool, et cetera). Remember that the description of the yarn weight is only a guide and you should test a yarn first to see if it will achieve the correct tensions (gauge).

The amount of substitute yarn needed is determined by the number of metres (yards) required rather than by the number of grammes (ounces). If you are unsure when choosing a suitable substitute, ask the assistant at your yarn shop to assist you.

Description of Rowan Yarns

Cotton Glace - a lightweight cotton yarn (100% cotton)
approx 112m (123yd) per 50g (1½oz) ball

Designer DK - a double knitting (US worsted) weight yarn (100% pure new wool)

approx 115m (125yd) per 50g (1½oz) ball

Handknit DK Cotton - a medium weight cotton yarn (100% cotton)

approx 85m (90yd) per 50g (1½oz) ball

True 4 ply Botany - a 4 ply yarn (100% pure new wool)
approx 170m (220yd) per 50g (1½oz) ball

Recycled Chunky - a chunky weight yarn (100% pure new wool)

approx 100m (109yd) per 100g (3½oz) hank

DK Tweed - a double knitting weight yarn (100% pure new wool)

approx 110m (143yd) per 50g (1½oz) hank

TENSION

Tension is the number of stitches and rows per centimetre (inch) that should be obtained on given needles, yarn and stitch pattern. To check your tension, knit a sample at least 12.5 x 12.5cm (5in) square, using the same yarn, needles and stitch pattern as those to be used for main work. Smooth out the finished sample on a flat surface but do not stretch it. With a ruler, mark out a 10cm (4in) square with pins. Count the number of stitches and rows

between pins. If the number of stitches and rows is greater than specified try again using larger needles; if less use smaller needles.

Tension is not as crucial when knitting toys as it would be for other knitted garments. A tighter or looser tension will produce a smaller or larger toy than that shown in the photograph, and a loose tension will produce a more open fabric through which the stuffing will show or come through.

STUFFING

Overstuffing stretches the fabric so that the stuffing shows through and understuffing makes the toy too floppy. Watch out for 'lumps' when stuffing. Tear the edges of each piece of stuffing so that the edges blend in when inserted.

SAFETY

It is very important that a toy is suitable for the age of the child for whom it is intended. Toys given to children under 3 years of age should not have any added extras such as buttons or eyes which could become loose. Make sure that any toys given to the very young have all limbs and any accessories securely sewn in place. Washable stuffing, which conforms to safety standards, should always be used and yarns should be either 100% wool or 100% cotton.

A young child with dark hair is sitting on the ground in a wooded area, surrounded by fallen leaves and tree trunks. The child is wearing a dark, textured cable-knit coat and a matching tall, pointed hat. They are holding two thin sticks in their hands, one in each hand, and looking down at them with a focused expression. The child's left leg is extended, showing a red and white plaid sock and a dark blue boot. The background is a soft-focus view of trees and foliage, suggesting an autumn setting. The lighting is warm and natural, coming from the side.
