COLLAR TRIM:

Cut 2-9 1/2" lengths of the 1/4" wide flat gold trim. Fold each length in two lengthwise. Place first half around top of collar and around ends. Stitch in place. Place second half across bottom of collar and stitch into place. Set aside.

SLEEVE TRIM:

Cut 6-8 1/2" lengths of the 1/4" flat gold braid trim. Fold each length in two lengthwise. With gold thread, stitch the 3 lengths of trim around sleeve about 1/4" up from sleeve bottom, leaving a very small space between each stripe. Make a very small loop of the round gold trim (See Fig. 4.) With gold thread stitch thru bottom of loop then bind tightly with the thread. Trim bottom ends even with binding. Tuck bottom part under last upper stripe, between stitches, at center top of sleeve. Stitch into place. Work second sleeve the same. Dress doll, pinning coat into double breasted position with straight pins. Place the blue satin ribbon over left shoulder around and under right arm (about an cup). Pin with straight pin dipped in glue, thru ribbon into body. Cut off excess. Using one of cut ends, make a single flat bow and stitch into place over pin. Make a small loop of the ribbon and stitch under bow.

BELT:

Cut about a 10" length of the 1/4" flat gold trim. Place around waist, stitch at side back. To make buckle—slightly open 1-12mm bead cap, then glue 1-8mm bead cap over top. Dip 1 straight pin in glue, push pin thru top hole of both caps and into center of belt front, into body of doll. Place 1 gold ball at left of buckle and 2 at right side of buckle. Pinch balls closed, overlapping ends. Stitch the 9 buttons into place with gold thread by passing needle thru side openings of bead caps and thru sequins, being sure to pick up under part of double breasting to hold coat securely in place. Angle buttons slightly down front sides from just under where collar should be to each side of 2 balls on sides of buckle.

FIRST 2 UPPER MEDALS:

Cut a small piece of lightweight cardboard 1/4" long by 1/4" wide. Cut 2 strips 1/4" wide ribbon (1 white, 1 blue) 1 1/4" long. Place side by side over cardboard. Glue small strip of silver lame' above 2-8mm silver sequins onto front lower portion of ribbon. Push glued straight pin thru center top of ribbons and into body just under and to left of top left button. Place glued straight pins thru next 2 medals (first red then blue), apply small amount of glue to backs of medals and place in line under ribbon medals. Place collar around neck. Stitch closed at bottom of collar with gold thread. Pass needle and thread thru the unopened 8mm bell cap, then thru 1 hole in end of opened bell cap, bring thread back up thru unopened bell cap and fasten securely at center bottom of collar.

SHOULDER BRAID:

Using about 16" of small round gold braid and straight pin dipped in glue, pass pin thru one end of braid, pin thru upper right shoulder into body. Loop braid twice around under arm and around shoulder. Bring from shoulder in wide arc (about 1/2") over looped braid about 1/4". Make loop and stitch closed with gold thread. Do not cut thread. Using glue straight pin, pin loop to right side of chest between first and second buttons. On remaining thread, thread 1-3mm gold bead, 3-4 x 8 gold ovals and 1-6mm gold pearl, pass thread around bottom of 3mm pearl and back up remaining beads. Let hang limply, repeat for second decorative hanging. Fasten thread.

SHOULDER BARS:

Cut 2 small pieces of lightweight cardboard 1/4" long by 1/4" wide. Glue a strip of the 1/4" wide flat gold trim, cut 1 1/4" long around cardboard lengthwise. Glue 1-8mm gold bead cap about 1/4" from end of each bar. When dry, apply glue to under side, tuck longer end slightly under collar and lay across shoulder covering beginning pin of braid on right shoulder and blue ribbon of left shoulder.

LEFT SLEEVE DECORATION:

Cut 2 prongs from 1-14mm filigree gold bead cap, to represent wings. Turn left wing or prong to back side. Use right side of prong for right wing. Place and stitch directly above loop on left sleeve trim in open wing position. Stitch 1-3 x 6mm gold oval straight down center of wings.

CAP DECORATION:

Cap Emblem

Using 2 ply gold lame' and working a back stitch, make a sort of emblem at center top front of cap, about 1 1/4" wide and 1 1/4" high. Fill in all but small space in center of emblem with gold. Using blue yarn fill in small space in center. With silver 2 ply lame', make a small insignia in center of blue, similar to one on sleeve. Stitch around emblem with blue yarn. Place the 6" length of flat gold braid around outer rim of cap. Glue into position. Cut off any excess. (See illustration for emblem.)

Cut a small strip of the vinyl, 8" long by 1/4" wide. Place strip across front of cap directly under emblem and ending in front of each ear when cap is squared on head. Glue across center front under emblem and at each end. Being sure vinyl strip covers braid ends, cut off any excess vinyl. Glue 1-10mm black sequin at each end of strip.

SWORD:

Cut a strip of the black vinyl 5 1/4" long by 1/4" wide. Glue strip around drink stirrer, leaving ball at top free. Taper vinyl ends at bottom and glue together. "NOTE: Wrapping a length of the fine wire around while gluing helps to keep vinyl in place until dry." When dry, wrap three sections closely with the 24 gauge gold wire having about 1 1/4" wrap at bottom. Skip 1", wrap about a 1" section of wire in center. Before wrapping top section, make a handle as in diagram of the 20 gauge gold wire. Shape as in diagram, making a

small loop in the wire as indicated to hold tassel. Slide the 3-8mm gold beads up straight side of handle. Place handle over top of amber ball on top of sword having ends of wire extending down along flat sides of stirrer and being sure handle fits over doll's left hand. Skip 1" from center wrapping. Begin last wrapping of wire, wrapping tightly over the ends of 20 gauge wire, extending downward from handle on flat sides. Do not cut wire! Flatten out the 2-18mm bead caps. Cut off 4 of the points on each cap being sure to keep the 2 center ones intact. Place one on each side at top of sword just under amber ball of drink stirrer and gold beads. Continue wrapping wire if needed, wiring the 2 bead cap parts (sword hilt) into place also.

WORD TASSEL:

Wrap gold thread around a flat piece of cardboard 2" wide, about 30 times. Tie thread off tightly at one end, leaving a length of

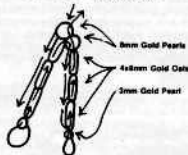

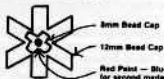

thread to tie on loop of sword. Cut remaining end evenly from cardboard. Wrap gold thread several times around tassel at top and at center to hold tassel in place. With remaining thread at top, thread thru loop in sword handle, let hang about 1" and tie securely. Wire sword to hand, bringing wire up under coat sleeve and twisting. With the 24 gauge wire, fasten one end of about 3" of the gold chain to center opening of bead cap used as hilt on inside of sword. Loop remaining end around belt at side. Fasten with thread or small length of wire.

Place 1 gold ball around bottom of center wrapped wire. Pinch closed overlapping ball ends. Fasten end of about a 6" length of the gold chain to ball with gold wire. Loop remaining end over center back of belt. Fasten with thread or wire. Glue or stitch the last two buttons, one on either side of center back chain, fastening with about a 1" gap between them.
