General notes

Please read these instructions before working the pattern. If you find any mistake, please report it to DioneDesign@email.cz.

The beginning of each part

There are two options (I always use the second option. There are no holes at the beginning if you use the loop):

1. Start with chain 2 and work every first round into the first stitch made.
2. Start with a magic circle (adjustable loop) and work number of stitches in the first round into the loop.

Changing rounds

Do not replace crochet stitches by chain stitches at the beginning of each row. Instead make endless spiral. Crochet a first stitch of the row in first stitch of previous round. Use a stitch marker to remember of the beginning of the round. How to mark beginning of a row is demonstrated on pictures below.

Loose ends

At the beginning and the end of a piece leave a tail of at least 15 cm or even longer, because most of these can be used for sewing. Loose ends you do not use anymore can be pulled through some stitches on the inside of the piece and cut off.

Sewing

Now we have all the parts ready and we can start with the sewing.

1. First we sew the snout on the head, just below the eyes

2. Now sew the head and the body together.

3. Then sew the muzzle on the snout.

4. Then sew the ears on the head

5. Now sew the arms and legs on the body.

6. Now sew the tail on the back.

7. Finally sew the claws and eyebrow with brown yarn.

Flower

Sew all petals on the stem on the border between yellow and green colour. One petal next to the other.

Teddy with flower is finished!!!
