Special Stitch Explanations

Invdec

Insert hook into front loop only of first stitch, do not wrap yarn, insert hook into front loop only of next stitch. You will now have a total of three loops on your hook. Wrap your yarn around hook and pull through both of the 2 front loops on the hook, wrap yarn around hook again and pull through last 2 loops on hook. You have now 'invisibly' decreased by one stitch.

Color Changing

Make all color changes in the last 2 loops of the final stitch of the old color.

Tips for Neater Color Changes (optional)

1. Make the first stitch in the new color a slip stitch instead of a single crochet. (Don't pull the slip stitch too tight or it will be difficult to crochet into in the next round)
2. On narrow stripes (1-2 rounds), add 1 extra stitch of the old color to the end of every color change round (move marker up a stitch to reflect new start of round). This extra stitch will help to counteract the shortness of the slip stitch that replaced the single crochet.

Color Change Ends

Tie off and trim your color change ends as you go. Tie securely on the inside of your work. With amigurumi crochet it can be difficult to reach the ends once you have crocheted too many rows above.

For repeating stripes carry the unused color up the inside of the work to save keep cutting and re-tying.

Gauge (Tension)

Exact gauge is not crucial for this pattern. Just make sure your crochet hook is small enough to create a tight fabric that the stuffing can't poke through.

With the yarn and hook specified Penguin measures approximately 6" (15 cm) tall.
