General Information

Each pattern specifies the type, size and color of crochet cotton used in the sample project.

The intended use of each edging—clothing, towels, pillowcases, etc.—will determine the amount of crochet cotton needed.

If making edgings for sheets, tablecloths or other large projects, be sure to purchase sufficient crochet cotton to complete the project.

Check gauge to save time.

Weave in loose ends as work progresses.

Blocking

Dampen edging slightly.

Arrange 2 or 3 layers of terry-cloth towel on a flat surface; place edging right side down on towels.

Using rustproof pins, pin edging to desired size. Spray with starch and press lightly. Allow to dry completely.
