WPI (Wrap Per Inch)

To measure the WPI of the yarn, wrap the yarn over a ruler, till it reaches 1 inch, count the number of wraps, and you will obtain the WPI.

The 4 ply yarn I am using in this pattern measures 18 WPI; while the 8 ply yarn I have measures 15 WPI.

Sewing the parts

Personally, I find this sequence easier:

1. Sew body parts together
2. Insert craft eyes onto crocheted eye backing (I used super glue though, craft eye works perfect with yarn with just a drop of super glue)
3. Sew eyes onto body
4. Sew claws onto body
5. Sew legs to body
6. Sew smile onto body

Magic Loop

Coil yarn around finger (2 rounds)

Pull out coiled yarn and hold

Insert hook into loop and pull yarn

Sc as per pattern instruction

Tighten the loops by adjusting both coiled yarn, till tight
