DUTCH COUPLES

By Hiroko Hanai

SIZE:
26 1/4" in diameter.

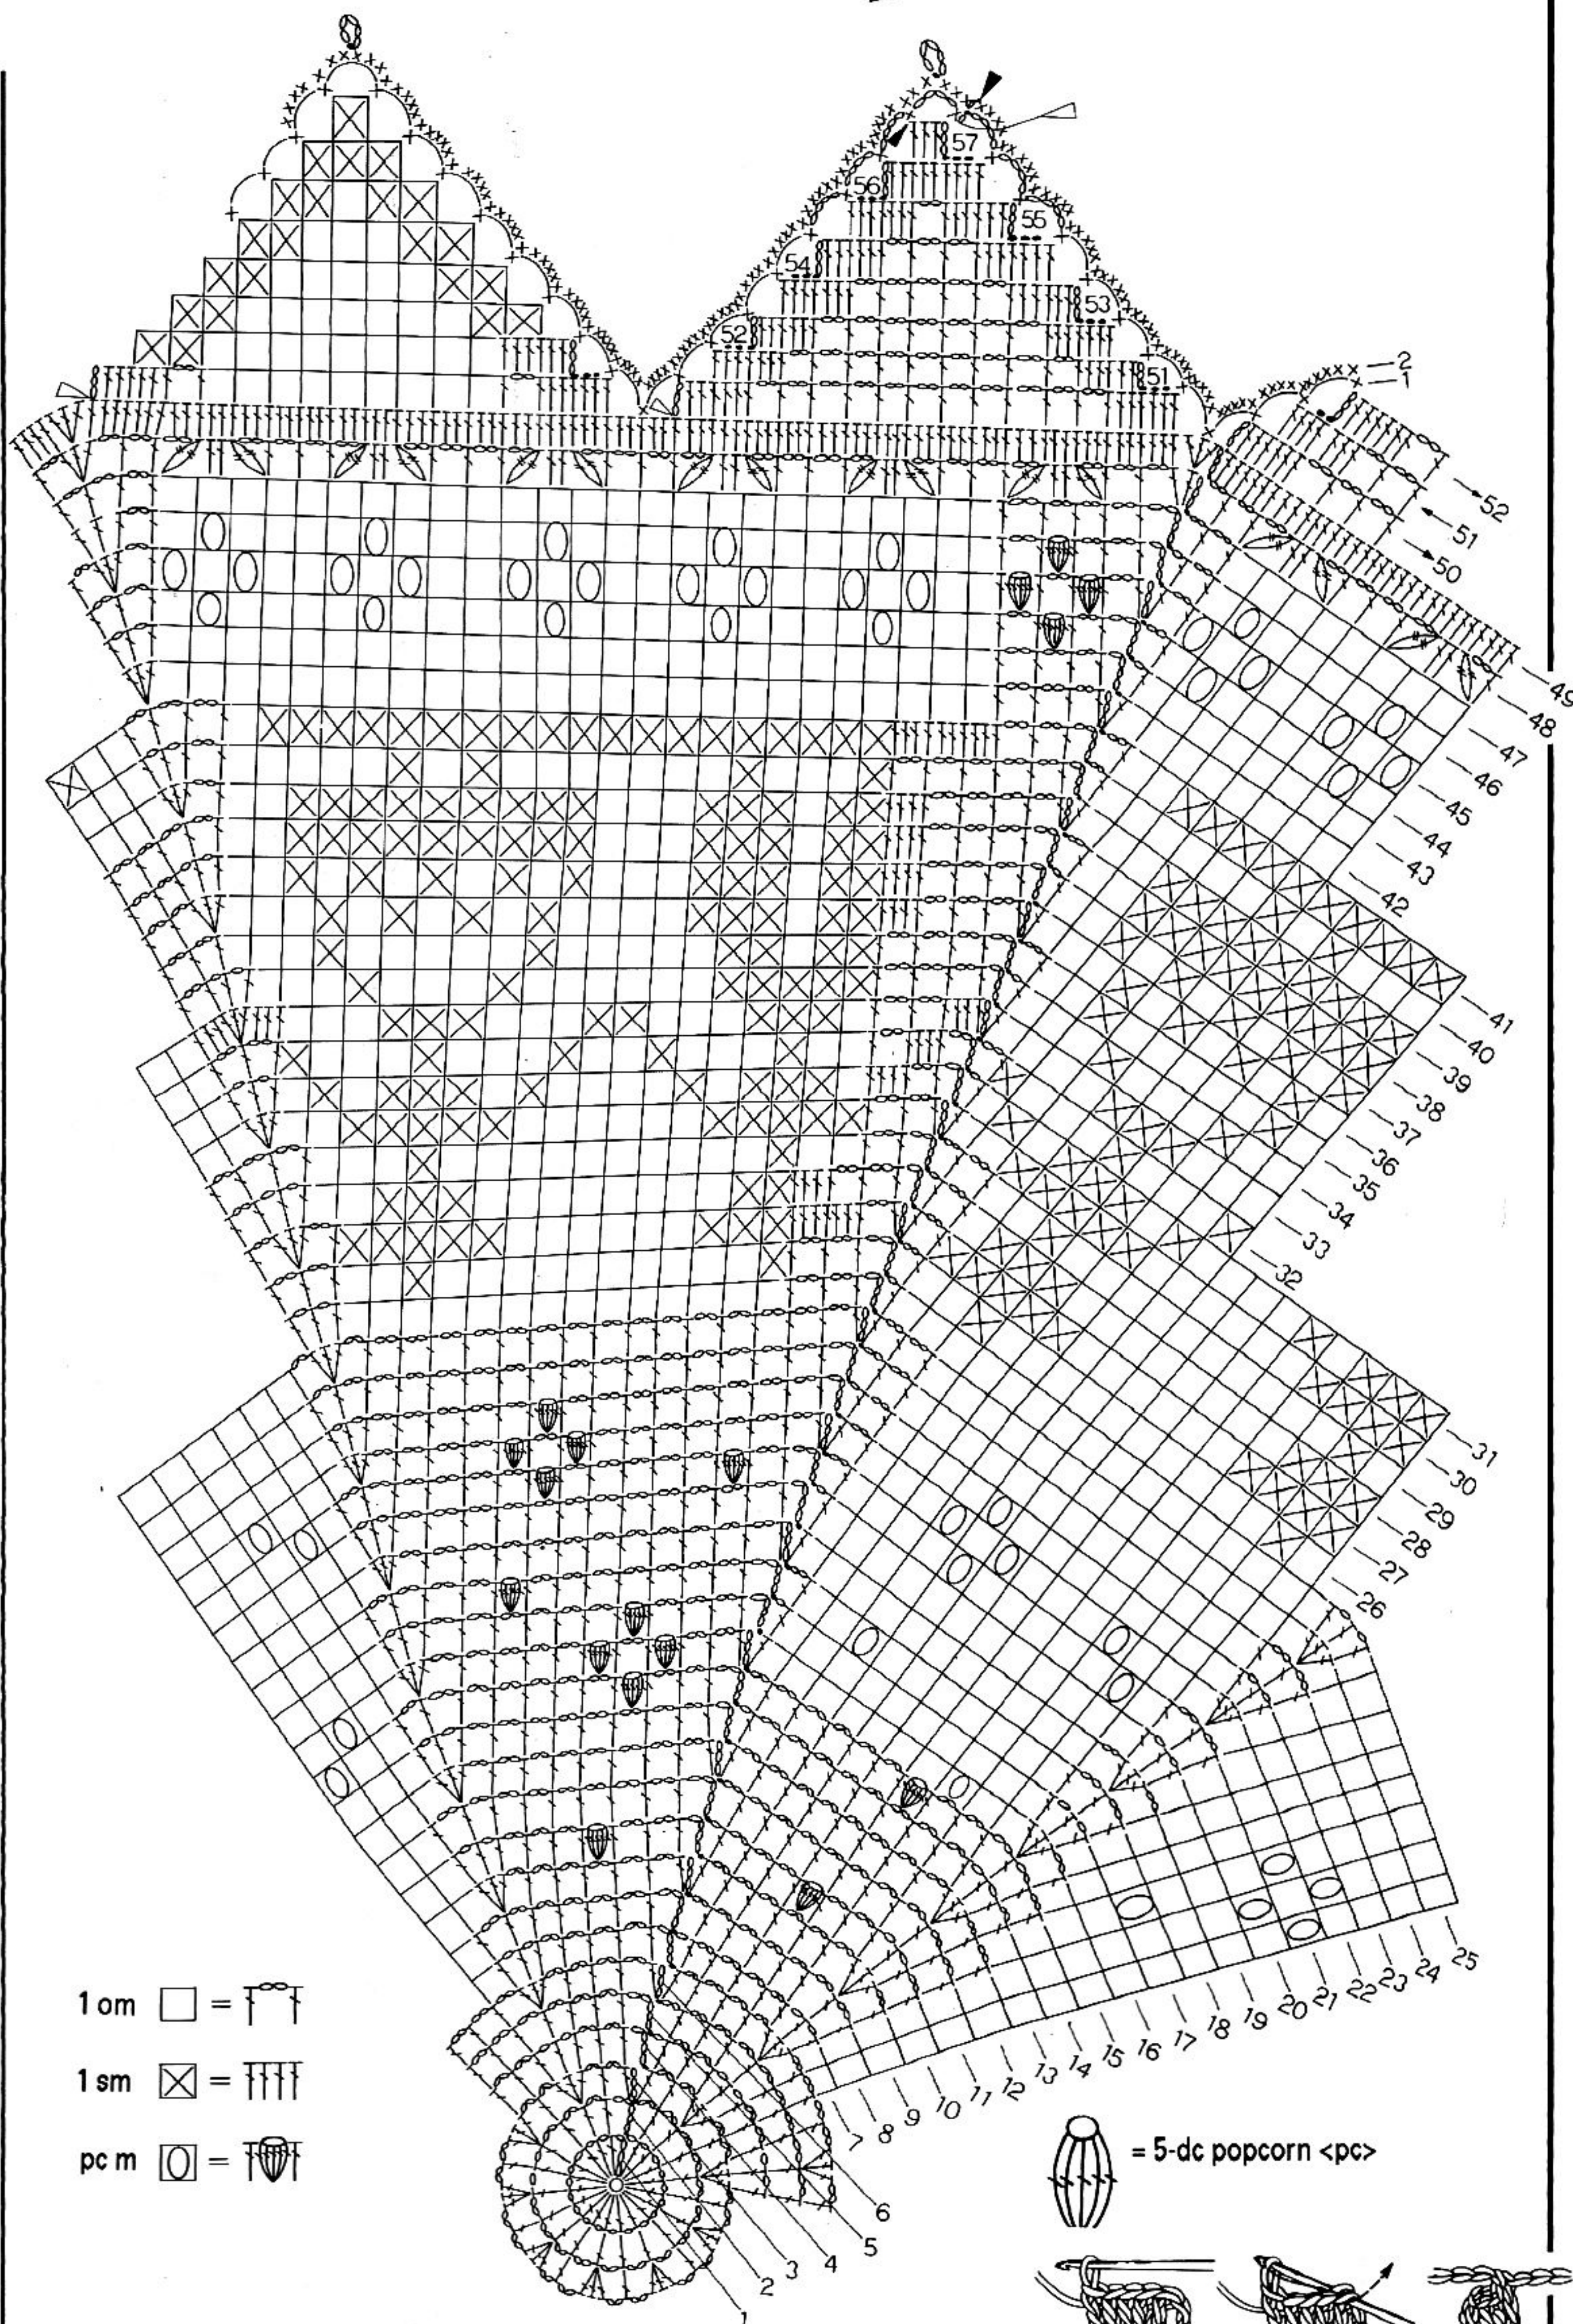

MATERIALS:
Cordonnet crochet cotton size 40, white, about 1,310 yds. Steel crochet hook US size 11 (1.00 mm) or **SIZE FOR GAUGE**.

GAUGE:
First 3 rounds measure 1 3/8" in diameter.

TO MAKE:
Form loop with end of thread.
RND 1: In beg lp work (1 dc, 1 ch) 20 times; close with sl st in top of ch-3 (= first dc throughout). **RND 2:** In each dc around work: 1 dc and 2 ch; up to rnd 49, close each rnd same as on rnd 1. **RNDS 3-49:** Work following diagram. Insert hook for dc in dc and inc evenly (= work 3 dc in same st every 3 rnds to form "radius") as shown. As of rnd 10, start pc, then work solid meshes <sm> (= 2 dc in sp of open mesh or om below, dc in next dc). On rnd 48, in each "radius" work 3 dc (replace first dc with 3 ch), then, bet last and next "radius," work ** 2 om (= * 2 ch, dc in next dc, rep from * once more), 2 ch, 2-tr Bcl in same st as last dc, 2 dc in sp of next om, 2-tr Bcl in next dc, 2 ch, dc in same dc as last Bcl, rep from ** 5 times more, end with 2 om, work in this way all around. On rnd 49, close with sl st in top of ch-3, then ch 3 and turn.

SCALLOPS: Now work back and forth in rows. **ROWS 50-57:** Work following diagram; ch 3, turn each row and work sl sts as needed. At end of row 57, fasten off (see black wedge). Complete each scallop separately this way (attach thread WS facing as per white wedge).

EDGING: RS of centerpiece facing; attach thread with sl st in Tch of any row 57 (see white wedge), ch 1 and work 2 rnds all around following diagram; close each rnd with sl st in first sc. Fasten off (see black wedge).

FRINGES - Short chain + ball (5 1/2" long): For ball, ch 6 and join with sl st to form ring. RND 1: Ch 1, in beg ring work 9 sc; close with sl st in first sc. RND 2: Replace first sc with 1 ch, * sc in st, 2 sc in next st, rep from * 4 times more = 15 sc; up to rnd 6, close each rnd same as on rnd 1. RND 7: Work * sc in st, 2-sc cluster (= pull up lp in each of next 2 sts, yo and draw thru all 3 lps on hook), rep from * 4 times more = 10 sc. Fasten off, leaving thread end long enough for chain. Weave thread end thru sts of rnd 7, stuff ball with absorbent cotton, pull ball closed then work * 10 ch, 1 picot (= 3 ch, sc in first st of ch-3 just made)* 3 times, end with 10 ch. Fasten off. Complete 8 short-chain balls in this way for each curtain. **Long chain + ball** (6 3/4" long): Work in same way as short chain + ball but rep from * to * 4 times (instead of 3). Complete 7 long-chain balls for each curtain.

FINISHING: Sew fringes to curtain using photo as your guide. Sew 6 rings to top of each curtain.

BASE - LEAF (6 for each base): Beg at center, with gold (or silver) ch 15 + 1 to turn. ROW 1: Sc in 2nd st from hook and in each of next 13 sts, 3 sc in next (= last) st, sc in each of 12 sts on other side of beg ch; ch 1, turn. ROWS 2-8: Work back and forth in rows following diagram. MOTIFS THAT MATTER

Over the years, **MAGIC CROCHET** has shown you how to make a whole variety of grannies - round, square, triangular and hexagonal. Our «Motifs that Matter»

department has also shown you how to join these motifs for constructing your favorite project. This time, see how a flurry of tiny flowers can be joined into a stunning yoke to embellish a cardigan. We fill each «hole» between four motifs with an airy floret - just a few cleverly joined chains do the trick. Our color photos also show you exactly how to make the neck and front bands, step by step. This means that you will have no problem with the buttonholes. Keep this guide handy for work on future projects.

Filling in spaces between joined motifs.

Photo 4: With joined motifs facing you, fill spaces between motifs thus: form a double loop with end of thread, into beginning double loop work 3 chain stitches.

Photo 5: This is one of the spaces you will fill.

Photo 6: Insert hook in any picot, work one slip stitch and then 3 chain stitches.

Photo 7: Join 3-stitch chain just made to beginning loop with slip stitch. Work 3 more such joined chain loops into the beginning loop and fasten off. Pass tail to wrong side. Pull the beginning loop closed. Make knot with 2 tails (that is, the beginning tail and the end tail). Secure and conceal tails on wrong side.

Photo 8: The space is now filled. Fill the space between each 4 motifs in same way.

How to make the front and neck bands.

Photo 9: Work neckband back and forth in rows. ROW 1: Single crochets. ROWS 2-4: Rib stitch. ROW 5: Alternate 2-hdc bobble cluster variant with 1 chain stitch, inserting hook in lower strand of stitches on row below. ROW 6: Single crochets, inserting hook in upper strand only of stitches on row below.

Photo 10 - Front bands: work rows 1 to 7 in same way as for neckband, but on row 1 pick up single crochets across edge of joined motifs.

Photo 11 - ROW 2: Work single crochets. ROW 3: On the right front band, work 4 chains and skip 4 single crochets on row below = one buttonhole made. Repeat this work for each subsequent buttonhole, spacing them evenly.

Photo 12 - ROW 4: Work 4 single crochets over the 4-stitch chain made on row below.

Photo 13 - ROW 5: Work 2-half double crochet bobble cluster variants, inserting hook in lower strand only of stitches on row below.

Photo 14: One 2-hdc bobble cluster variant has just been completed.

TRY A NEW CROCHET TECHNIQUE: HAIRPIN LACE

HAIRPIN CROCHET BASICS

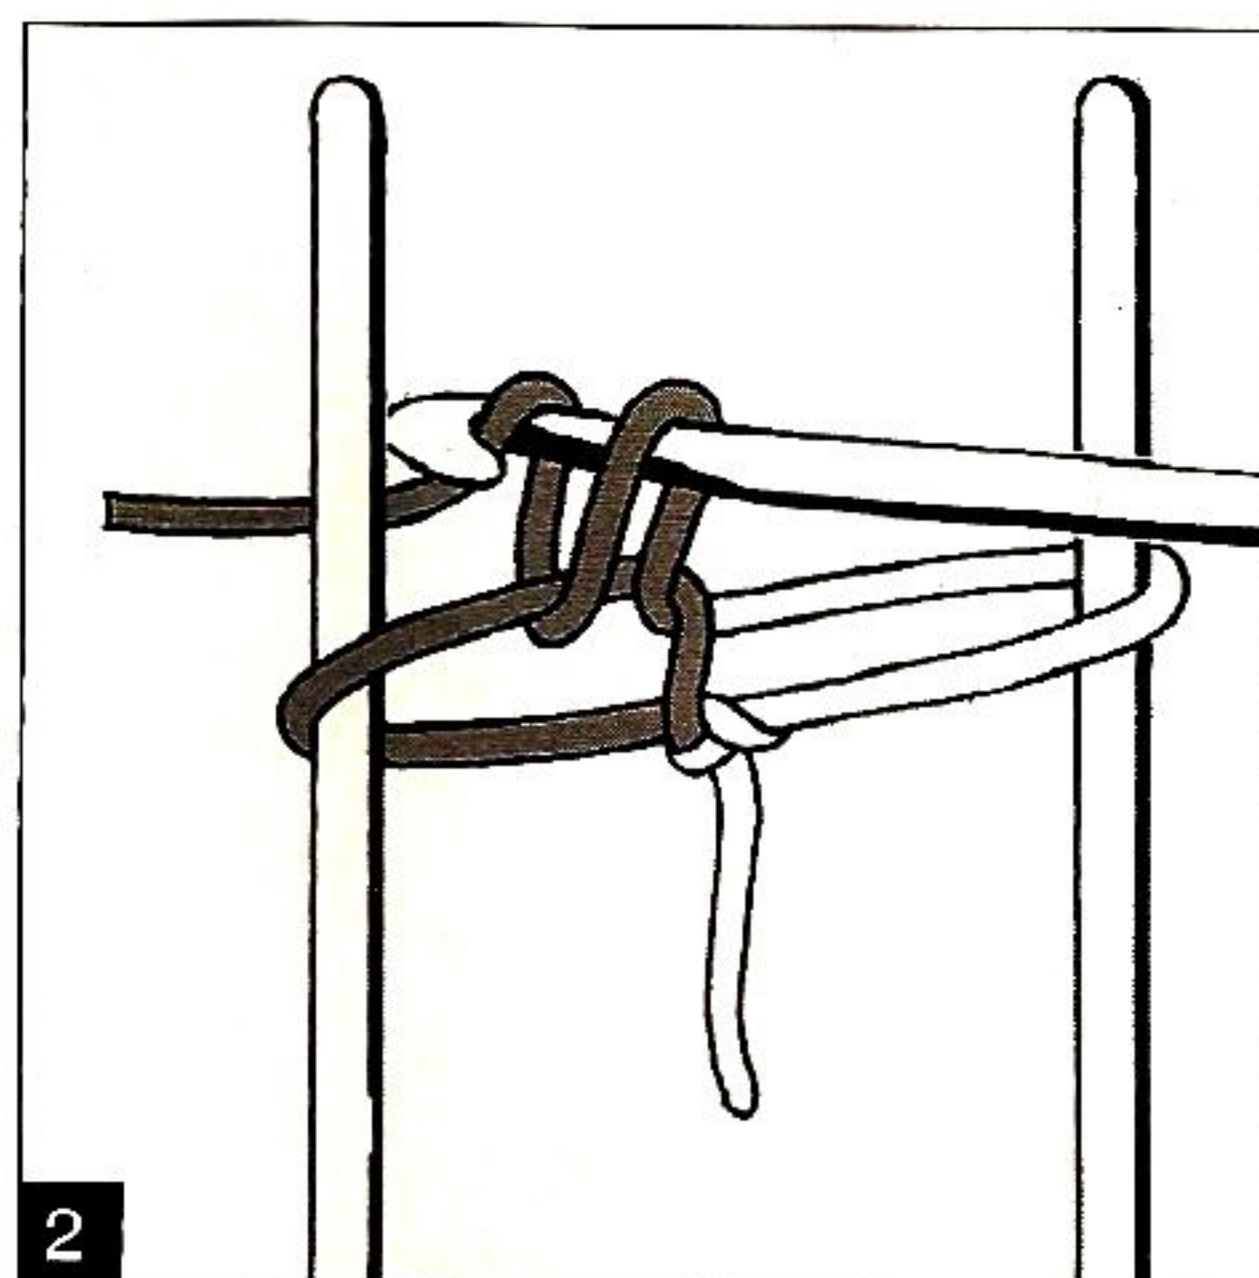

Today's «hairpin» is a metal U-shaped fork with rather long prongs. The width between prongs can vary (ours are 2 3/8" apart). When not in use, a sliding clasp locked in place helps to maintain the correct width.

Lace band worked with single crochet

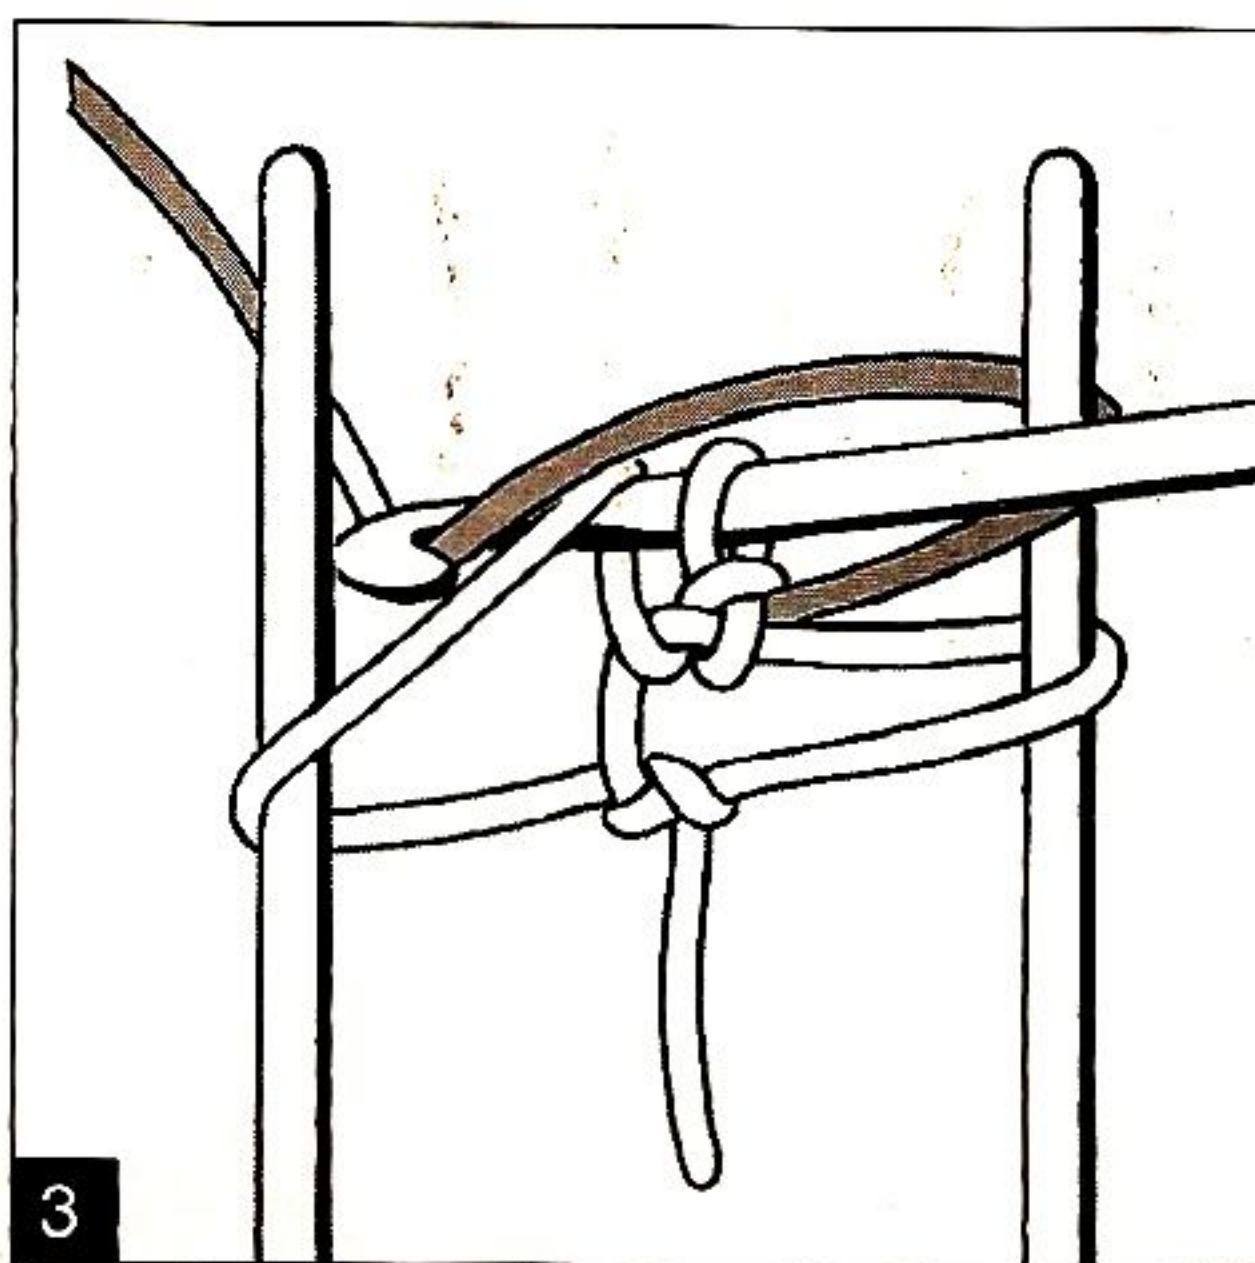

Start out by sliding the clasp off the prongs (don't forget to slide it back on when you are through). The thickness of your crochet hook will depend on the thickness of yarn. If you are a beginner, use heavy yarn to see the work more clearly. The hairpin loops are «locked» with a crochet stitch of your choice. Finished bands are pushed off the hairpin and several lace bands can be joined with crochet stitches into wider pieces. Your finished project will be fluffy and very airy. Smooth and soft yarns are best suited for hairpin lace.

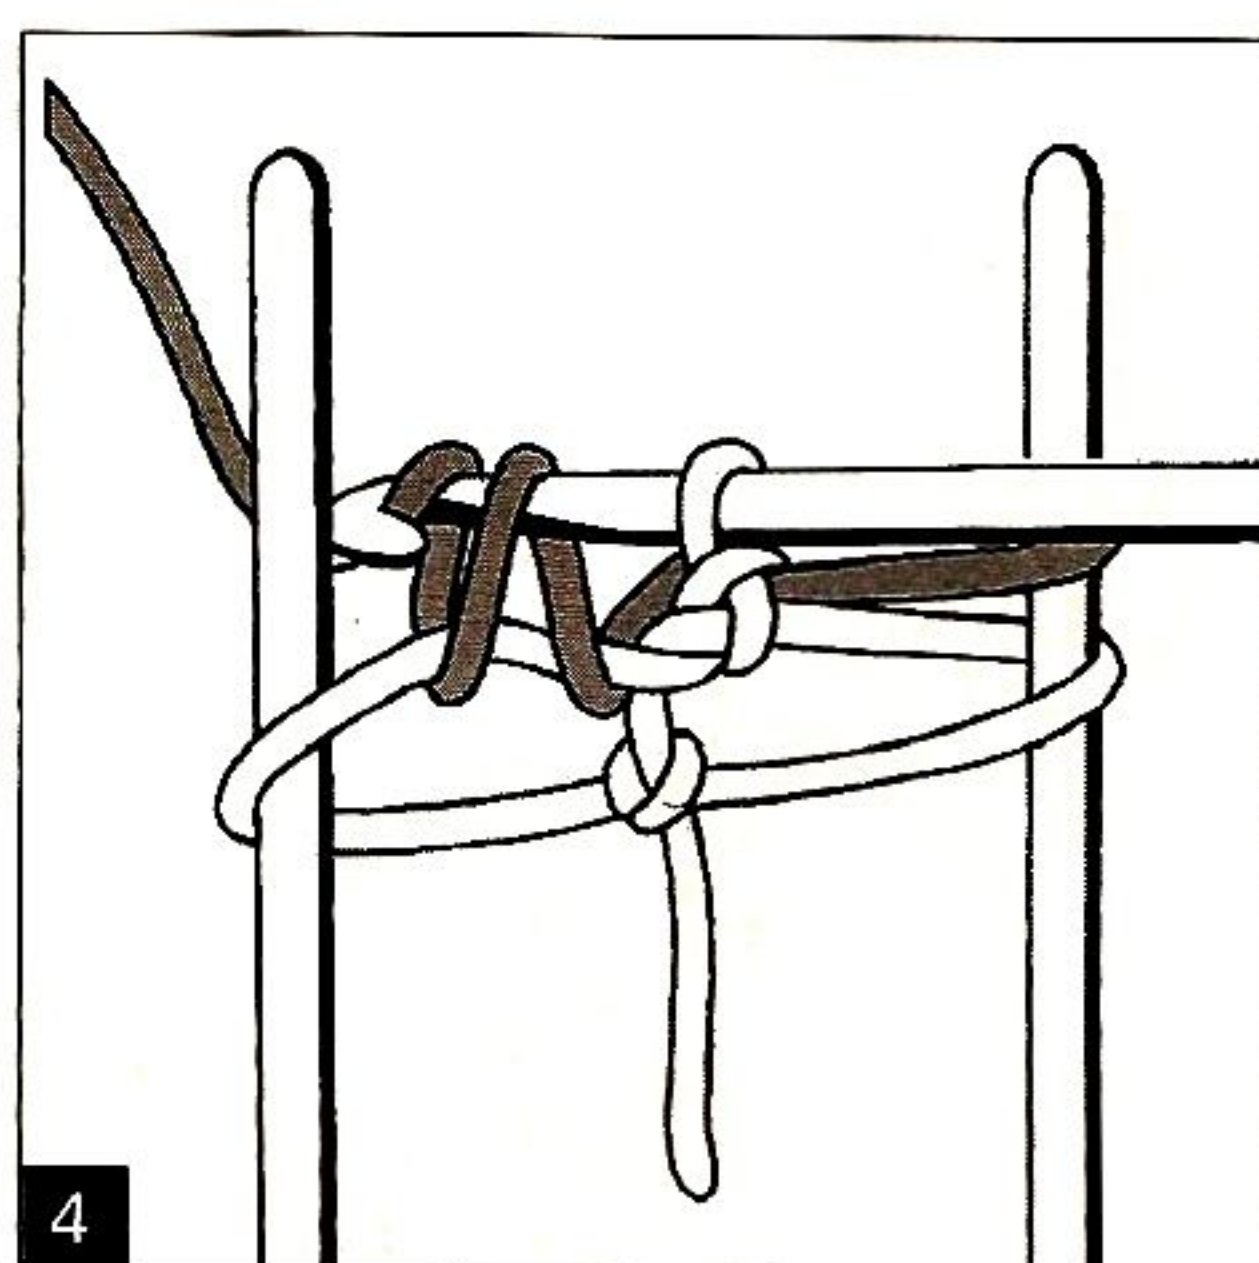

1 - With crochet hook, make slip knot and place loop on left-hand prong of hairpin fork. Hold hook in your right hand, pull loop down until both loop and knot are midway between the 2 prongs. Wrap ball yarn around right-hand prong from front to back.

2 - Insert hook from front to back into the first loop on the left, yarn over hook with ball yarn, pull up loop, yarn over hook and draw thru loop on hook.

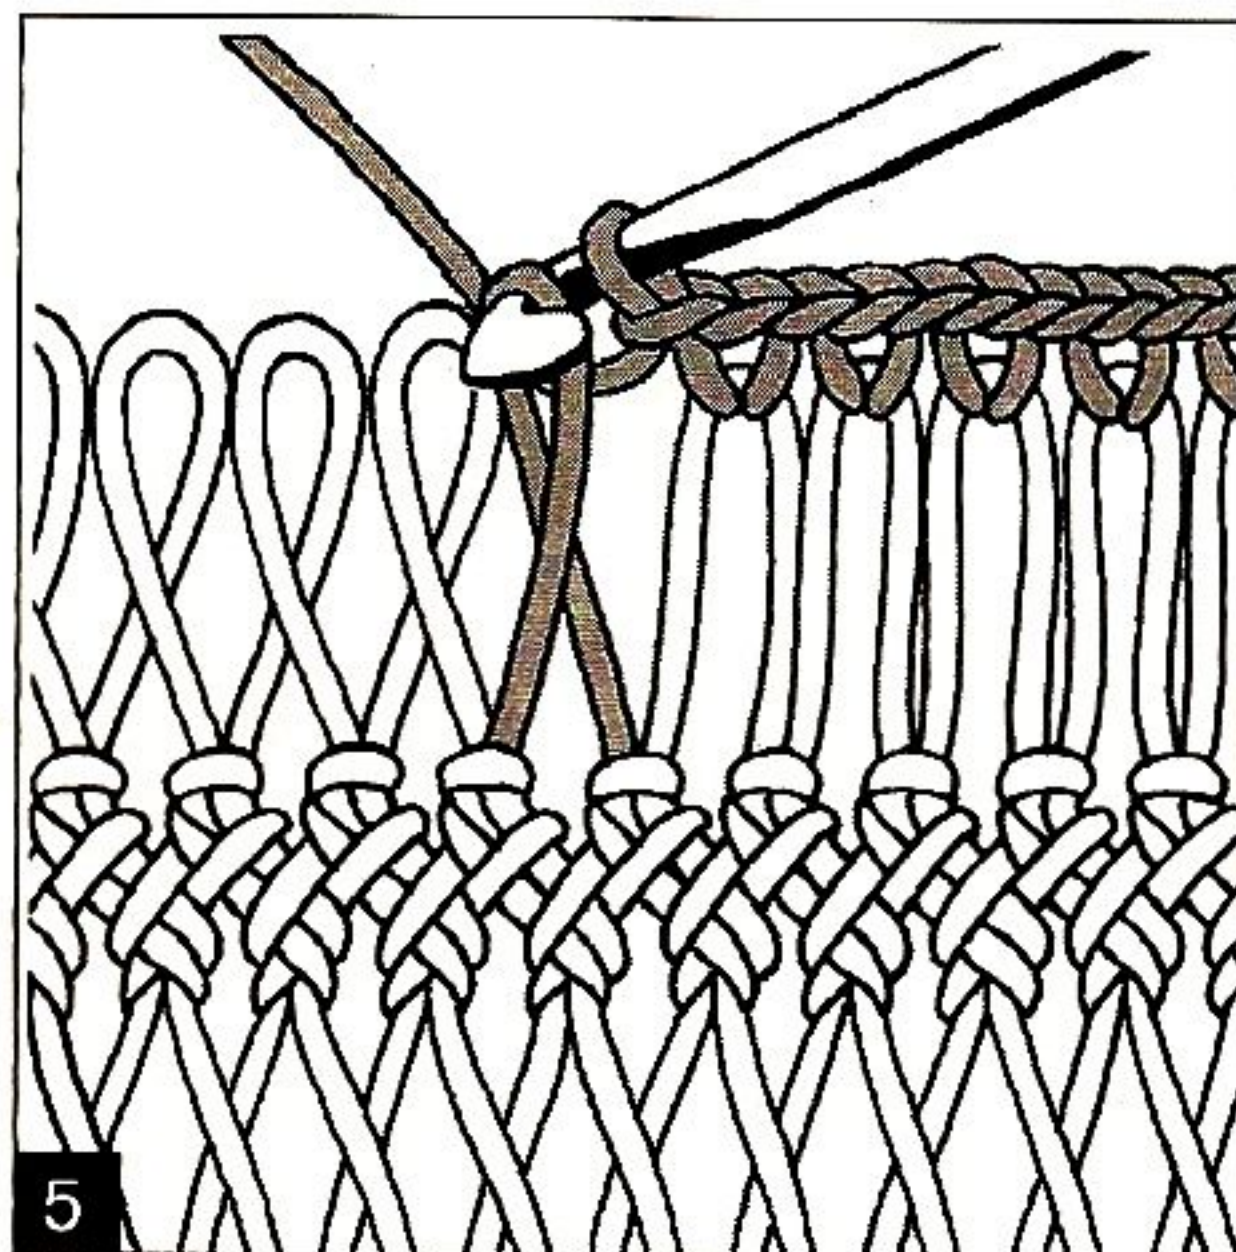

3 and 4 - *Leave yarn behind left-hand prong and turn right-hand prong to the left. Insert hook under front strand of the loop that is now on the left, yarn over hook, pull up loop, yarn over hook and draw thru 2 loops on hook: this single crochet locks the loop*. Repeat from * to *.

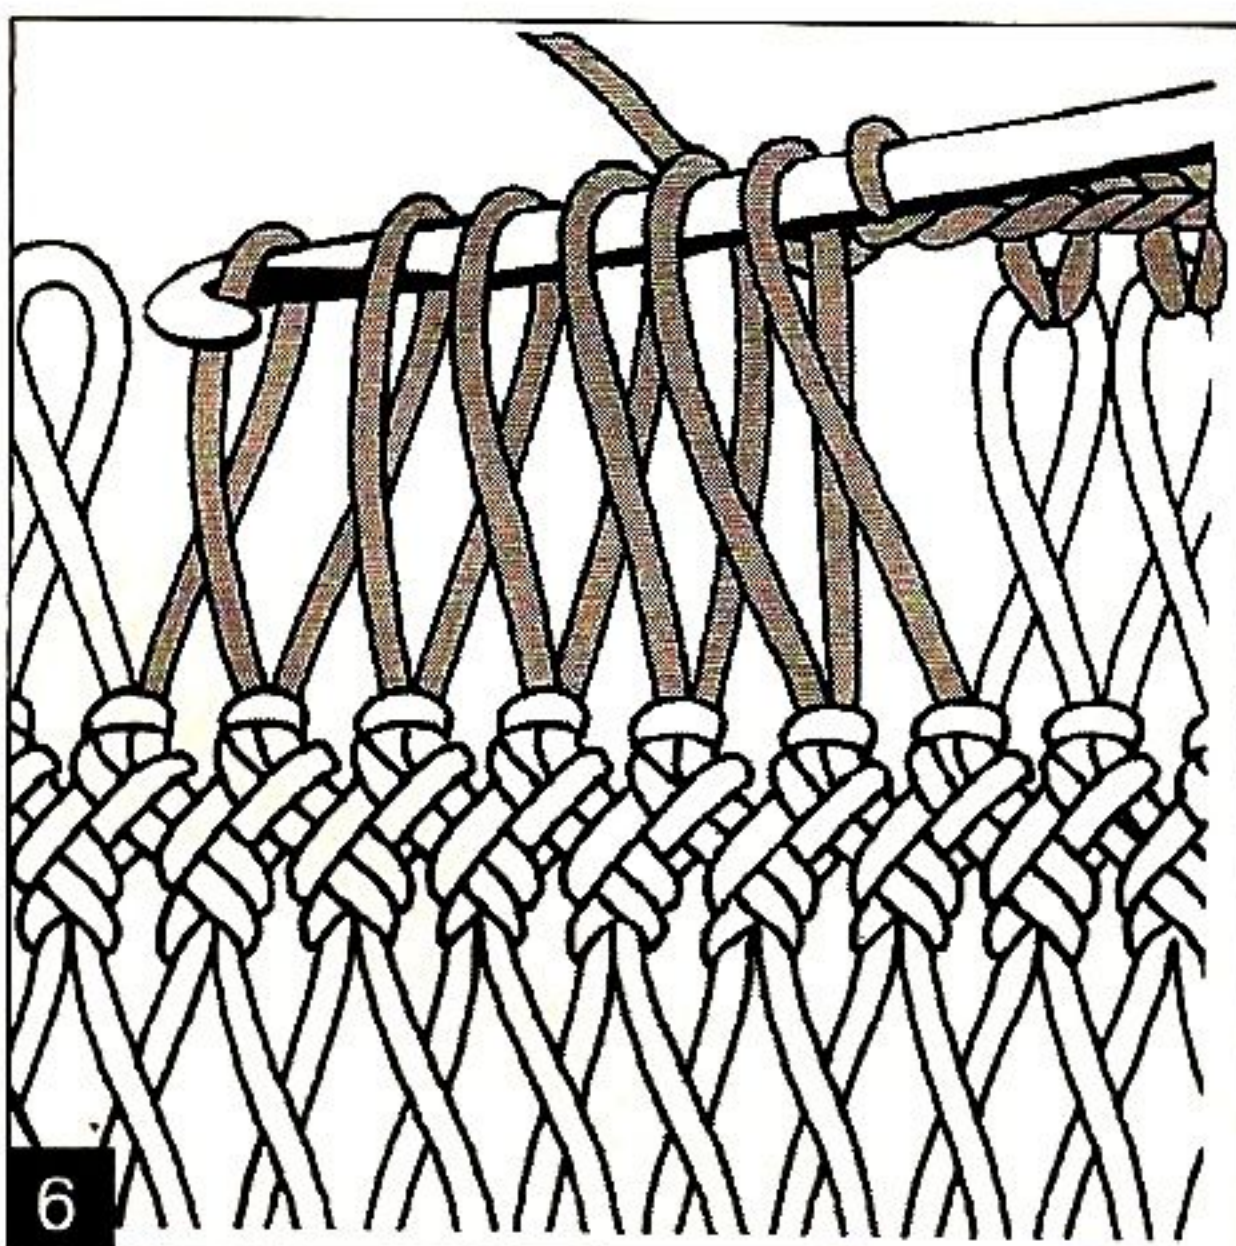

Insert hook always in last loop formed - that is, in loop which will find itself on left side after you turned fork counterclockwise. When fork is full, lift all loops off prongs. Re-insert prongs in last 3 or 4 loops, continue until lace is desired length. To fasten off, work 1 chain and pull tail thru loop.

Finishing the edges

5 - After removing lace from fork, lay it out flat and attach yarn with slip stitch in first loop on the right. Continue with single crochet in each next loop, always inserting hook from back to front so as to join loops very regularly.

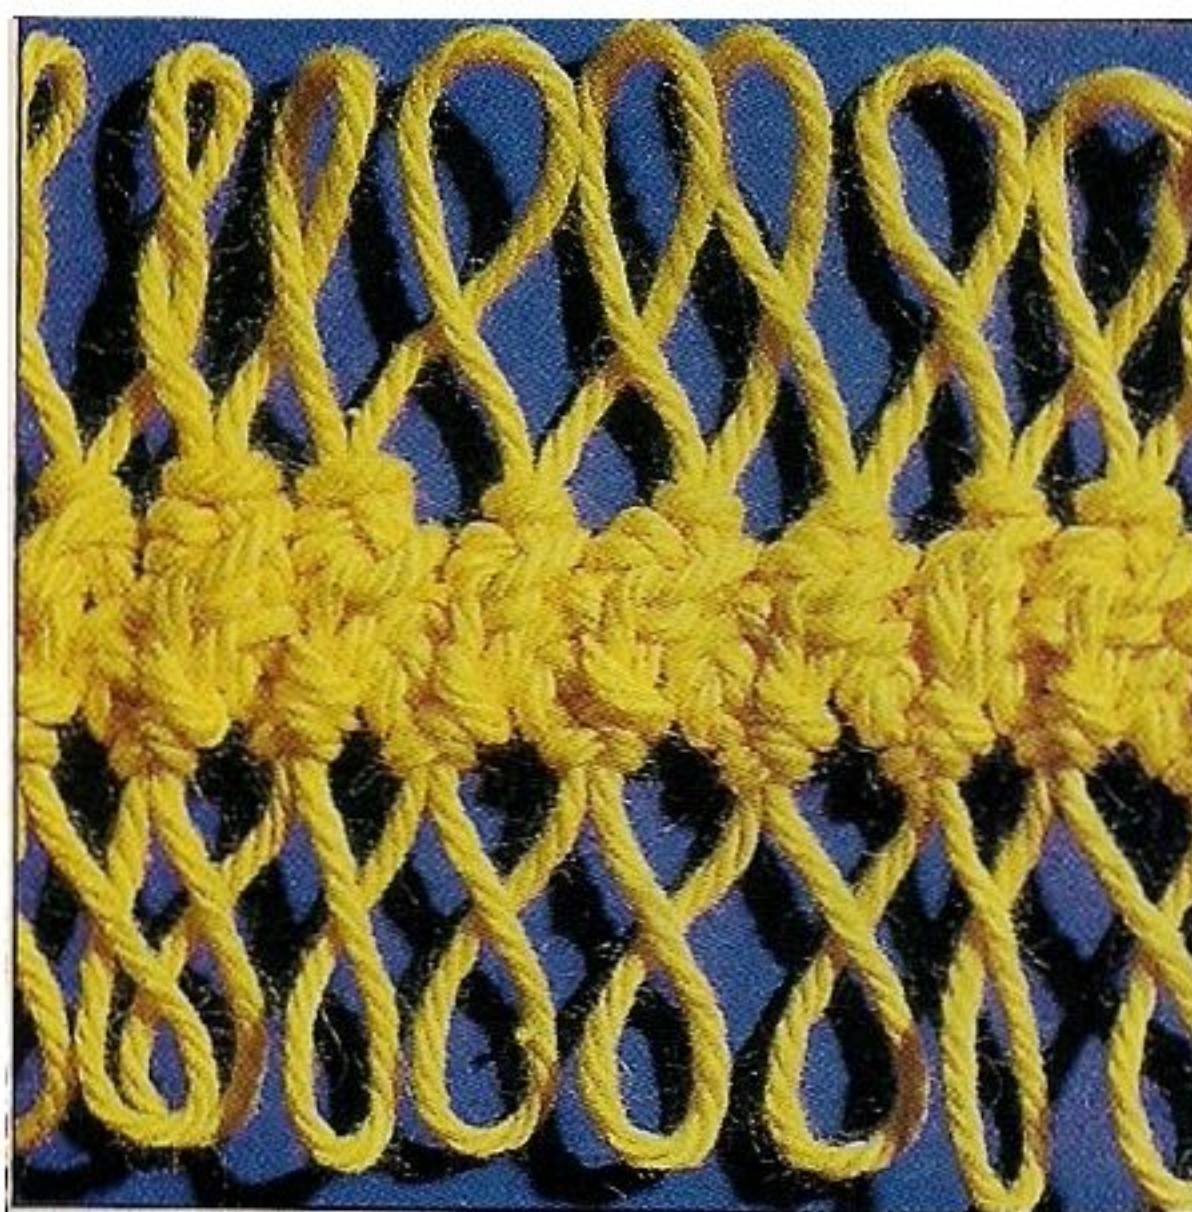

Work in same way across opposite edge and presto! Your insertion is ready for other uses.

6 - For a more ornate lace, you can insert the hook from front to back thru 5 or 6 loops at the same time, then lock them with a single crochet. Continue with 2 chains, one single crochet thru next 5 or 6 loops, and so on.

TO ADD INTEREST CHANGE STITCHES

The bands will look quite different if you change the stitches that lock the loops in the center.

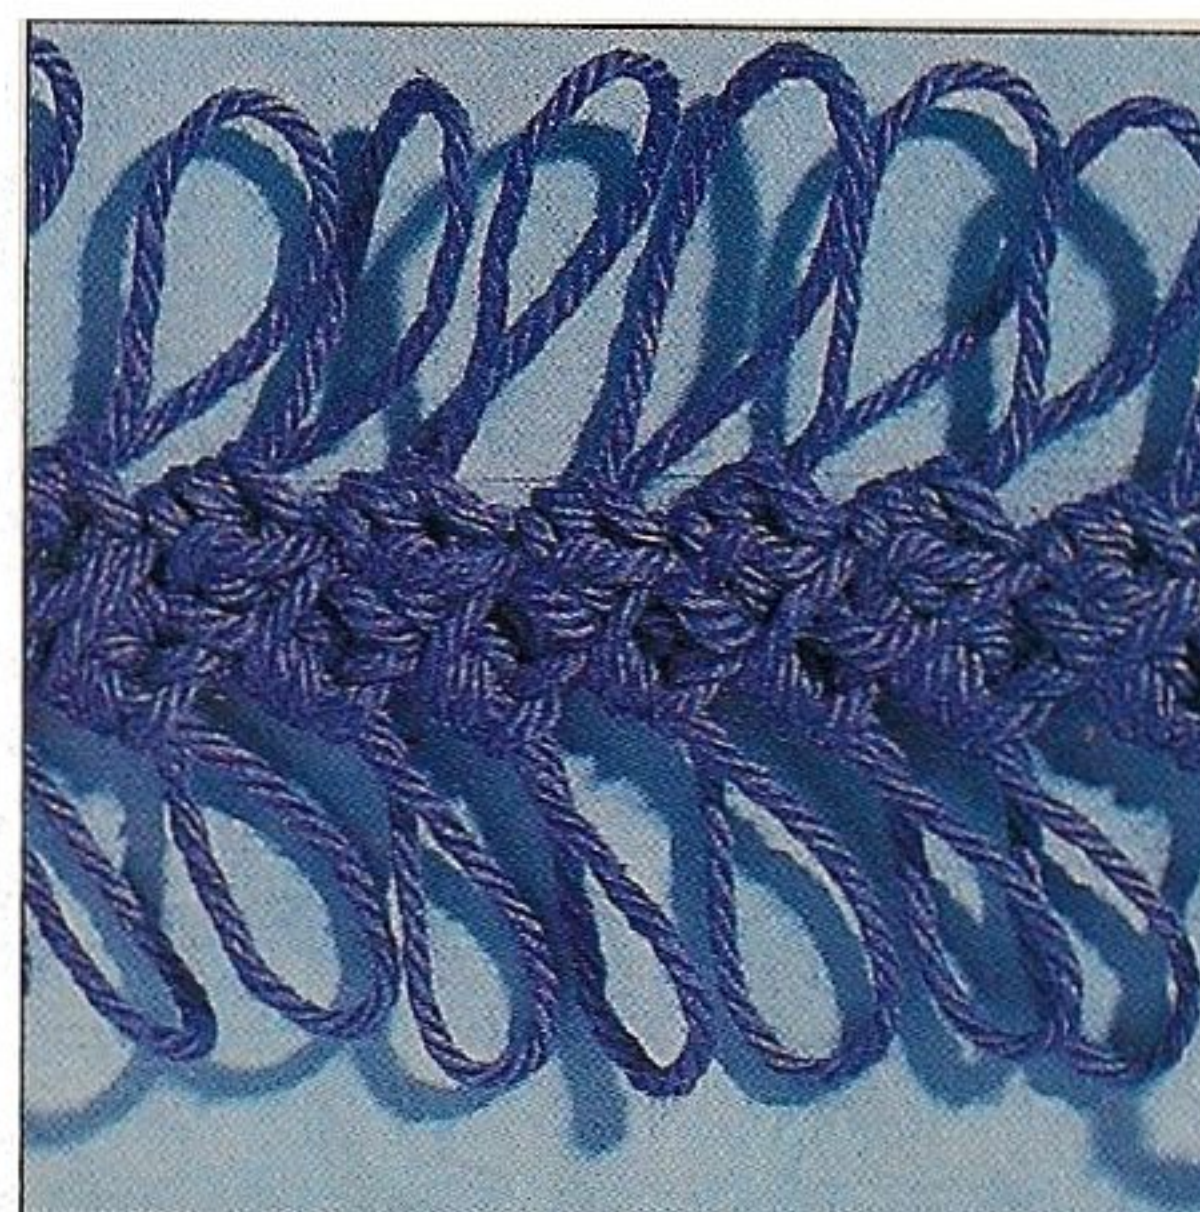

Band with several single crochets

1 - Lock each loop on fork, then work 2 or 3 single crochets, inserting hook under *front* strand only of loop.

Variant with several single crochets

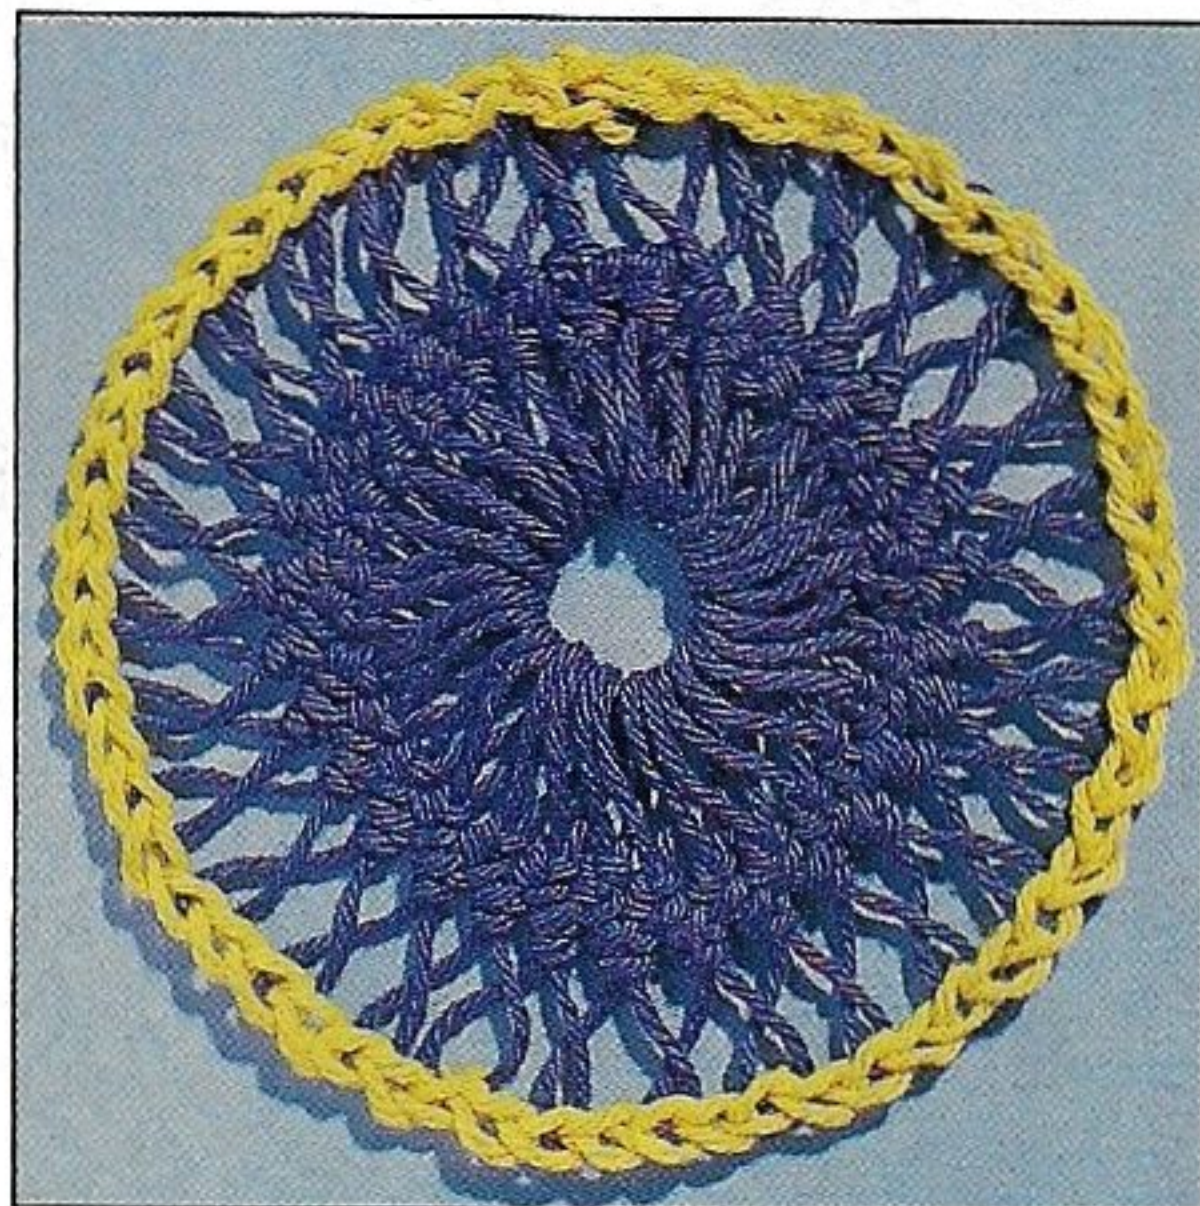

2 - For another variant of this technique, insert hook under *both* strands of loop to lock each loop.

Band with single crochet and two double crochets

3 - Lock each loop with 1 single crochet and 2 double crochets by inserting hook under *front* strand of loop.

Here is another variant: lock each loop with 1 double crochet (instead of 2), inserting hook under *both* strands of loop.

Hairpin lace in the round

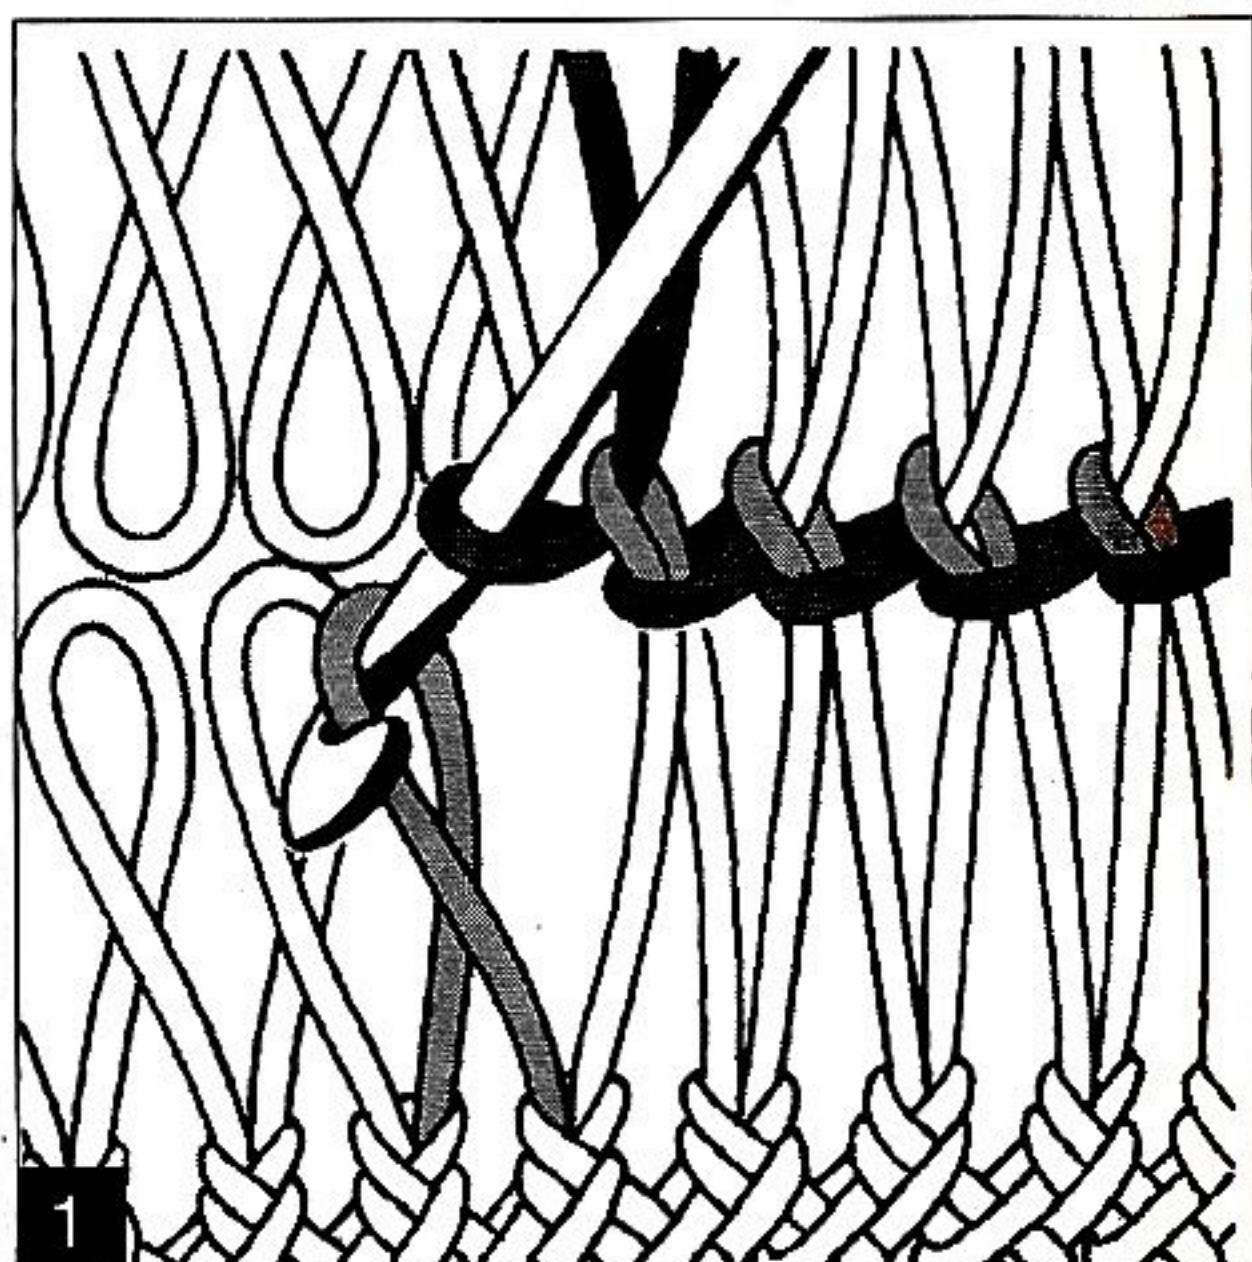

4 - You can shape a hairpin lace band into a circle. The circles make very pretty mats and coasters.

From straight lace band to round mat. Decide on the circumference of the circle you want (the width of the hairpin lace band equals the radius of the circle). Complete one band of corresponding length. On one edge, join all loops by passing a strand through each, gathering the loops and tying a firm knot. This is the center of the circle. Join edges of band center with one slip stitch. Work an edging all around outside edge of circle with one slip stitch into each loop, adding 2 chain stitches (or 2 single crochets) between each slip stitch.

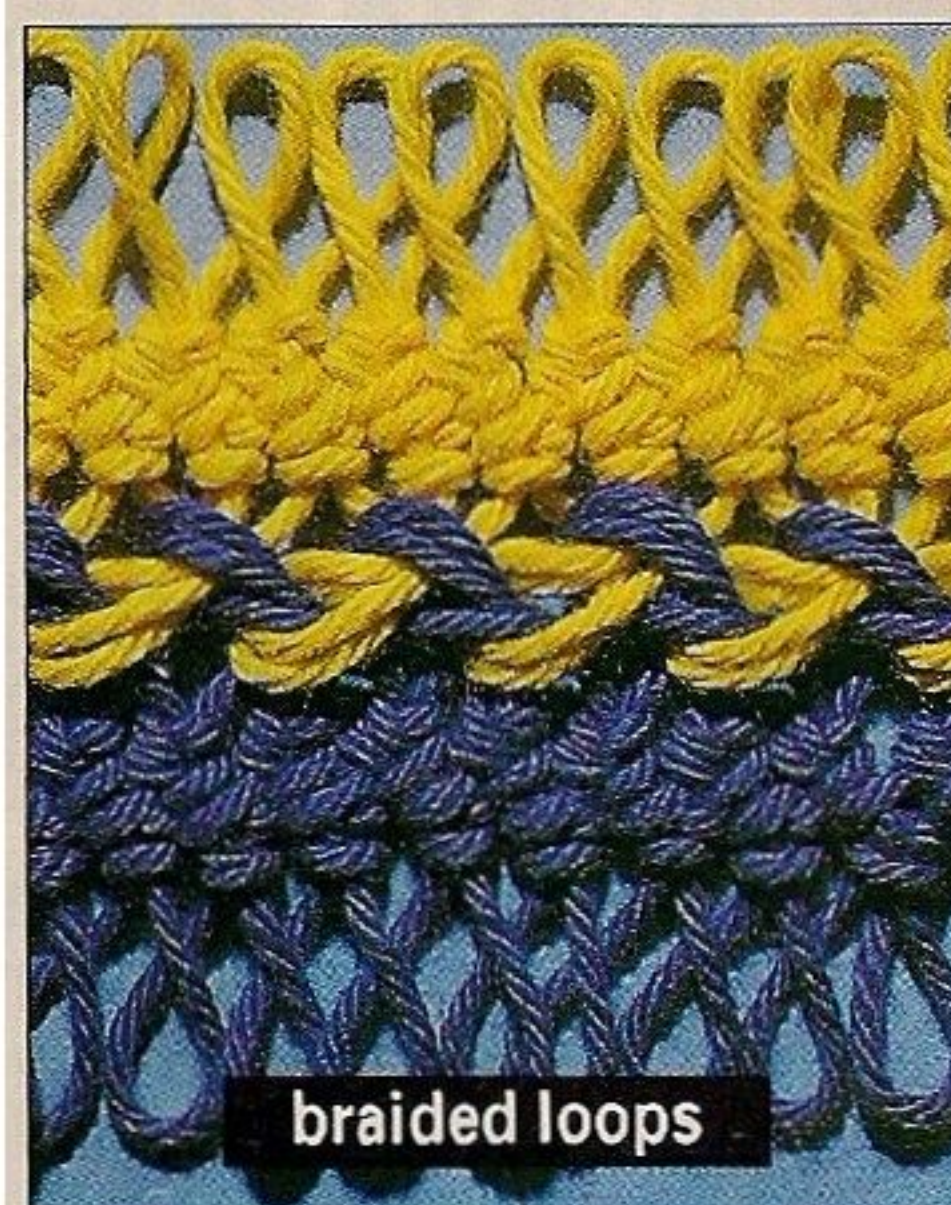

HOW TO JOIN HAIRPIN BANDS

Now that you know how to work decorative lace bands using a fork, here are four ways to join them.

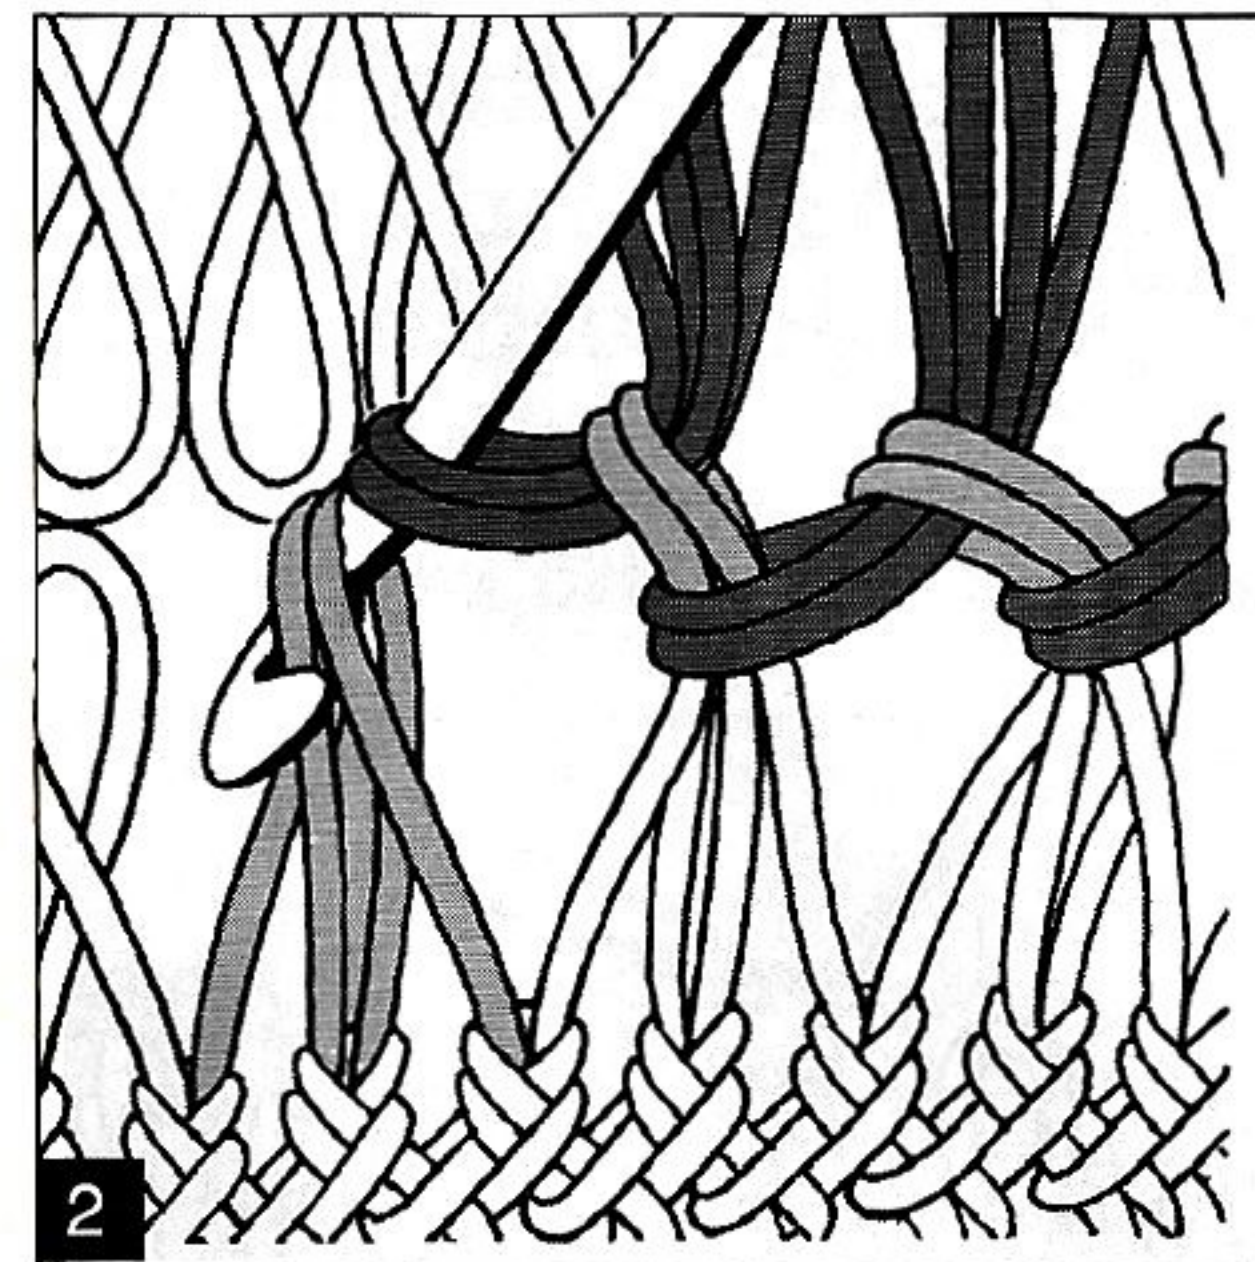

Joining with crossed loops

1- This type of joining is done from right to left. Place two bands together lengthwise, with loops touching. Draw first loop on the right side of one band through first loop on the left side of second band, *pick up next loop of first band and draw it through loop on hook. Pick up next loop of second band and draw it through loop on hook*. Work from * to * across, knot last 2 loops together using a fine thread.

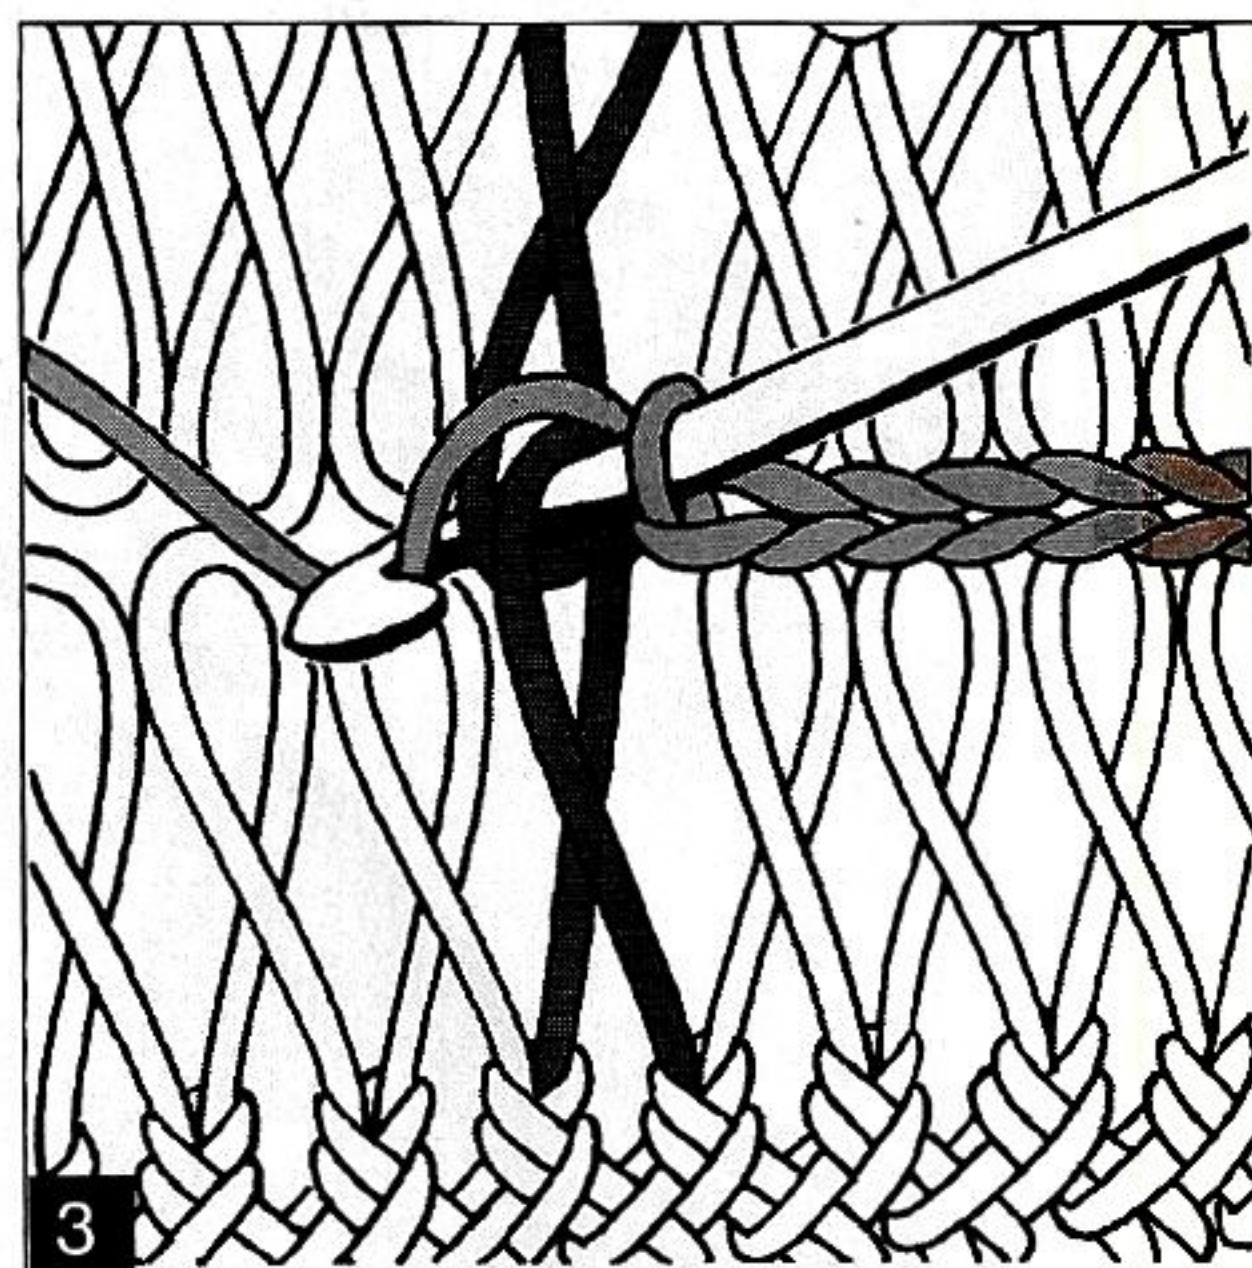

Joining with braided loops

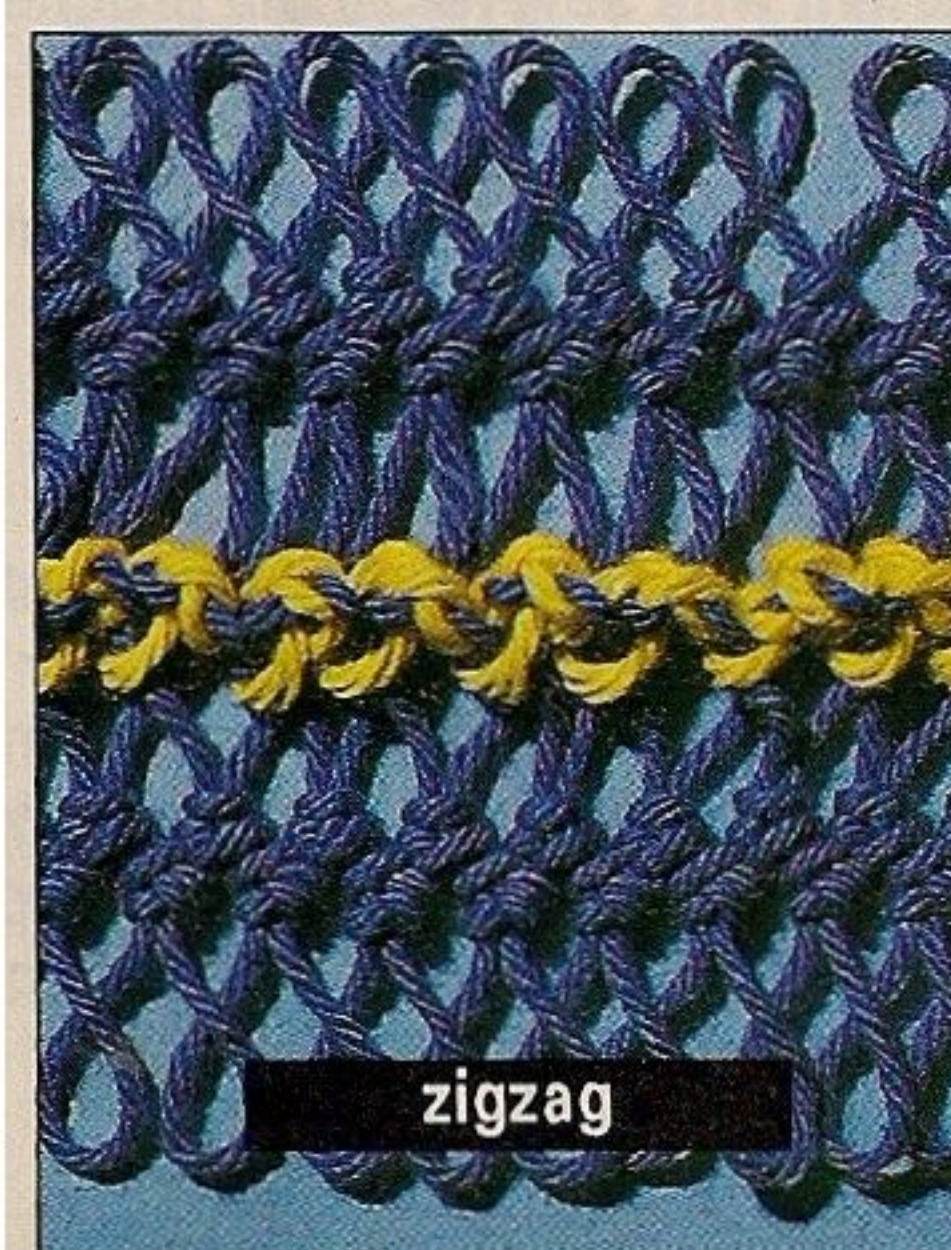

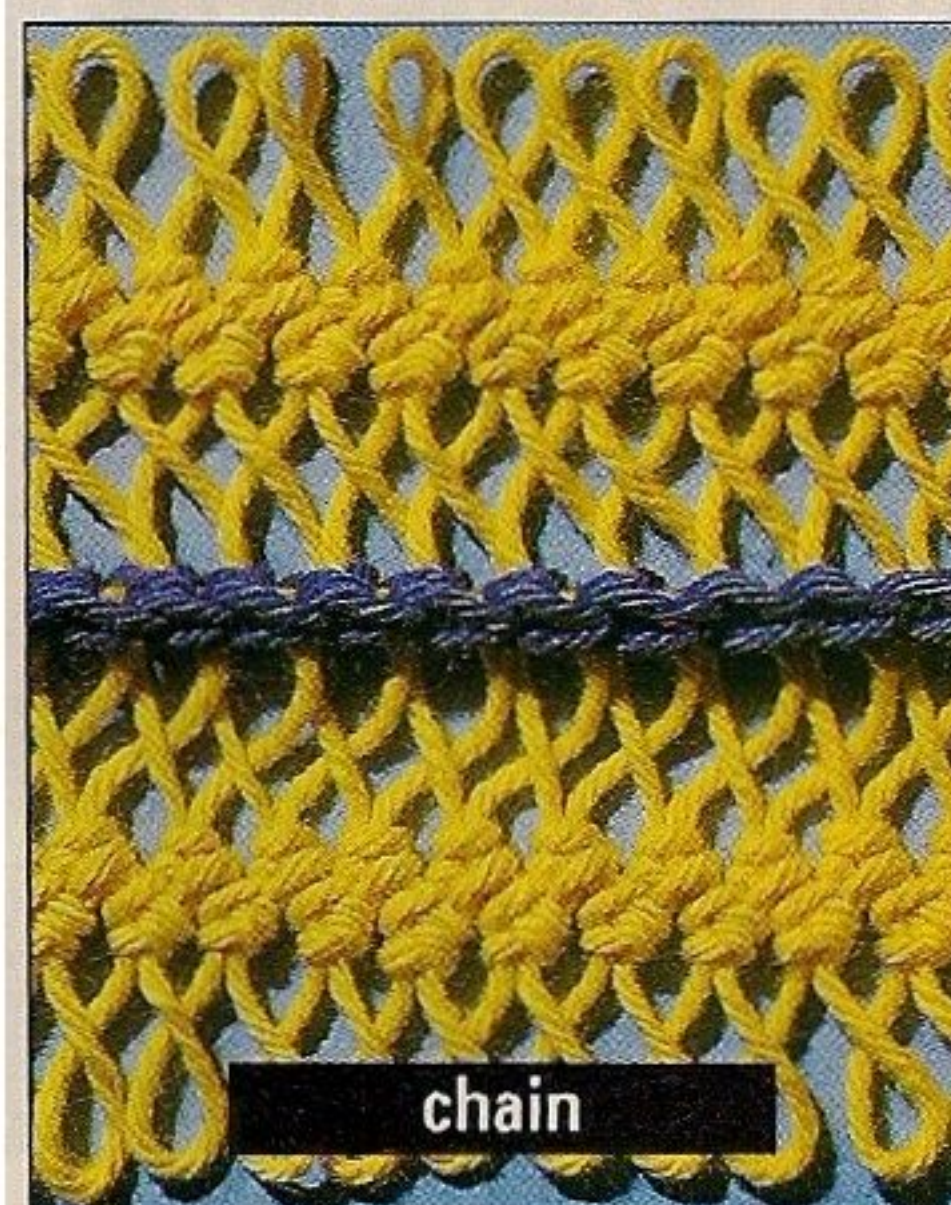

2- This type of joining is similar to crossed loops, that is, no extra yarn is used. Draw the same number of loops of first band through the identical number of loops of second band (here we used 4 strands).

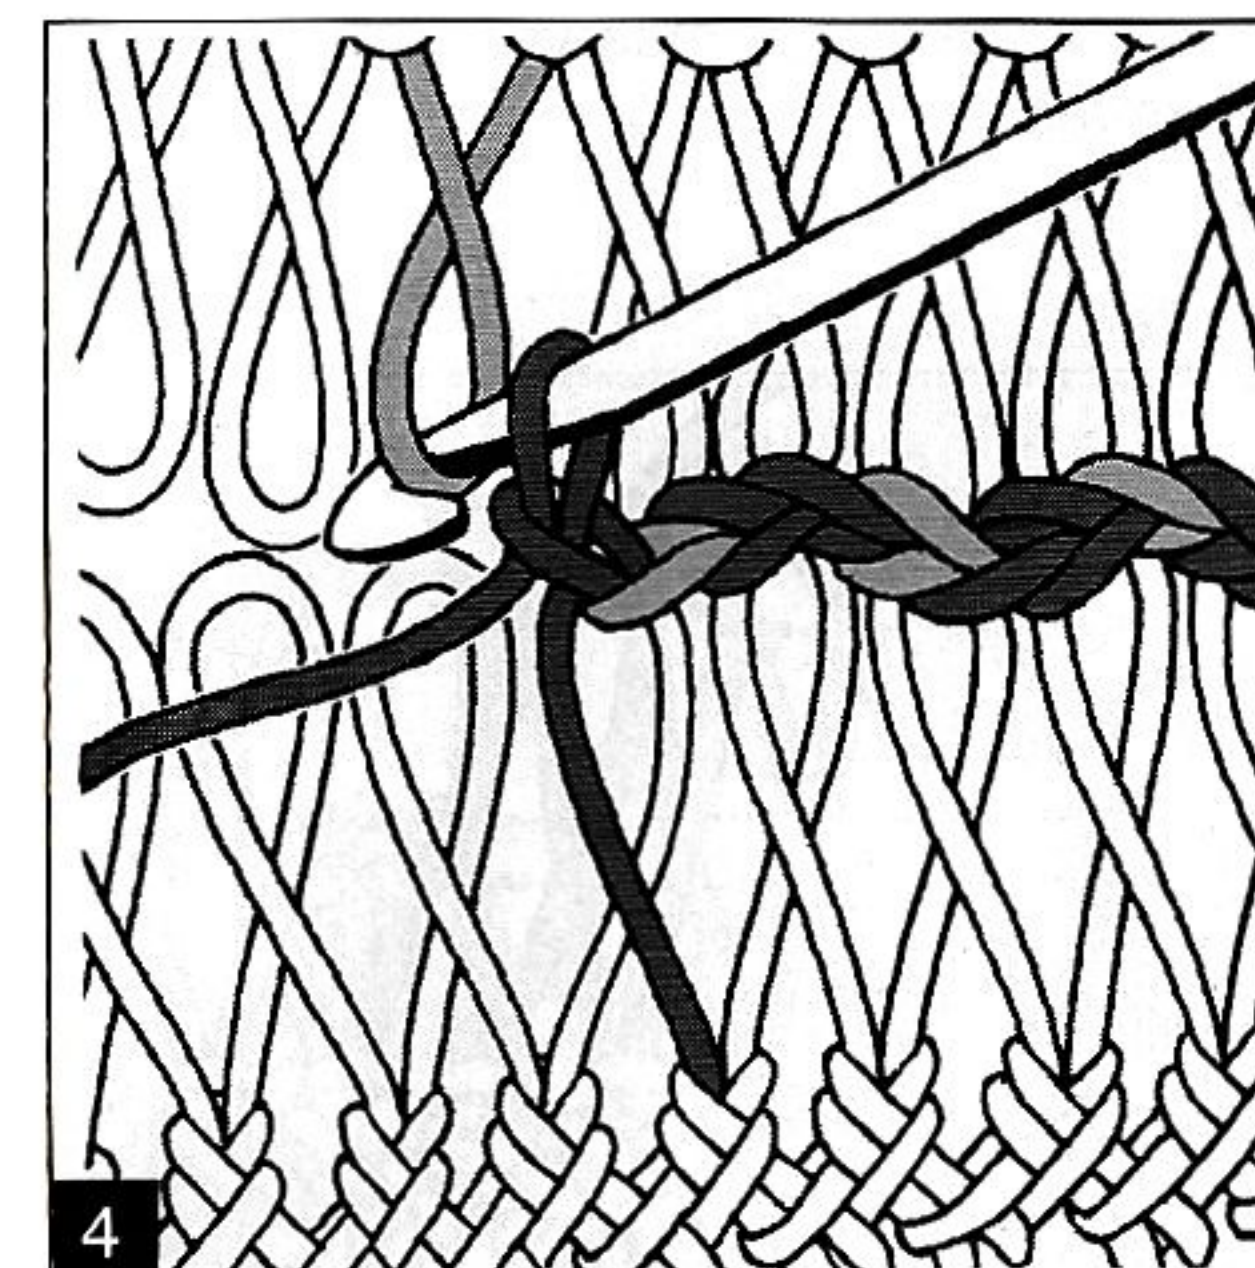

Joining with chain stitches

3- Use a contrasting-color yarn and work also from right to left. Attach ball yarn with slip stitch in first loop of upper band, *insert hook in first loop of lower band, yarn over hook and draw through both loops on hook, 1 chain stitch, insert hook in next loop of upper band, yarn over hook and draw through both loops on hook, 1 chain stitch*, repeat from * to * across and draw through both last 2 loops to fasten off.

Zigzag joining

4- With ball yarn make a slip knot and place loop on hook. Beginning with either band, *work 1 slip stitch in loop of band, 1 chain stitch, continue with 1 slip stitch in loop of opposite band, 1 chain stitch*, repeat from * to * across. After completing work in last loop, fasten off.

LIGHT AS A FEATHER

SIZE:

One size fits all (from 34" to 40" bust).

MATERIALS:

Fluffy knitting yarn of your choice, pink, four 50-gm (1 3/4 oz) balls. Aluminum crochet hook US size 5/F (4 mm). Single-point knitting needles US size 6 (4.5 mm), two. Hairpin fork 2 3/8" in width.

STITCHES USED:

Single crochet <sc>, see "Crochet Basics" in this magazine.

Hairpin sc bands: With crochet hook, make slip knot and place loop on left-hand prong of hairpin fork held in your left hand. Pull loop down until it is in the center of the fork and the knot is mid-way between prongs. Wrap ball yarn around right-hand prong from front to back. Insert hook from front to back in first loop, yarn over hook with ball yarn and draw thru loop on hook. *Leave yarn behind left-hand prong and revolve right-hand prong to the left. Insert hook under front strand of left-hand loop, yarn over hook, pull up loop, yarn over hook and draw thru 2 loops on hook: this single crochet locks the loop*. Repeat from * to *. Throughout, insert hook in last loop formed, which will always be on the left after you revolved the fork counterclockwise. To fasten off, work 1 chain stitch and pull end of yarn thru loop on hook.

Ribbing <1/1 rib>: Work with knitting needles. ROW 1: * k1, p1, rep from * across. ROW 2 and NEXT ROWS: Work stitches as they face you.

TO MAKE

Hairpin bands: Complete 15 hairpin sc bands with 180 loops on each side. If you have any questions, refer to the illustrated "Hairpin Lace Basics" in this magazine. Next, join bands, loop by loop, using the "crossed loops" technique, which is worked from right to left.

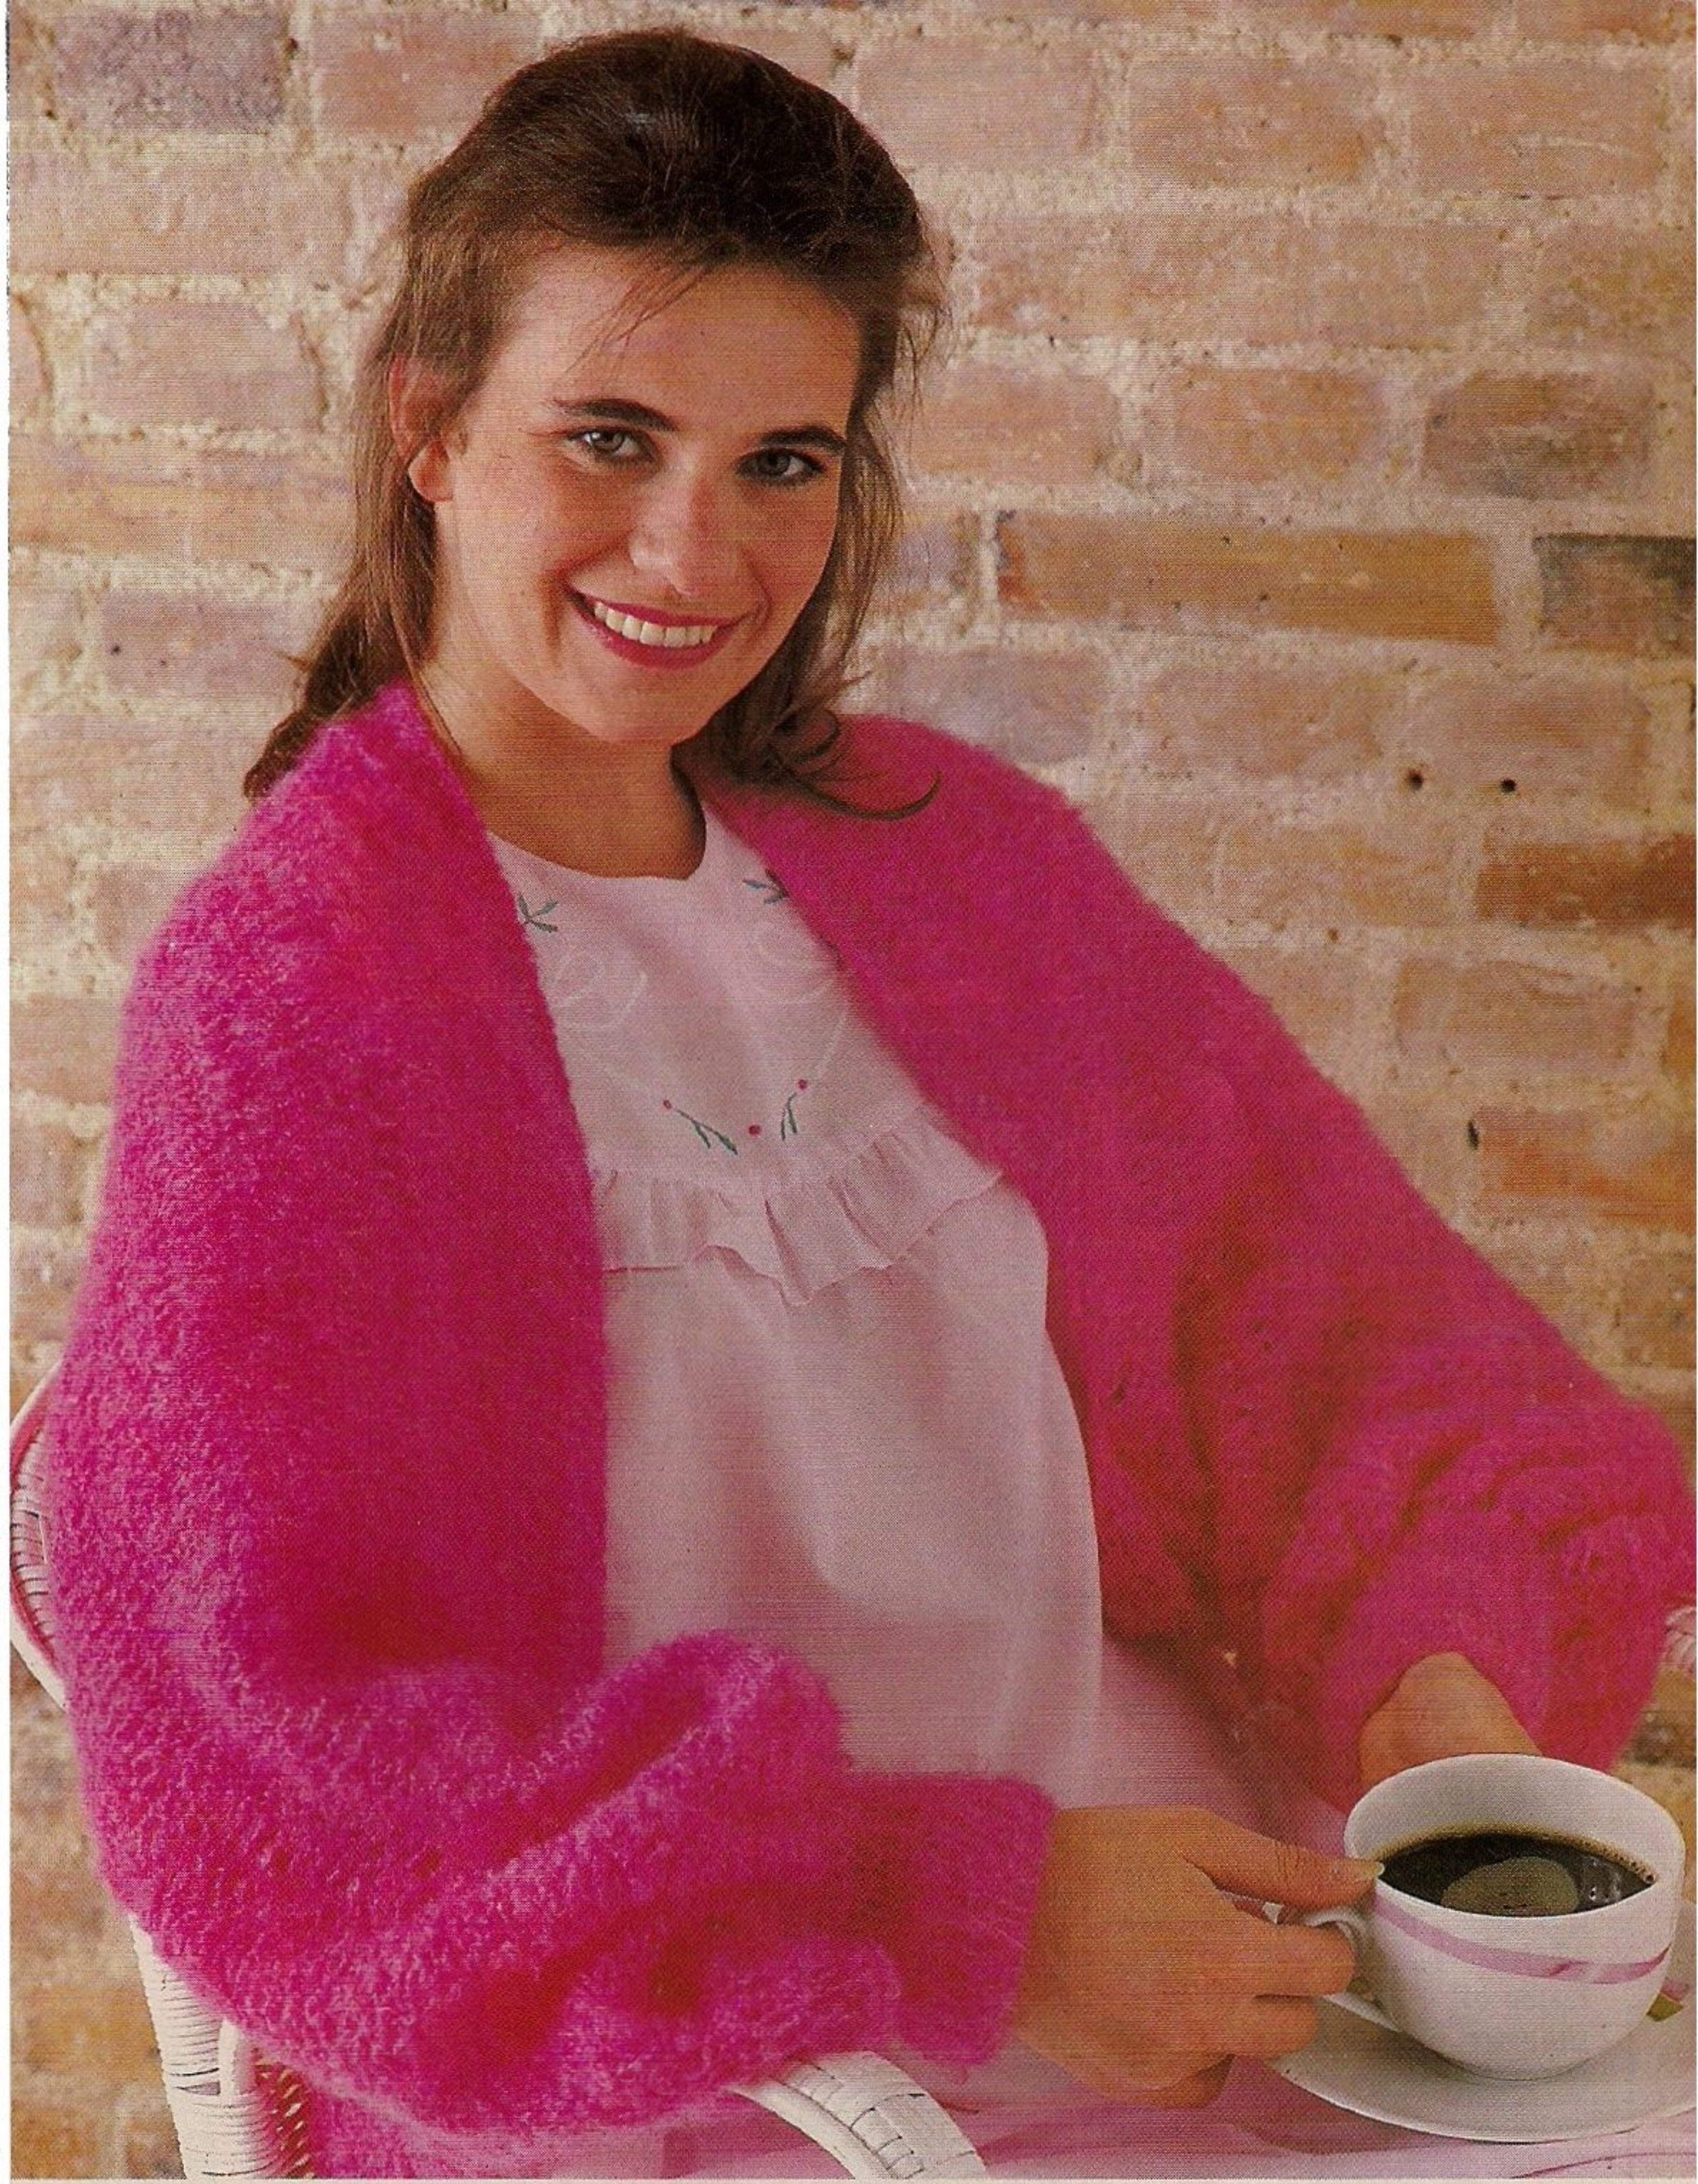

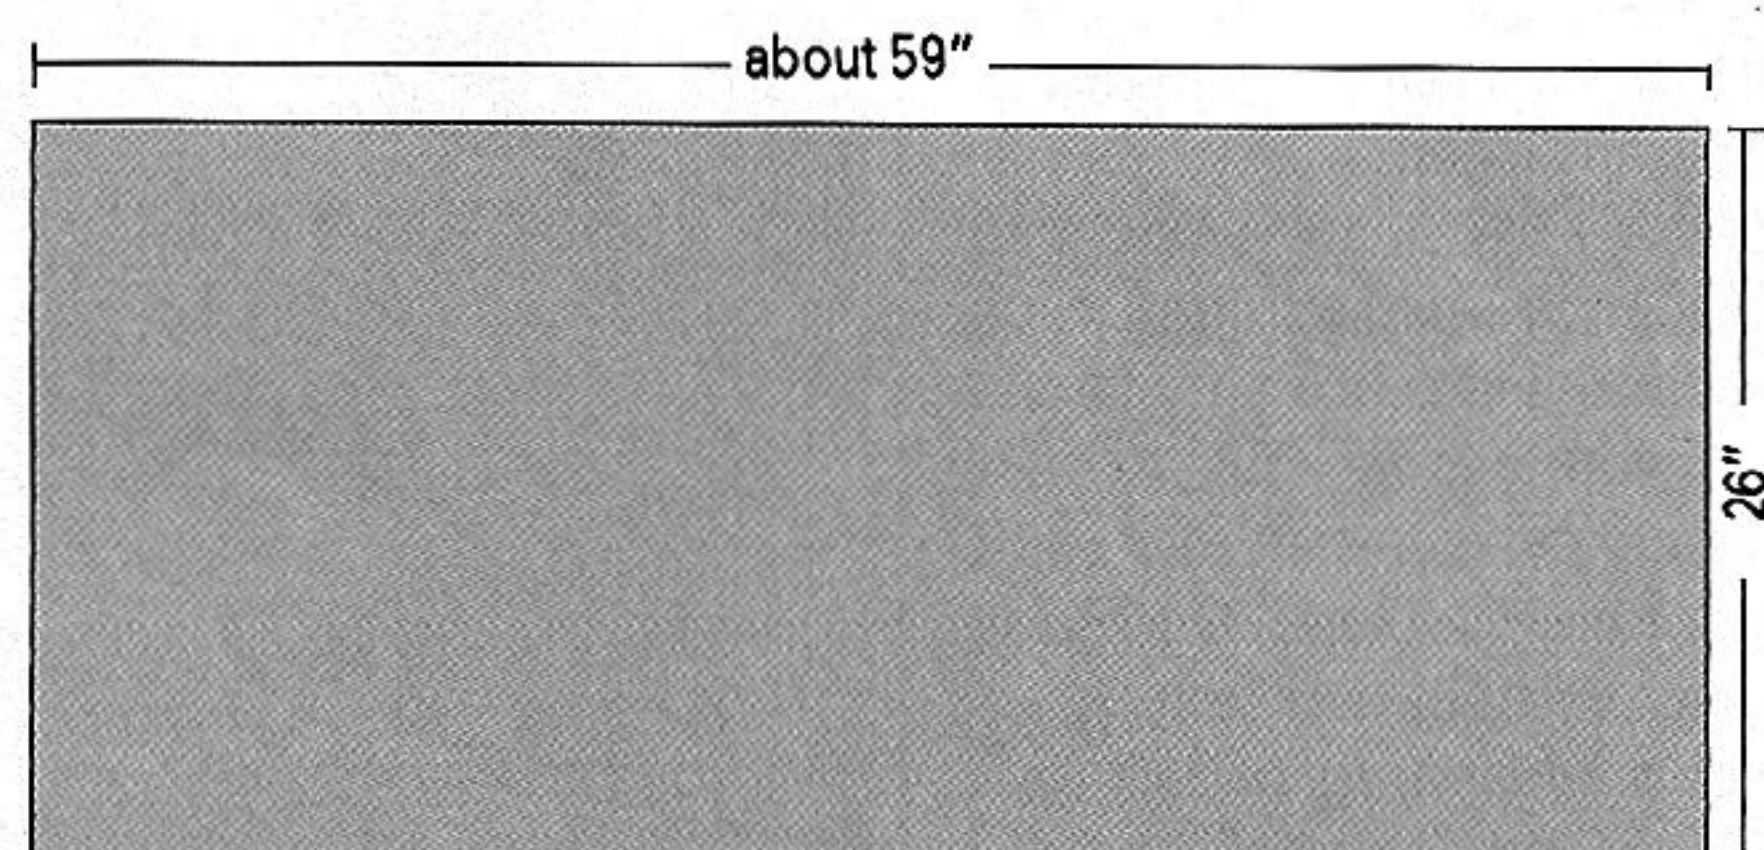

Joining: On flat surface, place 2 bands together lengthwise, with loops touching. Using hook, pull first right-hand loop of lower band thru first left-hand loop of upper band *pick up next loop of first band and draw it thru loop on hook. Pick up next loop of 2nd band and draw it thru loop on hook*. Work from * to * across, knot last 2 loops together with a fine thread. Also refer to page showing how to join hairpin lace bands. Join all 15 bands in this way to form shawl.

TO FINISH

RS of joined bands (that is, shawl) facing, work 1 row sc

across each outer edge, making 1 sc in each loop. **Cuff** (2 in all): With knitting needles, cast on 44 sts and work in 1/1 rib for 3 1/4". Bind off in rib. Sew one cuff to

each narrower edge of shawl, gather shawl edge evenly as you sew. Sew cuff seam and cont with "sleeve" seam about 11 3/4" deep.

How to follow the diagrams

Crocheting involves only a limited number of stitches, but by combining them you can create many different patterns. We have devised a system of symbols for the stitches, and these symbols are used in a pictorial diagram of each pattern or motif. From the diagram you can see the degree of difficulty of each project, and you can tell at a glance how far along you are by checking your work against the diagram. While you may be unfamiliar with this approach to crocheting, we feel sure that, with a bit of practice, you will find it much quicker and easier than a row-by-row description method.

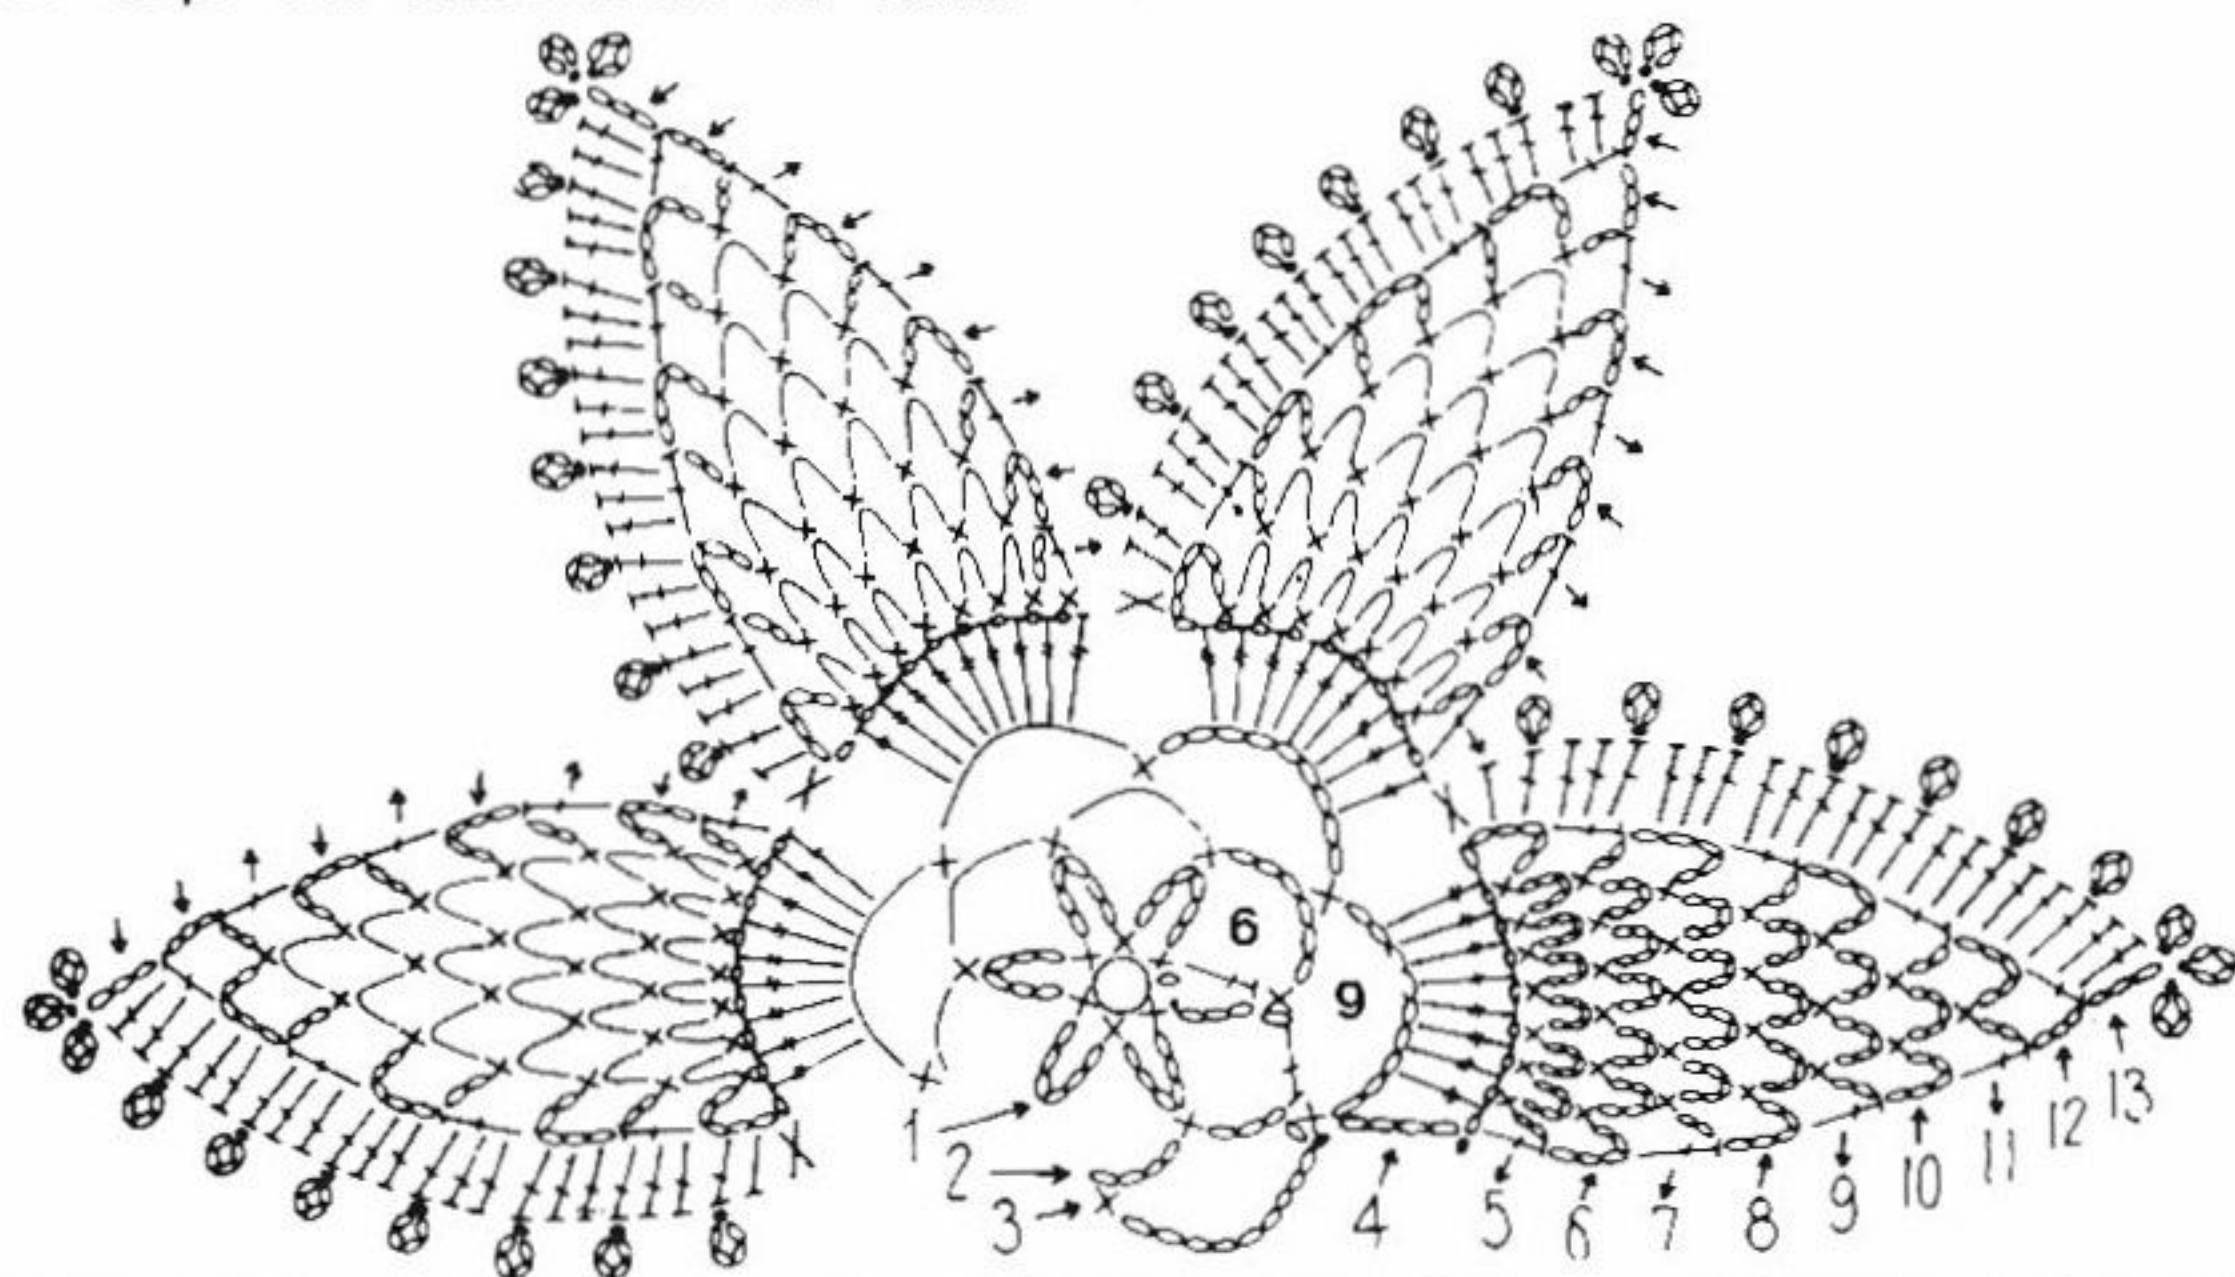

To get your project working smoothly, read the instructions and consult the abbreviations. As you proceed with the aid of the diagram, keep checking back to the CROCHET BASICS section at the end of the magazine for the symbols.

Take, for example, the diagram shown here. Rows or rounds are numbered in lightface; a boldface number inside a loop tells you how many chain stitches to make in that loop. The abbreviation for chain

stitch is ch, or ch st, and the symbol is O. In this sample diagram, you can see that in Round 1 a loop has 6 ch, while a loop in Round 3 has 9 ch. In Round 4, you are working in groups of 9 treble crochets, for which the abbreviation is tr and the symbol is $\overline{\text{T}}$. Only part of Round 3 is given in detail. That is because the same series of stitches is repeated all the way around. Likewise, only one petal is shown in full detail, because the same pattern is repeated each time. Arrows indicate the direction of work. Note that some patterns will require special symbols, and these will appear alongside the diagram with an explanation.

The additional diagrams - completed work, details of edging, etc. - will assist you in making more advanced crochet projects.

You are now ready to try your hand at any of our lovely patterns. A word of advice: Always read the instructions carefully before you begin. They may contain information on a fancy stitch, or on edging or assembling, that is not shown in the diagram.

All about cottons and hooks

There are many types of crochet thread on the market, and several types of hooks. To help you choose the right yarn and the right hook, here is a description of the more common crochet cottons, with their yardage, and a chart of hook size equivalents. Keep in mind that your individual crocheting style may call for a slightly thicker or thinner hook than the one recommended for a specific project.

CLASSICAL THREAD: Six-cord crochet cotton is available in several colors and thicknesses (the higher the number, the finer the thread), and it is tightly twisted. Four-cord, three-cord or uncorded thread is less expensive and easy to obtain.

Each ball weighs 20 grams, or approx. 3/4 of an ounce.
