General notes

Please read these instructions before working the pattern.

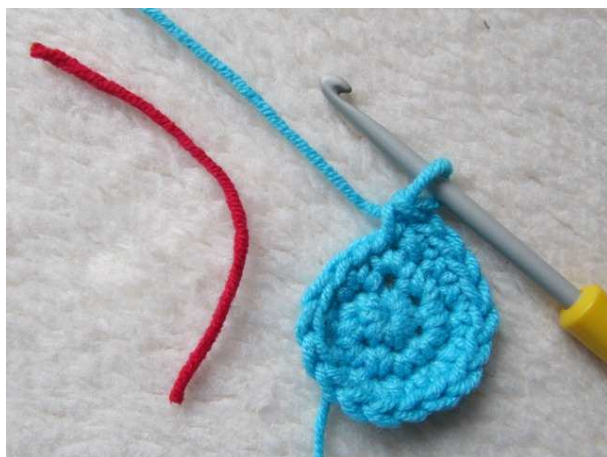

The beginning of each part

There are two options (I always use the second option. There are no holes at the beginning if you use the loop):

1. Start with chain 2 and work every first round into the first stitch made.
2. Start with a magic circle (adjustable loop) and work number of stitches in the first round into the loop.

Changing rounds

Do not replace crochet stitches by chain stitches at the beginning of each row. Instead make endless spiral. Crochet a first stitch of the row in first stitch of previous round. Use a stitch marker to remember of the beginning of the round. How to mark beginning of a row is demonstrated on pictures below.

Loose ends

At the beginning and the end of a piece leave a tail of at least 15 cm or even longer, because most of these can be used for sewing. Loose ends you do not use anymore can be pulled through some stitches on the inside of the piece and cut off.

Pattern

Eyes (work 2x)

Rd 1: Begin with white working in rounds. 6 SC in the magic circle (6)

Rd 2: 2 SC in each ST (12)

Rd 3: [2 SC in first ST, SC in next ST] 6x (18)

Now insert the plastic eyes in the first row, not in the middle. Do not lock the eyes.

Head - Lower part

Rd 1: Begin with yellow working in rounds. 6 SC in the magic circle (6)

Rd 2: 2 SC in each ST (12)

Rd 3: [2 SC in first ST, SC in next ST] 6x (18)

Sewing

Now we have all the parts of the bumblebee and we can start sewing them together.

1. First sew the eyes on the head (the edges).
2. Then sew the upper part of the head on the lower part.

3. Now sew the head and the body together.
4. Sew the feelers on the head.

5. Sew the arms and legs on the body.
6. Then sew the wings on the back.

7. As a last step, sew the nose on the face and sew the mouth.

Flower

Sew all petals on the stem on the border between yellow and green colour. One petal next to the other.

Bumblebee Flori is finished!!!
