Tapestry Tutorial

Learn to create colorful, mosaic patterns with tapestry crochet.

BY CAROL VENTURA

When it comes to tapestry crochet, there are no strict rules. You essentially do single crochet and switch two or more colors back and forth to create motifs. You can tapestry crochet with all types of thread and yarn, from extra-fine crochet cotton to crochet nylon; just choose colors that contrast enough to make the motifs pop. Most projects look best when you use yarns of the

same weight throughout.

Loose stitches work well for clothing with drape, while tight stitches are perfect for more rigid structures, like baskets. The more colors you carry, the taller the stitches and the more substantial the result. Any type of crochet hook will work, but ones with handles are really helpful when crocheting tight stitches. Holding your hook like a knife instead of a pencil is easier on the wrist.

There are several ways to hold the yarn in your non-hook hand. Many tapestry crocheters (like me) wrap the working color around the pinkie and pointer fingers, hold the carried color in place with the thumb, and switch back and forth as the colors are changed, unwrapping and wrapping the colors (see photo on bottom left), but a few tapestry crocheters grasp both colors with different fingers of the same hand and change colors more efficiently.

To start the stitch, insert the hook under both top loops (this produces a denser fabric with a motif that leans to the side) or under just one of the loops, which produces a lighter cloth with a taller motif that doesn't slant. Whether you yarn over or yarn under also requires some thought. Depending on which way you hook the yarn, the motif will slant slightly more or less.

Carrying the second color inside the stitch makes a double-sided patterned cloth, while placing the second color behind the work results in a lighter, single-sided fabric with floats on the back. Some tapestry crocheters switch colors after completing the stitch. If you change colors while two loops of an unfinished stitch are still on the hook, however, then the loop that lays over the finished stitch will be the same color as the bottom part of the stitch, producing a crisper motif and making it easier to follow a graph.

Yarn over the hook with the working yarn wrapped around your finger and the carried yarn held with the thumb.

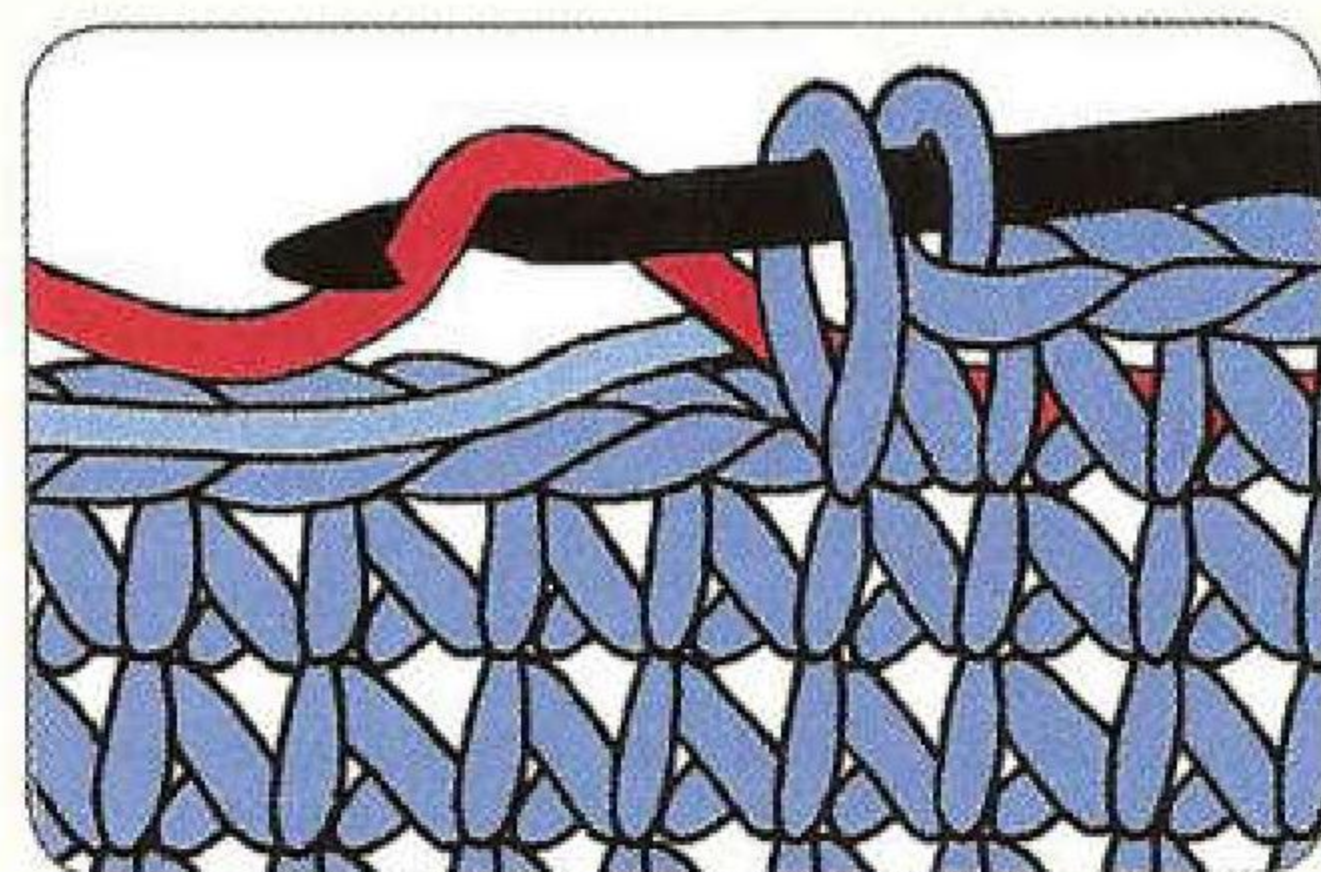

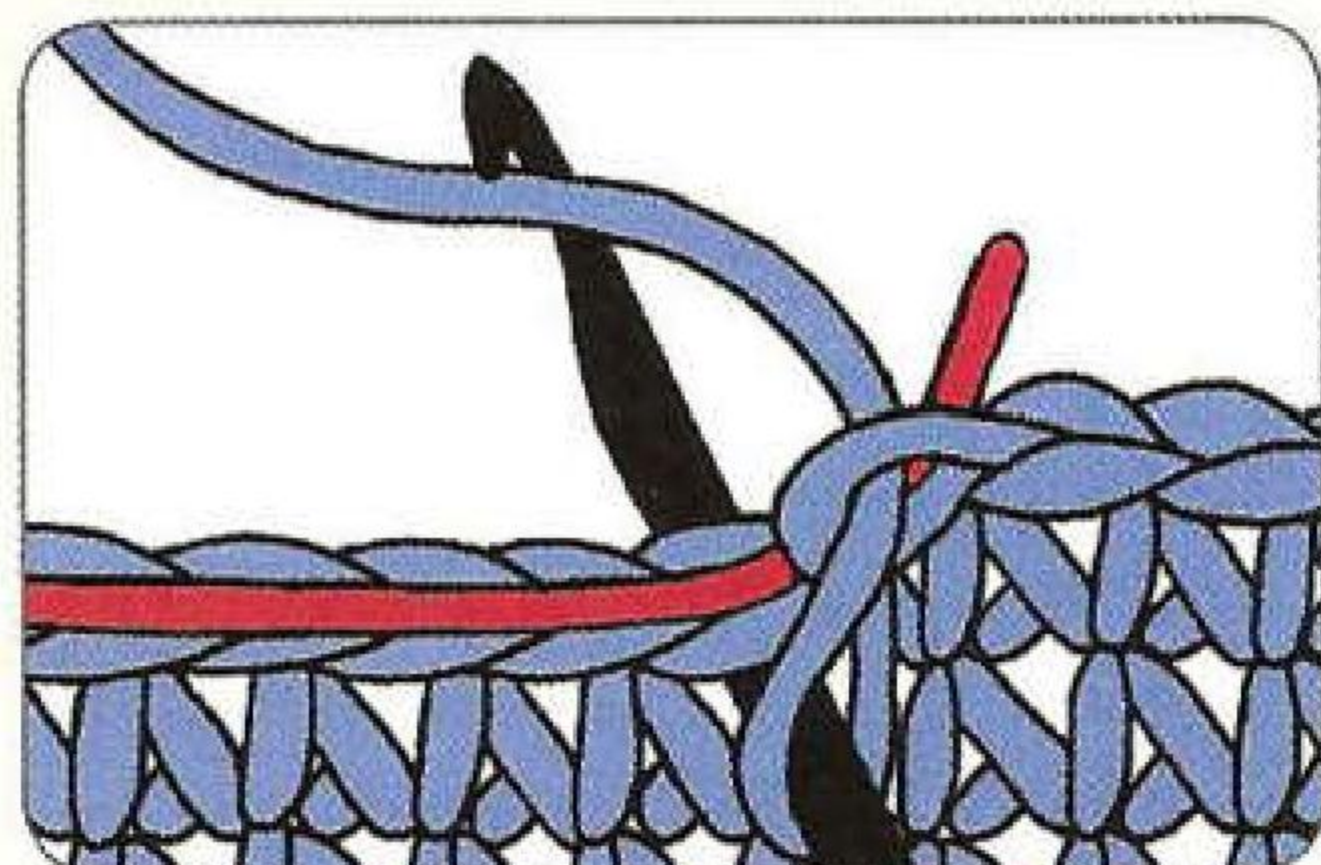

Step by Step Tapestry

You can follow these tapestry crochet instructions for the wallet pattern at crochettoday.com (see below), but feel free to experiment with the variations mentioned to see what happens!

(The illustrations are for right-handed crocheters; left-handed crocheters need to look at the reflected images in a mirror.)

TO CARRY A COLOR

Insert the hook from front to back, under the top two loops of the stitch being crocheted into, laying the additional color over the same top two loops or slightly angled down the front. Single crochet across as usual, crocheting under and over the carried color.

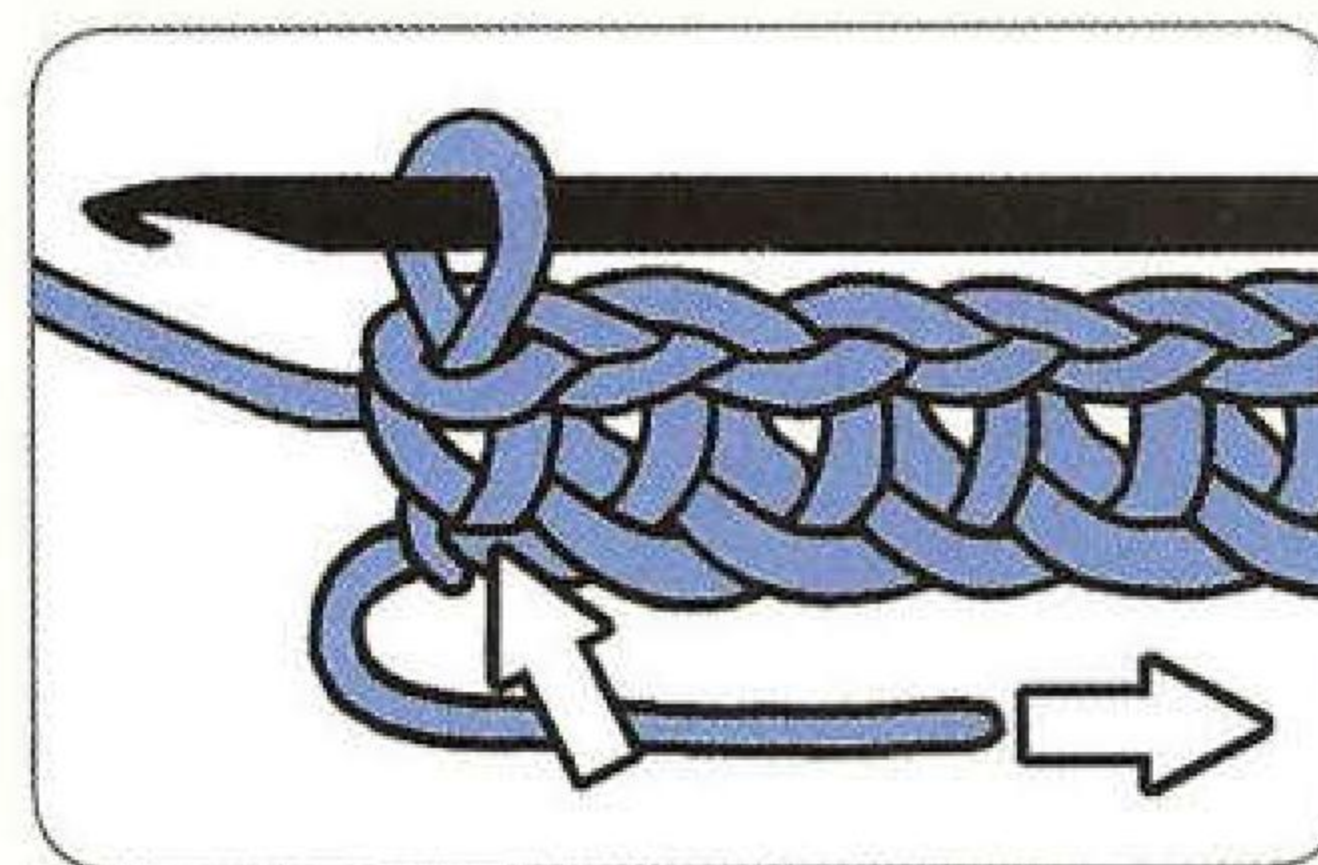

TO CHANGE A COLOR

The tapestry crochet stitch is similar to the single crochet stitch, except that one color is carried while the other color is crocheted. The color change occurs while two loops of the incomplete crochet stitch are still on the hook.

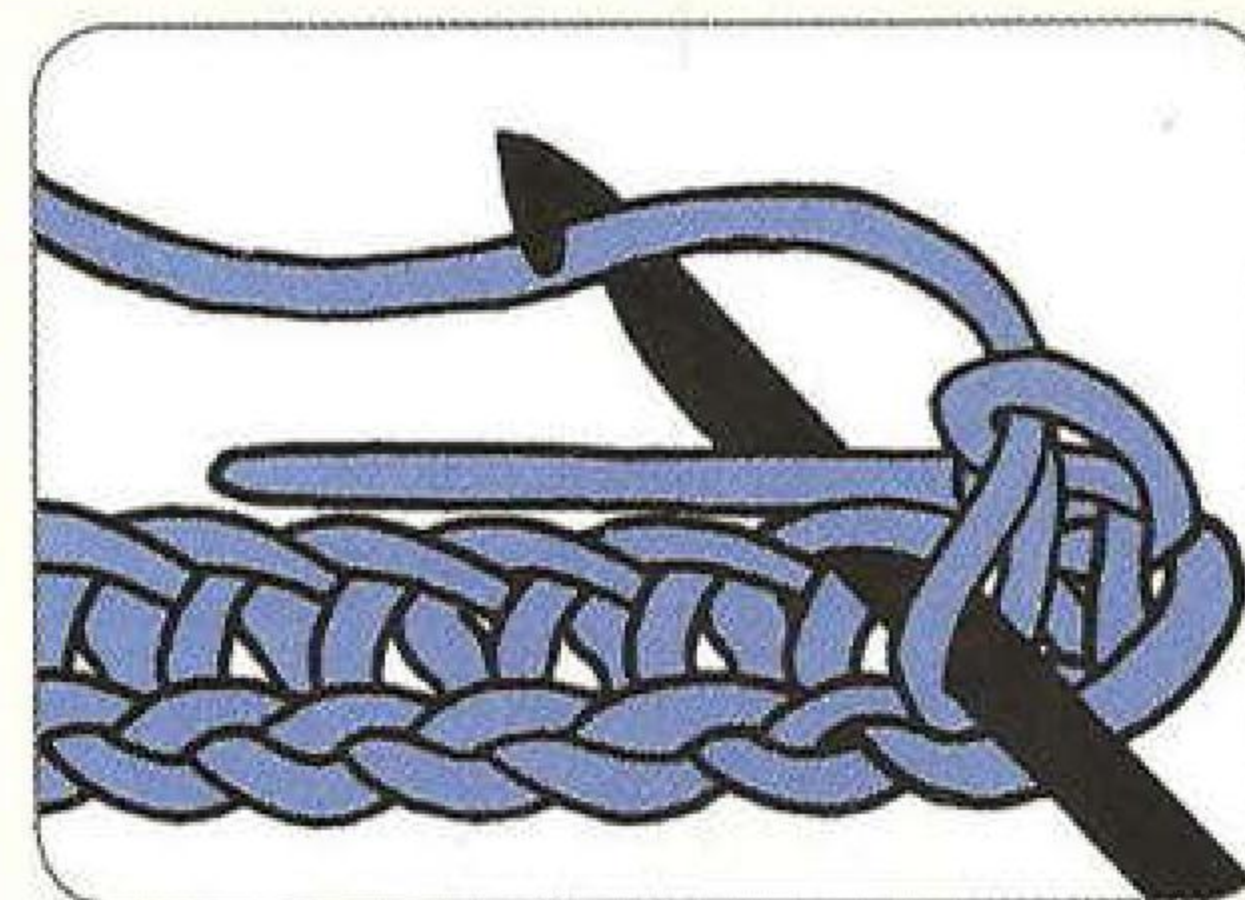

The wallet is worked in rounds, beginning on the bottom. After crocheting across the top of the chain, the round continues onto the bottom of the chain, as shown below:

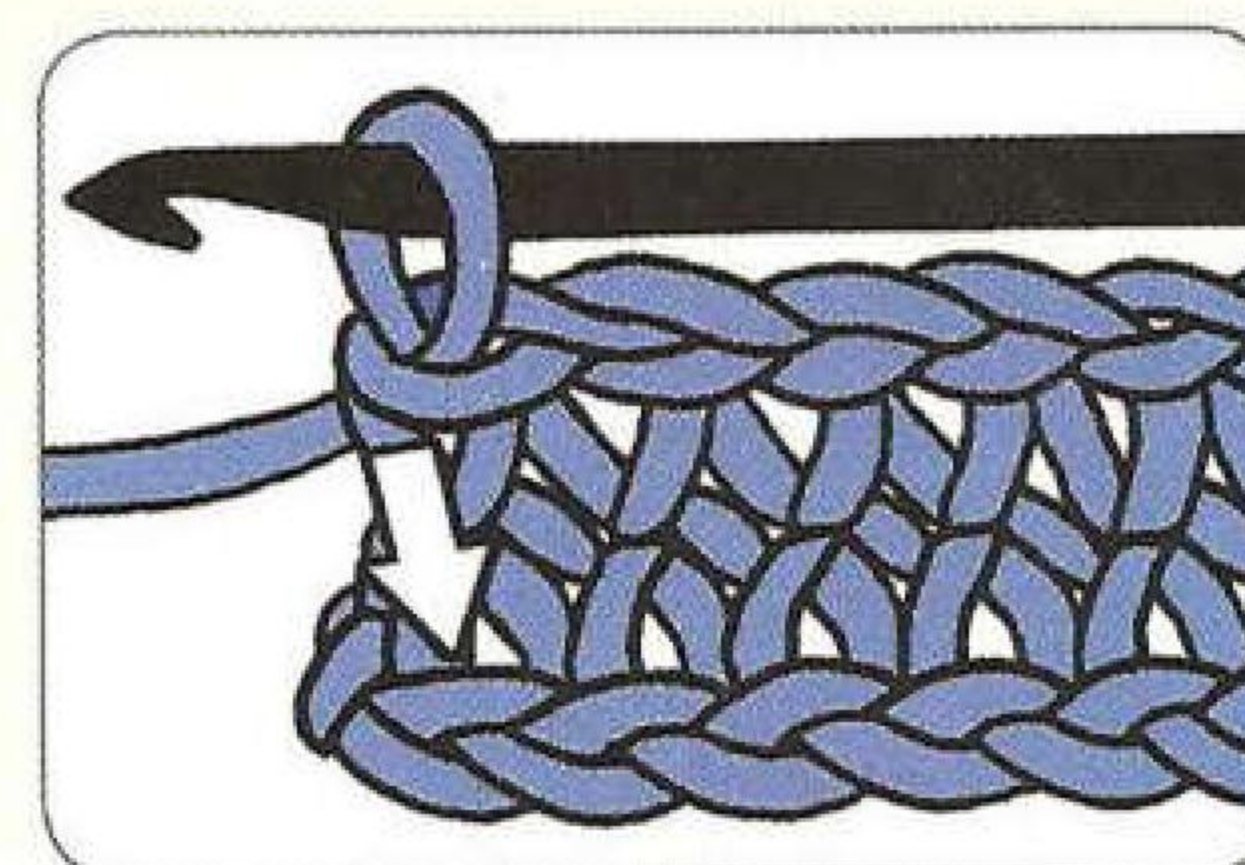

▲ Turn the piece around to continue crocheting on the bottom of the chain.

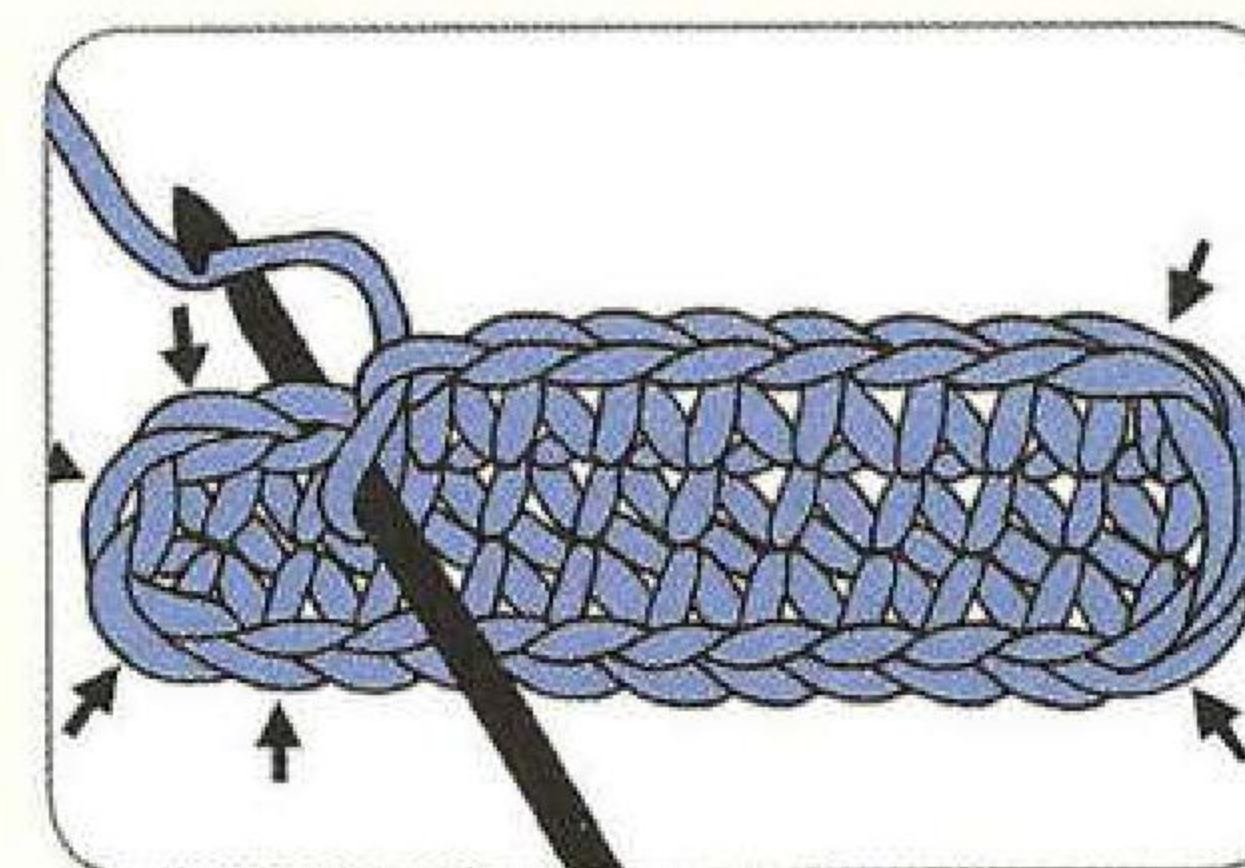

▲ Work 3 stitches into the last chain stitch in the space indicated by the arrow, then pull the short tail of yarn.

▲ Single crochet across, carrying the tail.

▲ Insert the hook where the arrow indicates to start the second round.

▲ Continue to single crochet around, inserting the hook under the top two loops of each stitch of the previous row. Work only one stitch into each end stitch, as indicated by the arrows.

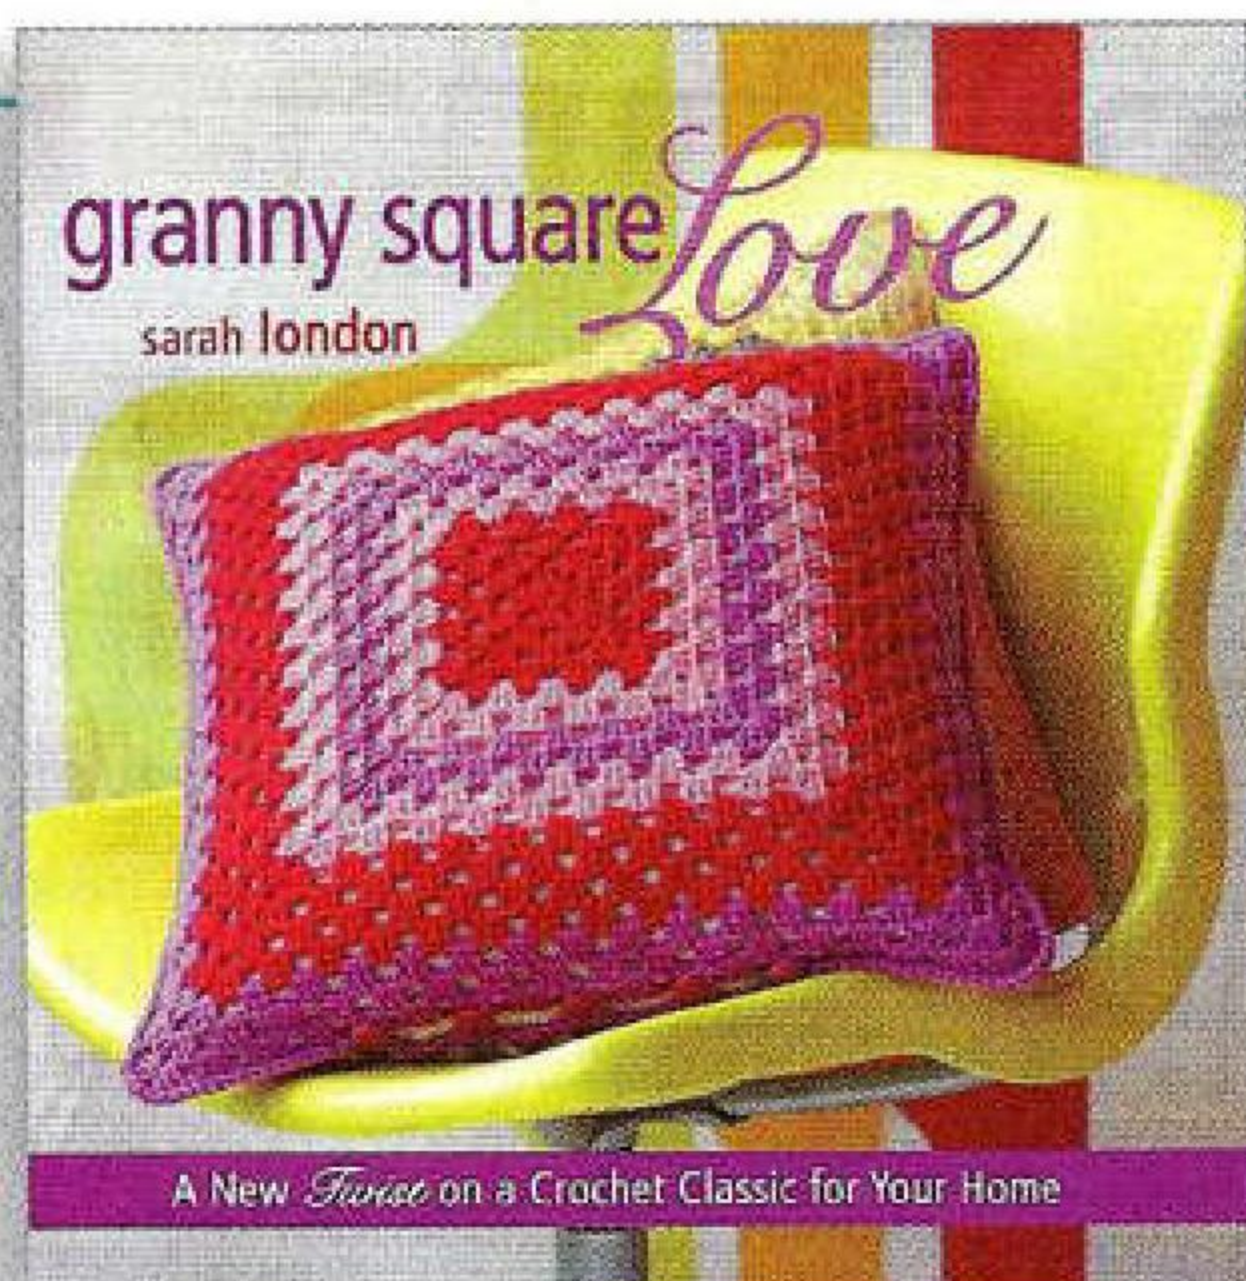

Crochet back and forth or around in a spiral? Insert the hook from the front or the back? Decisions, decisions! The outcome of the finished piece depends on so many choices. 🌀

Repeat step 2 for desired number of Fdc.

picot Ch 3, sl st in last st made before ch-3.

SPECIAL TECHNIQUE

Invisible join When ending a round, work last st. Cut yarn, leaving a 6"/15cm tail. Draw tail through 2 loops of last completed stitch to fasten off. Skip first stitch (or beginning chain) of round. Insert hook under top 2 loops of 2nd stitch of round as if to work a stitch. Yarn over with tail and draw tail under top loops of stitch. Insert hook from bottom to top under back bar and back loop of last stitch completed. Yarn over with tail and draw tail down back of last completed stitch. The invisible join mimics the top of the first stitch worked on the round. If executed correctly, it is difficult to find the beginning or end of the round. It is very important to weave the yarn tail in securely to ensure the stability of your work.

Note To join with a sc, dc, or FPdc, start with a slip knot on the hook, then work stitch as usual.

MOTIF

Note Use smaller hook throughout motif.

a few inches from the end, wrap around your finger. Do not remove wrap from finger, insert hook into the wrap and draw up a loop of working yarn. Chain one to secure the loop, and remove ring from finger. Work stitches of first round in the ring. Pull gently but firmly on tail to tighten ring.

NOTE

To change color, work last stitch of old color to last yarn over, yarn over with new color, and draw through all loops on hook to complete stitch. Proceed with new color. Do not fasten off old color. Carry unused colors up along inside (wrong side) of hat.

SECOND EARFLAP

Row 1 (Right side) With right side facing, join B with sl st in 31st stitch (including chs) on Round 30 after last st worked on Row 1 of First Earflap, ch 1, sc in same st as joining, spike sc in next ch-1 sp, [sc in next st, spike sc in next ch-1 sp] 5 more times—6 sc and 6 spike sc.

Rows 2–6 Work same as Rows 2–6 on First Earflap.

EDGING

With right side facing, join D with sl st in any

sc near back seam, ch 1, sc in same sc as joining, evenly sc around entire edge of hat and earflaps, working spike sc in remaining ch-1 sps on Round 30; join with sl st in first sc. Fasten off.

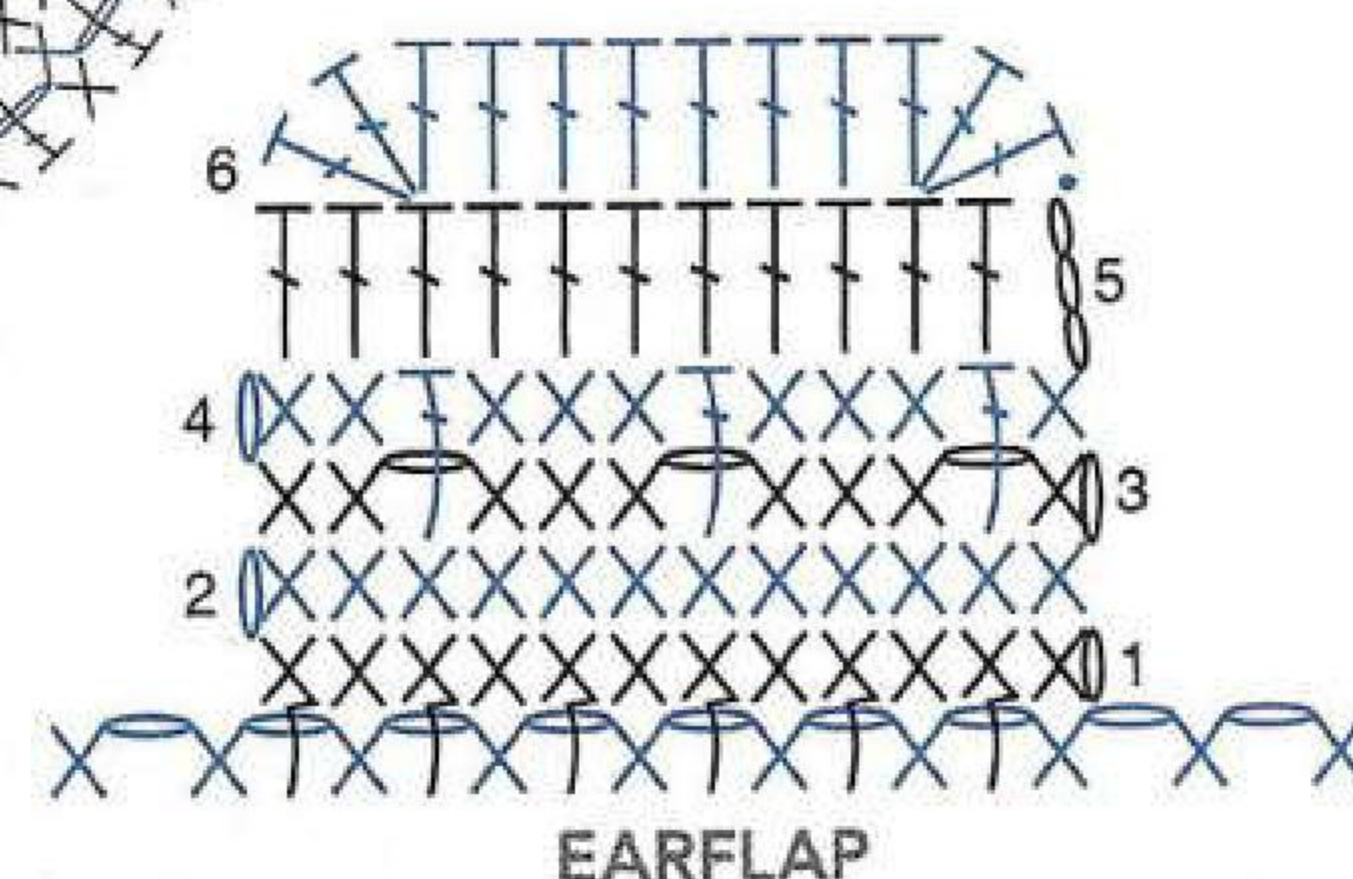

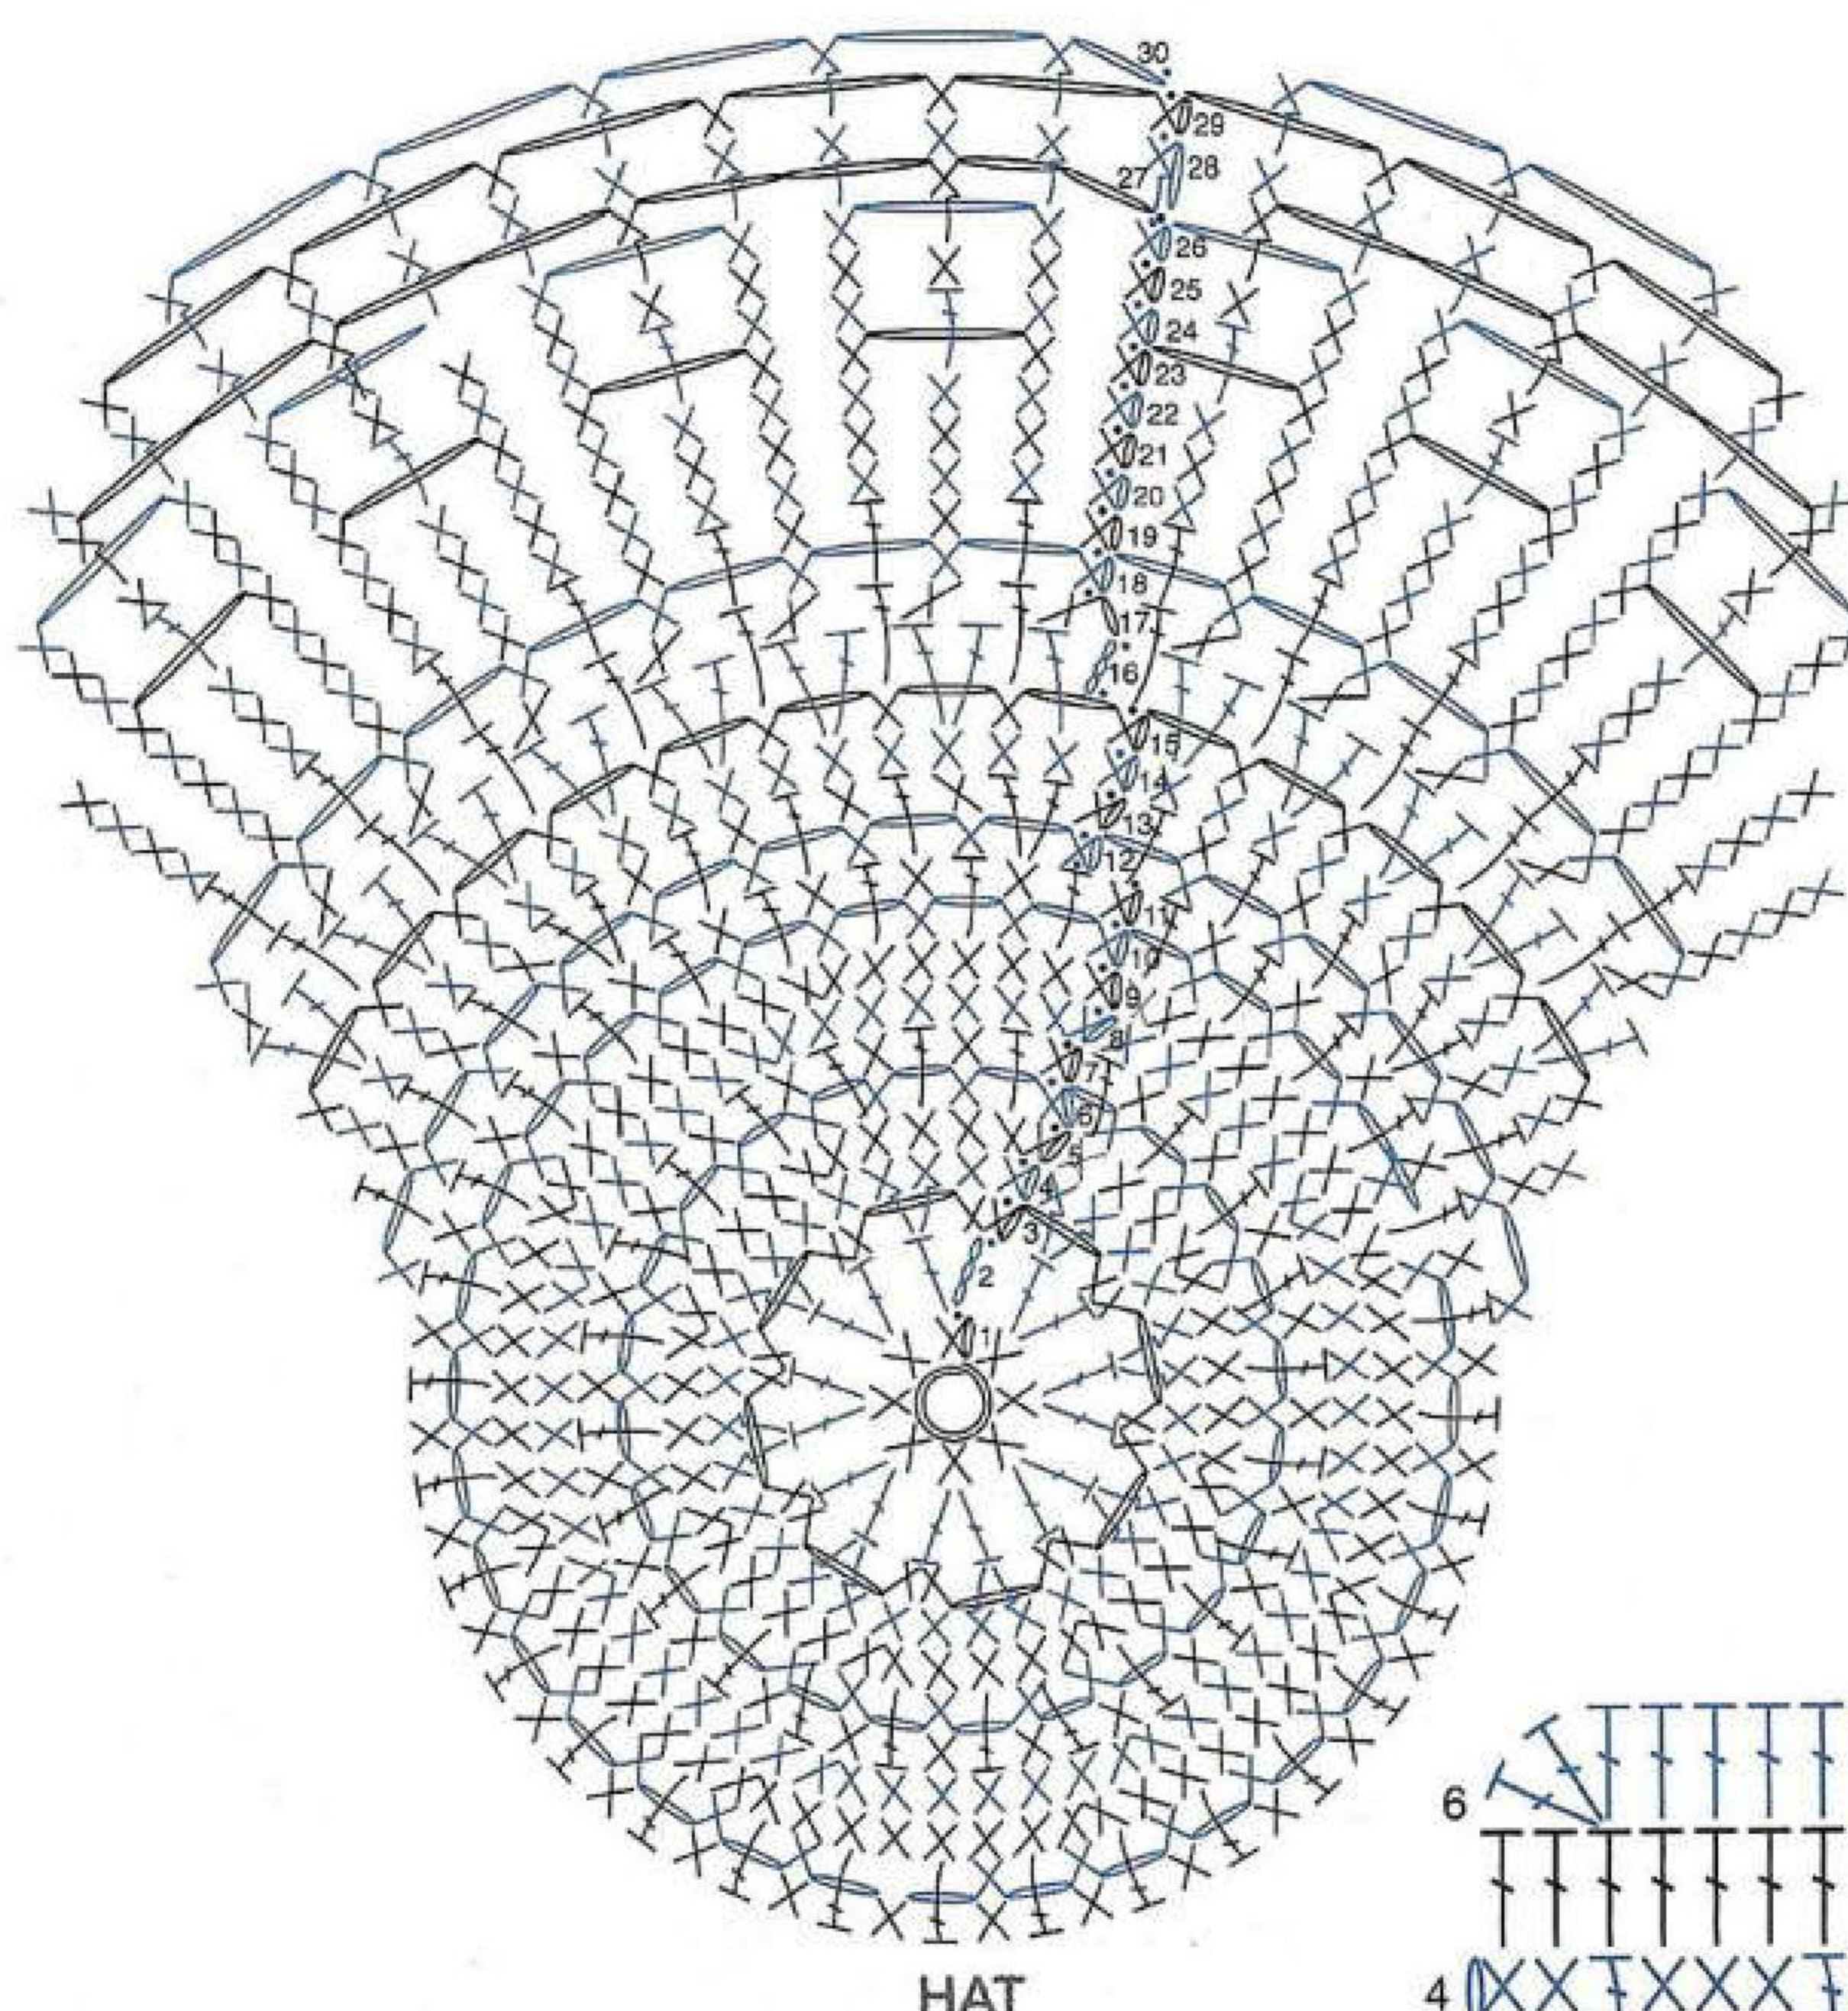

TIES (MAKE 2)

Cut two 48"/122cm long pieces of each color of yarn. Thread all 8 strands into space between sts on lower edge of Earflap so that strands hang doubled from Earflap. Divide strands into three sections (2 sections with 5 strands each and one section with 6 strands). Braid strands to approx 9"/23cm long or to desired length. Knot and trim ends. Repeat on other earflap.

FINISHING

Weave in all ends. Wet block and let dry completely.

Tip

For a completely reversible hat, fasten off at the end of each color change.

NOTES

To change colors, work last stitch with old color, drop old color, insert hook in first sc, yarn over with new color and draw through st and loop on hook (joining sl st made with new color). Continue with new color until next color change. Carry unused colors up along wrong side until needed again.

FINISHED MEASUREMENTS

Mitt measures approx 8"/20.5cm long from wrist to finger edge, 7.5"/19cm around hand, and 6.25"/16cm around wrist.

GAUGE

17 sts and 24 rows = 4"/10cm over pattern. Remember to check gauge for best results!

HOW TO MAKE A GAUGE SWATCH

Ch 18.

Row 1 Working in back bars, sl st in 2nd ch from hook and in each remaining ch across—17 sl sts.

Rows 2–24 Ch 1, turn, sl st BL in each st across.

Resulting gauge swatch should measure approx 4 x 4"/10 x 10cm. If necessary, adjust hook size to obtain correct gauge.

NOTES

1 Right and left mitts are made the same way. The ribbon lacing determines whether the mitt is for the right or left hand. In other words, one mitt is laced inside out. There is no definite right or wrong side, because the pattern stitch is reversible.

2 The mitts are worked sideways, back and forth in rows. The 3rd and 45th rows are laced together to form a tube.

3 Short rows are used to create a wider hand, while keeping the wrist snug.

4 Working in the slip stitch pattern is much easier if you make your stitches a little loose. Pull up on each stitch just a little more than you normally would to keep them from getting too tight.

MITT (MAKE 2)

Ch 37.

Row 1 Working in back bars, sl st in 2nd ch from hook and in each remaining ch across—36 sl sts.

Rows 5 and 6 Ch 1, turn; sl st BL in each st across.

Row 7 Ch 1, turn; sl st BL in first 18 sts, turn; leave remaining 18 sts of Row 6 unworked—18 sl sts.

Row 8 Do not ch 1, turn; sl st BL in each st across.

Row 9 Ch 1, turn; sl st BL in first 18 sts (take care to work into the last of these 18 sts, it can be a bit tricky to see), then sl st BL in the 18 unworked sts of Row 6—36 sl sts.

Rows 10–14 Ch 1, turn; sl st BL in each st across.

Rows 15–22 Repeat Rows 7–14.

Rows 23–28 Repeat Rows 7–12.

Row 29 (Thumbhole) Ch 1, turn; sl st BL in first 8 sts, ch 6, sk next 6 sts, sl st BL in last 22 sts—30 sl sts and 1 ch-6 sp.

Row 30 Ch 1, turn; sl st BL in each sl st and ch across—36 sl sts.

Rows 31–33 Repeat Rows 7–9.

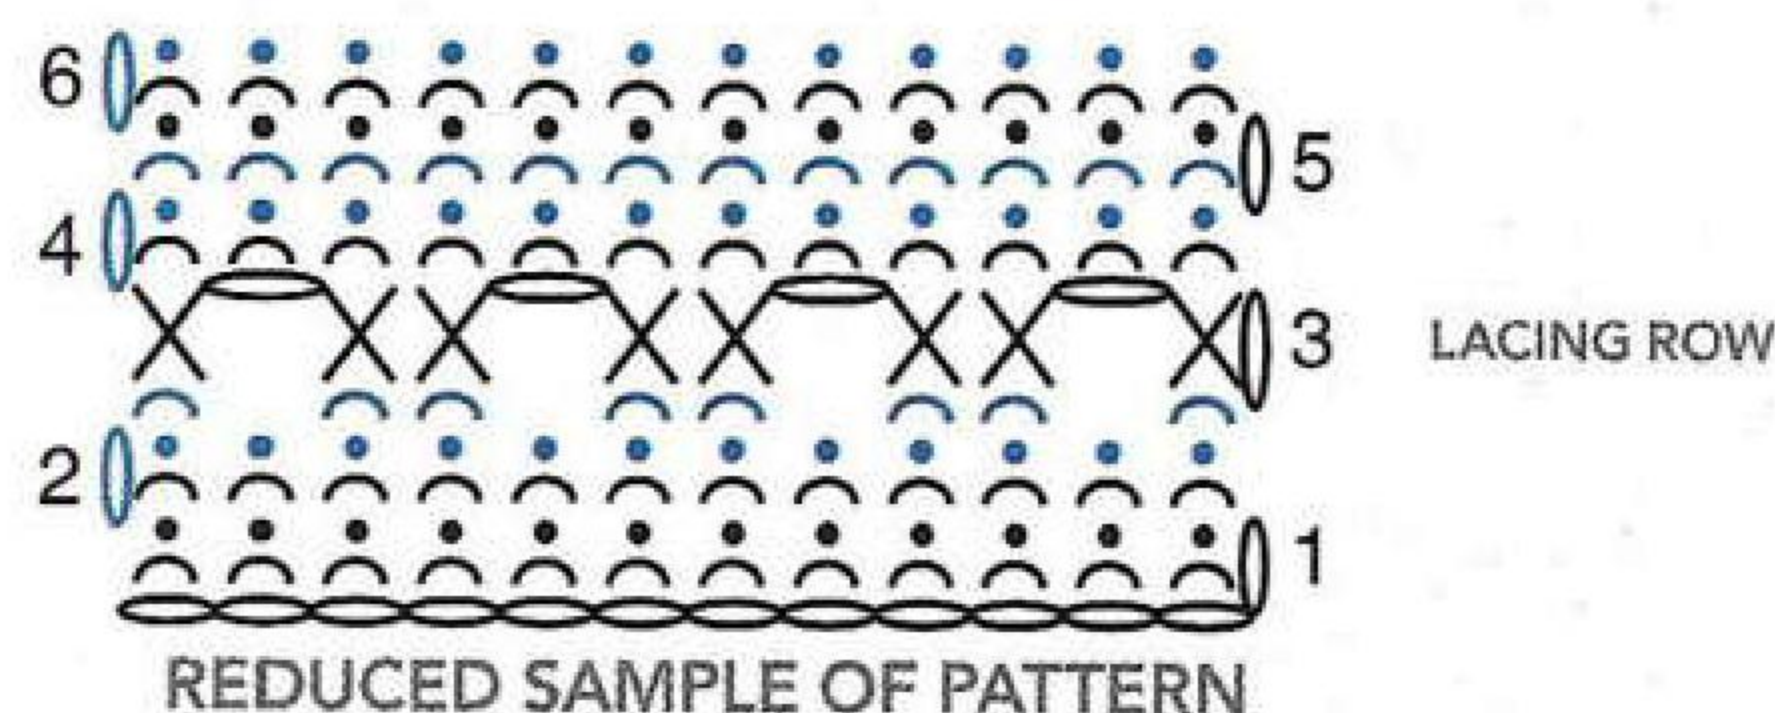

Rows 34–44 Repeat Row 10 eleven times.

Rows 45–47 Repeat Rows 3–5. Fasten off.

FINISHING

Weave in ends. Wet block or spray block, if desired. Cut ribbon into two 60"/152.5cm pieces. Thread one ribbon through ch-1 sps of Rows 3 and 45 of each mitt, lacing as you would lace up a shoe, and making sure to make one right mitt and one left mitt. Tie ends in a bow and trim excess ribbon ends with scissors.

STITCH DIAGRAM

Tip

Keep slip stitches from getting too tight by pulling up on each stitch a little more than normal as you work.

FINISHED MEASUREMENTS

Shawl measures approx 54"/137cm wide across top edge x 25"/63.5cm long from lower point to top edge. **Note** Resulting fabric is very stretchy, so width and length can vary significantly.

GAUGE

2 diamonds 4.25"/11cm

4 rows of diamonds 4"/10cm over pattern
Gauge is not critical for this project.

HOW TO MAKE A GAUGE SWATCH

Work Rows 1–4 of shawl—4 diamonds.

Resulting gauge swatch should measure approx 8.5"/21.5cm wide across top edge x 4"/10cm long from lower point to top edge. If necessary, adjust hook size to obtain correct gauge.

NOTES

1 Shawl is worked back and forth in rows from lower point up to top edge.

2 A series of Solomon's Knots (SK) are worked to form the sides of the diamonds. The first row consists of a single diamond. The 2nd row consists of two diamonds worked on either side of the first diamond. The 3rd row consists of three diamonds worked on either side and between the diamonds of the 2nd row.

The 4th row consists of four diamonds, the 5th row consists of five diamonds, and so on.

3 When instructed to work into or skip a knot, work into or skip the sc (knot) at the top of the SK, between long loops.

SHAWL

With A, ch 1.

Row 1 Work 4 SK; join with sc in first ch to form a diamond—4 SK forming one diamond.

Row 2 Turn; work 3 SK, sk first knot, sc in next knot, work 3 SK, sc in next knot—6 SK forming 2 diamonds.

Row 3 Turn; work 1 SK, sk first knot, sc in next knot (on the side edge of the row), work 3 SK, sc in next knot (at the top of the first diamond in the previous row), work 2 SK, sk next knot, sc in next knot (at the top of the next diamond), work 3 SK, sc in last knot—3 diamonds.

Row 4 Turn; work 1 SK, sk first knot, sc in next knot, work 3 SK, sc in next knot, *work 2 SK, sk next knot, sc in next knot; repeat from * across to last knot work 3 SK, sc in last knot—4 diamonds.

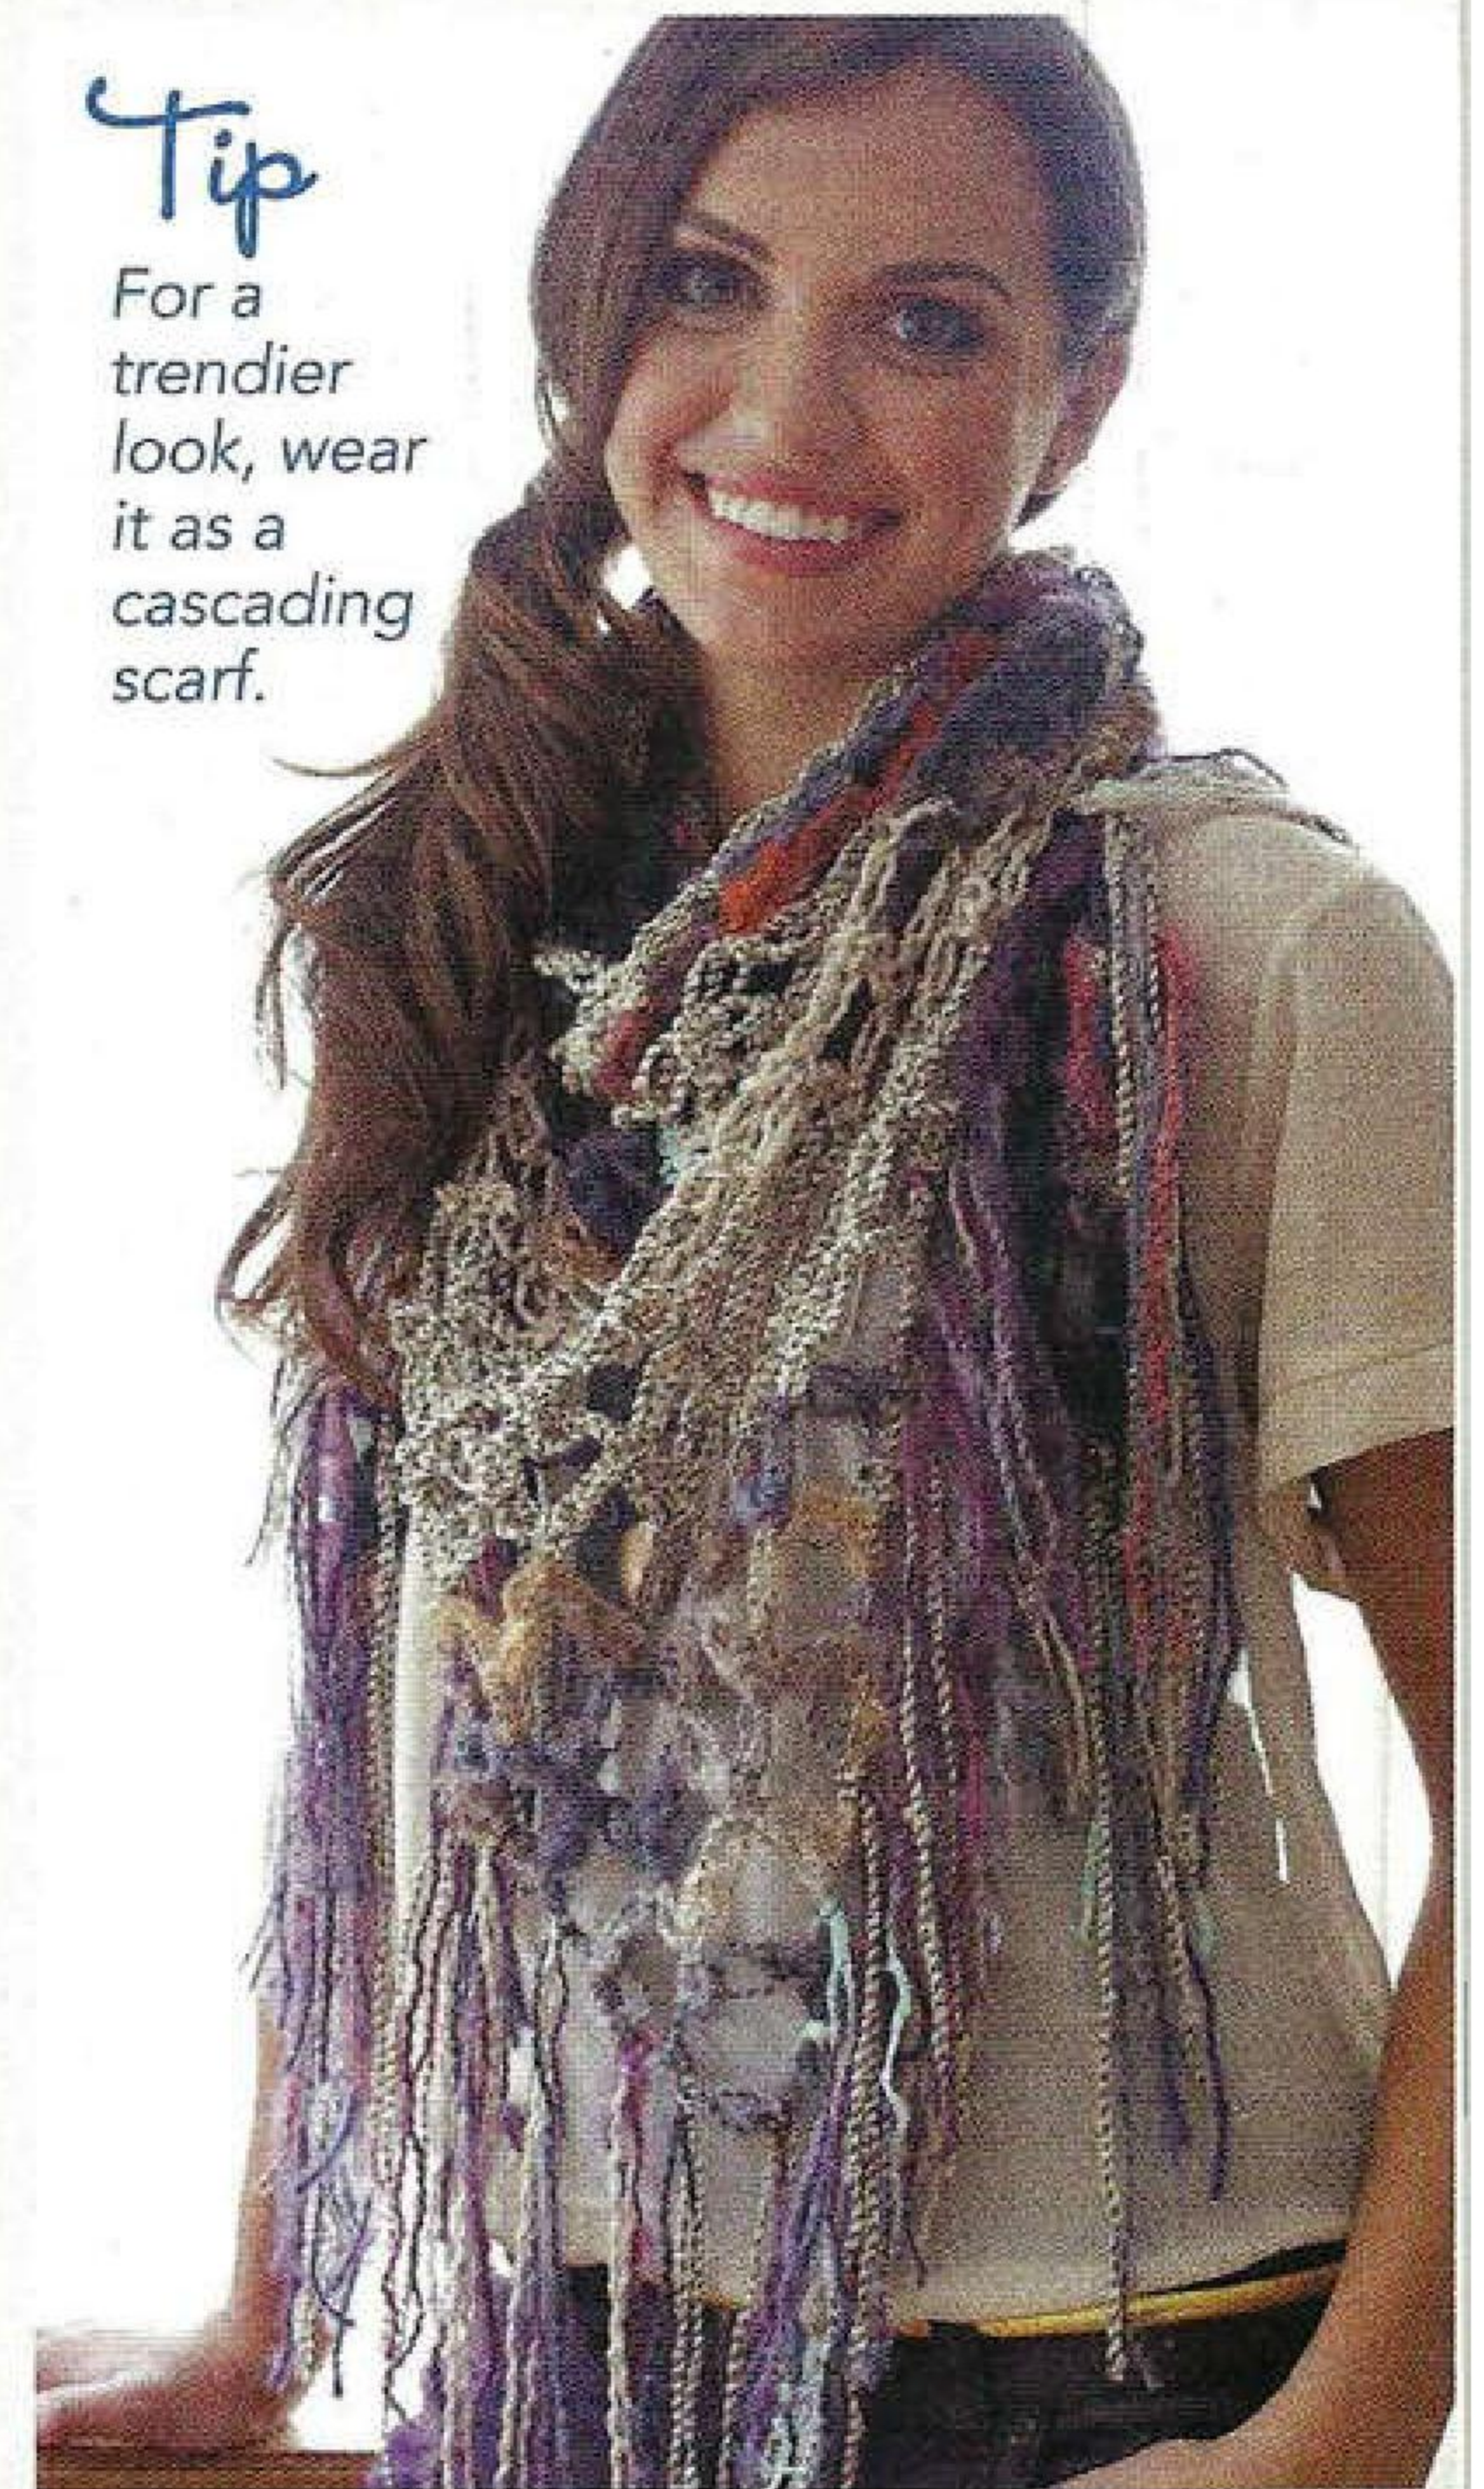

Repeat Row 4, having one more diamond each row, until piece measures 54"/137cm across top edge (about 25 diamonds in last row), or to desired width. Each time a ball of yarn is used, join a ball of the other color, to create alternating stripes. Be sure to save some yarn for fringe. Fasten off.

FINISHING

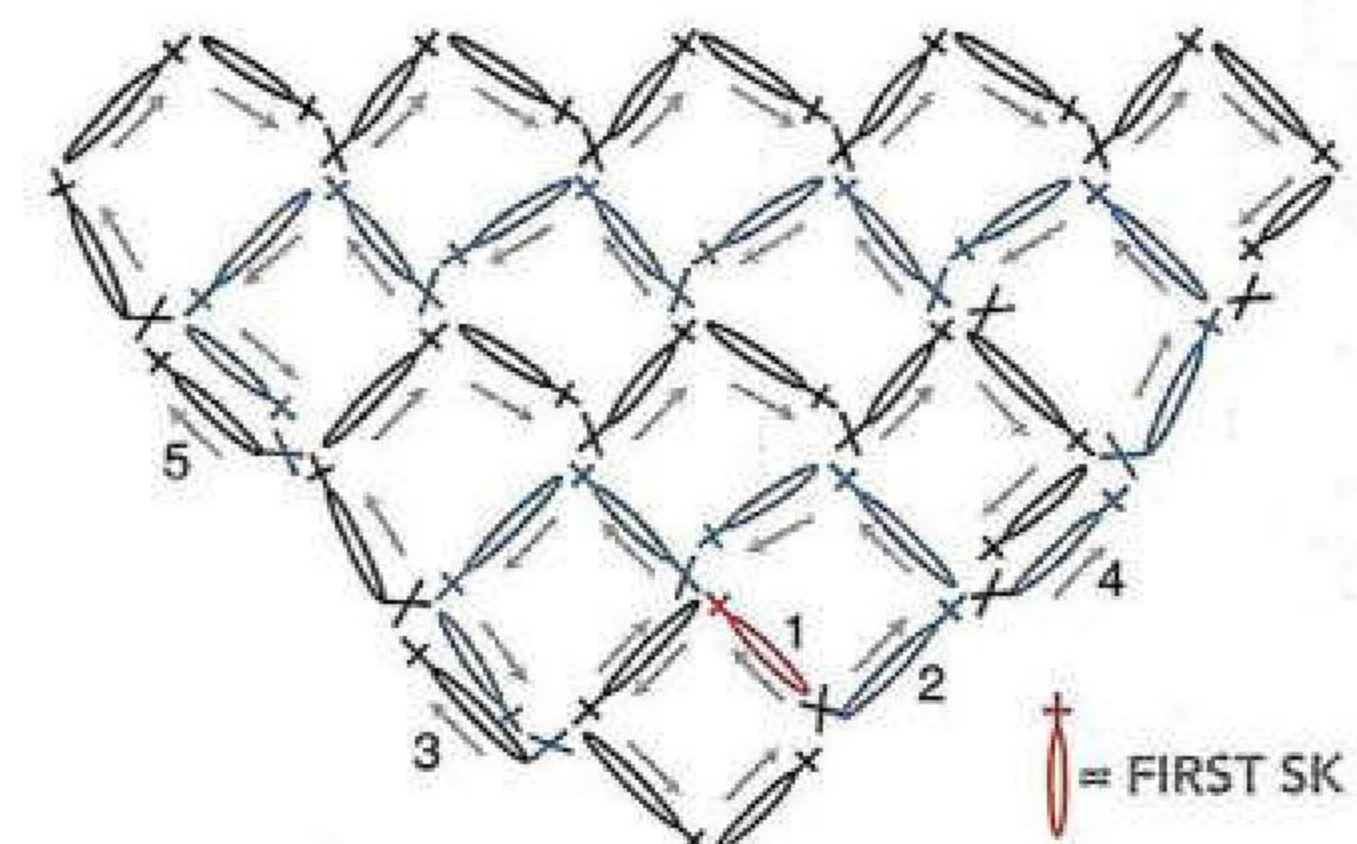

Weave in ends.

Tip

For a trendier look, wear it as a cascading scarf.

STITCH DIAGRAM

SHAWL (ROWS 1-5)

Fringes

For each fringe, cut two 20"/51cm lengths of yarn. Hold the strands together and fold in half. Insert hook into end of a row of diamonds and then into the fold. Draw fold through, forming a loop. Thread ends of strands into loop and pull to tighten. Repeat this process to attach a fringe to each end of every row and to the lower point of the shawl. Trim fringes to desired length.

SPECIAL ABBREVIATIONS

sc2tog (single crochet 2 stitches together) [Insert hook in next stitch, yarn over and draw up a loop] twice, yarn over and draw through all 3 loops on hook.

tr2tog (treble crochet 2 stitches together)

*Yarn over twice, insert hook in first indicated stitch, yarn over and draw up a loop, [yarn over and draw through 2 loops on hook] twice; repeat from * once more in 2nd indicated stitch, yarn over and draw through all 3 loops on hook.

2-tr Cl (2 treble crochet cluster) *Yarn over twice, insert hook in indicated stitch, yarn over and draw up a loop, [yarn over and draw through 2 loops on hook] twice; repeat from *

once more in same stitch, yarn over and draw through all 3 loops on hook.

SPECIAL TECHNIQUE

adjustable ring method Holding the yarn a few inches from the end, wrap around your finger. Do not remove wrap from finger, insert hook into the wrap and draw up a loop of working yarn. Chain one to secure the loop, and remove ring from finger. Work stitches of first round in the ring. Pull gently, but firmly, on tail to tighten ring.

NOTES

1 Work tightly so that stuffing does not show through stitches.

2 Two overlay crochet center Medallions are worked in joined rounds with right side facing throughout. Then the cone-shaped points are worked in joined rounds over 6 stitches each of the front and back Medallion.

3 Most stitches are worked into the back loop only (BL). This leaves the front loops free, and longer stitches are worked down

into these free front loops to create the overlay pattern of the center medallions.

4 Stitch markers are used to indicate the free loops into which longer stitches are worked to form the overlay pattern. If you are comfortable with overlay crochet, you may not need the markers.

Center Medallion (Make 2)

With A, make an adjustable ring.

Round 1 (right side) Work 6 sc in ring; join with sl st in first sc—6 sc.

Round 2 Ch 1, beginning in same st as joining, 2 sc in BL of each sc around; join with sl st in first sc—12 sc.

Round 3 Ch 1, beginning in same st as joining, [sc in BL of next sc, 2 sc in BL of next sc] 6 times; join with sl st in first sc—18 sc.

Round 4 Ch 1, beginning in same st as joining, [sc in BL of next sc, tr in next free loop of Round 1 (directly below current hook location), sc in BL of sc behind tr just made, sc in BL of next sc] 6 times; join with sl st in first sc—24 sts. Fasten off A.

Place a marker in every other free loop of Round 2, between the tr of Round 4 (the sc on Round 2 where 2 sc were worked on Round 3). Skip the free loops of Round 2 that are covered by tr stitches of Round 4. Remove the markers as you work Round 5.

Round 5 With right side facing, join B with sc in BL of same st as joining; sc in BL of next tr, tr2tog working first leg in marked loop of Round 2 slightly behind the current hook location and 2nd leg in next marked loop of Round 2 (star point made), sc in BL of sc behind tr2tog just made, [sc in BL of next 3 sts, tr2tog working first leg in same loop as 2nd leg of last tr2tog made and 2nd leg in next marked loop of Round 2 (star point made), sc in BL of sc behind tr2tog just made] 5 times, sc in BL of last st; join with sl st in first sc—30 sts. Fasten off B.

Place a stitch marker in every 3rd free loop of Round 3, between the star points of Round 5 (the sc on Round 3 where the 2nd sc in BL was worked after each tr on Round 4). Do not remove the markers as you work Round 6. The markers are used again while working Round 7.

Round 6 With right side facing, join C with sc in BL of sc 2 sts before any tr2tog of Round 5, tr in marked loop of Round 3 slightly behind

the current hook location, sk st behind tr just made, [sc in BL of next st (tr2tog at tip of star point), tr in next marked loop of Round 3, sk st behind tr just made, sc in BL of next 2 sts, tr in same loop as last tr made, sk st behind tr just made] 5 times, sc in BL of next st (tr2tog at tip of star point), tr in same loop as first tr, sk st behind tr just made, sc in BL of last sc; join with sl st in first sc—30 sts. Fasten off first medallion. Do not fasten off 2nd medallion.

First Point

Round 9 Ch 1, sc in same st as joining, sc2tog, sc in next sc, sc2tog; join with sl st in first sc—4 sc.

Round 10 With A, repeat Round 2. Fasten off, leaving a long tail.

Weave tail through stitches of last round and pull to close opening. Secure and weave in tail.

Round 1 With 2nd medallion facing, join D with sc in next unworked sc on Round 7 of 2nd Medallion, sc in next 5 sc, turn; work sc in each of 6 matching sts of first Medallion; join with sl st in first sc.

Rounds 2–10 Repeat Rounds 2–10 of First Point.

Stuff Star firmly before working last point. Stuff last point as work progresses.

GAUGE

With K hook, 11 sts and 7 rows in Throw pattern = 4"/10cm

Remember to check gauge for best results!

HOW TO MAKE A GAUGE SWATCH

With K hook, loosely ch 12.

Row 1 Dc in 2nd ch from hook (skipped ch does not count as a st); *hdc in next ch, dc in next ch; repeat from * across—11 sts.

Row 2 Ch 2 (does not count as a st), turn; dc in first st at base of turning ch; *hdc in next st, dc in next st; repeat from * across.

Rows 3–7 Repeat Row 2, 5 more times. Resulting gauge swatch should measure approx 4"/10cm square. If necessary, adjust hook size to obtain correct gauge.

NOTE

Throw is worked in two parts. Triangles are worked first, sewn together to form 6 Hexagons, which are sewn together to form Hexagon Strip. Throw is worked until length is approximately two rows longer than Hexagon Strip, which is then sewn onto Throw.

SPECIAL ABBREVIATION

sc2tog (single crochet 2 stitches together) [Insert hook in next st, yarn over and draw up a loop] twice, yarn over and draw through all 3 loops on hook.

TRIANGLES

(Make 36 total; 6 in each colorway, B-G)

With I hook and appropriate color, leaving an 18"/45.5cm tail to sew Triangles to Throw, ch 17.

Row 1 (Right side) Sc in 2nd ch from hook and in each remaining ch across—16 sc.

Row 2 Ch 1, turn; sc2tog, sc in each sc across to last 2 sc, sc2tog—14 sc.

Row 3 Ch 1, turn; sc in each sc across.

Rows 4–15 Repeat Rows 2 and 3, 6 more times—2 less sc in each even row. At end of Rows 14 and 15—2 sc.

Row 16 Ch 1, turn; sc2tog—1 sc. Fasten off, leaving an 18"/45.5cm tail for sewing Triangles together.

HEXAGONS & HEXAGON STRIP ASSEMBLY

Refer to Hexagon Assembly Chart for Triangle placement throughout assembly. With right sides facing, sew 6 Triangles together to form a Hexagon, using ending tail on each Triangle and placing Row 16 of each Triangle in center of Hexagon. Repeat to assemble all 6 Hexagons. Sew assembled Hexagons together to form Hexagon Strip. Set Hexagon Strip aside.

THROW

With K hook and A, loosely ch 120.

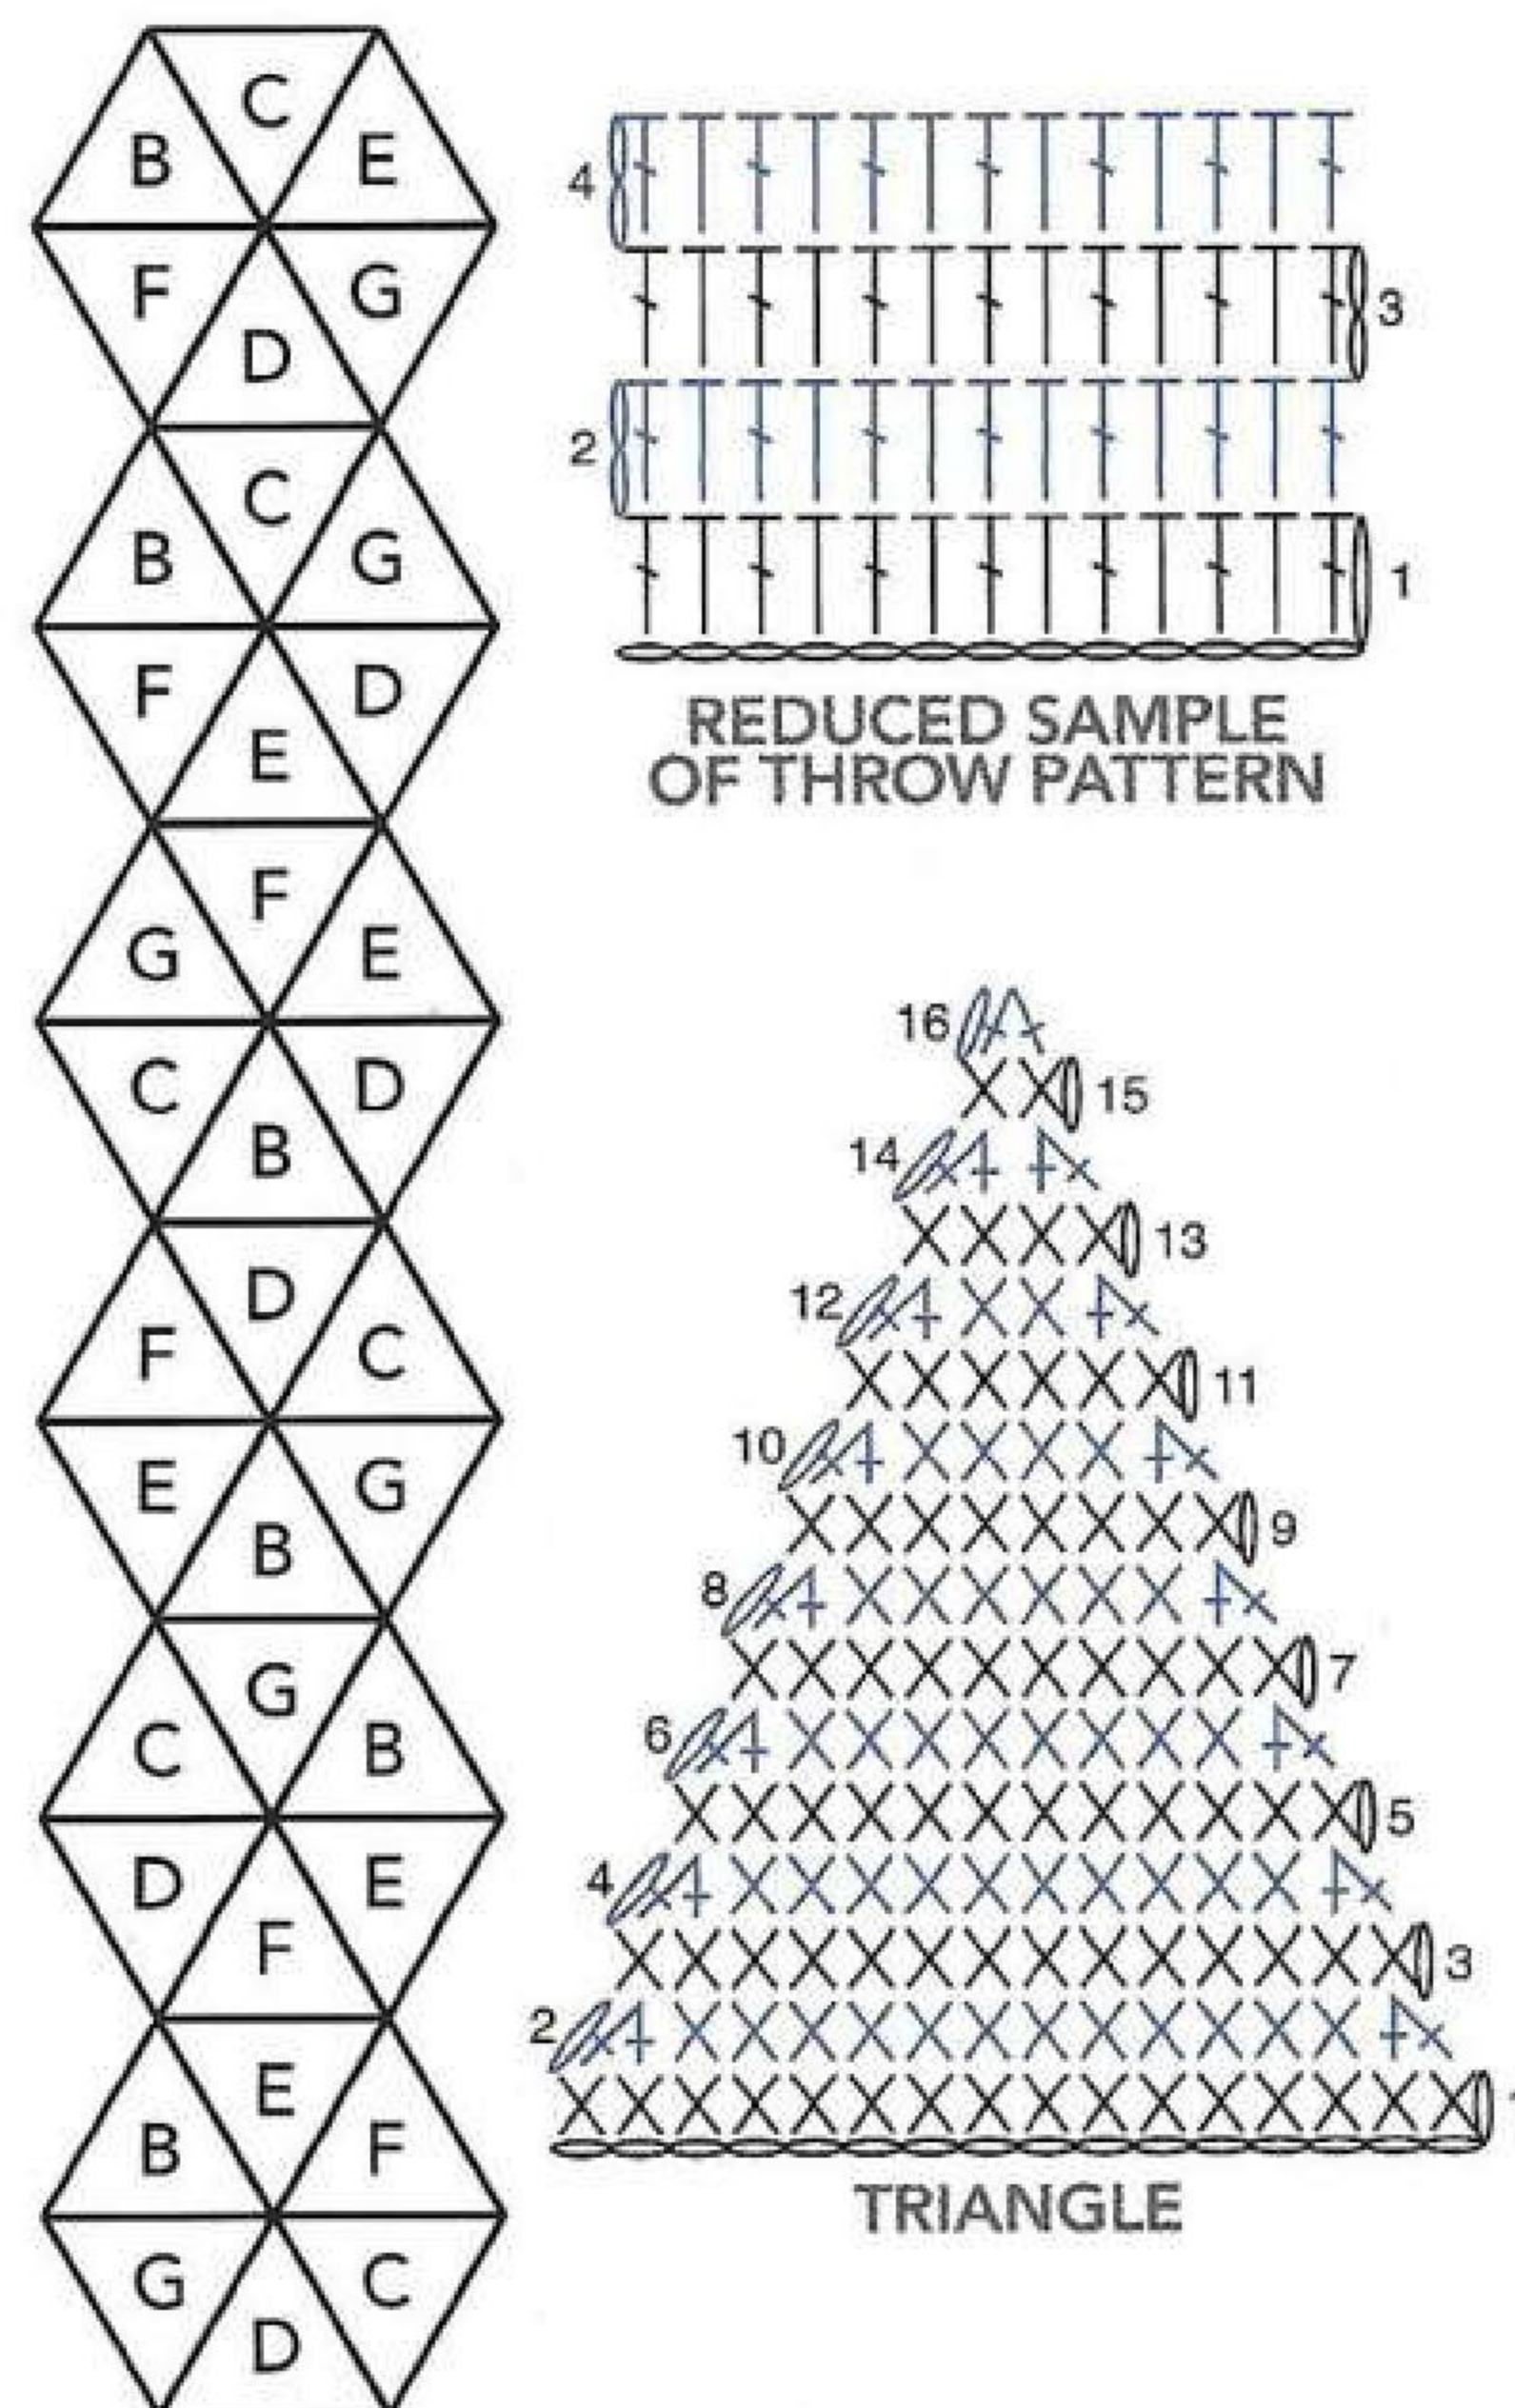

Row 1 (Right side) Dc in 2nd ch from hook (skipped ch does not count as a st); *hdc in next ch, dc in next ch; repeat from * across—119 sts.

Row 2 Ch 2 (does not count as a st), turn; dc in first st at base of turning ch; *hdc in next st, dc in next st; repeat from * across. Repeat Row 2, approx 105 more times, until throw is 2 rows longer than length of Hexagon Strip, or approx 61"/155cm. Fasten off.

FINISHING

Place Throw with right side facing up on a large, firm surface. Center Hexagon Strip vertically on top of Throw, approx 2.5"/6.5cm in from left side edge, measuring from side edge to widest point of hexagon. Sew Hexagon Strip to Throw with beginning tails on each Triangle, matching tail colors to Triangle colors. Weave in ends.
