Every issue has a knitting or

Hello and welcome...

...to the October issue of *Knitting & Crochet* monthly – packed with lovely things for you to make for the coming season.

First up, we invited designers Debbie Bliss, Erika Knight, Lisa Richardson, Lesley Stanfield and Martin Storey to showcase their new-season style for our opening feature – and we were delighted when they accepted. Turn to page 6 for a gorgeous, exclusive pattern from each of these talented designers.

At this time of year we celebrate our home-grown yarns during British Wool Week (10-16 October). Turn to my Ed's Choice (p22) to learn more about our great wool industry and discover our fab pattern for a stripy sweater in vibrant shades.

We continue the colourful theme in our seasonal collection (p29) with simple, chill-beating accessories that won't take you long to knit or crochet.

Our main cover image features our Yarn of the Month pattern (p40), with the addition of a cute toy to complete the set. If you enjoy making things for babies (and we know that most of you do), this will be the perfect project for the darker autumn evenings.

Plus, we've plenty more of your regular favourites, craft book reviews and good advice from Tina, our knitting 'agony aunt'.

See you next month.

PS: I love a craft show – great for topping up on everything I need for my craft stash. I also enjoy wandering around outdoor shows, going from marquee to marquee buying ready-made crafts. To find out if there's a craft show or a prestige outdoor show near you, visit ichfevents.co.uk – and while you're on the site, you can book your tickets. Maybe I'll see you there!

Whether you're a seasoned *Woman's Weekly* reader or picking up our fabulous *Knitting & Crochet* magazine for the first time, we're aware that, while of course you'll love to knit and/or crochet, you'll also have different skills at different levels. So we've signposted each project in the magazine with a rating, from Easy Peasy to Quite A Challenge, as a guide to help you decide if the pattern suits your ability. However, we pride ourselves on our clear instructions, so you can try something that's more challenging or simply enjoy your skill.

ED'S CHOICE

This month, the British wool industry celebrates its annual calendar week – 10-16 October – and there are lots of opportunities to get involved. Woolbnb (yes, just like Airbnb) is a house stylishly decorated with everything made from wool, and it hosts a variety of talks and activities to enjoy.

At the end of the week, it's 'Woolly Hat Day', a fundraising event to support the Mission to Seafarers, when you'll be encouraged to make

a nautical-themed woolly hat. For more details, visit campaignforwool.org.

As our way of supporting this campaign, for my Ed's Choice I've chosen one of our many home-grown yarns, dyed and spun in the UK, some of which can be identified by the British Wool logo (above). Yarn companies need to tick certain boxes before they are awarded the British Wool Board's stamp of approval. There are three categories – Blue, where 50% of the fibre's content has to be British wool; Gold, where 70% of the fibres are British, and Platinum, for yarns made from 100% British wool.

Other yarns, such as Herdy Wool – manufacturers of the yarn used in our super stripy jumper – can be identified by the Campaign for Wool logo (below). Herdy is based in the Lake District and inspired by the Herdwick sheep. All its yarn is made in northern England from British sheep breeds wool. We love Herdy's six vibrant shades (plus classic ecru) – ideal for knitting and crocheting.

All About Baby

We've used the softest yarn for our kimono, shoes and hippo toy – perfect for the tiniest member of the family

YARN OF THE MONTH

This month's choice is Sublime Baby Cashmere Merino Silk 4ply (75% extra fine merino, 20% silk, 5% cashmere), a super-soft yarn that's ideal for babies. This yarn has long been a favourite of the WW knitting team for its smooth texture, together with its beautiful range of shades – from the most delicate neutrals to brighter, more modern hues. Made in Italy, the gentle natural blend of fibres is just lovely against baby's skin and creates an exquisite-quality fabric for both hand-knitting or crochet. It's the perfect option for this matching set and toy. It may be a little more expensive than most 4ply yarns, but we think it's worth it!

Bookshelf

This month, knit your own fairy tale, create elegant accessories, make slippers for the whole family and lose yourself with a colourful mandala

KNITTED FAIRY TALES: Delightful and enchanting characters to make

by Cilla Webb

(New Holland Publishers, £14.99)

Cilla Webb's world is one of magic and stories, of princes and princesses, ogres, trolls and mermaids. Her patterns for lovable fairytale characters have been created with intermediate-level knitters in mind. The instructions are clear, precise and easy-to-follow, with advice aplenty about the yarn, needles and accessories you'll need. And as it's likely you'll be knitting these toys with a little person in mind, Cilla has helpfully included notes on making your work safe for children to play with.

KNITTING EVERYDAY FINERY: Practical designs for dressing up in little ways

by Mel Clark

(Collins & Brown, £14.99)

Mel Clark's fabulous designs for scarves, hoods, gloves and purses are timeless, classic, and will work with any item in your wardrobe. While most of the designs included here are for women, there are a few for the men in your life, too. Because why shouldn't they feel just as classy and fabulous as you? Flick through and you'll find patterns for men's mittens, cardigans and scarves. Every pattern, whoever it's for, is exquisitely tasteful and wearable for pretty much any occasion.

SLIPPERS FOR THE FAMILY: Keep the family happy with comfy, casual footwear!

(Leisure Arts, £5.99)

There are more types of slipper in this world than you could possibly imagine. And some of the best are included here for you to crochet. Elf shoes and globetrotters, moccasins and booties, slippers with sock cuffs and without, slippers with ruffled cuffs, plain cuffs, flowers, stripes and cross-overs. These slippers are family-friendly, fun and flamboyant. The book's handy sizing chart makes it easy to crochet slippers that fit like a glove over every foot from baby's tiny tootsies to dad's size 11s. Even better, each pair is a quick project to undertake.

CROCHETED MANDALAS: 20 to make

by Lynne Rowe

(Search Press, £4.99)

Mandala is the ancient Sanskrit word for 'circle', and people through history have drawn them while meditating to help achieve a sense of calm. So as well as being fun and cheap to make, crocheting a mandala might be good for unwinding. Lynne Rowe's mandalas are super-simple and can all be made using odds and ends of yarn. Once you've finished, there's a lot you can do with your mandala. A colourful coaster, perhaps. Or you could join several together to create scarves, bedspreads or bags. Even art installations, if you're feeling ambitious!

Square needles!

Q When I was shopping recently I saw a pair of square knitting needles in a shop. I'd never seen anything like them before. Have you, or would you, ever use them?

A You know, square knitting needles have been around for a while now. So I suppose the fact they haven't caught on says it all. But for me, the jury is out. The needles are square along their length, and come to a rounded point at their ends, making them easier to knit with. When I had a go with a pair, I found they give you a firmer hold on your work. But the thing that got me was the edges. When you insert the needle into the stitch, the square corners scrape against each other. It felt like sharpening a knife! I'd have preferred for the rounded ends to be a bit longer, because then there'd have been no scraping. I'm not sure square needles are for me. But what doesn't work for me might well work for you. Give them a go, just to see. I'd love to know what you think of them!

Should your dolls be flat?

Q My daughter loved the pair of knitted dolls and dolls' clothes you published some time ago, so I decided to knit them for her. And I must say, I was surprised when I realised the dolls' bodies weren't stuffed. Is this a design feature, or is something missing from the instructions?

A The flatness of these dolls is very much a design feature! They were inspired by the paper dolls people my age used to cut out from books a long time ago. You'd dress your paper doll in paper outfits held in place by folding tags. The bodies of our knitted versions are worked in double thickness to give them a slightly firmer feel, but the dolls will be more or less flat. Their clothes are different. They couldn't be made in a single layer if they were going to stay on the doll. You could always insert a layer of foam, cut to size, before joining the doll's body at the base, if your daughter wants a more stuffed doll. But if not, I hope she can still enjoy what you have made for her. We wanted to do something a bit different, and have a trip down memory lane!

Crochet basket issues

Q I had a go at making the lovely crochet basket you featured back in July. I managed to crochet the base easily enough. The problems started when I began work on the back and front of the basket. I couldn't get the right amount of spaces in the foundation row, no matter how many times I tried.

A I'm so glad you got in touch with us instead of giving up on the project. For the back and front parts of the basket, you need 82 chains. On the foundation row, there are 7 chains needed before the brackets, 8 chains needed for the repeat of the instruction inside the brackets, and 3 chains at the end. If you take away the chains before and after the brackets, you'll have 72 chains in which to work the 8-chain repeat. That repeat will give you 9 chain spaces, which, added to the one at the start, totals 10. It's possible you went wrong because you didn't have enough chains, or because you missed more chains than the three stated in the pattern. If that's the case, you could perhaps mark chains as you're making them to match the foundation row in reverse – so the third chain, then every eighth chain nine times over, which should leave you with 7 chains at the end. That way, you'll soon know if you've gone wrong somewhere. If that doesn't work for you, why not try making a few more chains than required? You'll get the right number of spaces, and the excess chains can be undone afterwards. When the foundation row is right, the rest of the pattern should fall into place.

Abbreviations

Practically all knitting and crochet patterns use some sort of abbreviations to make the instructions concise and easy to follow. Each pattern will have its own brief description of the most common abbreviations (**k**, knit or **ch**, chain) with a more detailed description of specific abbreviations, like how to work cable or cluster. Also, the most regularly used words are either shortened (**fol** – following) or letters are used to describe what is needed to be done next (**tbl** – through back of stitches).

Some widely used abbreviations have more or less the same meaning, but there could be exceptions. Listed below in alphabetical order are the most commonly used abbreviations, with an extended description of their meanings.

alt, alternate – worked on every other row or stitch.

beg, begin or beginning – to start as specified or position to be worked at or from, measured from or marked edges.

ch, chain (see page 72).

cont, continue – carry on working.

dc, double crochet (see page 72).

dc2tog, work 2 double crochet together – [insert hook from front to back under two strands of next stitch, yarn round hook and pull through] twice, yarn round hook and pull through all 3 loops on hook.

dc3tog, work 3 double crochet together – [insert hook from front to back under two strands of next stitch, yarn round hook and pull through] 3 times, yarn round hook and pull through all 4 loops on hook.

dec, decrease or decreasing – by working 2 or more stitches together.

In crochet, decreases are made by working specified number of stitches to last stage of each stitch, then joined into one at final stage. In knitting, if no specific instructions are given, here is how to decrease:

dec 1 st – the right-hand needle is inserted knitwise or purlwise in next 2 stitches on left-hand needle at the same time and complete as if knitting or purling 1 stitch.

dec 2 sts – the right-hand needle is inserted knitwise or purlwise in next 3 stitches on left-hand needle at the same time and complete as if knitting or purling 1 stitch.

dtr, double treble (see page 73).

fol, following.

gst, garter stitch – knit or purl every stitch on every row. Also refers to texture of fabric produced by knitting or purling every stitch.

htr, half treble (see page 72).

inc, increase or increasing – by working twice or

more times into same stitch.

In crochet, the instruction will specify how to increase. Usually 1, 2 or more stitches are worked into base of starting chain at beginning of row and 2, 3 or more stitches are worked in last stitch.

In knitting, if no specific instructions are given, here is how to increase:

inc 1 st – knit or purl in next stitch, but do not drop this stitch off left-hand needle, work into back of it again, then drop this stitch off left-hand needle.

inc 2 or more sts – keep working into front and back of stitch until required number of stitches are increased (the number of times worked into a stitch would be the number of stitches increased, plus first original stitch).

k, knit (see page 70).

k row or rows, knit every stitch across each row(s).

k1tbl or k1b, knit 1 stitch through back loop (with yarn at back, insert right-hand needle from right to left in back of stitch on left-hand needle, bring yarn under and over the right-hand needle, draw loop through and drop the stitch off left-hand needle).

k2tog, knit 2 stitches together (see page 71).

k2tog tbl or k2togb, knit 2 stitches together through back of loops – insert right-hand needle from right to left in back loop of next 2 stitches, bring yarn under and over right-hand needle and pull through, dropping the 2 stitches of left-hand needle.

k3tog or more stitches, work as k2tog, but inserting needle through 3 or more stitches.

m1 or up1, make one or pick up 1 (see page 71).

p, purl (see page 70).

p row or rows, purl every stitch across each row.

patt, pattern – texture of fabric created by stitches as set out on stated rows. Also means continue working or maintain working stitches as set out before.

psso, pass slipped stitch over – insert left-hand needle into front of slipped stitch (second stitch) on right-hand needle, lift this stitch and place over first stitch.

p1tbl or p1b, purl next stitch through back loop (with yarn at front, insert right-hand needle from left to right in back of stitch on left-hand needle, bring yarn over and under right-hand needle, draw loop through and drop the stitch off left-hand needle).

p2sso, pass 2 slipped stitches over – insert left-hand needle into front of second and third slipped stitches on right-hand needle, lift these stitches and place over first stitch.

p2tog, purl 2 stitches together (see page 71).

p2tog tbl or p2togb, purl 2 stitches together through back of loops (insert right-hand needle in from left to right in back loops

of second then first stitches, bring yarn over and under right-hand needle and pull through, dropping the 2 stitches off left-hand needle).

p3tog or more stitches, work as p2tog, but inserting needle through 3 or more stitches.

rem, remain or remaining.

rep, repeat.

RS, right side.

skpo, slip 1, knit 1, pass slipped stitch over (see page 71).

sl, slip.

sl1, insert right-hand needle in front of next stitch on left-hand needle knitwise (from left to right) or purlwise from (right to left) and slip this stitch off left-hand needle without working into it.

slst or ss, slip stitch.

st(s), stitch or stitches.

stst or ss, stocking stitch – knit stitches on right side rows and purl stitches on wrong side rows. Also means the texture of fabric that is created by knitting and purling alternately to produce smooth surface on knit (right) side and ridged surface on purl (wrong) side.

tbl, through back of loop (see k1tbl, p1tbl).

tog, together – work 2 or more stitches together at the same time.

tr, treble (see page 73).

tr2tog, work 2 treble together – [yarn round hook, insert hook from front to back under two strands of next stitch, yarn round hook and pull through, yarn round hook and pull through first 2 loops on hook] twice, yarn round hook and pull through all 3 loops on hook.

tr3tog, work 3 treble together – [yarn round hook, insert hook from front to back under two strands of next stitch, yarn round hook and pull through, yarn round hook and pull through first 2 loops on hook, 3 times, yarn round hook and pull through all 4 loops on hook.

ws, wrong side.

yf or yfwd, yarn forward – is usually worked between 2 knit stitches; bring yarn from back to front between needles, then over right-hand needle to make a st.

yo, yarn over (see yarn forward, yarn round needle and yarn over needle).

yon, yarn over needle – is usually worked between purl and knit stitches; take yarn from front to back over right-hand needle to make a st.

yrh or yoh, yarn round hook or yarn over hook; take yarn from back over and under hook to back again.

ym, yarn round needle.

worked between 2 purl stitches, take yarn from front over and under right-hand needle, bringing it to front again to make a stitch.

worked between knit and purl stitches, take yarn from back to front between needles, then over and under right-hand needle, bringing it to front again to make a stitch.

Glossary

Tension

Practically every knitting instruction will state a tension, with a few exceptions, like toys or small accessories.

Tension is the number of stitches and rows that an average knitter will achieve to stated measurements, using specific yarn, pattern and needles. It is used to translate measurements into the number of stitches and rows to be worked.

Before commencing a specific project, check your tension by working a swatch about 13cm square in pattern, yarn and needles or crochet hooks as stated. Stretch swatch in each direction and allow to rest. Mark 10cm horizontally in the middle of the test piece (diag. 1 and 3) and count stitches between markers. Mark 10cm vertically in the middle of test piece (diag. 2 and 4) and count the rows between markers. If the number of stitches and rows is less than quoted, knit another swatch, using smaller needles or hooks. If the number of stitches and rows is greater, use larger needles or hooks.

You may need to knit or crochet samples a few times until the stated tension is achieved.

It is more important to obtain the right number of stitches than rows.

Diagrams 1 and 2 show stitching and rows of stocking stitch of standard double knitting tension.

Diagrams 3 and 4 show stitches and rows of double crochet of average double knitting tension.

Substituting yarns

If you are intending to use yarns other than specified, look for a type of yarn that has the same texture and fibre content: wool for wool, cotton for cotton, with same or similar standard tension and same thickness as original yarn.

The best indicators of the thickness of the yarn are the tension and size of needles or hooks used. A standard crochet tension is not usually available.

Here, we list the standard knitting tension of classic yarns, although these may vary:

4 ply yarn is 28 stitches and 36 rows, to 10 x 10cm, over stocking stitch, using 3¼mm needles.

Double knitting yarn is 22 stitches and 28 rows, to 10 x 10cm, over stocking stitch, using 4mm needles.

Aran yarn is 18 stitches and 24 rows, to 10 x 10cm, over stocking stitch, using 5mm needles.

Chunky yarn is 14 stitches and 19 rows, to 10 x 10cm, over stocking stitch, using 6½mm needles.

For example: If the pattern states 30 stitches and 38 rows over stocking

stitch, you may be able to use 4 ply yarn for this, but using 3mm needles instead of 3¼mm.

In both knitting and crochet, yarn amounts may differ when using substituted yarn, so check the ball band for weight and length informations. If the length is different, work out your amounts by multiplying the length of original yarn by the amount of balls quoted, divide this figure by the number of metres stated on the substituted yarn and that will give you the number of balls needed in the yarn you intend to use.

Care symbols

Knitting Class

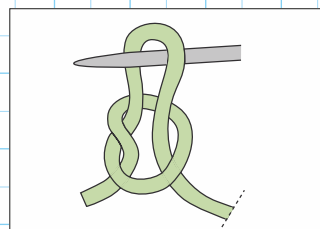

Slip knot

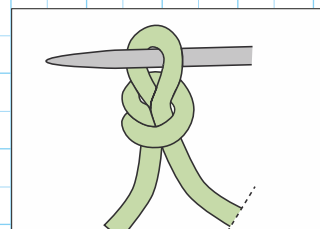

1 Loop the yarn with the ball end on top (the ball end is shown with a broken line).

2 Dip the needle into the loop, catch the ball end and pull it through the loop.

3 Pull both ends to tighten the knot.

4 Pull the ball end to bring the knot up to the needle.

Holding the yarn and needles

To make even stitches, control the yarn by taking it over the first finger of the right hand, under the second, over the third and under the fourth, or even around the fourth if necessary. Your

right hand also holds the needle that makes the new stitches. Hold this like a knife or a pencil – whichever is more comfortable. Your left hand holds the needle with the stitches already made.

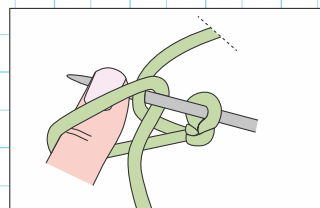

Casting on by thumb method

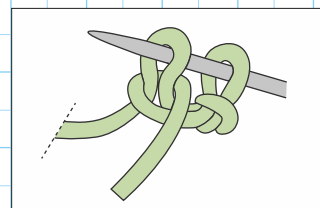

1 Leaving a long end, hold the yarn in the left hand and take the left thumb under the yarn and upwards.

2 Insert the needle in the loop just made on the thumb.

3 Take the ball end of the yarn around the needle and bring it through the loop, slipping the loop off the thumb.

4 Pull the yarn end to close the stitch up to the needle. Continue to cast on stitches as steps 1-4.

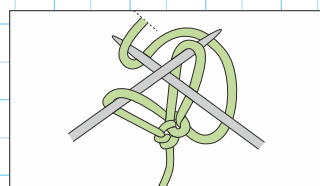

Casting on by cable method

1 Make a slip knot, then hold the needle in your left hand.

2 Knit one without slipping the stitch off.

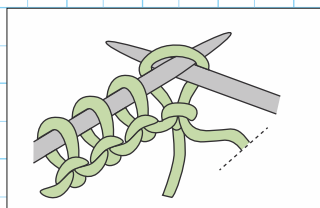

3 Insert the right-hand needles between the last 2 stitches just made, yarn round needle and pull the loop through, thus making new stitch. Slip the new stitch onto left needle.

4 Continue making stitches as step 3, until you have the number of stitches you need.

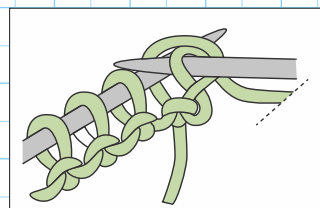

Knit stitch (k)

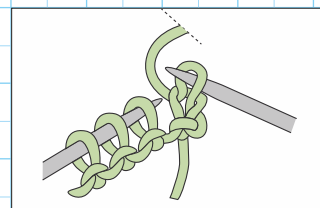

1 Turn the cast-on so that it's in the left hand and insert the right-hand needle from left to right in the front of the first stitch.

2 Take the yarn from behind to bring it under, up and over the right-hand needle.

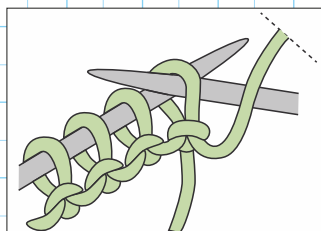

3 Use the tip of the right-hand needle to pull the yarn through.

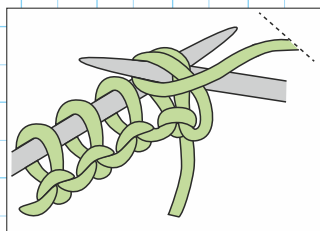

4 Slip the stitch off the left-hand needle to complete the new stitch on the right-hand needle. Continue to make knit stitches as steps 1-4.

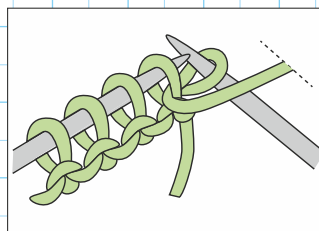

Purl stitch (p)

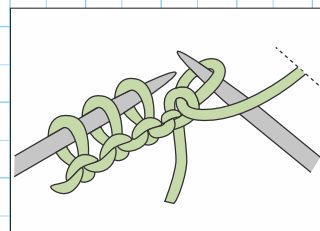

1 With the yarn to the front, insert the right-hand needle from right to left in the front of the first stitch.

2 Take the yarn up and around the right-hand needle.

3 Use the tip of the right-hand needle to pull the yarn through.

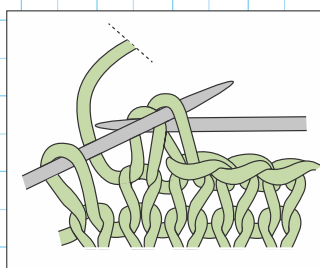

4 Slip the stitch off the left-hand needle to complete the new stitch on the right-hand needle.

Casting off

Knit two stitches, then * use the left-hand needle to lift the first stitch over the second.

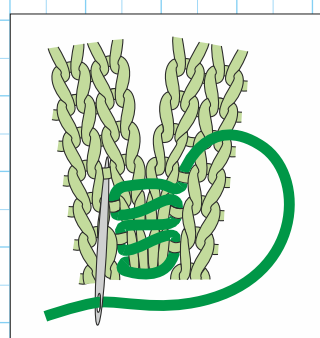

Knit the next stitch, then repeat from * until one stitch is left.

Break the yarn, take it through this stitch and draw up.

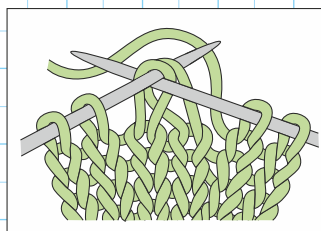

Invisible seaming

Sometimes called ladder or mattress stitch, this method of sewing up gives the neatest seams. Place the two edges together, right sides upwards and starting at the cast-on edge, take the yarn underneath the strand beside the edge stitch at one side and then the other. After a few stitches pull up the yarn to tension the seam.

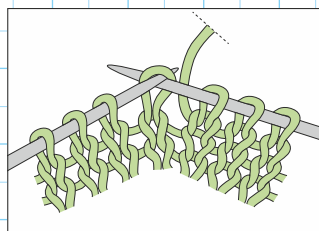

Decrease by knitting two stitches together (k2tog)

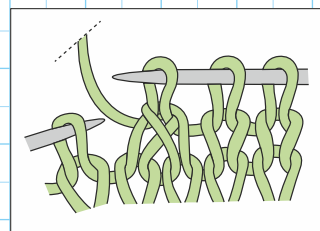

1 Insert the needle in the next two stitches knitwise (that is, through the front of the loops).

2 Yarn round needle, pull through both stitches and slip these stitches off together. The resulting decrease has the top stitch slanting to the right.

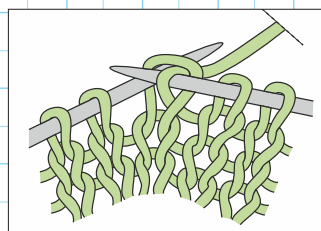

1 Insert the needle in the next stitch knitwise (through the front of the loop) to slip it on to the right-hand needle.

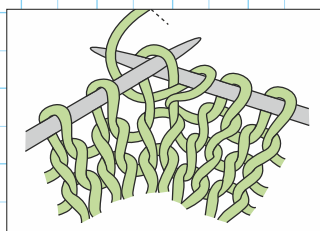

2 Knit the next stitch, then use the left-hand needle to lift the slipped stitch over the knitted one. The resulting decrease has the top stitch slanting to the left.

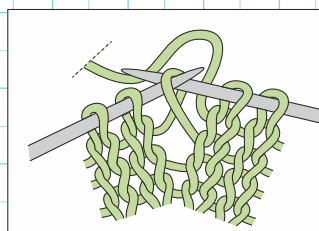

Increase by knitting in the front and then the back of one stitch (kfb)

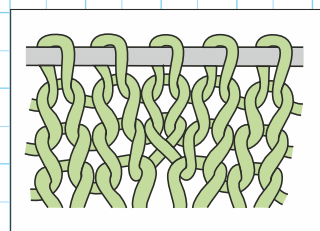

1 Knit the stitch in the usual way, but without slipping it off.

2 Take the right-hand needle to the back and knit the stitch again.

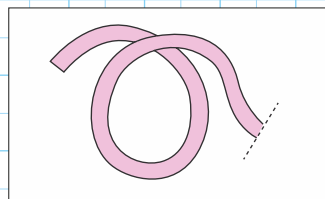

1 Pick up the strand lying between needles and knit in the back of it.

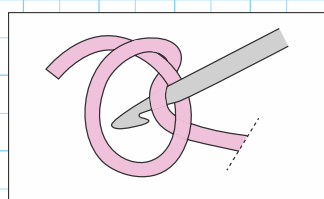

2 This makes a new stitch that fits closely between existing stitches

Crochet Class

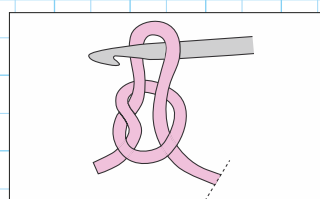

Slip knot

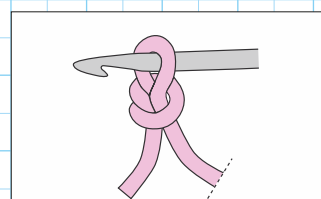

1 Loop the yarn with the ball end on top (the ball end is shown with a broken line).

2 Dip the hook into the loop, catch the ball end and pull it through the loop.

3 Pull both ends to tighten the knot.

4 Pull the ball end to bring the knot up to the hook.

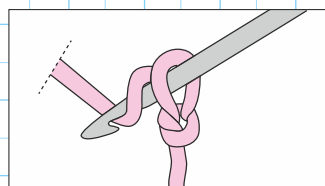

Holding the yarn and hook

Both crochet and yarn are held in the left hand, with the right hand holding the hook preferably like a pencil, but like a knife if you prefer. The work is held between thumb and first finger, with the ball end of

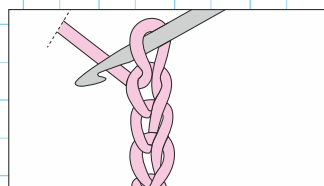

the yarn taken over the first three fingers and under the fourth, or around the fourth if necessary.

Extending the second finger holds the yarn taut for hooking.

Chain (ch)

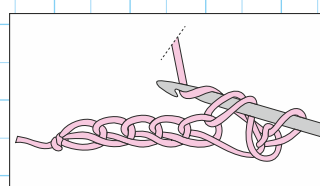

1 Twist the hook under and over the yarn – yarn round hook (yrh). Pull the yarn through the loop on hook and drop it off to make first chain.

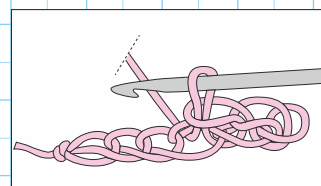

2 Continue to make chain in this way.
Each chain is made up of three strands, with the V shape the 'right side'. When counting chain don't count the loop on the hook.
At the start of a row chain will stand for the first stitch.

Slip stitch (slst)

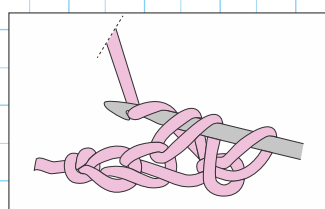

1 Make a length of chain. Insert the hook under two strands of second chain from hook and yarn round hook.

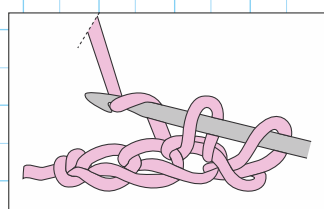

2 Pull the yarn through the chain and loop on the hook. This stitch has virtually no height.

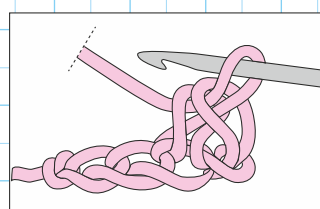

Double crochet (dc)

1 Insert the hook under the top two strands of the second chain from the hook. Yarn round hook.

2 Pull the yarn through to make loops on the hook. Yarn round hook again.

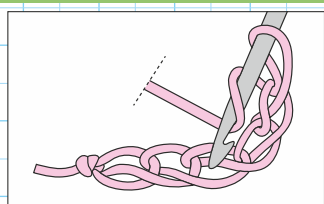

3 Pull the yarn through both loops on the hook to make one double crochet. Insert the hook in the next chain and repeat steps 1-2.

Remember not to take the yarn round hook before inserting the hook. When working into stitches always insert the hook under the top two strands of yarn unless instructed otherwise.

Half treble (htr)

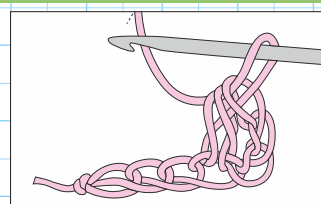

In height the half treble is halfway between a double crochet and a treble and is frequently used as a transitional stitch between the two.

1 Yarn round hook and insert the hook in the third chain from the hook.

2 Yarn round hook and pull the yarn through to make a loop on the hook, then yarn round hook again.

3 Pull the yarn through all three loops on the hook to complete the stitch.

Treble (tr)

Treble stitch is twice the height of double crochet, because it has an initial yarn round hook, which requires additional steps (wraps) to complete the stitch. The height of stitches is dictated by the number of wraps worked.

1 Yarn round hook before inserting the hook under two strands of the fourth chain from the hook.

2 Yarn round hook and pull the yarn through to make three loops on the hook.

3 Yarn round hook again.

4 Pull the yarn through first two loops on hook, making two loops on the hook.

5 Yarn round hook for the last time and pull it through the remaining two loops to complete the stitch.

6 To continue making treble, yarn round hook and insert the hook in the next chain, then repeat steps 2-5. At the beginning of a row three chain usually stand in for the first treble.

On the next row make sure that the treble following the chain is made in the second

stitch of the previous row, because if it's made in the stitch immediately below you will have made an extra stitch. The last treble of the row will be made in the top chain that started the previous row. Understanding row-end stitches will keep the edges under control.

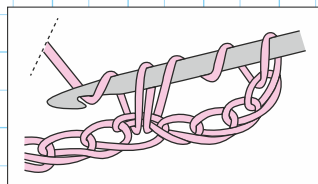

Double treble (dtr)

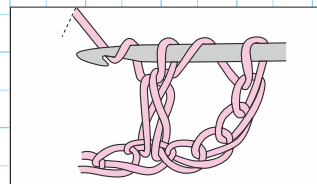

1 Yarn round the hook twice before inserting the hook under the top two strands of the fifth chain from the hook.

2 Yarn round hook and pull the yarn through to make four loops on the hook.

3 Yarn round hook and pull the yarn through the first two loops on the hook to make three loops on the hook.

4 Yarn round hook and pull the yarn through the next two loops on the hook to make two loops on the hook.

5 Yarn round hook and pull the yarn through the remaining two loops on the hook.

6 The finished double treble. To continue making double treble, yarn round hook twice and insert the hook in the next chain or stitch, then repeat steps 2-5.

Fastening off

Simply break the yarn, take it through the last loop and draw it up.

Increases

For clarity these are shown as single increases worked in treble, but the principle is the same in double crochet, double treble, etc.

1 At the beginning of a row, instead of working into the next stitch after the chain that counts as the first stitch, work into the stitch below. This increases one stitch.

2 Mid row simply work the two additional stitch, or

stitches, in the place indicated.

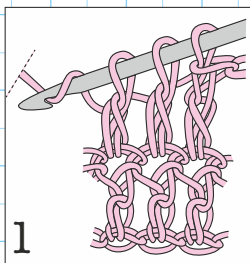

3 At the end of a row, work two stitches in the top chain that formed the first stitch of the previous row. This increases one stitch.

Decreases

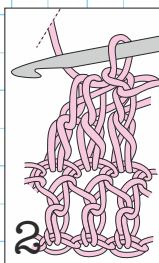

Decreases are part stitches worked into a stated number of stitches and then joined into one in the last stage of the stitch.

Decreasing one treble stitch is shown, but the principle is the same in all stitches and for any number of decreases.

1 Without making the last wrap of each make a treble in each of the next two stitches: * yarn round hook, insert hook in next stitch, yarn round hook, pull through, yarn round hook, pull it through two loops; repeat from * once, leaving three loops on the hook.

2

2 Yarn round hook and pull it through all three loops on the hook.
