Hello and welcome...

...to the latest *Knitting & Crochet* magazine, simply bursting at the seams with marvellous makes.

From designer style on the catwalks to off-the-peg high-street fashion, knitting and crochet has never been more popular. One of my favourite trends this summer has to be the ladylike look, and it's the inspiration behind this month's opening feature (p6) – a mix of beautiful lacy designs in sugar pastel shades.

Next up is the wonderfully creative Norwegian duo Arne & Carlos. They're our Designers of the Month this issue with their gorgeous, brightly coloured blanket (p20).

If you're a fan of modern home style you'll love our seasonal collection (p27) – bookends, storage bowls, floor cushion, footstool cover and lampshade, all with a cool, contemporary edge. And in contrast, we've got a wonderfully traditional baby set comprising a matinée jacket, bonnet, booties and mittens (p48) – so sweet!

As well as all our regular favourites, we have a new charity campaign to support the Woodland Trust by creating a woodland glen – so don't miss our patterns to make a fox, owl, badger and hedgehog (p42).

See you next month!

Bright Idea

Bring all the colours of the rainbow into one gorgeous throw by Arne & Carlos

Knitted history

Arne Nerjordet and Carlos Zachrison launched their knitwear line in 2007, gaining attention with their witty reworkings of classic Scandinavian motifs – for example, intricately patterned sweaters festooned with space invaders rather than reindeer. Their brand hit big when fashion house Commes des Garçons commissioned a mini collection in 2008, followed by a line of garments for US-based Urban Outfitters in 2009, as well as Dale of Norway. Arne & Carlos wanted to enable others to create their fantastic designs, and now travel internationally, teaching knitting classes and promoting their five books, which show knitting-lovers how to recreate their unique knitwear patterns with step-by-step instructions. Their books are now published in 14 languages and have sold almost half a million copies worldwide.

Each motif is crocheted in at least two shades to give a stunning effect when they're joined together

We've been overwhelmed by the time you give to the *Woman's Weekly* campaigns. We've asked you to make hats for the homeless, blankets for cats, bunting for a World Record, poppies to commemorate WW1 and, of course, our latest World Record: knitted and crocheted Christmas decorations.

This year we are delighted to be working with the Woodland Trust and we are asking **YOU** to get involved by knitting, sewing or crocheting flowers, animals, birds and leaves that we can put in our Woodland Glen.

There will be regular patterns for you in *Knitting & Crochet from Woman's Weekly* (see far right and over the page), *Love to Make with Woman's Weekly* and of course *Woman's Weekly*, but please feel free to use your own patterns. We would like as many different makes as we can get.

Please send your finished makes by 28 August 2015 to Mary Bird, Head of Marketing, *Woman's Weekly*, Time Inc, 110 Southwark Street. London SE1 0SU – and, if you would like to include a donation, we will forward it to the Woodland Trust at the close of the campaign.

You can also bring your woodland makes with you to our three-day event, *Woman's Weekly Live!*, in Manchester in September – details to follow later.

Woodland Trust

The Woodland Trust aims to create new native woodland with the help of communities, schools, organisations and individuals. They try to protect our precious ancient woods, restore the ones that are damaged and fight for those under threat. This is done by inspiring people up and down the country to visit woods, plant trees and enjoy the many benefits that woodland has to offer. For more information, visit www.woodlandtrust.org.uk

Please return to Mary Bird, Head of Marketing, *Woman's Weekly*, Blue Fin Building, 110 Southwark Street, London SE1 0SU

This month, it's all about crochet... make yourself some street cred, create a stylish purse, conjure up a happy bag and crochet cute Japanese-style fairytale characters

Learn To Crochet, Love To Crochet

by Anna Wilkinson (Quadrille, £14.99)

The best way to learn is to have a good teacher. And with a wealth of experience and awards, Anna Wilkinson is one of the best you could hope for. Her new book assumes no prior knowledge of crochet. Everything you need to know is included, written simply and with bright, bold and clear photography. But Anna is more than a good teacher. She's a teacher with street cred. Her knitwear designs have been worn by pop stars Lily Allen and Ellie Goulding. It's easy to imagine the singers wearing some of the projects Anna's included in this book as practice for her new learners. Some of the designs have a vintage feel, like the granny square T-shirt and striped shift dress, some of them have a modern, international feel, like the kimono-style jacket and fan-stitch cardigan, and all of them are effortlessly cool.

Crochet Purses: Twenty to make

by Anna Nikirowicz (Search Press, £4.99)

Anna Nikirowicz is a design consultant, a teacher and a blogger. And you might already have seen her work without realising it. Last September, her crochet had a starring role alongside actress Julia McKenzie in the ITV Miss Marple mystery, *Greenshaw's Folly*. But there's nothing of the prim, old-fashioned amateur sleuth about Anna's book of purses. Each one is stylish and feminine, and many of them make a playful and fun use of shape and colour. There are frills and bobbles, birds and flowers, stripes and swirls. And there's character that's contemporary and quirky, but rooted in the tradition and heritage of the craft. And if you're wondering whodunnit, it might have been the butler, in the billiards room with the lead piping... you'd have to watch the show to find out!

Simply Stunning Crocheted Bags

by Sabine Schidelko and Elke Reith (Search Press, £7.99)

Sabine Schidelko and Elke Reith's bags are happy bags. They're bags to carry towels and sun-cream to the beach, bags to add flair to an outfit when you're going out for dinner, bags to stuff full of fruit and veg bought from a market while on holiday somewhere hot. These are bags to make memories. The size of the bags makes them easy, achievable projects to take on. And the step-by-step guide to crochet provided at the back of the book makes them accessible even to those who are new to crochet, or who lack confidence. Once you've crocheted your bag, all you'll need is a pair of sunglasses to keep in it, along with a bucket and spade and a ticket to get you to the seaside. None of which are included, sadly.

Once Upon A Time... In Crochet: 30 amigurumi characters from your favourite fairytales

by Lynne Rowe (Search Press, £9.99)

You'll know Goldilocks, Rapunzel, the Three Little Pigs and Puss in Boots. But you might not know amigurumi. It's the Japanese art of crocheting animals and dolls with big, cute, lovable faces. From the frog prince with a forlorn look on his face to the curly-haired princess with her giant pea and the ugly duckling who isn't really very ugly at all, it's harder to turn the pages of this book without saying 'Awww, adorable!' than it is to eat a doughnut without licking your lips. The patterns assume a certain amount of knowledge, so they're probably best tackled if you have some experience in crochet. But they're off-the-scale engaging and gorgeous.

Tina's Tips & Tricks

Get the little things right and your knitting will be beautiful

We want your knitting to be the best it can possibly be. So it's a good job we have Tina. A true knitting professional, Tina's been Technical Knitting Editor at *Woman's Weekly* for 15 years. And now she's here to help you! Every month, Tina answers the most common questions you've sent in and resolves some of the issues we face as knitters. Together, we'll make your knitting beautiful!

Continental knitting

Q Recently I came across the phrase 'continental knitting'. It had never occurred to me there might be any other way of knitting than the way I learnt. How is English knitting different?

A When people talk of continental knitting, they're usually referring to the knitting methods that have developed in continental Europe. And those methods aren't that dissimilar to the methods we use in English knitting. The stitches are formed in the same way except that in continental knitting, the yarn is held in the left hand. The way the yarn is held in that left hand can vary from country to country, and even from person to person, but it's normally wound around the index finger. Continental knitters then hold the index finger out, like an antenna, keeping it back when the knit stitch is formed, and bringing it forward to make a purl stitch. This method is useful if you're working on a Fair Isle pattern. In terms of the fabric you get, there's not much between the two methods, only a subtle difference that wouldn't be noticed by most knitters.

Crochet for left-handers

Q I love crochet, but am left-handed. Even in knitting and crochet magazines such as yours, the diagrams are all for those who work right-handed. Why is this?

A There are several reasons we don't have more left-handed patterns. One reason is there are simply more people who work right-handed and we have to cater for the majority. But the biggest issue is the lack of left-handed experts. During our careers, my colleagues and myself have taught many left-handed people to crochet; drawing diagrams for left-handers is another matter. Still, we might have come up with a way around your problem. We think you should trace the right-handed diagram using tracing paper. Next, turn the paper to the other side and draw over the lines. What you should end up with is a left-handed version of the diagram. None of us here can test the theory as we're all right-handed. So if you're up for the challenge, have a go and let us know how you get on!

What to do with swatches?

Q Since I've started knitting, I've finished more projects than I've had hot dinners. And before starting each project, I've knitted a swatch. I've kept these swatches and now I have more of them than I know what to do with... I'd really like to do something with them. Do you have any ideas?

A I know exactly what you are talking about. If I had a pound for every swatch I'd made, I think I'd be a millionaire! Swatches are really useful to keep hold of while you still have the knitted item, just in case you need to do an emergency repair! But if you don't need the swatches any more, you could always join them together to form a dog or cat blanket. It won't matter if the yarns and sizes are not the same. Sometimes, the more higgledy-piggledy the better! And the asymmetric look is really 'in' at the moment, so if all those different-sized swatches make the edge of your blanket wonky, it'll only mean you're super trendy. But if you don't fancy making a blanket, you could make a ball. Either for your dog, your child or yourself. Place two swatches with right sides together and work back stitch around the edges, keeping slightly away from the edge and leaving an opening. Turn to right side and stuff, then close opening. If you've made one ball, you could always make another, slightly smaller ball. Attach the two together and you have a body attached to a head. Add some arms and legs and you have a toy, or doll. My last suggestion would be to sew all the swatches together and then wrap them round a tree, a lamppost, bollard, bus stop, politician... This is called yarn-bombing, or guerrilla-graffiti knitting. But you didn't hear about it here...

We Made These!

The best part about finishing a project is getting to show it off. So why not share yours with us?

Hot cross bunnies

At Easter, I love the floppy-eared baby bunnies you see all over the place. So every year, I hop into action and crochet as many as I can, making sure each one has a little pouch where a few mini choccy eggs can be hidden. Each rabbit has its own bouncy bunny personality, but I make sure they're all given a bright-yellow bow tie to wear. And then, my cotton-tailed cuties are sold to raise money for charity.

Isa and the amazing technicolour bedspread

Recently, I decided to do something with all the odds and ends of wool in my cupboards and drawers. Some I knitted into blocks, and others I crocheted into granny squares. These I sewed together to create a single bedspread. I really enjoyed doing it, and I'm delighted with the result. It's colourful, cheerful – in fact, it's my amazing technicolour bedspread. When you sleep under it, any dream will do...

A purl and a prayer

When the ladies of The Storrington & West Chiltington Mothers' Union of the Church of England asked me to join their knitting group, I leapt at the chance. We meet once a month to knit and have a natter over a cup of tea. And we work hard knitting these beautiful prayer shawls. When the shawls are complete, they're taken to the church to be blessed by the priest. Then, they're given to the sick, the infirm, and those who need to know they are in our thoughts and prayers.

Vera Blake, Storrington, West Sussex

Twit-twoo!

You'll have heard of barn owls and tawny owls. Let me introduce you to the rarest species of all: the frilly-striped knitted owl, known for its rainbow-coloured chest and tufty turquoise ears. I had a real hoot knitting him from the February issue of *Knitting & Crochet*. I called him Baby George. He's one of the many lovely things I've knitted from the mag since it first came out.

Glossary

Tension

Practically every knitting instruction will state a tension, with a few exceptions, like toys or small accessories.

Tension is the number of stitches and rows that an average knitter will achieve to stated measurements, using specific yarn, pattern and needles. It is used to translate measurements into the number of stitches and rows to be worked.

Before commencing a specific project, check your tension by working a swatch about 13cm square in pattern, yarn and needles or crochet hooks as stated. Stretch swatch in each direction and allow to rest. Mark 10cm horizontally in the middle of the test piece (diag. 1 and 3) and count stitches between markers. Mark 10cm vertically in the middle of test piece (diag. 2 and 4) and count the rows between markers. If the number of stitches and rows is less than quoted, knit another swatch, using smaller needles or hooks. If the number of stitches and rows is greater, use larger needles or hooks.

You may need to knit or crochet samples a few times until the stated tension is achieved.

It is more important to obtain the right number of stitches than rows.

Diagrams 1 and 2 show stitching and rows of stocking stitch of standard double knitting tension.

Diagrams 3 and 4 show stitches and rows of double crochet of average double knitting tension.

Substituting yarns

If you are intending to use yarns other than specified, look for a type of yarn that has the same texture and fibre content: wool for wool, cotton for cotton, with same or similar standard tension and same thickness as original yarn.

The best indicators of the thickness of the yarn are the tension and size of needles or hooks used. A standard crochet tension is not usually available.

Here, we list the standard knitting tension of classic yarns, although these may vary:

4 ply yarn is 28 stitches and 36 rows, to 10 x 10cm, over stocking stitch, using 3¼mm needles.

Double knitting yarn is 22 stitches and 28 rows, to 10 x 10cm, over stocking stitch, using 4mm needles.

Aran yarn is 18 stitches and 24 rows, to 10 x 10cm, over stocking stitch, using 5mm needles.

Chunky yarn is 14 stitches and 19 rows, to 10 x 10cm, over stocking stitch, using 6½mm needles.

For example: If the pattern states 30 stitches and 38 rows over stocking

stitch, you may be able to use 4 ply yarn for this, but using 3mm needles instead of 3¼mm.

In both knitting and crochet, yarn amounts may differ when using substituted yarn, so check the ball band for weight and length informations. If the length is different, work out your amounts by multiplying the length of original yarn by the amount of balls quoted, divide this figure by the number of metres stated on the substituted yarn and that will give you the number of balls needed in the yarn you intend to use.

Making toys

If the toy is intended for under-3s, ensure all the parts are sewn on securely and embellishments used for features (beads, button, plastic nose) are substituted with embroidery. Toy fabric needs to be dense so that the stuffing doesn't show through. Use washable toy stuffing that conforms to safety standards. Make sure toys aren't over- or under-stuffed: under-stuffing can make the toy too floppy; over-stuffing will stretch the fabric.

Knitting Class

Slip knot

1 Loop the yarn with the ball end on top (the ball end is shown with a broken line).

2 Dip the needle into the loop, catch the ball end and pull it through the loop.

3 Pull both ends to tighten the knot.

4 Pull the ball end to bring the knot up to the needle.

Holding the yarn and needles

To make even stitches, control the yarn by taking it over the first finger of the right hand, under the second, over the third and under the fourth, or even around the fourth if necessary. Your

right hand also holds the needle that makes the new stitches. Hold this like a knife or a pencil – whichever is more comfortable. Your left hand holds the needle with the stitches already made.

Casting on by thumb method

1 Leaving a long end, hold the yarn in the left hand and take the left thumb under the yarn and upwards.

2 Insert the needle in the loop just made on the thumb.

3 Take the ball end of the yarn around the needle and bring it through the loop, slipping the loop off the thumb.

4 Pull the yarn end to close the stitch up to the needle. Continue to cast on stitches as steps 1-4.

Casting on by cable method

1 Make a slip knot, then hold the needle in your left hand.

2 Knit one without slipping the stitch off.

3 Insert the right-hand needles between the last 2 stitches just made, yarn round needle and pull the loop through, thus making new stitch. Slip the new stitch onto left needle.

4 Continue making stitches as step 3, until you have the number of stitches you need.

Knit stitch (k)

1 Turn the cast-on so that it's in the left hand and insert the right-hand needle from left to right in the front of the first stitch.

2 Take the yarn from behind to bring it under, up and over the right-hand needle.

3 Use the tip of the right-hand needle to pull the yarn through.

4 Slip the stitch off the left-hand needle to complete the new stitch on the right-hand needle. Continue to make knit stitches as steps 1-4.

Purl stitch (p)

1 With the yarn to the front, insert the right-hand needle from right to left in the front of the first stitch.

2 Take the yarn up and around the right-hand needle.

3 Use the tip of the right-hand needle to pull the yarn through.

4 Slip the stitch off the left-hand needle to complete the new stitch on the right-hand needle.

Casting off

Knit two stitches, then * use the left-hand needle to lift the first stitch over the second.

Knit the next stitch, then repeat from * until one stitch is left.

Break the yarn, take it through this stitch and draw up.

Invisible seaming

Sometimes called ladder or mattress stitch, this method of sewing up gives the neatest seams. Place the two edges together, right sides upwards and starting at the cast-on edge, take the yarn underneath the strand beside the edge stitch at one side and then the other. After a few stitches pull up the yarn to tension the seam.

Decrease by knitting two stitches together (k2tog)

1 Insert the needle in the next two stitches knitwise (that is, through the front of the loops).

2 Yarn round needle, pull through both stitches and slip these stitches off together. The resulting decrease has the top stitch slanting to the right.

1 Insert the needle in the next stitch knitwise (through the front of the loop) to slip it on to the right-hand needle.

2 Knit the next stitch, then use the left-hand needle to lift the slipped stitch over the knitted one. The resulting decrease has the top stitch slanting to the left.

Increase by knitting in the front and then the back of one stitch (kfb)

1 Knit the stitch in the usual way, but without slipping it off.

2 Take the right-hand needle to the back and knit the stitch again.

1 Pick up the strand lying between needles and knit in the back of it.

2 This makes a new stitch that fits closely between existing stitches

Crochet Class

Slip knot

1 Loop the yarn with the ball end on top (the ball end is shown with a broken line).

2 Dip the hook into the loop, catch the ball end and pull it through the loop.

3 Pull both ends to tighten the knot.

4 Pull the ball end to bring the knot up to the hook.

Holding the yarn and hook

Both crochet and yarn are held in the left hand, with the right hand holding the hook preferably like a pencil, but like a knife if you prefer. The work is held between thumb and first finger, with the ball end of

the yarn taken over the first three fingers and under the fourth, or around the fourth if necessary.

Extending the second finger holds the yarn taut for hooking.

Chain (ch)

1 Twist the hook under and over the yarn – yarn round hook (yrh). Pull the yarn through the loop on hook and drop it off to make first chain.

2 Continue to make chain in this way.
Each chain is made up of three strands, with the V shape the 'right side'. When counting chain don't count the loop on the hook.
At the start of a row chain will stand for the first stitch.

Slip stitch (slst)

1 Make a length of chain. Insert the hook under two strands of second chain from hook and yarn round hook.

2 Pull the yarn through the chain and loop on the hook. This stitch has virtually no height.

Double crochet (dc)

1 Insert the hook under the top two strands of the second chain from the hook. Yarn round hook.

2 Pull the yarn through to make loops on the hook. Yarn round hook again.

3 Pull the yarn through both loops on the hook to make one double crochet. Insert the hook in the next chain and repeat steps 1-2.

Remember not to take the yarn round hook before inserting the hook. When working into stitches always insert the hook under the top two strands of yarn unless instructed otherwise.

Half treble (htr)

In height the half treble is halfway between a double crochet and a treble and is frequently used as a transitional stitch between the two.

1 Yarn round hook and insert the hook in the third chain from the hook.

2 Yarn round hook and pull the yarn through to make a loop on the hook, then yarn round hook again.

3 Pull the yarn through all three loops on the hook to complete the stitch.

Treble (tr)

Treble stitch is twice the height of double crochet, because it has an initial yarn round hook, which requires additional steps (wraps) to complete the stitch. The height of stitches is dictated by the number of wraps worked.

1 Yarn round hook before inserting the hook under two strands of the fourth chain from the hook.

2 Yarn round hook and pull the yarn through to make three loops on the hook.

3 Yarn round hook again.

4 Pull the yarn through first two loops on hook, making two loops on the hook.

5 Yarn round hook for the last time and pull it through the remaining two loops to complete the stitch.

6 To continue making treble, yarn round hook and insert the hook in the next chain, then repeat steps 2-5. At the beginning of a row three chain usually stand in for the first treble.

On the next row make sure that the treble following the chain is made in the second

stitch of the previous row, because if it's made in the stitch immediately below you will have made an extra stitch. The last treble of the row will be made in the top chain that started the previous row. Understanding row-end stitches will keep the edges under control.

Double treble (dtr)

1 Yarn round the hook twice before inserting the hook under the top two strands of the fifth chain from the hook.

2 Yarn round hook and pull the yarn through to make four loops on the hook.

3 Yarn round hook and pull the yarn through the first two loops on the hook to make three loops on the hook.

4 Yarn round hook and pull the yarn through the next two loops on the hook to make two loops on the hook.

5 Yarn round hook and pull the yarn through the remaining two loops on the hook.

6 The finished double treble. To continue making double treble, yarn round hook twice and insert the hook in the next chain or stitch, then repeat steps 2-5.

Fastening off

Simply break the yarn, take it through the last loop and draw it up.

Increases

For clarity these are shown as single increases worked in treble, but the principle is the same in double crochet, double treble, etc.

1 At the beginning of a row, instead of working into the next stitch after the chain that counts as the first stitch, work into the stitch below. This increases one stitch.

2 Mid row simply work the additional stitch, or

3 At the end of a row, work two stitches in the top chain that formed the first stitch of the previous row. This increases one stitch.

Decreases

Decreases are part stitches worked into a stated number of stitches and then joined into one in the last stage of the stitch. Decreasing one treble stitch is shown, but the principle is the same in all stitches and for any number of decreases.

1 Without making the last wrap of each make a treble in each of the next two stitches: * yarn round hook, insert hook in next stitch, yarn round hook, pull through, yarn round hook, pull it through two loops; repeat from * once, leaving three loops on the hook.

2 Yarn round hook and pull it through all three loops on the hook.
