Before you begin

- This amigurumi/plush is worked in continuous rounds. Mark the beginning of each round with a stitch marker.
- Use the "magic ring" when starting rounds. There are many youtube videos teaching how to make a magic ring or magic circle.
- Gauge is not important in this project as long as you are consistent with your tension.
- TIP: Always change colors in the stitch BEFORE the color change by pulling the new color through the 2 loops, thus beginning with the correct color on your hook.
- **This project is made with all sc stitches unless otherwise specified.**

Body

R1: Pick up both legs, face feet so they are pointing in the same direction and away from you. Insert hook in middle stitches and sc legs together. The middle joining sc will not count in your stitch count. The next stitch you make will be in the leg on your left and this will be the beginning stitch so place your stitch marker here. Continue around left

leg and then go around right leg. You want to be working from the back so your color changes don't show. (22)

Congratulations!

Your Winter Friend is now complete and ready for play or display. I hope you enjoyed using this pattern to make your doll. I would love to see pictures of your finished dolls!!

Note: Be careful when giving your finished plush to young ones. Your amigurumi now contains small parts and pieces. If these pieces were to come off, they could pose a choking hazard to small children and pets.
