The yarn amounts stated are based on average requirements and are therefore approximate.

Abbreviations

K = knit; P = purl; st(s) = stitch(es); inc = increase(ing); dec = decrease(ing); in = inch(es); cm = centimetres; mm = millimetres; tog = together; Sl = slip one stitch; pssso = pass slipped stitch over; beg = begin(ning); rep = repeat; alt = alternate; rem = remain(ing); stst = stocking stitch (one row knit, one row purl); patt = pattern; M = main shade; C = contrast; yfwd = yarn forward; yrn = yarn round needle; cont = continue; foll = following; approx = approximately; DK = double knitting; O = no sts for this size; ch = chain; dc = double crochet; kyfwd = keeping yarn forward.

Tension

11 sts and 16 rows to 2 in or 5 cm measured over patt A on size 4 mm needles and 12 sts and 16 rows to 2 in or 5 cm measured over patt C on size 4 mm needles or the size of needles to give correct tension.

The fit and size of your finished garment

depend on your tension, so do remember to check this. If the number of your sts and rows is not the same as above don't worry, it is easy to adjust it. If you have too many sts and rows

change to a size bigger needle. If you have too few, change to a size smaller needle.

Notes

Instructions are given for 16 in or 40 cm, larger sizes in square brackets. Where only one figure is given this applies to all sizes.

We suggest that you underline the figures for the size you intend to knit before commencing, this will enable you to follow the instructions more easily.
