Hello and welcome...

...to the latest issue of *Knitting & Crochet* monthly. Summer is here at last, and it's the inspiration for this month's bright and beautiful collection of patterns.

We're kicking off with a colourful set of designs for the children (p6) – a pretty cardigan, cute dress, funky skirt, plus pretty accessories for the girls and sporty striped sweater for the boys. All just gorgeous for this time of year.

My Ed's Choice (p20) is the *Woman's Weekly* bunting that's been in the *WW* cupboard since the very first *WW Live!* show in 2012, when the lovely, much-missed Lynda Bellingham opened the show. Since then it has travelled to (and been admired at) most of our events. As it's unlikely that many of you would wish to knit it word for word, we've drawn up charts for the whole alphabet so that you can put together your own wording for a loved one, your hobby club or simply to say Happy Birthday!

The seasonal section (p29) continues our summer vibe – five collectables to knit or crochet, each with a cheerful beach theme.

Next up is a super-cool jumper for your favourite cricketer (p42), knitted in the traditional style with a club colour banding... And with its appealing style, it will have female fans keen to wear it, too.

Plus, we've all the regulars... Remember, our promise to you is that every pattern is triple-checked so it works every time – but if you do need a little guidance, turn to Tina's Tips & Tricks (p65). Tina has the technical knowledge to help you finish any piece of work and she loves to hear from you, too, so do drop her a line using any of the methods below. See you next month!

However, we pride ourselves on our clear instructions, so you can try something that's more challenging or simply enjoy your skill.

A Message For You

Recreate the famous *Woman's Weekly* bunting at home with your own choice of wording

Easy Peasy

ED'S CHOICE

This issue I'm bringing you the *Woman's Weekly* knitted bunting. You might recognise it if you've been to the *Woman's Weekly* Live! show in Manchester or the many other events and workshops we hold up and down the country.

The earliest bunting was made in the early 1600s and seems to have been related to the flags used on a ship. Over the centuries it's been used as a celebratory decoration at weddings and public events. These days, though, bunting is brought out at all sorts of occasions, and its shabby chic style even dresses our homes.

The *WW* bunting was designed by *Woman's Weekly*'s Technical Knitting Editor, Tina Eggleton,

for the first Live! show, in 2012. For the colours she chose the pink and blue that are synonymous with the magazine. When the lovely, much-missed Lynda Bellingham cut the ribbon to open that first show, she told Tina that while filming *Calendar Girls*, she would straighten out the other actresses' knitting at the end of each day, as she was the only one who could knit! Now the bunting is used to open *Woman's Weekly* Live! every year, with Tina stitching in a new ribbon to cut each time.

Now, however much you love *WW*, it's unlikely that you'd wish to knit the bunting word for word! We've drawn up charts for the whole alphabet so you can create your own message, make it for a loved one or your hobby group, or simply to say happy birthday!

● 2016's *WW* Live! is planned for November at Excel – look out for details soon!

Our bunting made its debut at the first *Woman's Weekly* Live! show, opened by the much-missed Lynda Bellingham

BUNTING

Measurements

Each pennant measures 17.5cm/7in by 20cm/8in deep excluding tassel.

Materials

We used approximately 400g of DK yarn for 24 pennants with tassels. Allow about 16g of DK yarn for each pennant with tassel. Pair of 4mm (No. 8) knitting needles.

Tension

22 stitches and 28 rows, to 10 x 10cm, over stocking stitch, on 4mm needles.

Abbreviations

K, knit; **p**, purl; **st**, stitch; **tog**, together; **k2togb** or **p2togb**, k2tog or p2tog through back of sts.

Pennant

With 4mm needles and chosen colour, cast on 38 sts.

1st row: K to end.

K 1 row.

Next dec row: K2togb, k2tog.

K 1 row.

K2tog and fasten off.

With right side facing and beginning 3 rows up from cast-on edge, place centre of top of letter to centre of pennant and working from top to bottom, Swiss darn letters in colours as desired.

Cut yarn in colours as desired into 22cm lengths. For each tassel, take 32 lengths and tie in the middle. Fold these lengths in half and wind separate short length of same yarn around all strands about 2.5cm down from folded edge and tie securely. Using two strands together, make twisted cord approximately 5cm long. Attach one end to top of tassel and the other to point on pennant. Trim tassel.

Swiss darning technique

Thread a blunt darning needle with length of yarn in chosen colour. Bring point of needle through from back at base of the stitch to be worked and draw yarn through, leaving an end at the back, take needle behind the 2 loops of the stitch above from right to left (fig 1) and draw yarn through, insert needle into same place as before and bring through at base of next stitch to be covered (fig 2), draw yarn through to the tension of main knitting. Continue in this way until entire letter is embroidered.

Teal Appeal

Knitted in the softest mohair, our beautiful blue lacy cardi – a 50s original – is sensational for summer

How To Pick Up A Dropped Stitch

Dropped stitches unravel and form ladders, but when picked up correctly, you shouldn't be able to see the mend at all. Just follow our instructions for a quick and easy solution.

Getting hooked

All you'll need for this technique is a crochet hook. Use one that is slightly smaller than the size of the knitting needles you are working on. It's a good idea to invest in a few hooks and have them handy in your knitting bag for dropped stitches, even if you don't crochet.

Purls of wisdom

If you're unlucky enough to have dropped your stitch on the purl side of the work, simply turn the work over when the dropped stitch position is reached and use the same method as on the knit side to mend the stitch. Turn the work back when all 'rungs of the ladder' have been worked and complete the purl row.

to see our video
guide.

A stitch in time

Pick up a dropped stitch in stocking stitch on the knit side:

- 1 Knit along your row to the location of the ladder. Now, insert your hook carefully from front to back through the dropped stitch at the bottom of the ladder.
- 2 Working from the bottom of the ladder upwards, with your hook catch the first available strand of yarn above the dropped stitch.
- 3 Pull this loop through the stitch on your hook.
- 4 Repeat stages 2 to 3 until no strands of yarn remain.
- 5 Place the final stitch back on to the left-hand needle and continue working your row as usual.

MANDALAS TO CROCHET: 30 great patterns

by Haafner Linssen (Search Press, £10.99)

A mandala is a circular pattern, a motif. In Buddhism and Hinduism, they represent the cosmos and everything in it. Buddhist monks often spend weeks creating beautiful mandalas. Once completed, those mandalas are destroyed in a ritual to show the fleeting nature of just about everything. Designer Haafner Linssen's bold, bright crochet mandalas can be made over a night or two, and the book contains patterns suitable for all skill levels. Once completed, her mandalas can be worked together to create gorgeous rugs, throws, bags and shawls. They're made to be enjoyed over and over again. Which makes them very precious.

WOMAN'S WEEKLY GUIDE TO CROCHET: Techniques and projects to build a lifelong passion, for beginners up

by Tracey Todhunter (Search Press, £12.99)

As an experienced designer, Tracey Todhunter understands that the best way to learn is to do. Her book is full of 'quick-start' patterns, ideal for those who don't know what to do but want to get going. Stitches and techniques are shown in clear, accurately annotated photos, and guest designers share their own patterns and tips throughout. Tracey understands the frustrations and difficulties of crochet, and her book guides you through those frustrations to show how rewarding and worthwhile crochet is.

POMPOMANIA: How to make over 20 cute and characterful pompoms

by Christine Leech (Quadrille Publishing, £10)

Pompoms are everywhere. On hats, bags, headbands, mobile phones and keyrings. They're a bit of fluffy fun. Only now, Christine Leech has made them witty and clever, too. She's created pompoms that look like love hearts, watermelons and ice-cream cones. Even ones that look like trees, flowers, cacti and liquorice allsorts. Pompoms that look like sushi. And best of all, pompom Pomeranians. As each pompom takes only an hour or so to make, you could soon have pompoms for every occasion. Embrace the pompom, let it into your life and love it.

AMIGURUMI PARENT AND BABY ANIMALS: Crochet soft and snuggly moms and dads with the cutest babies!

(Meteoor BVBA, £12.99)

Recently, Belgian designer Joke Vermeiren ran a competition on her website. Users were asked to design animal families – all in the amigurumi style! (Amigurumi, from Japan, is the art of crocheting tiny animals with sweet and funny faces. Basically, it's a cuteness overload!) This book represents the best of those competition entries. There are families of butterflies, monkeys, dinosaurs, sloths and fawns. All are so adorable, you won't know which to crochet first...

Hi-Ho Silver

Every summer wardrobe should have a pretty little cover-up to wear with strappy tops. This delicate cotton number in silvery-grey is the one...

YARN OF THE MONTH

This month's choice is DMC Petra Size 3 (100% cotton), a smooth mercerised yarn that's soft and silky to the touch. Regular readers will know that it's a yarn chosen regularly by our designers for many of our projects, as not only does it have a good stitch definition, it also comes in a range of 39 colours – which makes it an irresistible choice. It's lovely to work with and, with every ball individually packaged in a little drawstring bag, it's neat and tidy, too. We think you'll agree, this pretty floral motif pattern gives a delicate feel to our gorgeous shrug. It's the perfect project for this yarn and it won't take you forever to make.

Tina's Tips & Tricks

Get the little things right and your knitting will be beautiful

We want your knitting to be the best it can possibly be. So it's a good job we have Tina. A true knitting professional, Tina's been the Technical Knitting Editor at *Woman's Weekly* for 16 years. And now she's here to help you! Every month, Tina answers the most common questions you've sent in and resolves some of the issues we face as knitters. Together, we'll make your knitting beautiful!

Threading sequins and beads

Q There's nothing like a sequined top or beaded shawl to make you look and feel fabulous. I love knitting with them and wearing them. But threading beads and sequins onto the yarn can be a real pain in the neck. Do you know any way to make it easier?

A I agree with you on both counts. Sequins and beads make a garment extra special. But threading them can be fiddly. Sometimes, you can buy your sequins and beads on a string, so threading them on is so much easier. Untie the knot at one end of the string and then tie the string with a single knot to one end of the yarn. Now, push the sequins or beads from the string and onto the yarn over the single knot joining the two. You might want to keep a sequin or bead over that knot at all times; just make sure the yarn and thread don't come apart mid transfer! This technique also works if you've bought your beads or sequins loose. Simply thread them onto a piece of cotton or string and work as above.

But there is another way. And that's sewing thread. Fold a length of the thread in half and feed the loose ends together through the eye of a sewing needle. Hook the end of your yarn through the folded end of the thread. And now, making sure the yarn and thread stay connected, insert the sewing needle through the sequin or bead, then push them down the thread and onto the yarn. You might find that the yarn you want to use is too thick for the sequins or beads. In this instance, you can thread the sequins onto sewing cotton that's the same colour as the yarn. Knit the yarn together with this strand of sewing thread, making sure to keep the stated tension. This technique is also worth considering as your yarn doesn't get stretched by constantly pushing sequins or beads along it. Let me know how you get on. I hope you've knitted something sparkly and fabulous soon!

Moth damage

Q I was so disappointed to find tiny holes all over my best cashmere jumper. I showed it to a friend and she said moths had got at it. How can I avoid it happening again?

A If cloth-moths get to your clothes, I'm afraid the clothes have had it. It's amazing how much damage a moth can do. And if there's one thing a moth likes, it's a natural fabric – wool, silk, cashmere... It's not the adults that do the damage; their aim isn't to feed, it's to reproduce. The females lay eggs in dark places, like your wardrobe. When the larvae emerge, they feed on fabric, sucking any moisture out of the fibres. Getting rid of moths is tricky, so act quickly if you spot them. As always, prevention is better than cure. Keep your rooms light, airy and cool, and vacuum often. Wash or dry clean your fabrics when you can, and wipe inside cupboards, wardrobes and drawers as part of your housework routine. If you've got items stored at the back of your wardrobe or in boxes, get them out every now and again, shake them and air them out. If you're storing items long-term, it's best to do so in sealed plastic or vacuum-pack bags. Charity-shop buys can be a problem, as you never know if they might be carrying larvae. So when you get them home, wash and air them. And if you're worried, put the item in the freezer for 72 hours – the cold will kill the eggs. Sachets of lavender and clover help to keep moths out of drawers, as do fresh conkers. And there are products you can buy to do the job, too.

Abbreviations

Practically all knitting and crochet patterns use some sort of abbreviations to make the instructions concise and easy to follow. Each pattern will have its own brief description of the most common abbreviations (**k**, knit or **ch**, chain) with a more detailed description of specific abbreviations, like how to work cable or cluster. Also, the most regularly used words are either shortened (**fol** – following) or letters are used to describe what is needed to be done next (**tbl** – through back of stitches).

Some widely used abbreviations have more or less the same meaning, but there could be exceptions. Listed below in alphabetical order are the most commonly used abbreviations, with an extended description of their meanings.

alt, alternate – worked on every other row or stitch.

beg, begin or beginning – to start as specified or position to be worked at or from, measured from or marked edges.

ch, chain (see page 72).

cont, continue – carry on working.

dc, double crochet (see page 72).

dc2tog, work 2 double crochet together – [insert hook from front to back under two strands of next stitch, yarn round hook and pull through] twice, yarn round hook and pull through all 3 loops on hook.

dc3tog, work 3 double crochet together – [insert hook from front to back under two strands of next stitch, yarn round hook and pull through] 3 times, yarn round hook and pull through all 4 loops on hook.

dec, decrease or decreasing – by working 2 or more stitches together.

In crochet, decreases are made by working specified number of stitches to last stage of each stitch, then joined into one at final stage. In knitting, if no specific instructions are given, here is how to decrease:

dec 1 st – the right-hand needle is inserted knitwise or purlwise in next 2 stitches on left-hand needle at the same time and complete as if knitting or purling 1 stitch.

dec 2 sts – the right-hand needle is inserted knitwise or purlwise in next 3 stitches on left-hand needle at the same time and complete as if knitting or purling 1 stitch.

dtr, double treble (see page 73).

fol, following.

gst, garter stitch – knit or purl every stitch on every row. Also refers to texture of fabric produced by knitting or purling every stitch.

htr, half treble (see page 72).

inc, increase or increasing – by working twice or

more times into same stitch.

In crochet, the instruction will specify how to increase. Usually 1, 2 or more stitches are worked into base of starting chain at beginning of row and 2, 3 or more stitches are worked in last stitch.

In knitting, if no specific instructions are given, here is how to increase:

inc 1 st – knit or purl in next stitch, but do not drop this stitch off left-hand needle, work into back of it again, then drop this stitch off left-hand needle.

inc 2 or more sts – keep working into front and back of stitch until required number of stitches are increased (the number of times worked into a stitch would be the number of stitches increased, plus first original stitch).

k, knit (see page 70).

k row or rows, knit every stitch across each row(s).

k1tbl or k1b, knit 1 stitch through back loop (with yarn at back, insert right-hand needle from right to left in back of stitch on left-hand needle, bring yarn under and over the right-hand needle, draw loop through and drop the stitch off left-hand needle).

k2tog, knit 2 stitches together (see page 71).

k2tog tbl or k2togb, knit 2 stitches together through back of loops – insert right-hand needle from right to left in back loop of next 2 stitches, bring yarn under and over right-hand needle and pull through, dropping the 2 stitches of left-hand needle.

k3tog or more stitches, work as k2tog, but inserting needle through 3 or more stitches.

m1 or up1, make one or pick up 1 (see page 71).

p, purl (see page 70).

p row or rows, purl every stitch across each row.

patt, pattern – texture of fabric created by stitches as set out on stated rows. Also means continue working or maintain working stitches as set out before.

psso, pass slipped stitch over – insert left-hand needle into front of slipped stitch (second stitch) on right-hand needle, lift this stitch and place over first stitch.

p1tbl or p1b, purl next stitch through back loop (with yarn at front, insert right-hand needle from left to right in back of stitch on left-hand needle, bring yarn over and under right-hand needle, draw loop through and drop the stitch off left-hand needle).

p2sso, pass 2 slipped stitches over – insert left-hand needle into front of second and third slipped stitches on right-hand needle, lift these stitches and place over first stitch.

p2tog, purl 2 stitches together (see page 71).

p2tog tbl or p2togb, purl 2 stitches together through back of loops (insert right-hand needle in from left to right in back loops

of second then first stitches, bring yarn over and under right-hand needle and pull through, dropping the 2 stitches off left-hand needle).

p3tog or more stitches, work as p2tog, but inserting needle through 3 or more stitches.

rem, remain or remaining.

rep, repeat.

RS, right side.

skpo, slip 1, knit 1, pass slipped stitch over (see page 71).

sl, slip.

sl1, insert right-hand needle in front of next stitch on left-hand needle knitwise (from left to right) or purlwise from (right to left) and slip this stitch off left-hand needle without working into it.

slst or ss, slip stitch.

st(s), stitch or stitches.

stst or ss, stocking stitch – knit stitches on right side rows and purl stitches on wrong side rows. Also means the texture of fabric that is created by knitting and purling alternately to produce smooth surface on knit (right) side and ridged surface on purl (wrong) side.

tbl, through back of loop (see k1tbl, p1tbl).

tog, together – work 2 or more stitches together at the same time.

tr, treble (see page 73).

tr2tog, work 2 treble together – [yarn round hook, insert hook from front to back under two strands of next stitch, yarn round hook and pull through, yarn round hook and pull through first 2 loops on hook] twice, yarn round hook and pull through all 3 loops on hook.

tr3tog, work 3 treble together – [yarn round hook, insert hook from front to back under two strands of next stitch, yarn round hook and pull through, yarn round hook and pull through first 2 loops on hook, 3 times, yarn round hook and pull through all 4 loops on hook.

ws, wrong side.

yf or yfwd, yarn forward – is usually worked between 2 knit stitches; bring yarn from back to front between needles, then over right-hand needle to make a st.

yo, yarn over (see yarn forward, yarn round needle and yarn over needle).

yon, yarn over needle – is usually worked between purl and knit stitches; take yarn from front to back over right-hand needle to make a st.

yrh or yoh, yarn round hook or yarn over hook; take yarn from back over and under hook to back again.

ym, yarn round needle.

worked between 2 purl stitches, take yarn from front over and under right-hand needle, bringing it to front again to make a stitch.

worked between knit and purl stitches, take yarn from back to front between needles, then over and under right-hand needle, bringing it to front again to make a stitch.

Glossary

Tension

Practically every knitting instruction will state a tension, with a few exceptions, like toys or small accessories.

Tension is the number of stitches and rows that an average knitter will achieve to stated measurements, using specific yarn, pattern and needles. It is used to translate measurements into the number of stitches and rows to be worked.

Before commencing a specific project, check your tension by working a swatch about 13cm square in pattern, yarn and needles or crochet hooks as stated. Stretch swatch in each direction and allow to rest. Mark 10cm horizontally in the middle of the test piece (diag. 1 and 3) and count stitches between markers. Mark 10cm vertically in the middle of test piece (diag. 2 and 4) and count the rows between markers. If the number of stitches and rows is less than quoted, knit another swatch, using smaller needles or hooks. If the number of stitches and rows is greater, use larger needles or hooks.

You may need to knit or crochet samples a few times until the stated tension is achieved.

It is more important to obtain the right number of stitches than rows.

Diagrams 1 and 2 show stitching and rows of stocking stitch of standard double knitting tension.

Diagrams 3 and 4 show stitches and rows of double crochet of average double knitting tension.

Substituting yarns

If you are intending to use yarns other than specified, look for a type of yarn that has the same texture and fibre content: wool for wool, cotton for cotton, with same or similar standard tension and same thickness as original yarn.

The best indicators of the thickness of the yarn are the tension and size of needles or hooks used. A standard crochet tension is not usually available.

Here, we list the standard knitting tension of classic yarns, although these may vary:

4 ply yarn is 28 stitches and 36 rows, to 10 x 10cm, over stocking stitch, using 3¼mm needles.

Double knitting yarn is 22 stitches and 28 rows, to 10 x 10cm, over stocking stitch, using 4mm needles.

Aran yarn is 18 stitches and 24 rows, to 10 x 10cm, over stocking stitch, using 5mm needles.

Chunky yarn is 14 stitches and 19 rows, to 10 x 10cm, over stocking stitch, using 6½mm needles.

For example: If the pattern states 30 stitches and 38 rows over stocking

stitch, you may be able to use 4 ply yarn for this, but using 3mm needles instead of 3¼mm.

In both knitting and crochet, yarn amounts may differ when using substituted yarn, so check the ball band for weight and length informations. If the length is different, work out your amounts by multiplying the length of original yarn by the amount of balls quoted, divide this figure by the number of metres stated on the substituted yarn and that will give you the number of balls needed in the yarn you intend to use.

Care symbols

Knitting Class

Slip knot

1 Loop the yarn with the ball end on top (the ball end is shown with a broken line).

2 Dip the needle into the loop, catch the ball end and pull it through the loop.

3 Pull both ends to tighten the knot.

4 Pull the ball end to bring the knot up to the needle.

Holding the yarn and needles

To make even stitches, control the yarn by taking it over the first finger of the right hand, under the second, over the third and under the fourth, or even around the fourth if necessary. Your

right hand also holds the needle that makes the new stitches. Hold this like a knife or a pencil – whichever is more comfortable. Your left hand holds the needle with the stitches already made.

Casting on by thumb method

1 Leaving a long end, hold the yarn in the left hand and take the left thumb under the yarn and upwards.

2 Insert the needle in the loop just made on the thumb.

3 Take the ball end of the yarn around the needle and bring it through the loop, slipping the loop off the thumb.

4 Pull the yarn end to close the stitch up to the needle. Continue to cast on stitches as steps 1-4.

Casting on by cable method

1 Make a slip knot, then hold the needle in your left hand.

2 Knit one without slipping the stitch off.

3 Insert the right-hand needles between the last 2 stitches just made, yarn round needle and pull the loop through, thus making new stitch. Slip the new stitch onto left needle.

4 Continue making stitches as step 3, until you have the number of stitches you need.

Knit stitch (k)

1 Turn the cast-on so that it's in the left hand and insert the right-hand needle from left to right in the front of the first stitch.

2 Take the yarn from behind to bring it under, up and over the right-hand needle.

3 Use the tip of the right-hand needle to pull the yarn through.

4 Slip the stitch off the left-hand needle to complete the new stitch on the right-hand needle. Continue to make knit stitches as steps 1-4.

Purl stitch (p)

1 With the yarn to the front, insert the right-hand needle from right to left in the front of the first stitch.

2 Take the yarn up and around the right-hand needle.

3 Use the tip of the right-hand needle to pull the yarn through.

4 Slip the stitch off the left-hand needle to complete the new stitch on the right-hand needle.

Casting off

Knit two stitches, then * use the left-hand needle to lift the first stitch over the second.

Knit the next stitch, then repeat from * until one stitch is left.

Break the yarn, take it through this stitch and draw up.

Invisible seaming

Sometimes called ladder or mattress stitch, this method of sewing up gives the neatest seams. Place the two edges together, right sides upwards and starting at the cast-on edge, take the yarn underneath the strand beside the edge stitch at one side and then the other. After a few stitches pull up the yarn to tension the seam.

Decrease by knitting two stitches together (k2tog)

1 Insert the needle in the next two stitches knitwise (that is, through the front of the loops).

2 Yarn round needle, pull through both stitches and slip these stitches off together. The resulting decrease has the top stitch slanting to the right.

Decrease by slipping one stitch over the next (skpo)

1 Insert the needle in the next stitch knitwise (through the front of the loop) to slip it on to the right-hand needle.

2 Knit the next stitch, then use the left-hand needle to lift the slipped stitch over the knitted one. The resulting decrease has the top stitch slanting to the left.

Increase by knitting in the front and then the back of one stitch (kfb)

1 Knit the stitch in the usual way, but without slipping it off.

2 Take the right-hand needle to the back and knit the stitch again.

Increase by working into the strand between needles (up1)

1 Pick up the strand lying between needles and knit in the back of it.

2 This makes a new stitch that fits closely between existing stitches

Crochet Class

Slip knot

1 Loop the yarn with the ball end on top (the ball end is shown with a broken line).

2 Dip the hook into the loop, catch the ball end and pull it through the loop.

3 Pull both ends to tighten the knot.

4 Pull the ball end to bring the knot up to the hook.

Holding the yarn and hook

Both crochet and yarn are held in the left hand, with the right hand holding the hook preferably like a pencil, but like a knife if you prefer. The work is held between thumb and first finger, with the ball end of

the yarn taken over the first three fingers and under the fourth, or around the fourth if necessary.

Extending the second finger holds the yarn taut for hooking.

Chain (ch)

1 Twist the hook under and over the yarn – yarn round hook (yrh). Pull the yarn through the loop on hook and drop it off to make first chain.

2 Continue to make chain in this way.
Each chain is made up of three strands, with the V shape the 'right side'. When counting chain don't count the loop on the hook.
At the start of a row chain will stand for the first stitch.

Slip stitch (slst)

1 Make a length of chain. Insert the hook under two strands of second chain from hook and yarn round hook.

2 Pull the yarn through the chain and loop on the hook. This stitch has virtually no height.

Double crochet (dc)

1 Insert the hook under the top two strands of the second chain from the hook. Yarn round hook.

2 Pull the yarn through to make loops on the hook. Yarn round hook again.

3 Pull the yarn through both loops on the hook to make one double crochet. Insert the hook in the next chain and repeat steps 1-2.

Remember not to take the yarn round hook before inserting the hook. When working into stitches always insert the hook under the top two strands of yarn unless instructed otherwise.

Half treble (htr)

In height the half treble is halfway between a double crochet and a treble and is frequently used as a transitional stitch between the two.

1 Yarn round hook and insert the hook in the third chain from the hook.

2 Yarn round hook and pull the yarn through to make a loop on the hook, then yarn round hook again.

3 Pull the yarn through all three loops on the hook to complete the stitch.

Treble (tr)

Treble stitch is twice the height of double crochet, because it has an initial yarn round hook, which requires additional steps (wraps) to complete the stitch. The height of stitches is dictated by the number of wraps worked.

1 Yarn round hook before inserting the hook under two strands of the fourth chain from the hook.

2 Yarn round hook and pull the yarn through to make three loops on the hook.

3 Yarn round hook again.

4 Pull the yarn through first two loops on hook, making two loops on the hook.

5 Yarn round hook for the last time and pull it through the remaining two loops to complete the stitch.

6 To continue making treble, yarn round hook and insert the hook in the next chain, then repeat steps 2-5. At the beginning of a row three chain usually stand in for the first treble.

On the next row make sure that the treble following the chain is made in the second

stitch of the previous row, because if it's made in the stitch immediately below you will have made an extra stitch. The last treble of the row will be made in the top chain that started the previous row. Understanding row-end stitches will keep the edges under control.

Double treble (dtr)

1 Yarn round the hook twice before inserting the hook under the top two strands of the fifth chain from the hook.

2 Yarn round hook and pull the yarn through to make four loops on the hook.

3 Yarn round hook and pull the yarn through the first two loops on the hook to make three loops on the hook.

4 Yarn round hook and pull the yarn through the next two loops on the hook to make two loops on the hook.

5 Yarn round hook and pull the yarn through the remaining two loops on the hook.

6 The finished double treble. To continue making double treble, yarn round hook twice and insert the hook in the next chain or stitch, then repeat steps 2-5.

Fastening off

Simply break the yarn, take it through the last loop and draw it up.

Increases

For clarity these are shown as single increases worked in treble, but the principle is the same in double crochet, double treble, etc.

1 At the beginning of a row, instead of working into the next stitch after the chain that counts as the first stitch, work into the stitch below. This increases one stitch.

2 Mid row simply work the two additional stitch, or

stitches, in the place indicated.

3 At the end of a row, work two stitches in the top chain that formed the first stitch of the previous row. This increases one stitch.

Decreases

Decreases are part stitches worked into a stated number of stitches and then joined into one in the last stage of the stitch.

Decreasing one treble stitch is shown, but the principle is the same in all stitches and for any number of decreases.

1 Without making the last wrap of each make a treble in each of the next two stitches: * yarn round hook, insert hook in next stitch, yarn round hook, pull through, yarn round hook, pull it through two loops; repeat from * once, leaving three loops on the hook.
