WPI (Wrap Per Inch)

To measure the WPI of the yarn, wrap the yarn over a ruler, till it reaches 1 inch, count the number of wraps, and you will obtain the WPI.

The 4 ply yarn I am using in this pattern measures 18 WPI; while the 8 ply yarn I have measures 15 WPI.

Sewing the parts

Personally, I find this sequence easier:
(refer to illustration page for more images)

1. Sew head to body
2. Sew mouth to face
3. Sew ears onto head
4. Sew arms onto body
5. Sew legs to bottom of body
6. Sew tail to bottom of body
7. Sew nose to mouth
8. Sew eyes onto face
9. Sew mouth with DMC thread

Magic Loop

Coil yarn over finger (2 rounds)

Pull out the coiled yarn and hold

Use hook to pull through the yarn,

sc as per pattern instruction
(do not count this stitch)

Tighten the loop by pulling both loops to adjust

Pull the end of the yarn, and adjust
till it's tight.

Safety pin as stitch marker

Use a small safety pin as stitch marker

Sew flat the opening

Sew flat the opening, use a sewing needle to stitch around the opening as illustrated. **DO NOT** cut short the yarn. You will need the remaining yarn to sew the parts to body/head

Change Yarn Color

On the last stitch of brown yarn, pull through with yellow yarn with hook

Tie both brown color yarn with yellow color yarn, continue your work with the alternate color yarn, **DO NOT** cut the brown color yarn for body, you will use it when alternating the color later.

Working on the other side of chain row

Start on 2nd ch, sc as per instruction

On last chain, 3 sc in same st

turn the row clockwise

The finished row is 'below'

Work on the chain row

Red arrow is the finished row
Yellow arrow is the new row

Now you have both top and bottom rows, work the rest of instruction around (like you would work with circle rounds)

Sewing the parts

Join body & head in circular stitch

Sew mouth onto face

Sew ears onto head

Sew arms onto body

Sew legs to bottom of body

Sew tail close to legs ends

Sew nose to mouth in circular stitch
