Hello and welcome...

...to the November issue of *Knitting & Crochet*.

As I sit writing this letter, torrential rain is falling outside – following what must have been one of the hottest weekends of the year! Typical British weather and very appropriate, as in this month's magazine we're celebrating British Wool and its annual calendar week (5th-11th October).

So, as a nod to our great wool industry and this fantastic British Wool campaign, we've chosen only home grown, dyed and spun yarns throughout many of this issue's features. You'll find British wools in the 'Best of British' opener, offering a selection of classic timeless designs (p6); in the cardi from Yarn Stories' head designer, Amanda Crawford, our Designer of the Month (p20); in the archive pattern – a man's chunky jumper (p24); in our very own *Woman's Weekly* teddy bear (p26), and in our fab kids' jacket – perfect to wear all year round (p52). All feature our specially designed British Wools logo.

Now, we know from your letters that creating for Christmas is something you enjoy all year round. So, with a little more than ten weeks to go until the big day, we didn't think it was too soon to bring

you this year's first festive projects with 'Christmas Is Coming' (p29) – a delightful collection featuring colourful cards, pretty bowls, cute hats and quirky decorations.

Plus, we've all the usual regulars that we hope will keep you all inspired and creating – whatever the weather!
See you next month.

Attention To Detail

Clever use of cable and a subtle peplum effect make Amanda Crawford's elegant cardigan extra special

Knitted history

Amanda Crawford's designs have appeared in *The Knitter*, *Simply Knitting* and *Designer Knitting*, and she has contributed many designs to Rowan magazines.

Formerly Head Designer at Patons yarns, Amanda now holds the same position at Yarn Stories, where she masterminds their collections, working with other designers and producing her own patterns, too. Her garments are characterised by a great use of colour, fantastic fit and little details that add a unique touch. She always has her eye on the latest fashions and her latest designs have a stylish and contemporary feel, in keeping with the current trends in knitwear and crochet.

'Hand knitting is my idea of bliss and I feel very honoured to be able to turn my hobby into my full-time job,' Amanda says. 'I'm never happier than when I have my needles or a crochet hook in my hand.'

Amanda's garments are stylish and contemporary

Tina's Tips & Tricks

Get the little things right and your knitting will be beautiful

We want your knitting to be the best it can possibly be. So it's a good job we have Tina. A true knitting professional, Tina's been Technical Knitting Editor at *Woman's Weekly* for 16 years. And now she's here to help you! Every month, Tina answers the most common questions you've sent in and resolves some of the issues we face as knitters. Together, we'll make your knitting beautiful!

Tackling textured yarns

Q I've been knitting for years, but I can't get the hang of textured yarns. Bouclé, slub, chenille, I love the woven-look fabric created by these yarns. But when I knit with them, the end result is always loose-looking and invariably has loops hanging off it. What am I doing wrong?

A There are so many yarns on the market like the ones you mention. And they make a fabric that's quite uncharacteristic for knitting. There's not a particular technique for knitting with textured yarns, but the loops you're getting in your work would suggest to me that you're not pulling the yarn through each stitch as tightly as you would when you're knitting with a smooth yarn. And I imagine that's because of all the lumpy bits you get on these thin and thick yarns! These thicker bits can be pulled through the stitch, and they will slip into a suitable position as the knitting progresses. Knitting with chenille is another kettle of fish. Here, the problem isn't lumpy bits, it's the fluff. Fluffy yarns can make you think you've pulled enough yarn through for each stitch, whereas you could tighten it more.

Crochet abbreviations

Q Sometimes I forget what the abbreviations in crochet instructions mean! In my latest project, the instructions mention popcorn stitch and puff stitch... and I just can't remember what the difference is between them. Help!

A In a pattern, there's usually an explanation of the abbreviations somewhere. Both a popcorn stitch and a puff stitch have a bobble-like appearance. And they're both formed by a multiple of stitches being worked into one stitch. The stitches used to make a puff stitch are left incomplete and are bound together into one stitch only at the final stage, when the last multiple stitch is worked. The end result is a densely filled, flat, oval shape. When you're doing a popcorn stitch, each of the multiple stitches are completed as you go, and the first and last stitches are joined together at the end, creating a raised effect. A popcorn stitch should look like a hollow triangle with the top corners joined.

What to do with leftovers?

Q I love knitting. But like every other knitter I know, I have bag upon bag of leftover bits of yarn. There's not enough of one colour to make anything meaningful out of it, but it seems wasteful to throw it away. Do you have any idea how I could combine all these odd bits so they could be used for something?

A I laughed when I read your letter, because you and I have exactly the same problem! Honestly, I sometimes feel if I tied my leftover bits together they'd reach around the equator. Twice. But then, a while ago, one of our readers sent in a little idea. A little idea I thought was a stroke of genius. It is now my honour to pass this idea on to you. It's simple. First separate yarns into same weight – ie, 4 ply, DK – then cut your bits of leftover yarns into short lengths. Next, arranging the colours any way you like (but I reckon the more haphazard the better), tie the lengths of yarn together, leaving about 2cm fringes at each end. Now, wind the tied-together lengths into a ball. And knit! Just make sure when you're knitting with your newly created yarn that all the shaggy ends you've made are on the right side. You'll create a shaggy-

effect fabric of many colours that you could use as a mat, a cushion cover... anything you like. It's a great fun thing to do. So have a go and let us know how you get on.

And big thanks again to the reader who came up with this – you've got us all knitting shaggy-chic!

We Made These!

The best part about finishing a project is getting to show it off. So why not share yours with us?

Brilliant Bedspread

It took me five months. But every day, hour and minute of those five months I spent knitting this bedspread were worth it. I'm just so proud of it! I've been an avid reader of *Woman's Weekly* for a good while, so I used a pattern from one of the old *WW* patterns books. And I am so glad I did. I loved the challenge, I love the end result, and I've loved showing it to my friends and family. They're all really impressed! That's why I wanted to share it with you. Every month I turn to this page to see the fantastic projects readers have made. Now it's my time to shine!

Boxing Boots For A Tiny Fighter

When my friend told me she was expecting a boy, I crocheted this pair of gorgeous, red boxing boots for him. And then, the little mite was seven weeks early. Even though he was only 4lb 5oz when he was born, baby Henry showed fighting spirit from the off. He put on weight and got stronger every day. Now, he weighs a healthier 6lb 4oz. We all love him so much. Our little champion. It's hard to imagine a stronger fighter has ever pulled on a pair of boxing boots.

Goodbye, Friends

For the last few years I've been working hard behind the scenes at *Woman's Weekly*. I made some great friends along the way. When I started, I didn't know one end of a knitting needle from the other. But I learnt how to knit at the *Woman's Weekly* office knit club. And I learnt from the best. My little duck was the last project I finished at the club before I left *WW* for pastures new. Thanks for everything, dear friends.

A British Classic

Nothing says summer quite like the gleam of cricket whites. And nothing says gentleman quite like cricket whites, either. Which is why I knitted a pair of cricket sweaters for my two great-grandsons, Joshua and Jacob. Here they are sporting the sweaters for this photo, and I think you'll agree they look very handsome. A cricket sweater is a British fashion classic. And the pattern came from another British classic – *Woman's Weekly* magazine.

Junior Colour Knits: A colourful collection of hand knit designs from 3 months to 5 years

By Erika Knight
(Quail Publishing, £9.95)

Erika Knight knows about fashion – she's designed for labels like Whistles, M&S and Nicole Farhi. And during her busy career, she's published 20 books of knitting patterns – all with simplicity at heart. Her patterns are easy to follow, her instructions are thorough and they're accessible. Erika also knows about kids. She knows they like jumping in puddles and climbing trees. And she knows they like growing. As such, the patterns in *Junior Colour Knits* are hard-wearing; clothes to endure spills, tumbles and growth spurts. And yet, because of her designer's eye, they're clothes you'll love seeing little ones wearing, too.

Knitting Library

These square blocks aren't knitted with two needles, they're examples of knitting in the round

Plain square

Floral square

Photos: Nicki Dowey

Knitting in the round involves using a set of double-pointed needles. It needs a little practice, but with the right side always facing, you can knit perfect squares.

Materials

Rowan Cotton Glacé, using a set of five 3¾mm (No. 9) double-pointed knitting needles. Knitter's sewing needle.

Abbreviations

K, knit; **st**, stitch; **tog**, together; **yo**, yarn over needle or yarn forward and round needle to make a stitch; **s2kpo**, slip 2 sts as if to k2tog, k1, pass slipped sts over; **ssk**, slip each of next 2 sts knitwise,

insert the left-hand needle through front loops of these 2 sts and knit them together.

Note

Instructions in square brackets are worked as stated after 2nd bracket.

Plain square

Increases radiate from the centre to create the four corners of this block.

Leaving a fairly long end, cast on 8 sts on one double-pointed needle. Without twisting the stitches, transfer 2 sts to each of the remaining 3 needles,

making 2 sts on each of 4 needles. Place short length of coloured thread on needle after last st to mark end of round and move this marker up at end of every round.

After the work is completed, use the yarn end to gather the stitches of the cast-on.

1st and alternate rounds: K.

2nd round: [K1, yo, k1] 4 times – 12 sts.

4th round: [K1, yo, k1, yo, k1] 4 times – 20 sts.

6th round: [K1, yo, k3, yo, k1] 4 times – 28 sts.

8th round: [K1, yo, k5, yo, k1] 4 times – 36 sts.

10th round: [K1, yo, k7, yo, k1] 4 times – 44 sts.

12th round: [K1, yo, k9, yo, k1] 4 times – 52 sts.

14th round: [K1, yo, k11, yo, k1] 4 times – 60 sts.

16th round: [K1, yo, k13, yo, k1] 4 times – 68 sts.

Next round: Turn and, wrong side facing, cast off knitwise.

Alternatively, right side facing, cast off knitwise for a smooth chain edge.

Fasten off by breaking the yarn, threading it on to a knitter's sewing needle and taking it around the first cast-off stitch before darning it in.

Floral square

This block is unusual as it is worked from the outside to the centre. In addition it has a raised flower motif.

Colours A and B.

Leaving a fairly long end, with A, cast on 23 sts on each of 4 double-pointed needles – 92 sts. After the work is completed, use the yarn end to join the first and last stitches of

the cast-on.

1st round: P.

2nd round: [P2tog, p19, p2tog] 4 times – 84 sts.

3rd round: P.

18th round: [P2tog, p1, ssk, k1, k2tog, p1, p2tog] 4 times – 28 sts.

19th round: [P2, k3, p2] 4 times.

20th round: [P2tog, s2kpo, p2tog] 4 times – 12 sts.

Join in B.

21st, 22nd and 23rd rounds: P.

Break yarn, thread end on to a knitter's sewing needle, take it through the remaining stitches and pull tight.

Fasten off securely.

Knitting in the round

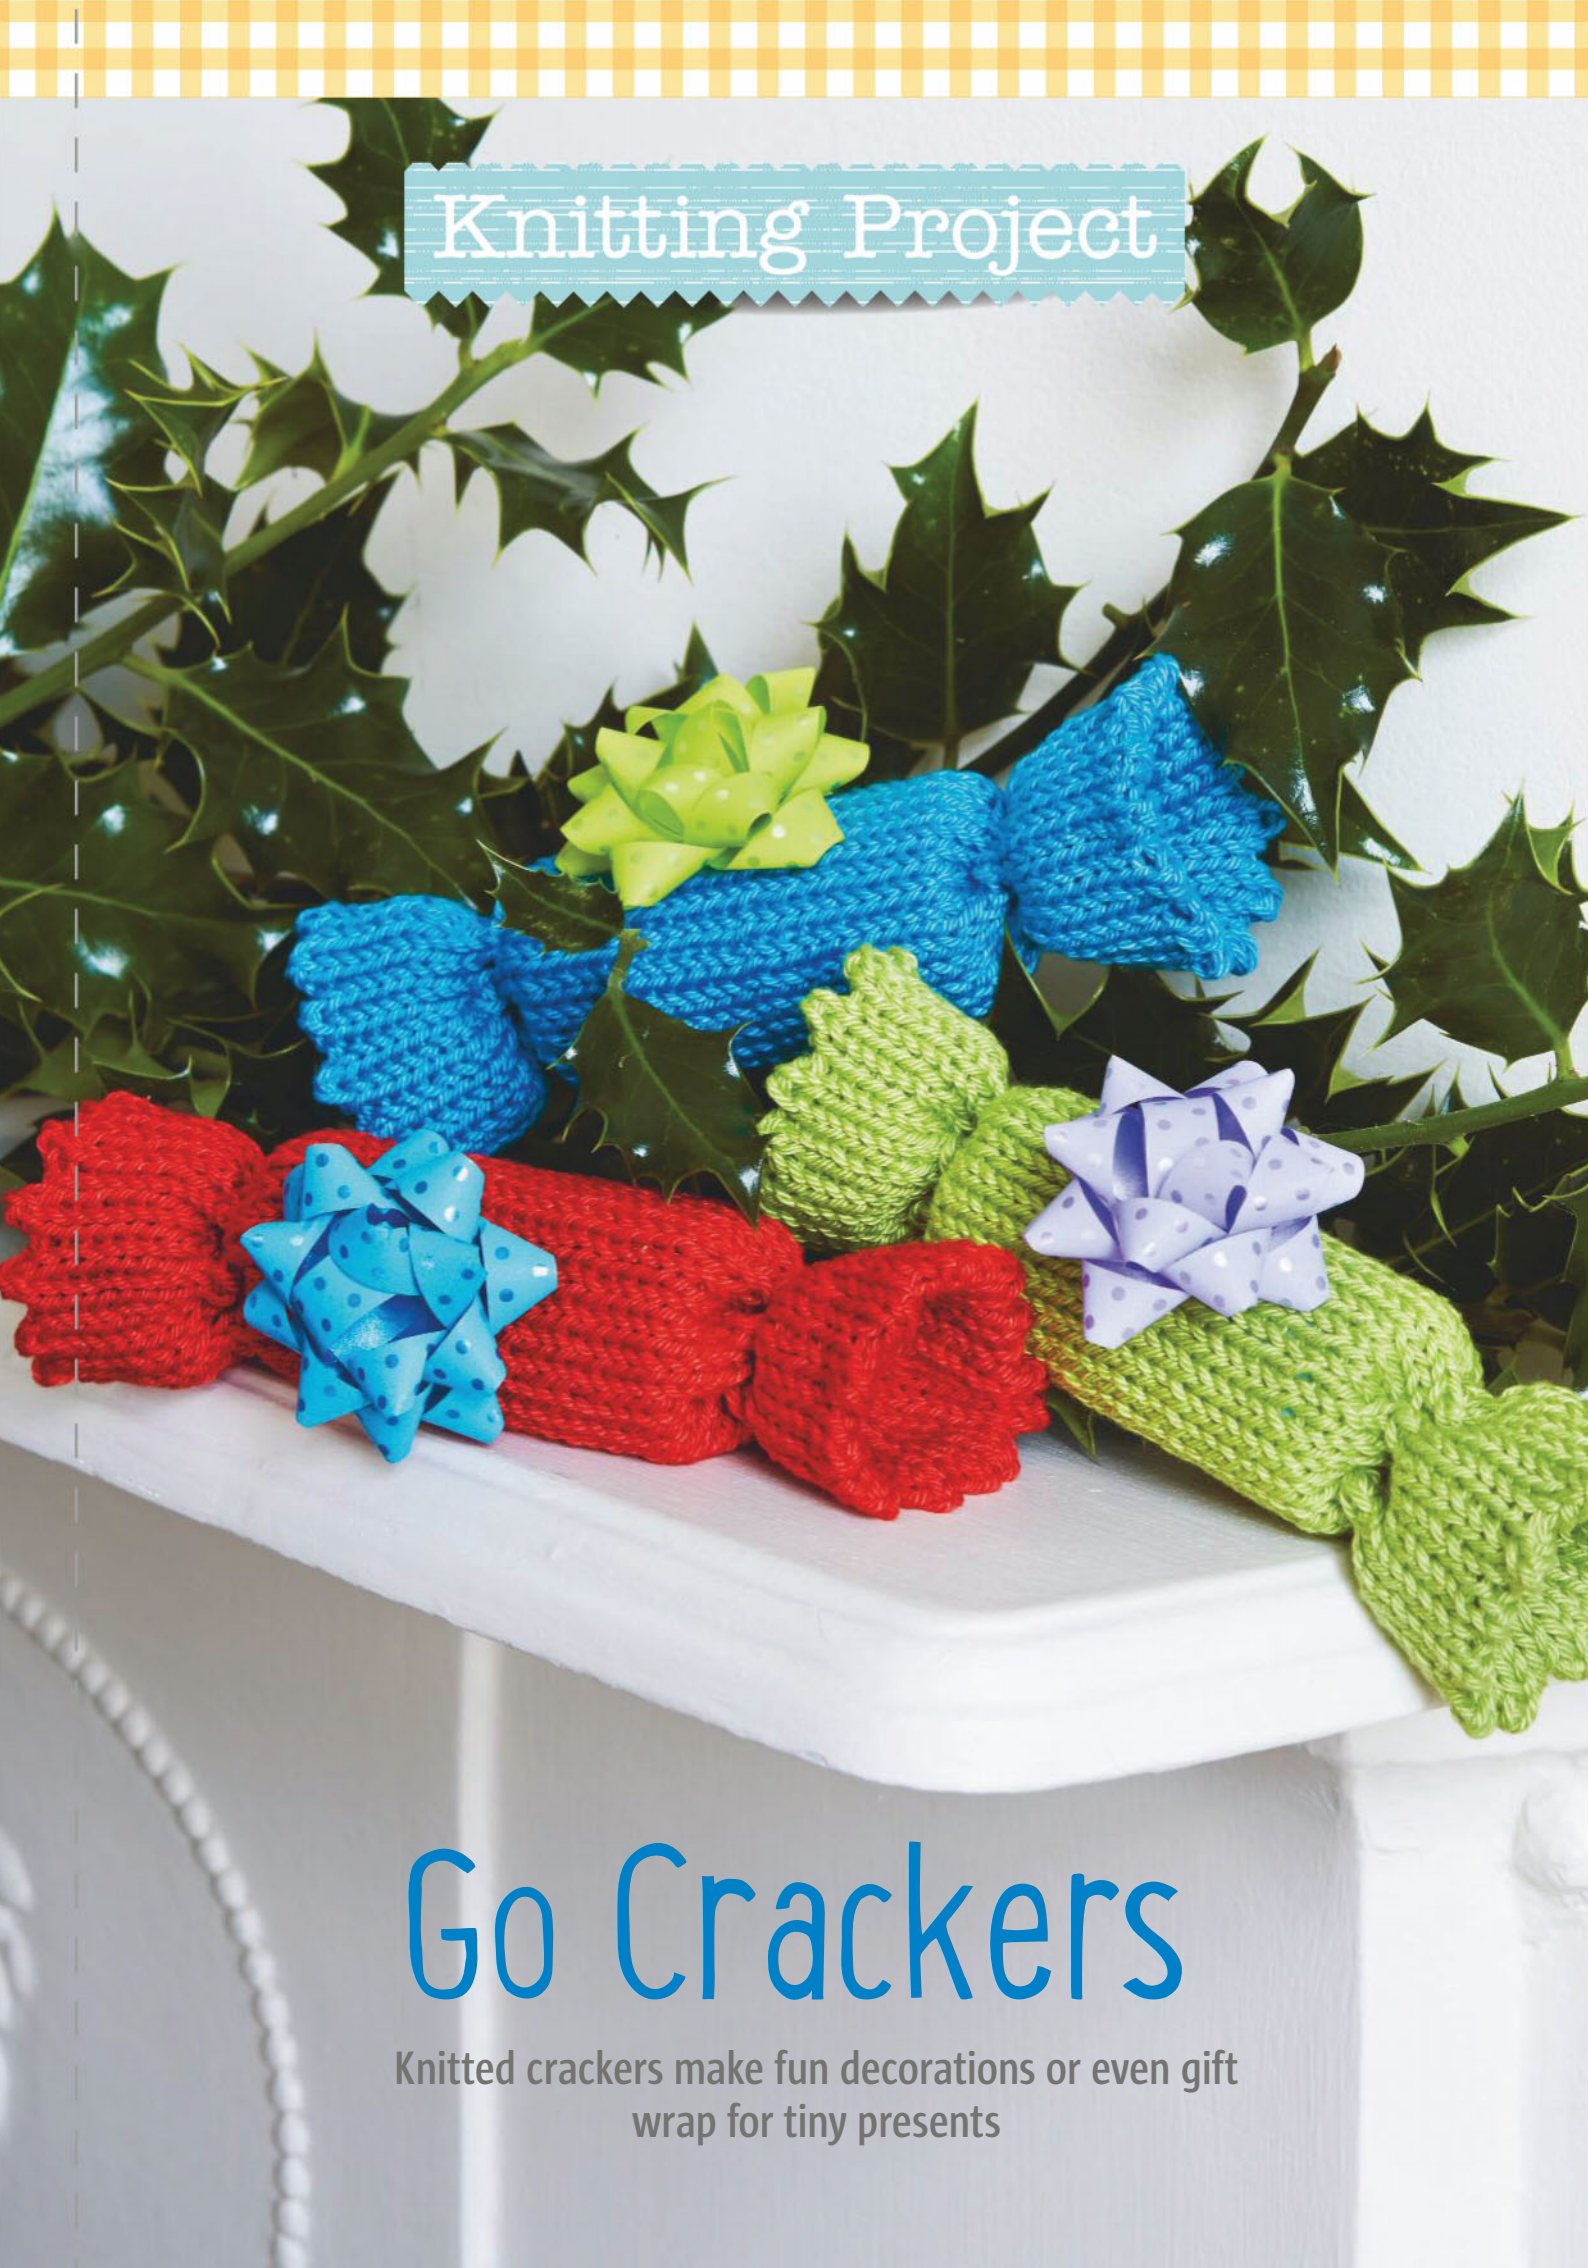

1 The right side of the knitting is always towards you and the stitches are worked off the left-hand needle and on to the free (working) needle, with the last needle of the round becoming the free needle in the next round.

2 The yarn must be taken firmly between needles or a ladder will develop. To make the first stitch on each needle, cross the two needles in

a way that makes the shortest distance for the yarn to travel.

3 Mark the end of the second round with coloured thread and move this marker up at the end of every round.

4 The method of holding the needles and yarn is up to the individual. You may find that using lightweight bamboo needles will help to avoid needles slipping out of stitches.

Knitting Project

Go Crackers

Knitted crackers make fun decorations or even gift wrap for tiny presents

In order to be seamless the crackers are worked in the round – but as they are tubular, they're just about the simplest example of this kind of knitting

Measurement

Approximately 15cm/6in long.

Materials

1 x 100g (212m) ball of Sirdar Cotton DK (100% cotton) in each of Turquoise (0515), Lime (0529) and Red (0510)*. Set of four or five of 4mm (No. 8) double-pointed knitting needles. Knitter's sewing needle, lightweight card, sticky tape, ribbon (optional) and stick-on paper pompon (optional).

Tension

22 stitches and 28 rounds, to 10 x 10cm, over stocking stitch (every round knit), using 4mm needles.

Abbreviations

K, knit; **st**, stitch; **tog**, together; **yo**, yarn forward and over needle to make a stitch.

Note

Instructions in square brackets are worked as stated after 2nd bracket.

To make

Cast on 24 sts on one needle. Without twisting the stitches and leaving one needle free, distribute the stitches evenly around the remaining needles (8 sts on each of 3 needles or 6 sts on each of 4 needles). Place short length of coloured thread on needle after last st on 2nd round to mark end of round and move this marker up at end of every round.

Right side facing and making the first stitch on each needle very firmly so as not to create a ladder between needles, work in rounds. (For more information on working in the round, see page 62).

1st to 7th rounds: K.

8th round (fold line of picot hem): [Yo, k2tog] to end.

9th to 18th rounds: K.

19th round (eyelet round): [Yo, k2tog] to end.

K 30 rounds.

50th round (second eyelet round): [Yo, k2tog] to end.

51st to 60th rounds: K.

61st round (fold line of second picot hem): [Yo, k2tog] to end.

62nd to 68th rounds: K.
Cast off.

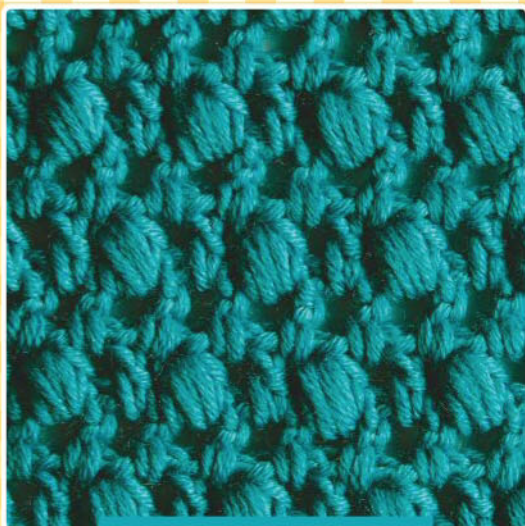

To make up

Turn inside out. Fold each end along the picot fold line and stitch each hem close to the eyelet round. Turn to the right side.

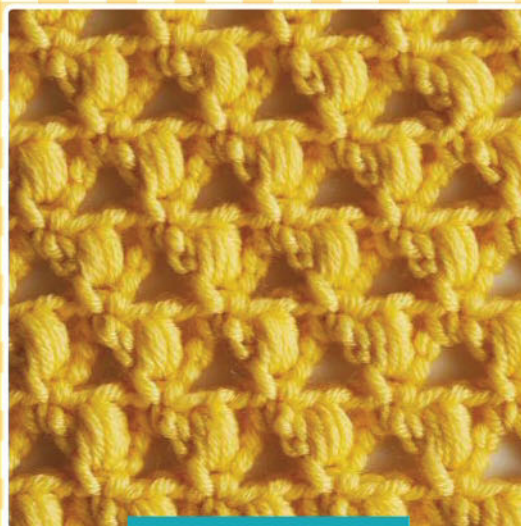

Cut a rectangle of card approximately 10 x 7cm (check that 10cm is the circumference of the cracker and adjust this measurement if necessary). Roll the card and stick shorter sides together with sticky tape. Insert the tube in the cracker, enclosing a small present, if using as gift wrap. Close the ends by threading doubled yarn or ribbon through the remaining eyelets and gathering up. If using yarn, lose the ends to the inside of the cracker. Tie the ribbon in bows and add optional paper (or yarn) pompons.

Glossary

Tension

Practically every knitting instruction will state a tension, with a few exceptions, like toys or small accessories.

Tension is the number of stitches and rows that an average knitter will achieve to stated measurements, using specific yarn, pattern and needles. It is used to translate measurements into the number of stitches and rows to be worked.

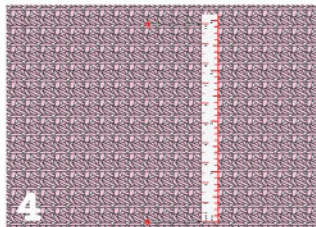

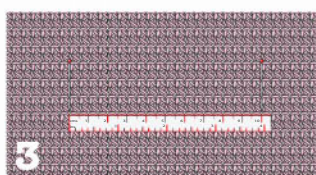

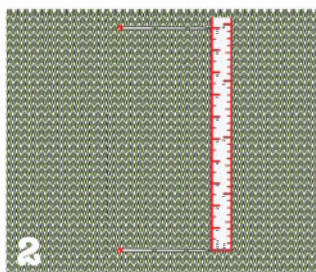

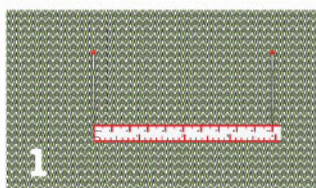

Before commencing a specific project, check your tension by working a swatch about 13cm square in pattern, yarn and needles or crochet hooks as stated. Stretch swatch in each direction and allow to rest. Mark 10cm horizontally in the middle of the test piece (diag. 1 and 3) and count stitches between markers. Mark 10cm vertically in the middle of test piece (diag. 2 and 4) and count the rows between markers. If the number of stitches and rows is less than quoted, knit another swatch, using smaller needles or hooks. If the number of stitches and rows is greater, use larger needles or hooks.

You may need to knit or crochet samples a few times until the stated tension is achieved.

It is more important to obtain the right number of stitches than rows.

Diagrams 1 and 2 show stitching and rows of stocking stitch of standard double knitting tension.

Diagrams 3 and 4 show stitches and rows of double crochet of average double knitting tension.

Substituting yarns

If you are intending to use yarns other than specified, look for a type of yarn that has the same texture and fibre content: wool for wool, cotton for cotton, with same or similar standard tension and same thickness as original yarn.

The best indicators of the thickness of the yarn are the tension and size of needles or hooks used. A standard crochet tension is not usually available.

Here, we list the standard knitting tension of classic yarns, although these may vary:

4 ply yarn is 28 stitches and 36 rows, to 10 x 10cm, over stocking stitch, using 3¼mm needles.

Double knitting yarn is 22 stitches and 28 rows, to 10 x 10cm, over stocking stitch, using 4mm needles.

Aran yarn is 18 stitches and 24 rows, to 10 x 10cm, over stocking stitch, using 5mm needles.

Chunky yarn is 14 stitches and 19 rows, to 10 x 10cm, over stocking stitch, using 6½mm needles.

For example: If the pattern states 30 stitches and 38 rows over stocking

stitch, you may be able to use 4 ply yarn for this, but using 3mm needles instead of 3¼mm.

In both knitting and crochet, yarn amounts may differ when using substituted yarn, so check the ball band for weight and length informations. If the length is different, work out your amounts by multiplying the length of original yarn by the amount of balls quoted, divide this figure by the number of metres stated on the substituted yarn and that will give you the number of balls needed in the yarn you intend to use.

Making toys

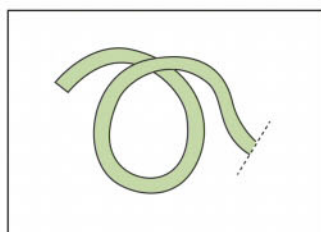

If the toy is intended for under-3s, ensure all the parts are sewn on securely and embellishments used for features (beads, button, plastic nose) are substituted with embroidery. Toy fabric needs to be dense so that the stuffing doesn't show through. Use washable toy stuffing that conforms to safety standards. Make sure toys aren't over- or under-stuffed: under-stuffing can make the toy too floppy; over-stuffing will stretch the fabric.

Care symbols

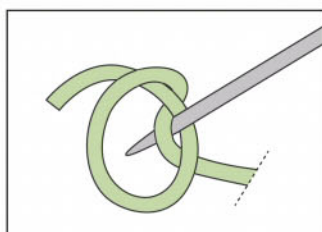

Knitting Class

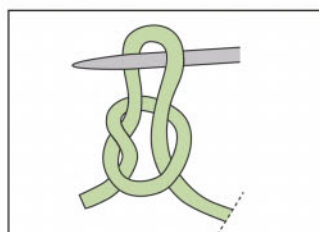

Slip knot

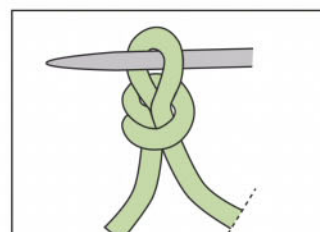

1 Loop the yarn with the ball end on top (the ball end is shown with a broken line).

2 Dip the needle into the loop, catch the ball end and pull it through the loop.

3 Pull both ends to tighten the knot.

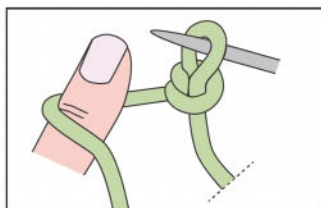

4 Pull the ball end to bring the knot up to the needle.

Holding the yarn and needles

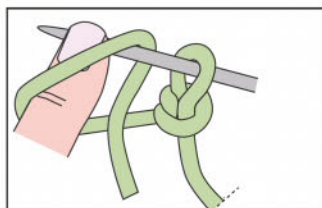

To make even stitches, control the yarn by taking it over the first finger of the right hand, under the second, over the third and under the fourth, or even around the fourth if necessary. Your

right hand also holds the needle that makes the new stitches. Hold this like a knife or a pencil – whichever is more comfortable. Your left hand holds the needle with the stitches already made.

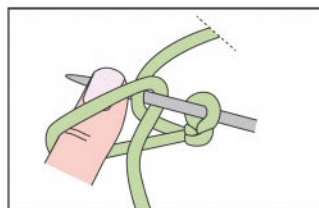

Casting on by thumb method

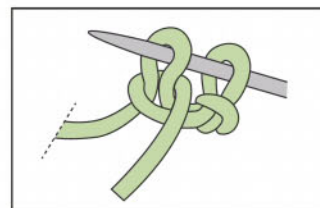

1 Leaving a long end, hold the yarn in the left hand and take the left thumb under the yarn and upwards.

2 Insert the needle in the loop just made on the thumb.

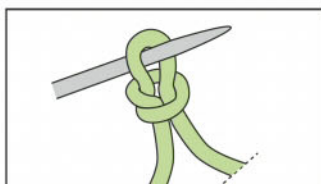

3 Take the ball end of the yarn around the needle and bring it through the loop, slipping the loop off the thumb.

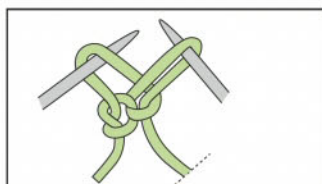

4 Pull the yarn end to close the stitch up to the needle. Continue to cast on stitches as steps 1-4.

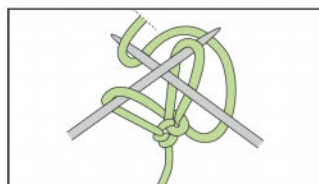

Casting on by cable method

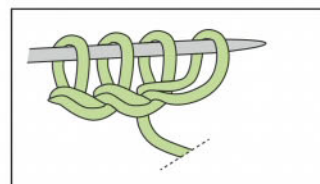

1 Make a slip knot, then hold the needle in your left hand.

2 Knit one without slipping the stitch off.

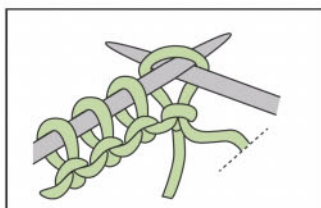

3 Insert the right-hand needles between the last 2 stitches just made, yarn round needle and pull the loop through, thus making new stitch. Slip the new stitch onto left needle.

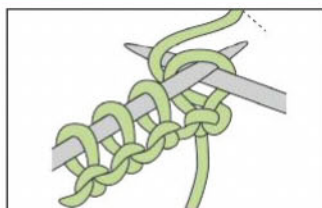

4 Continue making stitches as step 3, until you have the number of stitches you need.

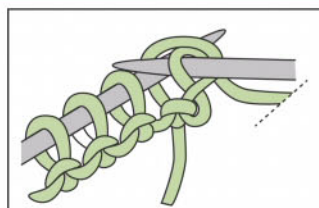

Knit stitch (k)

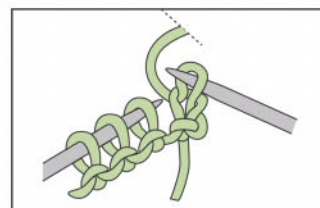

1 Turn the cast-on so that it's in the left hand and insert the right-hand needle from left to right in the front of the first stitch.

2 Take the yarn from behind to bring it under, up and over the right-hand needle.

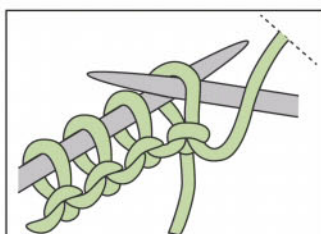

3 Use the tip of the right-hand needle to pull the yarn through.

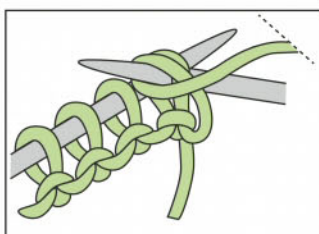

4 Slip the stitch off the left-hand needle to complete the new stitch on the right-hand needle. Continue to make knit stitches as steps 1-4.

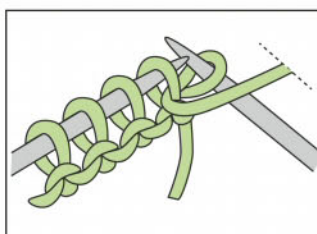

Purl stitch (p)

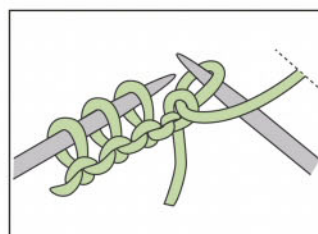

1 With the yarn to the front, insert the right-hand needle from right to left in the front of the first stitch.

2 Take the yarn up and around the right-hand needle.

3 Use the tip of the right-hand needle to pull the yarn through.

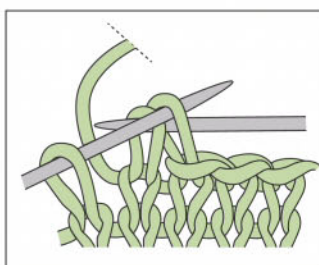

4 Slip the stitch off the left-hand needle to complete the new stitch on the right-hand needle.

Casting off

Knit two stitches, then * use the left-hand needle to lift the first stitch over the second.

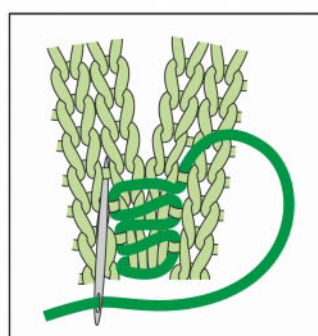

Knit the next stitch, then repeat from * until one stitch is left.

Break the yarn, take it through this stitch and draw up.

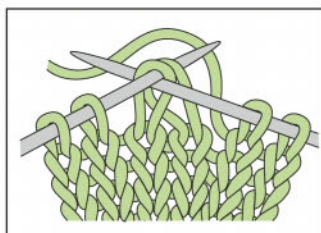

Invisible seaming

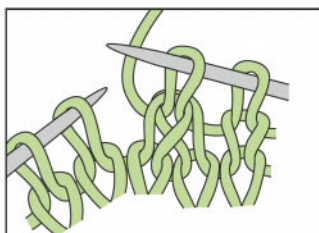

Sometimes called ladder or mattress stitch, this method of sewing up gives the neatest seams. Place the two edges together, right sides upwards and starting at the cast-on edge, take the yarn underneath the strand beside the edge stitch at one side and then the other. After a few stitches pull up the yarn to tension the seam.

Decrease by knitting two stitches together (k2tog)

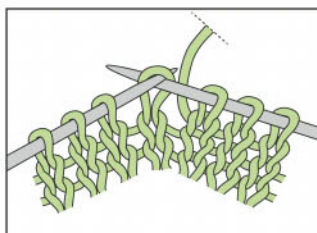

1 Insert the needle in the next two stitches knitwise (that is, through the front of the loops).

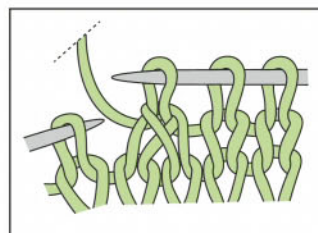

2 Yarn round needle, pull through both stitches and slip these stitches off together. The resulting decrease has the top stitch slanting to the right.

Decrease by slipping one stitch over the next (skpo)

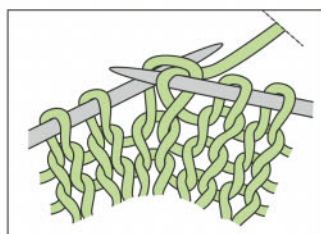

1 Insert the needle in the next stitch knitwise (through the front of the loop) to slip it on to the right-hand needle.

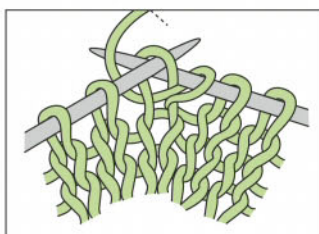

2 Knit the next stitch, then use the left-hand needle to lift the slipped stitch over the knitted one. The resulting decrease has the top stitch slanting to the left.

Increase by knitting in the front and then the back of one stitch (kfb)

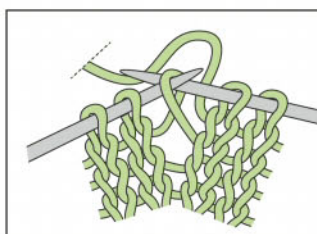

1 Knit the stitch in the usual way, but without slipping it off.

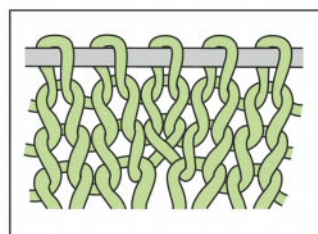

2 Take the right-hand needle to the back and knit the stitch again.

Increase by working into the strand between needles (up1)

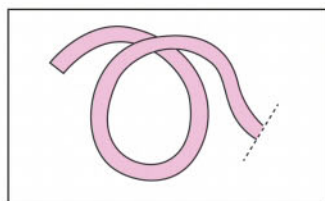

1 Pick up the strand lying between needles and knit in the back of it.

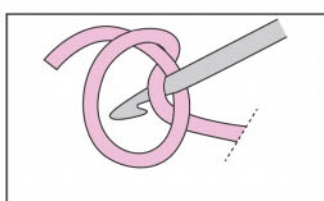

2 This makes a new stitch that fits closely between existing stitches

Crochet Class

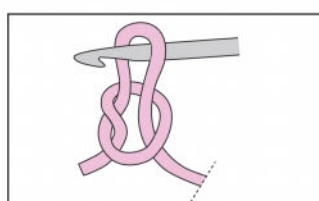

Slip knot

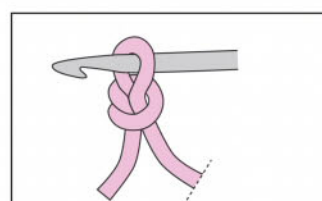

1 Loop the yarn with the ball end on top (the ball end is shown with a broken line).

2 Dip the hook into the loop, catch the ball end and pull it through the loop.

3 Pull both ends to tighten the knot.

4 Pull the ball end to bring the knot up to the hook.

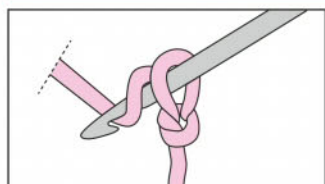

Holding the yarn and hook

Both crochet and yarn are held in the left hand, with the right hand holding the hook preferably like a pencil, but like a knife if you prefer. The work is held between thumb and first finger, with the ball end of

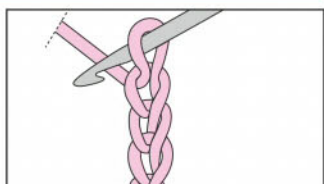

the yarn taken over the first three fingers and under the fourth, or around the fourth if necessary.

Extending the second finger holds the yarn taut for hooking.

Chain (ch)

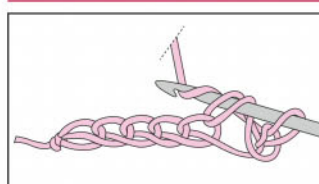

1 Twist the hook under and over the yarn – yarn round hook (yrh). Pull the yarn through the loop on hook and drop it off to make first chain.

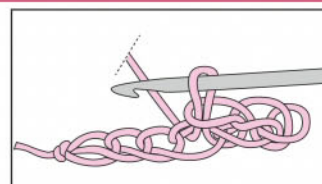

2 Continue to make chain in this way.
Each chain is made up of three strands, with the V shape the 'right side'. When counting chain don't count the loop on the hook.
At the start of a row chain will stand for the first stitch.

Slip stitch (slst)

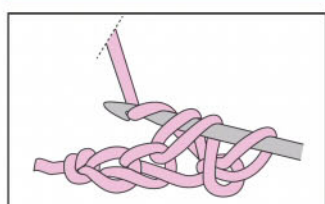

1 Make a length of chain. Insert the hook under two strands of second chain from hook and yarn round hook.

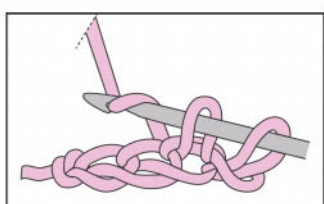

2 Pull the yarn through the chain and loop on the hook. This stitch has virtually no height.

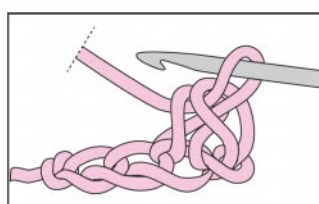

Double crochet (dc)

1 Insert the hook under the top two strands of the second chain from the hook. Yarn round hook.

2 Pull the yarn through to make loops on the hook. Yarn round hook again.

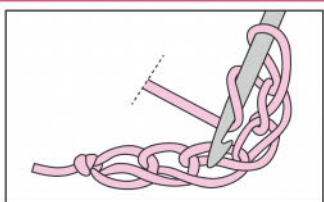

3 Pull the yarn through both loops on the hook to make one double crochet. Insert the hook in the next chain and repeat steps 1-2.

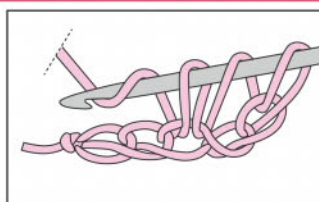

Remember not to take the yarn round hook before inserting the hook. When working into stitches always insert the hook under the top two strands of yarn unless instructed otherwise.

Half treble (htr)

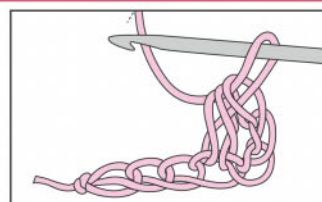

In height the half treble is halfway between a double crochet and a treble and is frequently used as a transitional stitch between the two.

1 Yarn round hook and insert the hook in the third chain from the hook.

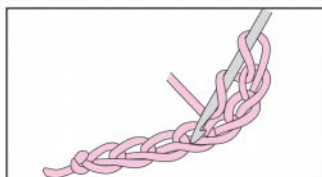

2 Yarn round hook and pull the yarn through to make a loop on the hook, then yarn round hook again.

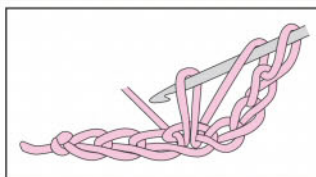

3 Pull the yarn through all three loops on the hook to complete the stitch.

Treble (tr)

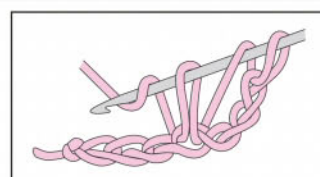

Treble stitch is twice the height of double crochet, because it has an initial yarn round hook, which requires additional steps (wraps) to complete the stitch. The height of stitches is dictated by the number of wraps worked.

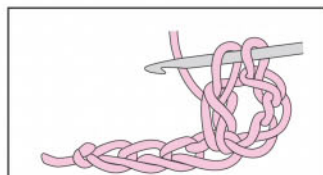

1 Yarn round hook before inserting the hook under two strands of the fourth chain from the hook.

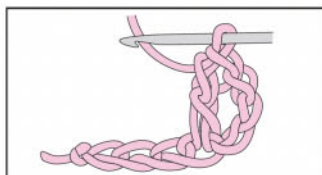

2 Yarn round hook and pull the yarn through to make three loops on the hook.

3 Yarn round hook again.

4 Pull the yarn through first two loops on hook, making two loops on the hook.

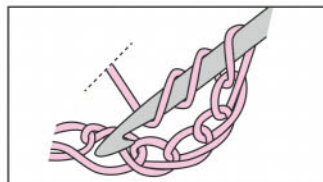

5 Yarn round hook for the last time and pull it through the remaining two loops to complete the stitch.

6 To continue making treble, yarn round hook and insert the hook in the next chain, then repeat steps 2-5. At the beginning of a row three chain usually stand in for the first treble.

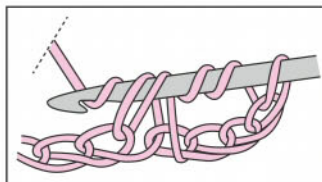

On the next row make sure that the treble following the chain is made in the second

stitch of the previous row, because if it's made in the stitch immediately below you will have made an extra stitch. The last treble of the row will be made in the top chain that started the previous row. Understanding row-end stitches will keep the edges under control.

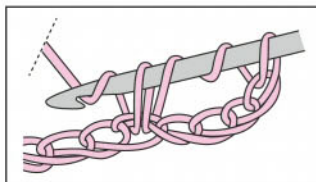

Double treble (dtr)

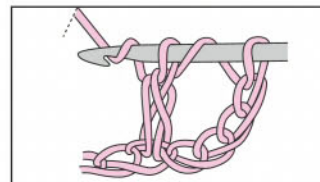

1 Yarn round the hook twice before inserting the hook under the top two strands of the fifth chain from the hook.

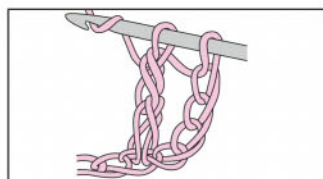

2 Yarn round hook and pull the yarn through to make four loops on the hook.

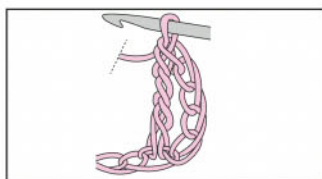

3 Yarn round hook and pull the yarn through the first two loops on the hook to make three loops on the hook.

4 Yarn round hook and pull the yarn through the next two loops on the hook to make two loops on the hook.

5 Yarn round hook and pull the yarn through the remaining two loops on the hook.

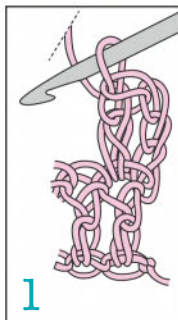

6 The finished double treble. To continue making double treble, yarn round hook twice and insert the hook in the next chain or stitch, then repeat steps 2-5.

Fastening off

Simply break the yarn, take it through the last loop and draw it up.

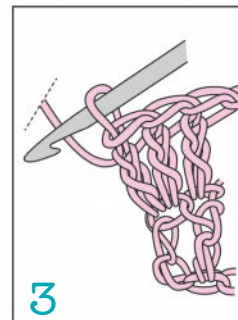

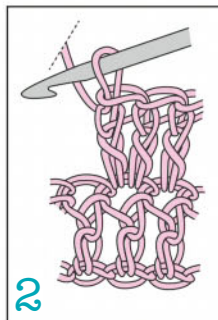

Increases

For clarity these are shown as single increases worked in treble, etc. but the principle is the same in double crochet, double treble, etc.

1 At the beginning of a row, instead of working into the next stitch after the chain that counts as the first stitch, work into the stitch below. This increases one stitch.

2 Mid row simply work the additional stitch, or

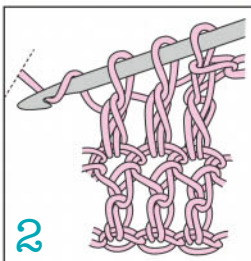

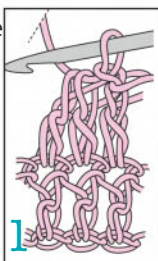

3 At the end of a row, work two stitches in the top chain that formed the first stitch of the previous row. This increases one stitch.

Decreases

Decreases are part stitches worked into a stated number of stitches and then joined into one in the last stage of the stitch. Decreasing one treble stitch is shown, but the principle is the same in all stitches and for any number of decreases.

1 Without making the last wrap of each make a treble in each of the next two stitches: * yarn round hook, insert hook in next stitch, yarn round hook, pull through, yarn round hook, pull it through two loops; repeat from * once, leaving three loops on the hook.

2 Yarn round hook and pull it through all three loops on the hook.
