1. From One Big Ball

Olivia Octopus

372-1

Shown on front cover.

Octopus measures approx. 10" tall.

This project is made using one 8 ounces (226.8 grams) skein of **RED HEART® Super Saver 4-Ply Worsted Weight** yarn.

COLOR

372 Rose Pink

PRODUCT

Super Saver

INSTRUCTIONS:

1.

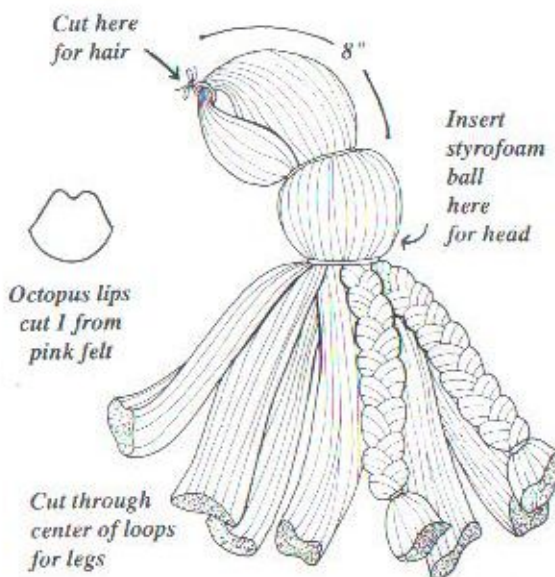

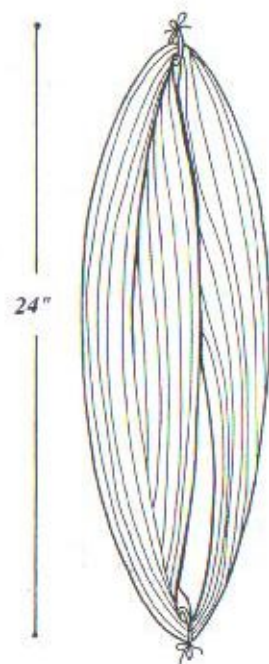

Wind entire skein of yarn around cardboard lengthwise leaving about 6 yds to use for tying later. Tie yarn together loosely at each end of cardboard. Remove cardboard.

ADDITIONAL MATERIALS: 2 - ½" roly eyes; 12' of 1" wide pre-gathered lace for collar; ¾ yd of ¾" wide ribbon for hair bow; 4 yds of ¼" wide ribbon for legs and neck trim; 1 - 2½" diameter styrofoam ball for head; 1 - 1 x 1" piece of pink felt for lips; 1 - 12 x 24" piece of heavy cardboard; tissue paper; hot melt glue gun with glue sticks; pencil.

2.

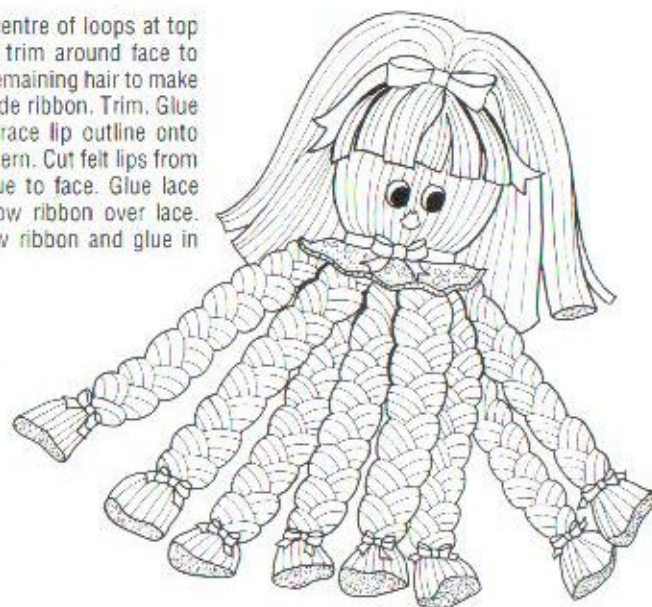

Head: Tie a length of yarn tightly around yarn 8" from top and leave for hair. Insert styrofoam ball into yarn up close to tie. Arrange yarn around ball to hide and tie tightly below ball to secure for head.

Legs: Cut through centre of loops at bottom. Divide yarn into 8 equal sections and braid. Tie ends with yarn. Trim ends evenly. Tie again with narrow ribbon and trim with bows.

3.

Finishing: Cut through centre of loops at top (hair). Arrange hair and trim around face to make bangs. Gather up remaining hair to make a ponytail and tie with wide ribbon. Trim. Glue roly eyes in position. Trace lip outline onto tissue paper to make pattern. Cut felt lips from pattern as indicated. Glue to face. Glue lace around neck. Glue narrow ribbon over lace. Make a bow with narrow ribbon and glue in place at neck.

Shaggy Dog

INSTRUCTIONS:

Pull out a 1½" portion (extra yarn)

ADDITIONAL MATERIALS: 11 elastic bands; 1 yd of ¾" wide ribbon; blunt-ended needle; 1 purchased dog nose; hot-melt glue gun with glue sticks.

Cut through skein here

1.

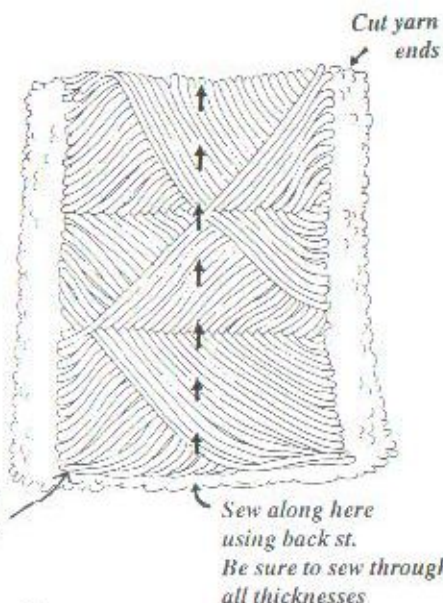

Remove label from skein. Following instructions on label, pull out a 1½" thickness of yarn from centre. Cut off and save this extra yarn to use

later. Cut through the remaining skein of yarn in the direction indicated above.

2.

Open skein out on a flat surface as shown opposite. Remove stray pieces of yarn leaving neatly positioned yarn. **Be careful not to disturb the position of these strands of yarn.**

To make the spine: Using extra yarn, thread a yarn needle with a double strand of yarn 50" long. Fasten at bottom end of opened skein. Keeping skein flat, sew up centre as indicated using back st (see pg 24). Make sure to catch in all yarns. Pull each back st tightly and fasten securely at end. Leave 6" end of yarn (tail end). This row of stitching becomes the dog's "spine".

Do not disturb the position of these yarns

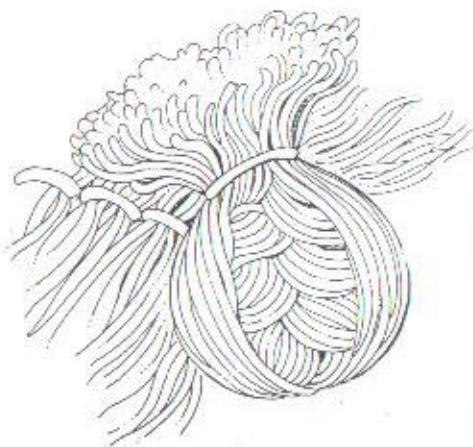

Sew along here using back st. Be sure to sew through all thicknesses

3.

Carefully straighten out yarn ends though all layers. **Do not turn work over.**

To make the nose: At the nose end, take 3 sections of about 40 strands of yarn each. Braid the sections together tightly for 2½". Fasten with an elastic band. Bring the nose braid up along with the next 40 strands on either side of the braid. Hold the braid in front and fasten with 2nd elastic band. Cut away the 1st elastic.

nose

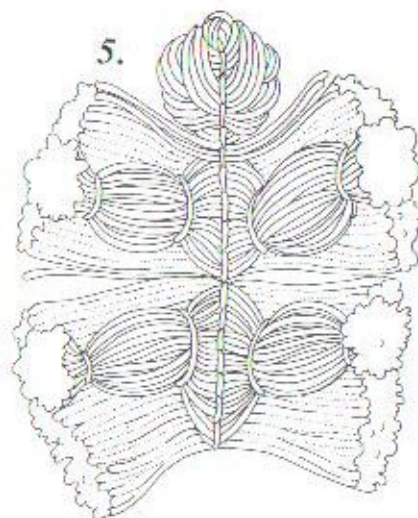

4.

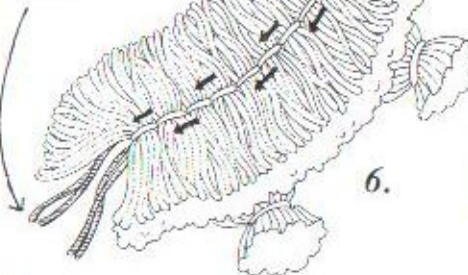

To complete the head: Take the next 40 strands on either side of the nose and twist each section away from you. Bring the sections together at the top of the nose and fasten together with an elastic. Take a length of extra yarn and tie tightly at top of head. Clip and remove all elastics. This completes the head.

5.

To make the legs: Carefully turn the dog over. Leave the next 20 strands on either side of the head free. Divide remaining yarn into 4 equal sections. Take the top half of each section and fasten tightly with elastic close to spine. Tie each leg again about 1½" from ends. With extra yarn tie tightly at each elastic. Fasten very securely. Clip and remove elastics.

Pull up tightly to bring head up and fasten securely at tail

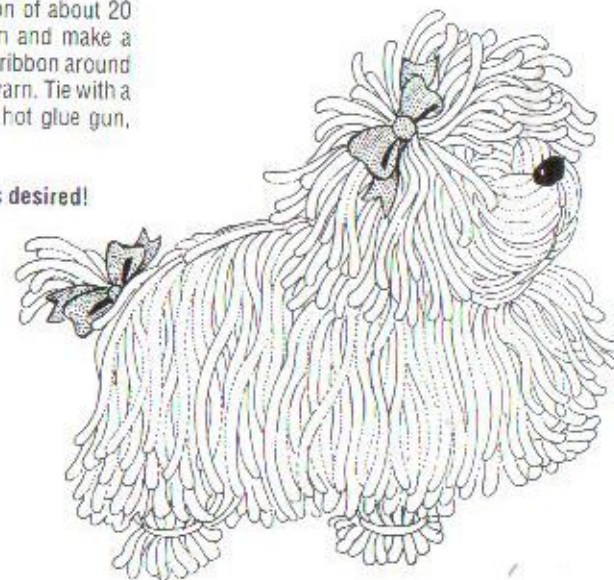

6.

To finish: Turn the dog over again. Thread a needle with a double strand of extra yarn. Thread through tie at top of head. Carrying yarn under layers of yarn along spine, pull head back and secure at tail end.

7.

At the tail end, bring up a section of about 20 strands of yarn. Tie with ribbon and make a bow. At the top of the head, tie a ribbon around a section of about 20 strands of yarn. Tie with a ribbon and make a bow. Using hot glue gun, attach purchased nose.

Give dog a shake and groom as desired!

2. Make It With Pom-Pons

To Make a Pom-Pon ...

The following instructions are for pom-pons made using the **SUSAN BATES® Pom-Pon Maker**.

Refer to individual project instructions for the number and sizes of pom-pons required and make them as given below.

For Small size pom-pons: use the smallest rings and about 4 yds of yarn. Trim to about 1" diameter.

1. Place rings together to form a V groove. Layout length of yarn, doubled.

2. Take yarn through the center and around the rings.

For Medium size pom-pons: use the middle rings and about 9 yds of yarn. Trim to about 1½" diameter.

For Large size pom-pons: use the largest rings and about 20 yds of yarn. Trim to about 2½" diameter.

For Extra-large size pom-pons: cut 2-4¼" circles with 2" holes in the centres from cardboard. Make as above using about 30 yds of yarn and trim to about 3½" diameter.

3. Cut between the rings, following V groove with scissors.

4. Take 2 strands of yarn about 10" long and wind tightly around yarn, between rings. Tie securely.

Remove rings, roll pom-pom between hands to fluff and trim to a round shape.

Poodle Jar

ears; 12" of 18 gauge wire for whiskers; tissue paper; hot melt glue gun with glue sticks; pencil.

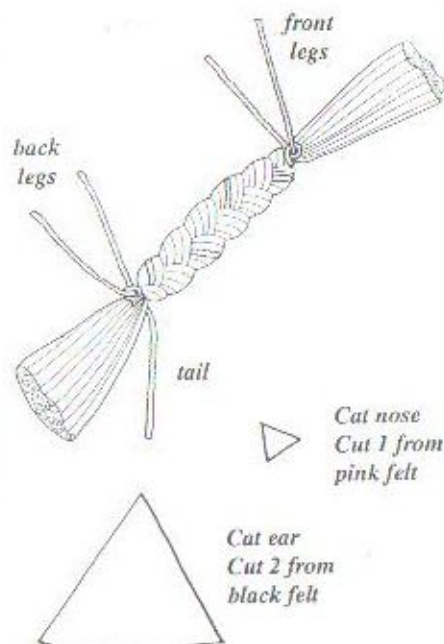

INSTRUCTIONS:

To make the frame: Cut 1 pipe cleaner 9' long. Make a small loop on one end and another loop 4" from first loop. Cut the 2nd pipe cleaner in half to make the legs. Thread one half of the pipe cleaner through each loop and bend down as shown opposite.

To make the body and legs: Cut 24 strands of yarn 14' long. Lay side by side and tie together tightly 4" from one end. Lay the frame on top of the yarn with the legs pointing up and the front legs positioned at the tie. Divide the yarn into 3 equal parts and including the pipe cleaner in one of the parts, braid until the 2nd loop is reached. Approx. 4' of yarn will remain at the end of this braid. Now divide each 4" length of yarn at each end of the spine into 2 equal parts to make the legs. Divide each of these sections into 3 equal parts and braid as for spine. Tie at ends to make paws and trim excess yarn and pipe cleaner.

To finish: Make a medium pom-pom. Glue to body above front legs. Glue eyes in place. Trace ear and nose outlines onto tissue paper to make patterns. Cut felt pieces from patterns as indicated. Glue ears to top of head. Cut wire into 4, 3" lengths. Twist together and glue in place. Glue nose in place over wires.

4. Coiling With Yarn

Coasters

372-19

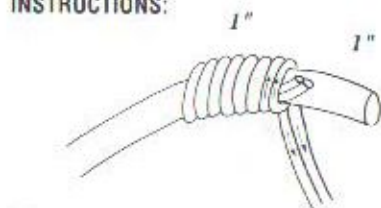

Shown on page 4.

RED HEART® 4-Ply Worsted Weight yarn: See Product List on page 5.

Coaster measures about 4" diameter.

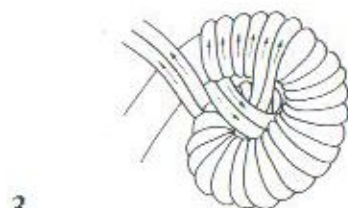

This model shown in "Confetti" yarn.

INSTRUCTIONS:

1. Coaster is worked by wrapping lengths of yarn around a clothesline core. To help keep coaster flat, work on a flat surface. Do not pull clothesline too tightly.

Thread needle with a 2 yd length of yarn. With yarn double, wind around clothesline for about 1", beginning 1" from end. Catch in the yarn ends as you work. Cover the clothesline evenly. Do not pull too tightly.

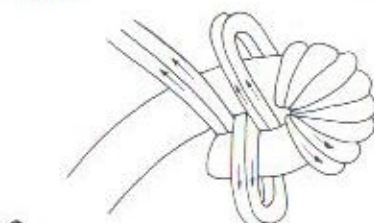

3. Begin coiling the yarn wrapped clothesline. **Wind the yarn around the clothesline 3 times then bring down through coaster and up between clothesline and coaster to attach clothesline to coaster. ** Repeat from ** to ** until about 2" of length remains ending at 2nd **. Cut yarn leaving a 2" length.

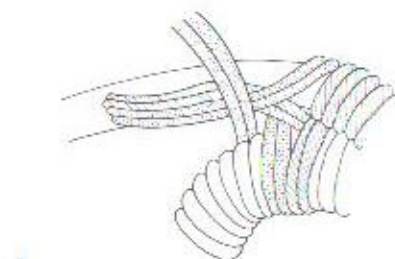

AMOUNT: ½ ounce (15 grams) for each coaster.

ADDITIONAL MATERIALS: Blunt ended yarn needle; approx 17 yds clothesline for each placemat.

INSTRUCTIONS:

1. Placemat is worked by wrapping lengths of yarn around a clothesline core. To help keep placemat flat, work on a flat surface. Do not pull clothesline too tightly.

Thread needle with a 2 yd length of yarn. With yarn double, wind around clothesline for about 6½" beginning 6" from end. Catch in the yarn ends as you work. Cover the clothesline evenly. Do not pull too tightly.

2. To begin centre, fold the unwrapped clothesline end along side the wrapped portion for 6". Hold the clothesline in place and *bring the needle up between fold, around clothesline, back up

between and around clothesline end. Repeat from * until the unwrapped clothesline is covered.

3.

Begin coiling the yarn wrapped clothesline: ***Wind the yarn around the clothesline 3 times then bring down through placemat and up between clothesline and placemat to attach clothesline to placemat. ** Repeat from ** to ** until about 2" of length remains ending at 2nd **. Cut yarn leaving a 2" length. See diagram 3 of coaster.
