It's FUNNY!

I never ask for my customers to purchase a cottage license in order to sell products made from my patterns. Please feel free to make as many as you want, and sell them at craft shows and fairs, on your personal website, or on marketplace websites such as Etsy. I would appreciate if you share my website in your listings, but I don't require it.

Additionally, if you do choose to sell, please consider other sellers when you price your work. To protect other sellers, and the integrity of this pattern, my suggested price is 15 to 25 dollars per hat.

This pattern, however, is copyright protected, and cannot be copied, or reproduced in any way. Please do not share this pattern. I put my entire heart into my patterns, and I work very hard to make them the best they can be.
