Rose Cottage Part 2

The Wedding

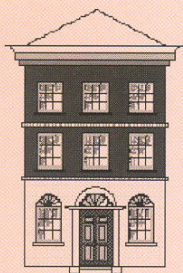

Furniture, Dogs & Clothes for 12 inch Dolls

DOUBLE KNITTING YARNS

Big Value DK 100g Balls 100% Acrylic,
Mini Big Value DK 25g Balls 100% Acrylic,
Anti-tickle DK 50g Balls 100% Wool.

Welcome to Rose Cottage Part 2. It's Wedding Time and all the family are trying to make it a day to remember. Mum has iced a wonderful cake and is doing her best to help her daughter look beautiful on her special day. There's so much to knit in Part 2 that I've had to add one or two new abbreviations to get everything in, so please take the time to read all the instructions on this page carefully. Most of the techniques I have used will be familiar to those who have knitted Part 1 and from the lovely letters I have received, I think you will find the instructions fairly easy to follow, but if you have any difficulty don't struggle, just drop me a line and I will try and help.

So, get ready for the big day!

Needles required

1 pair each 2½mm (12) [USA 1], 3mm (11) [USA 2], 3¼mm (10) [USA 3].

One 3¼mm (10) circular ndl 80 cm long.

2mm crochet hook

Straight cable ndl (dpn)

Tension/Gauge over st-st

On 3mm (11) [USA 2] Ndl, 26 sts = 10 cm (4 ins) in width

On 2¾mm (12) [USA 1] Ndl, 30 sts = 10 cm (4 ins) in width

Double Knitting yarn (USA worsted weight, Australia, NZ 8 ply) is used throughout. Unless otherwise stated, any item can be made with 25 gms (1oz) or less of main colour. Quantities for larger items have been rounded up to the nearest ball weight.

Shades required to complete the book

White (W), Pale Pink (PP), Dusky Pink (DP), Pale Green (PG), Bottle Green (BG), Old Gold (OG), Deep Red (R), Grey (G), Black, Violet (V), Mauve (M), Brown (B), Cream (C), Beige, Mid Jade (MJ).

General Stitches used:

St-st: stocking stitch, 1 row K, 1 row P.

Moss st: 1st & every row: K1,

[P1, K1] to end.

Making up

Always use pins with large glass or plastic heads so they don't get lost in the knitting.

Back stitch from outside: pin edges tog with ws tog & rs facing work a fine back stitch close to the edge. This will form a more solid & square base.

Ladder stitch: pin edges ws tog & rs facing take one small st from one edge, then from other edge & pull up. This will turn a hem to the inside & be invisible when completed.

Garter stitch lines: Reverse rows in K are worked when making the furniture, either as a turning row or to indicate where sts are picked up. When picking stitches up unless otherwise instructed work with rs facing in the direction which the knitting will go.

Slip stitch corners: Slip sts are worked when making items of furniture, so that the work will turn at a right angle to form a corner.

Double Twisted cord: Take a length of yarn 6 times as long as the finished measurement required. Fold in half & tie ends tog. Hook round a door knob (or find a friend to hold the other end!). Slip a pencil into looped end & twist round in one direction until the double yarn begins to kink. Holding cord tight, fold in half again & allow the cord to twist tog. Knot ends together. For single cord, do not fold in half but twist single

length.

Mk:Straw: Cut length as given.

Reinforce the straw by cutting a second length, split down the middle, then insert this inside the unsplit length. Cast on the number of sts given. Work 4 rows st-st, cast off. Rsf Ladder st round straw & join ends.

Buttons: When buttons are referred to these can either be made by sewing on small beads or alternatively by making a French knot to represent a button.

Seams on Clothes: Work a fine overstitch from the inside.

Extra Materials required

Bed, Bedding & Furniture:

BOUQUET

Flowers (Work tightly)

Leaving an end approx 4 cm (1½") long, cast on 3 sts. Take 1st st over next 2 sts, then 2nd st over last st. Fasten off tightly leaving 4 cm (1½") end as bef. Tie ends tog tightly.

Leaves: Leaving an end as flowers, cast on 2(3:4) depending on length of leaf. Cast off in K. Tie as flowers.

Flowers: Work 2 V, 4 M & 14 W.

Leaves: In **BG**, work 1 x 4 st, 2 x 3sts and 2 x 2 sts.

Lay flowers & leaves tog & wind round with **BG** very tightly just below lowest flower or leaf head. At this stage the bouquet will look quite messy. Start with any pair of long ends which belong to a flower or leaf & pull gently until it sits just above where the bunch is tied. Cont in this way, working thru all the ends, moving & arranging flowers & leaves as you work. Don't worry if you pull one too hard, as you can always move it out again. It's trial & error knowing which ends

relate to which flower or leaf, but gradually the bouquet will come into shape. If you pull one out completely, get a large eyed ndl, thread the 2 long ends & pull them back into the bunch. When you are happy with how it looks, trim long ends.
