TO MAKE UP

Join back and front of body piece, leaving neck edge open, then stuff body firmly. Sew side edges of chin piece to head piece, placing cast-on edge of chin piece in line with yellow markers on head and cast off edge of chin piece in line with red markers on head.

Sew straight edge of face piece to cast-on edge of muzzle between blue markers (face stripes will run vertically up from muzzle). Fold muzzle piece in half and, starting at cast-on edge, join side edges, then join cast-off edges for centre front. Sew in nose gusset. Insert assembled muzzle and face piece into opening at front of head, matching blue markers, and positioning end of muzzle front seam in centre of cast-off edge of chin piece and sew in place. Stuff head firmly, then position and join back edge to neck edge of body, sewing neck edge of chin piece centrally to neck edge of body front.

Join paw sole and paw top sections on each leg. Join remainder of leg seam, stopping at base edge of top opening. Stuff legs firmly, then pin leg tops in position on body as in photo and sew in place. Bend back legs as in photo and catch to body with a few stitches to retain shape. Join tail seam from gathered

end up to base of opening, drawing up yarn slightly to make tail curve. Stuff lightly, then position and sew opening edge to back of body.

Join side edges of ear and ear lining pieces together, then oversew base edges together. Fold ears vertically to form a right angle and sew one to each side of head, placing ear within Cream ear dart section. Fold each eyebrow in half and oversew cast-on and cast-off edges together. Position and sew eyebrows to top of face section, following line of curved seam.

Raise fur pile on knitting, by brushing gently with tease brush until a light furry effect is achieved. This must be done before you continue with the following instructions.

Using a length of Black, embroider three straight stitches round front of each paw to form claws, fastening off at beginning and end with a tiny back stitch to secure.

Join side edges of each eye piece. Work a gathering thread through every stitch on cast-on edge, draw up tightly and fasten off securely.

Position and sew eyes to base of face section, placing eyes within Cream stripes. With a length of Black, embroider a vertical oval shape of 12 chain stitches on each eye, then fill in the centre of each oval with a horizontal satin stitch. Use a length of White to embroider two tiny vertical satin stitches at top of each oval for gloss marks.

Pin mouth piece in position at base of muzzle and sew side edges in place, then sew cast-on edge to seam at top of chin piece. Use length of Black yarn remaining at top of mouth piece to embroider a single, vertical, straight stitch on top of centre muzzle seam, fastening off at nose point. Position and sew nose in place on nose gusset, stuffing lightly with a few scraps of matching yarn. Draw out a single strand from a length of Black yarn and using 2 remaining strands, embroider 12 French knots across muzzle as in photo on page 57.
