

Jean Greenhowe's Celebration Clowns

The Red Nose Gang — Part Two!

DOUBLE KNITTING YARN

Notes

To delight all clown enthusiasts, here are two more spectacular members of THE RED NOSE GANG! Just like the other gang members, the Clowns are free-standing and over 48cm [19in] in height.

For your further amusement may I also introduce some comical new characters to compliment the theme of each clown — THE RED NOSE POSTBOXES!

Since I know how much you all enjoy the accessories and props, these designs are especially elaborate, with a wealth of intriguing and exciting detail. Full instructions are given for each and every item and all are easy to make.

Jolly Mr Jingle is the perfect character to celebrate the Christmas season. From the plum puddings on his toes, to the snow-scene on his hat, Mr Jingle is sure to become a very special part of your Christmas festivities. Mr Jingle meets up with Clarence the Christmas postbox, to despatch a postcard to Santa.

For all those other important occasions throughout the year, Mr Wonderful is guaranteed to win all hearts. Elegantly clad in tail-coat, he can be called upon to commemorate a birthday, engagement, marriage, anniversary or any special celebratory event. Mr Wonderful is accompanied by Percival the party postbox, who sports a wing collar with jazzy bow tie and balances little gift parcels on his head. Percival is also decked-out in heart-shaped bunting, spelling out the message BEST WISHES!

Happy knitting!

Jean

General materials required

Double knitting yarn [USA, knitting worsted weight: **Australia**, 8 ply] in colours stated in the instructions or colours of your choice. When oddments of yarn are quoted in a materials list, it can be assumed that any part of the design worked in one colour, can be completed with 25g [1oz] or less, of that particular colour. When specific amounts of yarn are quoted, the weights have been rounded up to the nearest 10g or ¼ oz.

600g [21oz] of stuffing is required for each figure.

300g [11oz] of stuffing is required for each postbox.

For best results use new hygienic washable stuffing which conforms to current safety standards — your craft materials supplier will advise.

Large glass-headed or plastic-headed pins should be used at all stages of construction. Ordinary pins should not be used as they can pass into the stuffing between the knitted sts.

A pair of tweezers [useful for turning small knitted pieces right side out and also for inserting small amounts of stuffing].

A red colouring pencil for shading cheeks.

A pair of compasses for drawing circles.

Cardboard, such as cuttings off washing powder packets and breakfast cereal packets.

The *plain* side of the cardboard packaging should always be placed against the knitted sts. If the knitted piece is light in colour, glue a piece of white paper to one side of the cardboard, or both sides if necessary.

Glue, suitable for sticking cardboard.

Plastic drinking straws are required for some of the items. For the candy cane you need a straw about 5mm [¼in] in diameter and 21cm [8¼in] in length, with a 'bendy' section near to one end.

For other items you will need ordinary straws about 3mm [¼in] in diameter and 21cm [8¼in] in length.

Knitting needles required

A pair of 3mm [No 11, USA 2]

These knitting needles should be used throughout the instructions unless otherwise stated.

A pair of 5½mm [No 5, USA 8]

Abbreviations

cm = centimetre[s]; dec = decrease [by working 2 sts tog]; g-st = garter stitch [every row K]; g = gram[s]; inc = increase [by working twice into same st]; in = inch[es]; K = knit; mm = millimetre[s]; oz = ounce[s]; P = purl; st[s] = stitch[es]; st-st = stocking stitch [K on the right side and P on the wrong side]; tog = together.

Special abbreviations

B & T tightly — means break off yarn leaving a long end, thread it through sts left on knitting needle, pull to gather tightly, then fasten off.

B & T loosely — means same as above, but thread yarn through sts loosely and leave until later on.

yrn = yarn round needle as follows. Take strand of yarn under and over tip of right hand needle, then continue as given in instructions.

psso = pass slipped st over.

ml = make 1 stitch. This method of increasing is worked in the horizontal strand of yarn which lies between the stitch you have just knitted [on right hand needle] and the next st on left hand needle. First pick up the horizontal strand with point of left hand needle K wise, that is from front of work to back of work. Next, knit into the back of it, thus forming a new stitch.

USA glossary

Cast off — bind off

Tension — gauge

Instructions in round brackets

These are to be repeated the number of times stated after the closing bracket.

★ ★ ★

Stars are used to mark a place in the instructions which will be referred to later on. Meanwhile, follow the instructions in the usual way.

Tension

Using 3mm [No 11, USA 2] knitting needles and a single strand of double knitting yarn: 26 sts = 10cm [4in] in width over st-st, before stuffing.

Casting on

The thumb method is recommended.

Casting off

Always cast off K wise unless otherwise stated.

Working in st-st

Always begin with a K row unless otherwise stated.

Working in stripes

When knitting different coloured stripes, carry yarns loosely up side of work.

Making up

Join all seams with right sides of work together and back-stitch one knitted stitch within the edges, unless oversewing is stipulated. When attaching any very small pieces you can use ordinary matching sewing threads for a neat finish.

Colouring cheeks

Use the *side* of the red pencil lead and rub it against the knitted sts with a circular motion.

Working embroidered stitches

To work any embroidered stitches on a stuffed item it is sometimes necessary to start and fasten off the yarn ends invisibly. If this is required, proceed as follows.

Thread a blunt-ended needle with yarn required and knot end of yarn. Take needle through the stuffed item, passing it *between* the knitted sts and bring it out at the position required. Pull the yarn to draw the knotted end right inside the stuffing. Tug the yarn to make sure the knot is caught in the stuffing.

Now work the required embroidered stitches. Pass the needle back through the item to come out at a position *between* the knitted sts. Pass needle back through item again between the same knitted sts to come out at a different position. Repeat until yarn is securely fastened off, then pull end of yarn and snip off close to the knitted sts.

Twisted cords

To make a cord from a single length of yarn [single twisted cord], cut a strand of yarn four times as long as the measurement required. Knot one end round a door knob or hook and knot a loop in the other end to fit round the index finger of your right hand. Now keeping the yarn taut, twist your finger round and round in a clockwise direction, steadying the yarn by holding your left hand cupped around it close to your right hand. Keep twisting until when relaxed, the strand of yarn begins to curl tightly back on itself. Fold cord at centre, bringing ends together. Allow yarn to twist tightly, knot ends and trim to length.

Use the same method when a double twisted cord is specified, but use a double length of yarn four times as long as the measurement required.

Occasional rows worked in double yarn

There are occasions in the instructions where one or more rows are worked using two strands of yarn together, changing back to a single strand of yarn for subsequent rows. When changing from double to single yarn, treat the two loops on each st on the previous row as *one* st when working the next row.

You should read through each set of instructions before starting to knit, to see if two strands of yarn may be required. Then a small ball of yarn can be wound off the main ball in readiness for this purpose.

Safety note

The characters in this booklet have been specifically designed as decorative mascots or ornaments for older children and adults. They have many components which are not meant to withstand rough handling.

These figures are therefore unsuitable for babies and very young children.

FOLLOWING THE INSTRUCTIONS

Begin by referring to the instructions for the figure you wish to make. It is important to make and add the pieces in the order stated in the individual instructions for each figure. After working any item from the BASIC instructions given on pages 3, 4 and 5 always refer back to the individual figure instructions to check which item comes next. In this way you will avoid any awkward situations during the making-up process.

BASIC FIGURE

[Legs, body, head and hat]

Right leg

Note: There is a small hem at the lower edge of each leg, which is turned to the wrong side when making up.

Using colour required cast on 40 sts loosely. St-st 5 rows for the hem.

Next row: K, to mark the hem turning line. This completes the hem.

Begin the leg

Beginning with a K row and using colour required, st-st 40 rows. Break off yarn and leave sts on a spare double-pointed needle.

Left leg

Work exactly as given for right leg, but do not break off yarn.

Body

Mark each end of next row with a coloured thread.

With right side of work facing and using colour required, K across the 40 sts of left leg on the knitting needle, then across the 40 sts of right leg on the spare needle — 80 sts.

St-st 27 rows for lower body.

Break off yarn and join on colour required for upper body.

St-st 12 rows.

11th row: (K1, K2tog) to end — 20 sts.

Next row: (P2tog) to end — 10 sts.

B & T tightly.

To make up

Join row ends of body, head and hat, beginning at the coloured threads and leaving a gap in body seam for turning and stuffing. Join row ends of each leg. Turn up the leg hems at the hem turning lines. Catch cast on edges of legs in place with very loose oversewing stitches, to hold hems in position. Turn right side out.

Stuff hat, head and body through gap in body seam.

Stuff legs through lower edges.

Head should measure 42cm [16½in] around.

Body should measure 42cm [16½in] around at waist.

Each leg should measure 23cm [9in] around.

Close gap in body seam.

To shape the neck, use a double strand of yarn to match head and gather round the first knitted row of head colour. Pull up gathers very tightly and knot ends of yarn. Sew yarn ends into neck.

BASIC SHOES

[Make two alike]

Shoe sole

Begin at lower edge and using colour required cast on 52 sts. Mark centre of cast on edge with a coloured thread.

1st row: Inc K wise into first 2 sts, K22, inc K wise into next 4 sts, K22, inc K wise into last 2 sts — 60 sts.

P 1 row.

Next row: (K1, inc K wise into next st) to end — 90 sts.

Beginning with a P row, continue in st-st and work 9 rows.

Break off yarn.

This completes the shoe sole.

Shoe upper

Continue in st-st. Work **12 rows** in colours stated in the individual instructions for each figure.

★ Shape toe

Continue in colour stated in the individual instructions.

Next row: K27 (slip 1, K1, pss0) 18 times, K27 — 72 sts.

P 1 row.

Next row: (K2tog) twice, K28, (K2tog) 4 times, K28, (K2tog) twice — 64 sts.

P 1 row.

Next row: (K2, K2tog) to end — 48 sts.

Cast off, marking centre of cast off edge with a coloured thread.

To make up

Join row ends of each shoe. Starting at this seam, oversew cast on sts together, working toward the centre front coloured thread.

Starting at the other coloured thread at cast off edge, oversew cast off sts together for 2.5cm [1in] only.

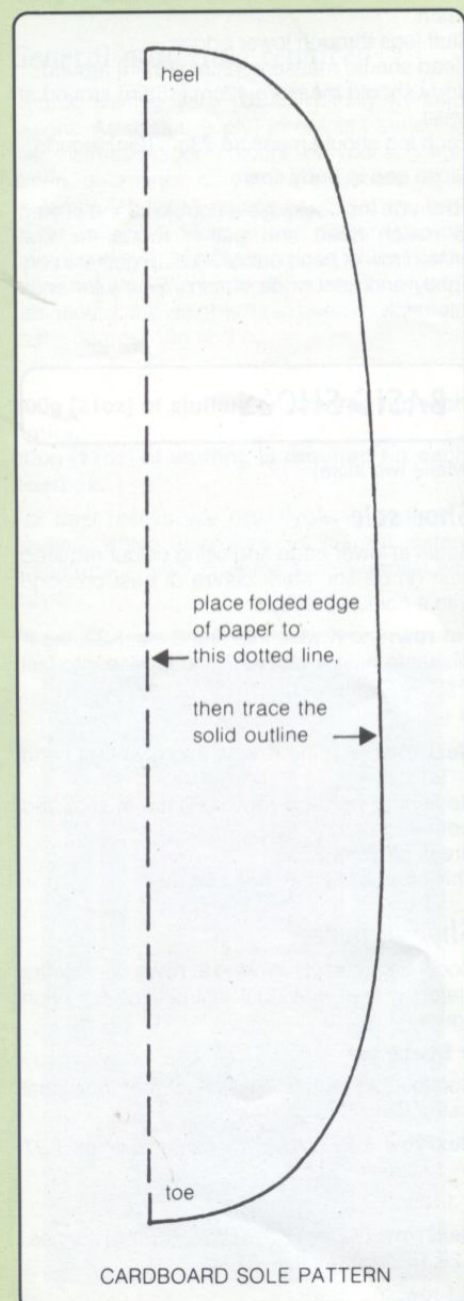

Turn right side out.

Trace the cardboard sole pattern off the page onto a folded piece of tracing paper or thin paper as shown on pattern. Cut out the pattern on traced outline and open up to give full size pattern.

Cut two soles from cardboard. The soles should be fairly stiff, so glue on another layer of cardboard if necessary to make cardboard more rigid.

Push a sole inside one shoe against the knitted sole. The long centre of cardboard sole [the folded edge on pattern] should be in line with the oversewn cast on sts.

Now stuff the shoe very firmly, then oversew the gap in seam at cast off edge.

Attaching shoes to legs

The lower edge of each leg is sewn to the upper surface of the shoe at the back, forming a circle.

To mark the position accurately, proceed as follows.

Cut a 7cm [2½in] diameter circle of thin paper and fold it in half. Open up this pattern. Pin it to the top of the shoe with the centre fold of the circle in line with the oversewn cast off edge seam, as shown in the diagram.

Now use a length of coloured sewing thread to work running stitches on the shoe, level with the outer edge of the circle. Remove the paper pattern and repeat on the other shoe.

When pinning the feet in place, angle them away from each other as shown in the illustrations. The feet do not need to be pointed at exactly the same angle, as one may be more toward the front than the other.

Pin the open lower edge of one leg to one shoe, just outside the coloured thread stitches. Repeat with the other leg and shoe. Check that figure stands upright and adjust positions if necessary.

Sew lower edges of legs to feet as pinned, pushing more stuffing into legs before completing the sewing, to make the ankles quite firm.

The basic figure should now measure about 48cm [19in] from soles of the shoes to top of the hat.

BASIC FACE

The face is worked slightly to one side of centre front of the head, so that head appears to be turning to the left or right. Remove the length of pink yarn and replace it with a pin.

Now move the pin 3 clear knitted sts to the right or left of centre position. This pin now marks centre of face.

Eyes

Mark the eye positions with pins 6 knitted rows below the first knitted row of the hat, leaving 6 clear knitted sts between the pins.

Before working the facial stitches, refer to page 2 'Working embroidered stitches'.

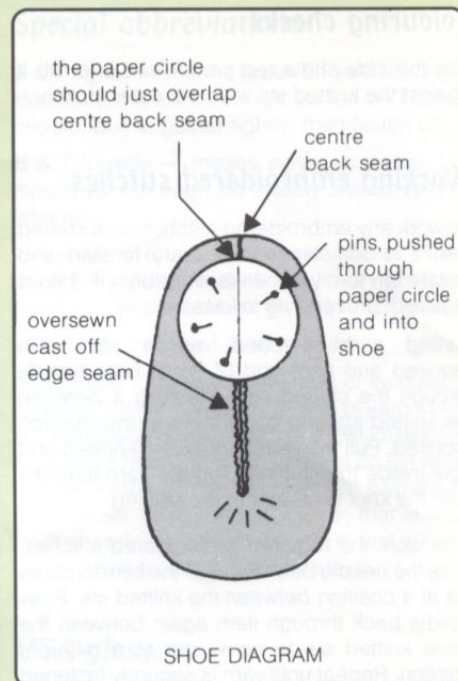

To work one eye use a double length of black yarn and bring needle out at one marked eye position. Pass needle through face 3 knitted rows directly below first position and bring it out at first position. Pull yarn through to complete one back-stitch. Work another back-stitch in same way at same position. Now pass needle through base of eye again and fasten off yarn.

Work other eye in same way.

Mouth

Mark lower end of mouth at centre of face with a pin, 9 knitted rows above the head inc row. Now move the pin 1 clear knitted st to the right or left of first position, so that lower end of mouth will be slightly off-centre.

Using a length of yarn which matches head colour, pass it through left hand side of face *between* the knitted sts and bring it out at the marked position. Pull yarn through, making sure knotted end is securely caught in the stuffing. Leave this length of yarn for now.

For the main mouth stitch, mark positions with two pins centrally on face. Place the pins 12 knitted rows above head inc row, leaving 8 clear knitted sts between them. Use a length of red yarn, but do not knot the end. Pass yarn through one side of face *between* the knitted sts and bring it out at one marked position. Leave a long tail-end of yarn protruding at side of face. Pass the yarn through face at second position and bring it out at other side of face *between* the knitted sts, then leave tail-end of yarn protruding as before.

Now loop the first length of yarn around the red mouth stitch and pass needle into face at position where it first came out. Bring needle out at right hand side of face. Pull the length of yarn tightly so that the red mouth stitch forms a V-shape. Fasten off yarn end securely.

Fasten off both the red tail-ends of yarn of the mouth stitch, then work a tiny sloping red stitch at each corner of the mouth. Colour cheeks with red pencil.

Nose

Using red cast on 16 sts and P 1 row.

Next row: K3, inc K wise into next 4 sts, K2, inc K wise into next 4 sts, K3 — 24 sts.

Beginning with a P row, st-st 3 rows.

Next row: K3, (K2tog) 4 times, K2, (K2tog) 4 times, K3 — 16 sts.

P 1 row.

Next row: K1, (K2tog) 7 times, K1 — 9 sts.

B & T tightly.

Join row ends and turn right side out.

Note that the nose seam will face down toward the mouth when sewing in place. Gather round cast on sts. Stuff nose, then pull up gathers tightly and fasten off. Work a short horizontal white stitch across top of nose, for the 'shine'. Work again over first stitch.

Sew nose to face, between and just below the eyes.

Eyebrows [make two alike]

Begin at top edge and using white cast on 8 sts loosely.

G-st 2 rows.

Next row: K2, (K2tog) twice, K2 — 6 sts.

Cast off.

Pin eyebrows to face just above the eyes, sloping them slightly downwards at outer edges of the eyes as shown in the illustrations. Sew in place as pinned.

BASIC HAT BRIM

Using colour to match hat cast on 84 sts and P 1 row.

Next row: (K1, inc K wise into next st) to end — 126 sts.

Beginning with a P row, st-st 4 rows.

Join on another strand of matching yarn.

Using the two strands of yarn, K 1 row.

Break off one strand and continue with the remaining strand of yarn.

P 1 row.

Beginning with a P row, st-st 5 rows.

Next row: (K1, K2tog) to end — 84 sts.

Cast off.

Oversew row ends together and turn right side out. With right side of st-st outside, bring cast on and cast off edges together. Oversew these edges together a little at a time, then lightly stuff the section you have just sewn. Continue until brim is completely stuffed.

Place brim on head level with lower edge of hat colour and seam at centre back. To sew brim in place, turn it up so that you can see the oversewn seam. Sew this seam to the first knitted row of the hat colour all round the head.

BASIC HAIR

Important note: Use 5½mm [No 5, USA 8] knitting needles and one strand of yarn.

Using colour required, cast on 16 sts. Note that first row is *right* side.

1st row: K6, inc K wise into next 4 sts, K6 — 20 sts.

Continue in g-st, slipping the first st on every row.

Work until strip measures 30cm [12in], ending with right side facing.

Next row: K6, (K2tog) 4 times, K6 — 16 sts. Cast off.

Fold cast on edge in half and oversew across cast on sts. Repeat at cast off edge. Turn right side out. Bring the two sets of row ends together. Oversew them together, stuffing the strip very lightly as you go.

Pin the oversewn seam around back of head just below hat brim, with short ends of the strip at sides of face.

The ends of the oversewn row ends seam should be 9cm [3½in] apart and symmetrically placed in relation to the face. Sew oversewn seam of hair to head just below hat brim. Catch short ends in place where they touch the face.

BASIC HAT BAND

Using colour required cast on 84 sts. St-st 5 rows, then cast off.

Oversew row ends together and turn right side out.

Place band on the hat with cast off edge level with hat brim and seam at centre back. Sew cast on edge to hat.

Completed hands

Completed shoes

BASIC SLEEVES

[Make two alike]

Begin at lower edge and using colour required cast on 40 sts.

Work 4 rows in K1, P1 rib.

Continue in colour required.

Beginning with a K row, st-st 38 rows.

Next row: (K2tog) to end — 20 sts. Cast off.

To make up each sleeve

Join row ends and turn right side out. Note that the sleeve seam is the underarm seam when sewing to figure.

Stuff the sleeves to fill them, but take care not to stretch the knitted sts.

Lay the sleeves aside until hands are completed.

Thumb

The thumb is knitted in one piece. Make one for each hand. Note that first row is *right* side.

Using same colour as hands cast on 8 sts.

1st row: Inc in first st, K to end — 9 sts.

2nd row: K to last st, inc in last st — 10 sts.

Repeat these two rows once more — 12 sts.

G-st 4 rows.

Next row: K2tog, K to end — 11 sts.

Next row: K to last 2 sts, K2tog — 10 sts.

Repeat these two rows once more — 8 sts.

Cast off.

Fold the thumb, bringing cast on and cast off edges together. Oversew these edges together and the unshaped row ends, but leave the shaped row ends open. Turn right side out and stuff. Sew the open edges of thumb to one side of hand below the fingers, with thumb pointing toward the fingers.

TO ASSEMBLE SLEEVES AND HANDS

First pin the open cast off edges of the stuffed sleeves to the sides of the figure, 2.5cm [1in] below the neck. The open cast off edge of each sleeve should form a narrow horizontal oval-shape and the sleeve should flop down against the figure.

To attach the hands

The hands can be attached in a variety of ways to achieve different poses for each figure.

First push the wrist edge of one hand straight inside the cast on edge of one sleeve as far as the base of the thumb. The sleeve will now be covering the hand equally all round. Now rotate the hand so that the thumb is pointing in the direction required as stated in the individual instructions for each figure.

The hand can also be set into the sleeve at an angle, so that the sleeve covers more knitted sts on the upper surface of the hand. This will give the appearance of the 'wrist' bending away from the figure.

When the required pose is achieved, as detailed in the individual instructions, pin sleeve to hand.

To sew sleeve to figure

Remove the sleeve from figure and sew cast on edge of sleeve to hand as pinned.

Pin the sleeve to figure as before, then sew cast off edge to figure as pinned.

Jolly Mr Jingle

Jolly Mr Jingle sports an abundance of seasonal decorations. His Christmas stocking is filled with sweet treats and cute little plum puddings are balanced on his toes.

Just off to post a card to Santa, Mr Jingle carries a lantern to light the way, with a friendly robin perched on the pole. There is also a complete little snow-scene on his hat and paper chains dangle from his pocket.

And of course on the ends of his woolly winter scarf there are — jingle bells!

For the forked piece at top end of the pole, cut a 14cm [5½in] square of paper. Roll up and secure as for the pole, but use a 3mm [No 11, USA 2] knitting needle. Fold this rolled-up tube at centre, then glue the folded end just inside one end of the pole. Wind bits of sticky tape around at the 'fork' to reinforce.

Trim 2cm [¾in] off one of the forked pieces. The other long forked piece will support the lantern.

To make up

Oversew row ends together on the shaped base as far as the outer edge. Join remaining row ends for centre back seam. Turn right side out. Cut two 14cm [5½in] diameter circles of cardboard and glue them together. Place

inside the knitted piece against the shaped base.

Stuff the lower black section, taking care to keep it the same size as the base. Stuff the red section carefully to the top, noting that this section will be slightly narrower than the black section. The stuffed red section should measure about 43cm [17in] around.

Now cut two 13cm [5in] diameter circles of cardboard. Cut out a 4cm [1½in] diameter hole at centre of each one. Glue the two circles together. The centre hole will enable you to continue stuffing after inserting the circle inside the knitted piece.

Push the cardboard circle inside top edge of the knitted piece, so that it lies flat on top of the stuffing. Now continue stuffing through the hole to fill the knitted piece to top. Seal the hole with strips of sticky tape to contain the stuffing.

Gather round the cast on sts. Pull up gathers slightly, so that the single K row is level with outer edge of the cardboard circle. Fasten off.

Push the cardboard circle inside cast on edge of the knitted piece, so that it lies flat on top of the stuffing. Now continue stuffing through the hole in the cardboard circle.

Stuff evenly around outer edge of the piece, so that the two K1, P1 rib rows are above the cardboard circle as illustrated. Seal the hole with strips of sticky tape to contain the stuffing.

Gather round the cast on sts. Pull up gathers just enough to tighten cast on edge, then fasten off.

NUMERALS ON THE HAT

Any numeral or combination of numerals can be made by casting on, then casting off an appropriate number of sts as given below. Note that cast off row of each numeral is the *right* side.

Using green cast on, then cast off the following number of sts, for the appropriate numerals required.

0 = 24 sts

1 = 10 sts

2 = 22 sts

3 = 22 sts

4 = 24 sts

5 = 22 sts

6 = 22 sts

7 = 16 sts

8 = 16 sts and also 10 sts

9 = 22 sts

Each strip is pinned into shape on the front of the hat and each numeral should be approximately 3cm [1½in] in height. The lower edge of each numeral should be about 1cm [½in] above the top edges of the hearts.

Refer to the diagram which shows the shape of each numeral. For the numeral 0, oversew the row ends together. For 8, there are two pieces. First, oversew the row ends of the longest strip together. The shorter piece forms a semi-circle which fits on top of the first piece as shown in the diagram.

Where there are right angles or sharp corners such as in 5 or 7, pin the strip in place at every corner, to make them as angular as possible.

If two or more numerals are required, make sure they are the same height when pinning out.

Sew all edges of the numerals in place, using matching sewing thread.

Cut a 5.5cm [2¼in] diameter circle of cardboard.

Thread a darning needle with a length of dark green yarn and knot end. Pass needle through centre of circle and pull yarn through. With needle inside the bottle, pass it through the centre of cast on sts at base. Pull needle and yarn through to outside of bottle inserting the cardboard circle into bottle. Pull yarn tight so that cardboard circle lies flat on the base of bottle. Fasten off yarn securely.

Stuff lower section of bottle, to measure about 20cm [8in] around. Stuff top end, then continue stuffing, widening toward the lower section. Oversee the gap in seam, adding more stuffing if necessary.

Percival, the Party Postbox

Percival is all dressed-up for a party in wing collar and bow tie. On his top there are colourful little gift parcels, while the pretty heart-shaped bunting spells out the message BEST WISHES!

Measurement: The postbox is about 30cm [12in] in height.

Yarn requirements: 80g [3oz] of red, 30g [1oz] of black; oddments of the other colours.

Stuffing: You will need 300g [11oz] of stuffing.

MAIN PIECE

Make as given for Christmas postbox on page 15.

TOP PIECE

Make as given for Christmas postbox on page 15, using red throughout.

FACE PIECE AND LETTER SLOT

Make all the items as given for Christmas postbox on page 16.

WING COLLAR

The collar is made in two pieces.

Begin at centre front of one piece and using white cast on 12 sts.

Work in st-st and inc 1 st K wise at beginning of first and every following row until there are 24 sts.

Now dec 1 st at beginning of next and every following row until 14 sts remain.

Continue in st-st. Work until the strip is long enough [when slightly stretched] to go exactly half way around the postbox. End with a K row, then cast off.

Make the second piece in exactly the same way.

To make up

Oversew the cast off edges of the two pieces together. With right side of st-st outside, fold the pieces, bringing row ends of each piece together. Oversew all the row ends of each of the pieces together. Oversew across each set of cast on sts.

Place the collar around the postbox as illustrated, with cast on edges meeting at centre front. Oversew these edges together. Adjust this cast on edge seam, so that it just covers the cast on edge of the face piece. Catch to postbox at this position.

BOW TIE

Using light green, cast on 24 sts.

St-st 4 rows.

Join on green and st-st 4 rows using green.

Repeat these 8 rows once more.

Break off light green and continue in green.

Next row: (K2tog) to end — 12 sts.

St-st 5 rows.

Next row: Inc K wise into every st — 24 sts.

St-st 3 rows.

Join on light green and st-st 4 rows using light green.

Using green, st-st 4 rows.

Break off green and continue in light green.

St-st 4 rows.

Cast off P wise.

Oversew row ends together, then turn right side out. Place seam at centre back of the bow. Stuff each end very lightly. Oversew across cast on sts, then cast off sts.

For the centre strip, use light green and cast on 12 sts. St-st 5 rows, then cast off loosely. Place the strip around centre of the bow and oversew row ends together at back. Sew centre back of the bow to collar seam at front.

GIFT BOX

Use light green yarn. Work as given for Jolly Mr Jingle's gift box on page 11, but instead of working 7 rows of st-st, work 11 rows.

Use red yarn for the string and the gift bow. Omit the twisted cord loop.

Sew gift box to centre top of the postbox.

STRIPED PARCELS

Note: Both parcels are worked in the same way. Colours required for the second parcel are given in {} brackets. Make two pieces alike for each parcel.

Using gold {blue} cast on 14 sts.

St-st 2 rows.

Join on yellow {light blue} and st-st 20 rows in two-row stripes of yellow and gold {light blue and blue} alternately.

Cast off P wise using gold {blue}.

Place the two pieces together and join them around the edges leaving a small gap in seam. Turn right side out and stuff, keeping the shape fairly flat. Close gap in seam.

For the string make a 40cm [16in] twisted cord using green {white}. Tie this around the parcel as illustrated, ending with a bow at centre top. Sew through the bow to secure. Sew the parcels to top of the postbox as illustrated.

'BEST WISHES' BUNTING

The hearts

Refer to page 18 'HEARTS ON THE HAT'. Make 11 hearts. Ten of these are for the letters and the remaining one is for the space between the two words.

Using light green yarn, make a loose hanging loop at centre top of each heart.

The letters for 'BEST WISHES' are worked in a sequence of colours — gold, light blue, light green and white. This sequence is repeated, ending with light blue for the last letter.

Work the appropriate letter on each heart in small back-stitches, then oversew through each back-stitch to make a well-defined shape.

The cord

Make an 80cm [31½in] single twisted light green cord. This length allows for adjustment to the ends after tying the bow.

Thread the cord through the hanging loops on the hearts in the correct sequence, forming the two words with the plain heart between the words.

Place the cord around the postbox at top of the black section. Tie ends in a bow at centre front. Slide the hearts along the cord to space them out equally.

Now re-knot each end of the cord to a suitable length and trim off the excess. Sew through the bow to secure.
