Hello and welcome...

...to *Knitting & Crochet* magazine.

As our summer continues, we've looked to the coastal seaside towns and their pretty candy-coloured ice-cream parlours as the inspiration for our opening feature (p6). Five great patterns in pastels, with a fresh 50s style that's a key fashion trend this season.

Now, with the long school holidays well under way, those of you with children to keep amused will be pleased to see our seasonal collection (p25) – a colourful toy box packed with fun ideas to make with the kids, or simply knit for them to play with.

Our glance to the past continues with this month's pattern from the *WW* archives (p22): a super-stylish jacket for tots in a classic design.

Crocheted in reversible contrast shades for boys and girls, we think it would look perfectly at home on sale in a stylish boutique!

If you love to crochet, then we've another classic lined up for you (p52). A beautiful neat tunic-style top that will add effortless style to your wardrobe throughout the year. Wear it now with easy summer separates or later in the year for special celebrations.

Finally, I've just room to tell you that we've two more pattern ideas for our charity campaign; a woodpecker and a robin (p44). Get those needles to work and make them for our Woodland Glen to support the Woodland Trust.

See you next month!

Sweater To Flatter

Amy Herzog's cowl neck is the dream combo of stylish and cosy – perfect for your autumn wardrobe

Knitted history

American knitwear designer Amy Herzog is passionate about crafting sweaters people love to wear. She is the author of *Knit to Flatter* and *Knit Wear Love* (STC Craft), and designs sweaters that flatter the figure and are easy to modify. Her designs have been featured in *Knitscene*, *Rowan*, *Interweave Knits*, *Knitty*, and more. She is a knitting expert on American Public Television's *Knit and Crochet Now*, and teaches classes around the USA and on [craftsy.com](https://www.craftsy.com).

After several years of teaching knitting, she realised that knitters would really like to wear sweaters that fit them well but they didn't want to tackle complicated modifications. So she created CustomFit, a website that produces custom sweater patterns: customfit.makewearlove.com. To find out more about Amy, visit amyherzogdesigns.com.

Amy's designs are simple and classic – and they're both flattering and easy to wear

Help Us Make A Woodland Glen

To be displayed at our Live! event and all in aid of the Woodland Trust

For more information on our campaign, see our video at womansweekly.com/woodland

We've been overwhelmed by the time you give to the *Woman's Weekly* campaigns. We've asked you to make hats for the homeless, blankets for cats, bunting for a World Record, poppies to commemorate WW1 and, of course, our latest World Record: knitted and crocheted Christmas decorations.

This year we are delighted to be working with the Woodland Trust and we are asking **YOU** to get involved by knitting, sewing or crocheting flowers, animals, birds and leaves that we can put in our Woodland Glen.

There will be regular patterns for you in *Knitting & Crochet from Woman's Weekly* (see far right), *Love to Make with Woman's Weekly* and of course *Woman's Weekly*, but please feel free to use your own patterns. We would love to receive as many different makes as we can.

Please send your finished makes, by 28 August 2015, to Mary Bird, Head of Marketing, *Woman's Weekly*, Time Inc, 110 Southwark Street, London SE1 0SU – and if you would like to include a donation, we will forward it to the Woodland Trust at the close of the campaign.

You can also bring your woodland makes with you to our three-day event, *Woman's Weekly Live!*, in Manchester on 10, 11, 12 September.

Woodland Trust

The Woodland Trust aims to create new native woodland with the help of communities, schools, organisations and individuals. They try to protect our precious ancient woods, restore the ones that are damaged and fight for those under threat. This is done by inspiring people up and down the country to visit woods, plant trees and enjoy the many benefits that woodland has to offer. For more information, visit www.woodlandtrust.org.uk

Please send to Mary Bird, Head of Marketing, *Woman's Weekly*, Blue Fin Building, 110 Southwark Street, London SE1 0SU

Please find enclosed my make for the Woodland Glen

Tina's Tips & Tricks

Get the little things right and your knitting will be beautiful

We want your knitting to be the best it can possibly be. So it's a good job we have Tina. A true knitting professional, Tina's been Technical Knitting Editor at *Woman's Weekly* for 16 years. And now she's here to help you! Every month, Tina answers the most common questions you've sent in and resolves some of the issues we face as knitters. Together, we'll make your knitting beautiful!

Rosebud patterns

Q Back in the 50s, *Woman's Weekly* published a range of patterns to be worn by Rosebud dolls. The dolls came in different shapes and sizes, and I can't tell you how much I loved mine. And the patterns were gorgeous – everything from sleepwear to partywear and a lot of bonnets in between! I'm a granny now, and my granddaughter has a doll she loves, just like I did. I'd love to knit her some of the Rosebud patterns. Do you know how I could get my hands on some?

A We've had quite a few requests for Rosebud patterns. And that doesn't surprise me at all. The patterns were lovely, and would be a joy to knit. It's a real shame Rosebud dolls aren't available any more! Over the years, yarn has changed considerably. Many patterns from the 50s are simply unworkable in modern yarn. However, we've been busy updating a lot of these old patterns, including some made for the Rosebud doll. And if you turn to page 41 you can see one of them! We intend to update more and more of them and to publish them as we go. Keep your eyes peeled!

Archive issue

Q In the May issue there was a pattern for a lovely short-sleeved top that first appeared in *WW* in 1961. I've almost finished knitting it... but I can't work out what to do with the bands at the front neck opening. They're knitted separately, so I think they need to be sewn onto the front opening. But it doesn't say so anywhere in the pattern.

A Please accept my apologies for this. We should have made it more obvious what to do with the bands at the front of the neck opening. You're right to think they should be sewn into place. Back in the 60s, lots of patterns would have had this kind of finishing at the neck and the bands would have been knitted in. We simply overlooked the fact that on this occasion it wasn't so. When you've finished the project, do send us a photo. I'd love to see how you got on!

Buttonhole bother

Q I like to think I'm a competent knitter, but I just can't get buttonholes right. They always look rough around the edges and it's hard to see where the button should slip through.

A Don't worry – even the best knitters have buttonhole bother! There are various ways to make them, and which you choose will depend on the size of the buttons used, as well as the size of the garment, the pattern and the yarn. The most common method goes like this: work 2 stitches together, then create a new stitch by taking the yarn over or around the needle (if you want a smaller hole, take the yarn over the needle rather than around it). Alternatively, you can work 2 stitches together twice and wind the yarn around the needle twice between the stitches worked together to make 2 extra stitches (if you're doing it this way and want a smaller hole, wind the yarn around the needle once, but work into it twice on the following row). Or, try casting off a group of stitches on one row, and on the following row, cast them on again. The last cast-on stitch on this following row can be quite loose, so work the strand before this stitch together with the stitch you're want to tighten. Or, another way to keep it tight would be to cast on one stitch fewer on the second buttonhole-row, working into the back of the loop to make the right number. Lastly, instead of casting on the stitches on the second row of the buttonhole, you could wind the yarn round the needle once or twice, depending on the number of stitches you cast off on the first row. On the next row, simply work into the back and front of the loop (or loops) to make up the number of cast-off stitches.

Ask Tina... Got a knitting issue? **WRITE** to: Tina's Tips & Tricks, *Woman's Weekly* Knitting, Time Inc. UK, Blue Fin Building, 110 Southwark Street, London SE1 0SU. **EMAIL** WomansWeeklyPostbag@timeinc.com

The best part about finishing a project is getting to show it off. So why not share yours with us?

Happy catty

With her colourful bandana, Poppy Cat is something of a trendsetter. What our daughter Emily loves most about her, though, is her sense of adventure. You might remember, for instance, the episode where she flies a hot-air balloon to the Arctic. Or the one where she takes a submarine to hunt for sunken treasure. Emily's great-grandma Jean knitted this fab jumper for her from a pattern in *Woman's Weekly*.

Bigwig pig

Unless you've been on a NASA mission to Mars for the last decade, you'll know who Peppa Pig is. Her cartoons are shown in 180 countries, translated into 40 languages... She has to be the most prominent pig ever. Which is why she makes such a fabulous addition to my collection of knitted toys. Well, what's a collection of knitted toys without a bigwig pig or farmyard celeb? I followed the Peppa pattern I got in *WW*, and I must say I'm really pleased with the results. Proud of my Peppa! Here she is with a few other toys I've knitted, toys who are more than happy to bask in the glory of their famous friend.

Welcome to the Little Kingdom

Ben is an elf who lives in the Little Kingdom. His best friend, Princess Holly, has magical powers. And the two of them hang out with Gaston the ladybird. Or so my two-year-old son Dylan tells me! He's so excited when *Ben & Holly's Little Kingdom* is on the TV. So I could hardly believe my luck when I saw this jumper in *WW* with Ben, Holly and Gaston on it. Dylan was thrilled when I knitted it for him. As you can tell from this picture...

Miffy for my marvellous Sam

In February, I broke my leg and was left housebound. My daughter Sam did everything she could to help out: shopping, housework, you name it. So I knitted her a Miffy toy from the pattern in *Woman's Weekly* to say thank you. Sam loved her Miffy so much, she asked for another, in pink. Well, she didn't want the first Miffy to be lonely. She's always thinking of others, my Sam. Quite honestly, I don't know where I'd be without her.

This month, create something special with a ball of wool, make something stylish for your mini man, get wistful with lace, and step back to the 40s for on-trend sweaters...

One Ball Of Wool Crochet And Knitting - more than 25 patterns (DK Craft, £6.49 – ebook)

It's not just the tips, easy-to-follow picture guides and clearly-laid-out instructions that make this book so accessible, it's the projects themselves.

There are patterns for arm-warmers, infinity scarves, ear warmers, cowls... all made using a single ball of wool. The cool, modern patterns are achievable in an evening or weekend. The book caters for all skill levels, but would provide a good starting point for someone looking for a way into the world of knitting and crochet. As the title suggests, all you need is that single ball of wool, cotton, silk or variegated yarn, a pair of needles and a little enthusiasm. This book will provide the rest. It's also crammed full of new and exciting ideas for things to do with the odds and ends of wool we all end up with.

Knits For Boys: 27 patterns for little men and grow- with-me tips and tricks

by Kate Oates (Stackpole Books, £14.99)

If there's anyone who understands what makes little boys tick, it's Kate Oates.

She's worked as a kidswear designer in her native US since 2009, but first and foremost she's mum to four young men.

Kate's designs are fun, bold and playful. Just the things a little boy would want. And her experience as a parent has informed her work, too. Her clothes are hard-wearing and practical. Importantly, she's included advice on how to get extra growth and room from the garments you make to eke as much life from them as possible. And while some of Kate's designs have a modern feel, like the sweater with the T-rex intarsia motif or the knitted T-shirt, others have a timeless, vintage look. These are perfect clothes for your young man's daily adventures.

Lovely Lacy Knits: Beautiful projects embellished with ribbon, flowers, beads and more by Eva-Maria Maier (Stackpole Books, £10.99)

Eva-Maria Maier's patterns show how colour and texture can be used to create knitwear that is feminine and

evokes a bygone age of fairytale glamour. The soft pinks and purples of her designs are enhanced with ribbons and beadwork. There are scarves and gloves, shawls and wraps, even leg-warmers. Some of these patterns may challenge the beginner – Eva-Maria herself advises in the introduction that her book contains 'uncommon knits' – but the instructions are laid out with clarity. What is perhaps surprising for a collection of lace-inspired knits is how wearable they are. It's lace to be dressed with heels, skinny jeans, denim, leather, sass and attitude.

Once Upon A Time - Collection Four: 16 handknit designs for children aged 2-10 years

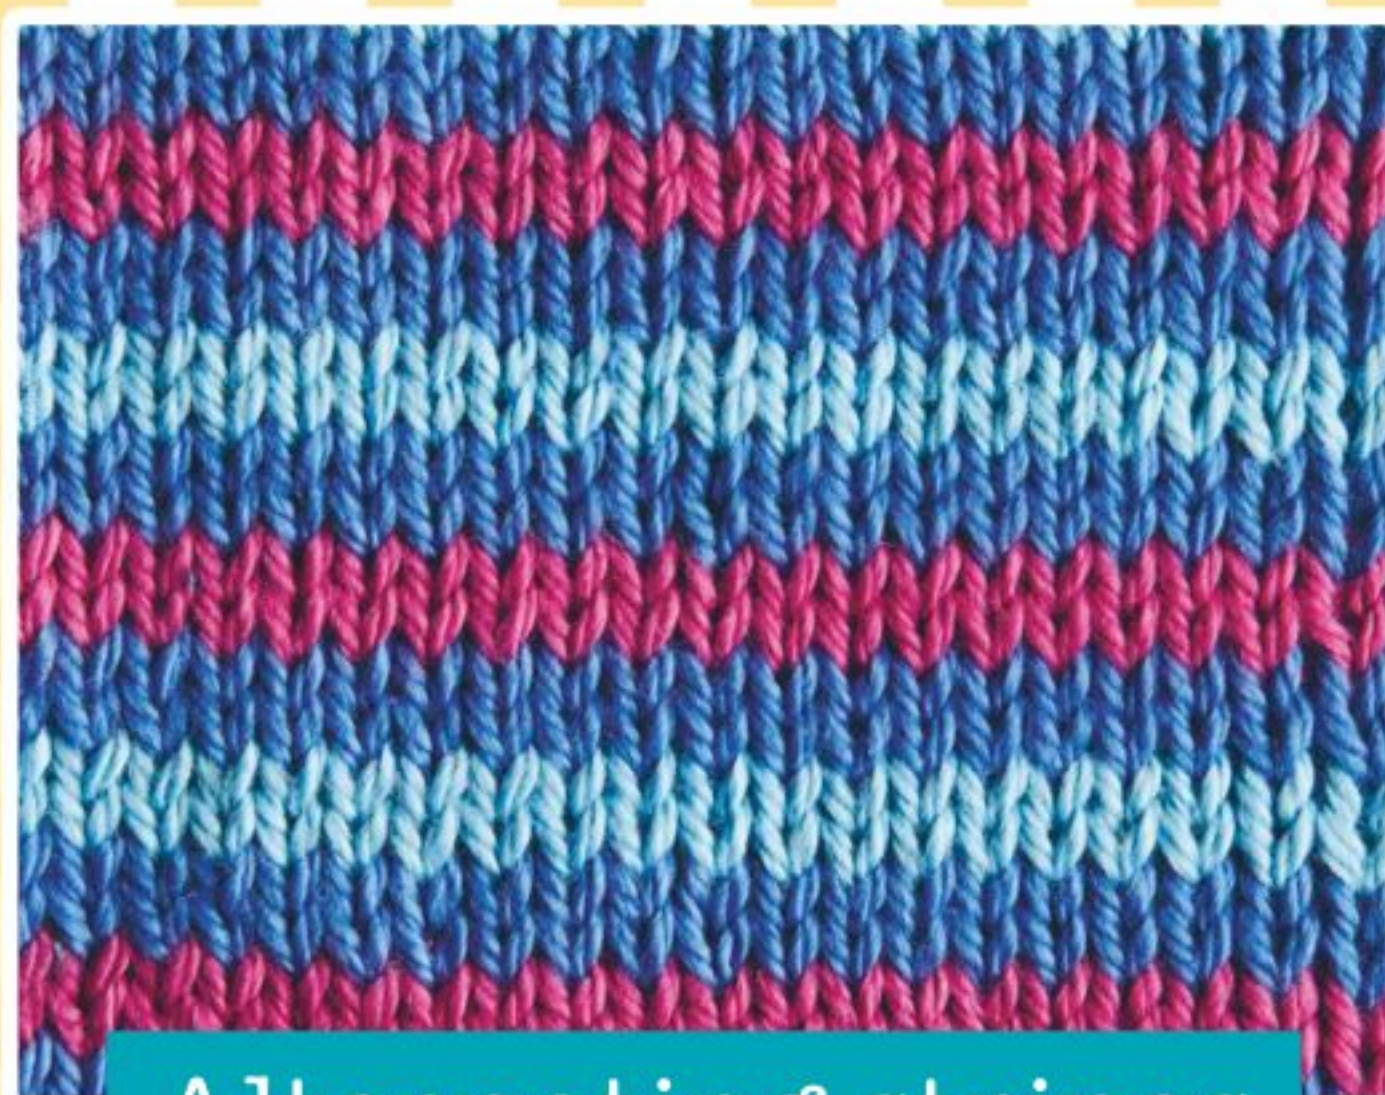

by Marie Wallin (Rowan, £16.99)

It seems incredible that despite the huge success Marie Wallin has had as a knitwear designer, this is her first collection for children. Many of her designs

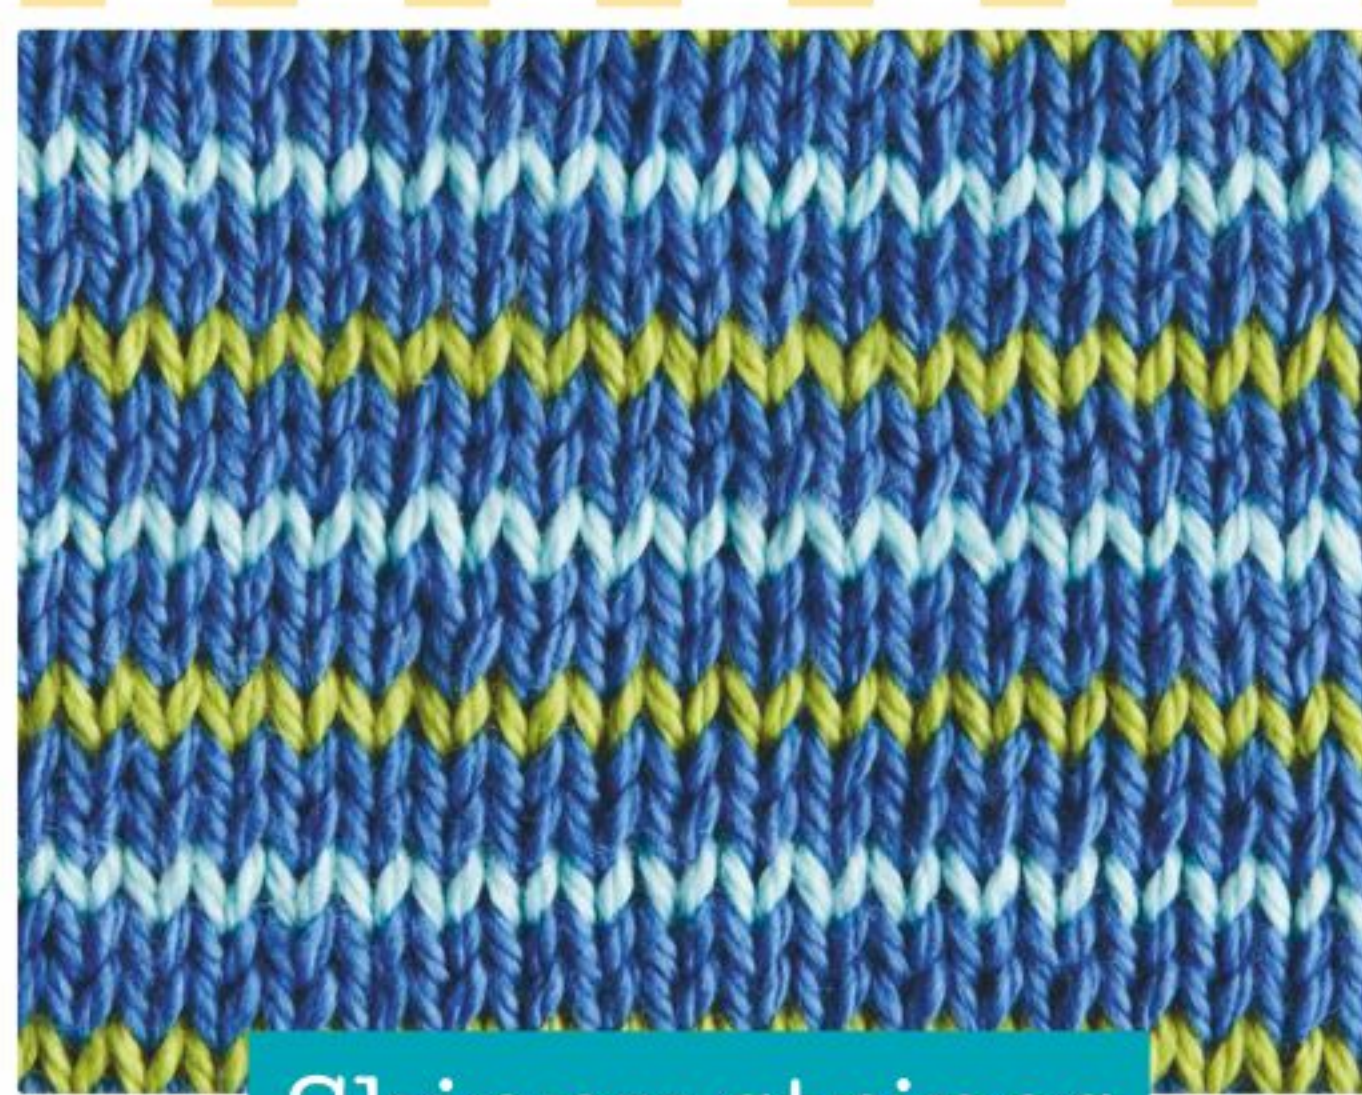

for adults are inspired by the knitting traditions of the British Isles, her love of colour and Fair Isle knitting evident in much of her work. That love of tradition and respect for our heritage and crafting past is just as much on show in her work for kids, with designs inspired by the 1940s and 1950s. They're charming, and with the current fashion for all things retro, they're bang on trend, too. The patterned cardigans and jumpers with intricate details and cables would have been perfect for a D-Day do in 1944, or for a Coronation celebration in 1952. And they'd also look great worn to a party in 2015.

Just In Case

Striped tucks are an ingenious way
to hold coloured pencils in place

If you have never knitted tucks before, you will find that colour changes help you to find the joining row for each tuck

Measurement

20cm/8in wide by 28cm/11in deep.

Materials

1 x 100g (210m) ball of King Cole Cottonsoft DK (100% cotton) in each of Sky (714), Jade (781), Lime (1601) and Hibiscus (1602)*. Pair of 3¾mm (No. 9) and 4mm (No. 8) knitting needles.

Tension

22 stitches and 28 rows, to 10 x 10cm, over stocking stitch, using 4mm needles.

Abbreviations

K, knit; **p**, purl; **st**, stitch.

Note

Yarn amounts are based on average requirements and are therefore approximate.

Pencil case

With 4mm needles and Sky, cast on 28 sts.

Beginning with a k row, work 2 rows stocking stitch. Do not break Sky, but carry it firmly along the edge beside each tuck. When joining a new colour leave an end long enough to sew with.
* Change to Jade.

** Work 10 rows stocking stitch, thus ending with a p row. Break yarn. Change to Sky.

Pick-up row: Right side facing, insert right-hand needle in the first stitch on left-hand needle, then fold work slightly to insert right-hand needle in back loop of first Sky stitch on colour-change row, knit both stitches together and slip them off the needle. Continue working pairs of stitches in this way along the row. Beginning with a p row, work 3 rows stocking stitch. Do not break yarn. *** Change to Lime and work from ** to ***. Change to Hibiscus and work from ** to ***. Repeat from * 3 times more, ending with

2 rows of Sky instead of 3 rows. Cast off knitwise.

Lower edge

Right side facing, using 3¾mm needles and Sky, leaving free the tucks and their yarn ends, pick up and k2 sts from the first 2 rows of Sky, 4 sts from Sky between tucks and 2 sts from last 3 rows of Sky – 48 sts.

Increasing 1 st at each end of row, cast off knitwise.

Use a yarn end to close the end of each tuck.

Flap

Right side facing, using 3¾mm needles and Sky, along opposite edge pick up and k48 sts as before.

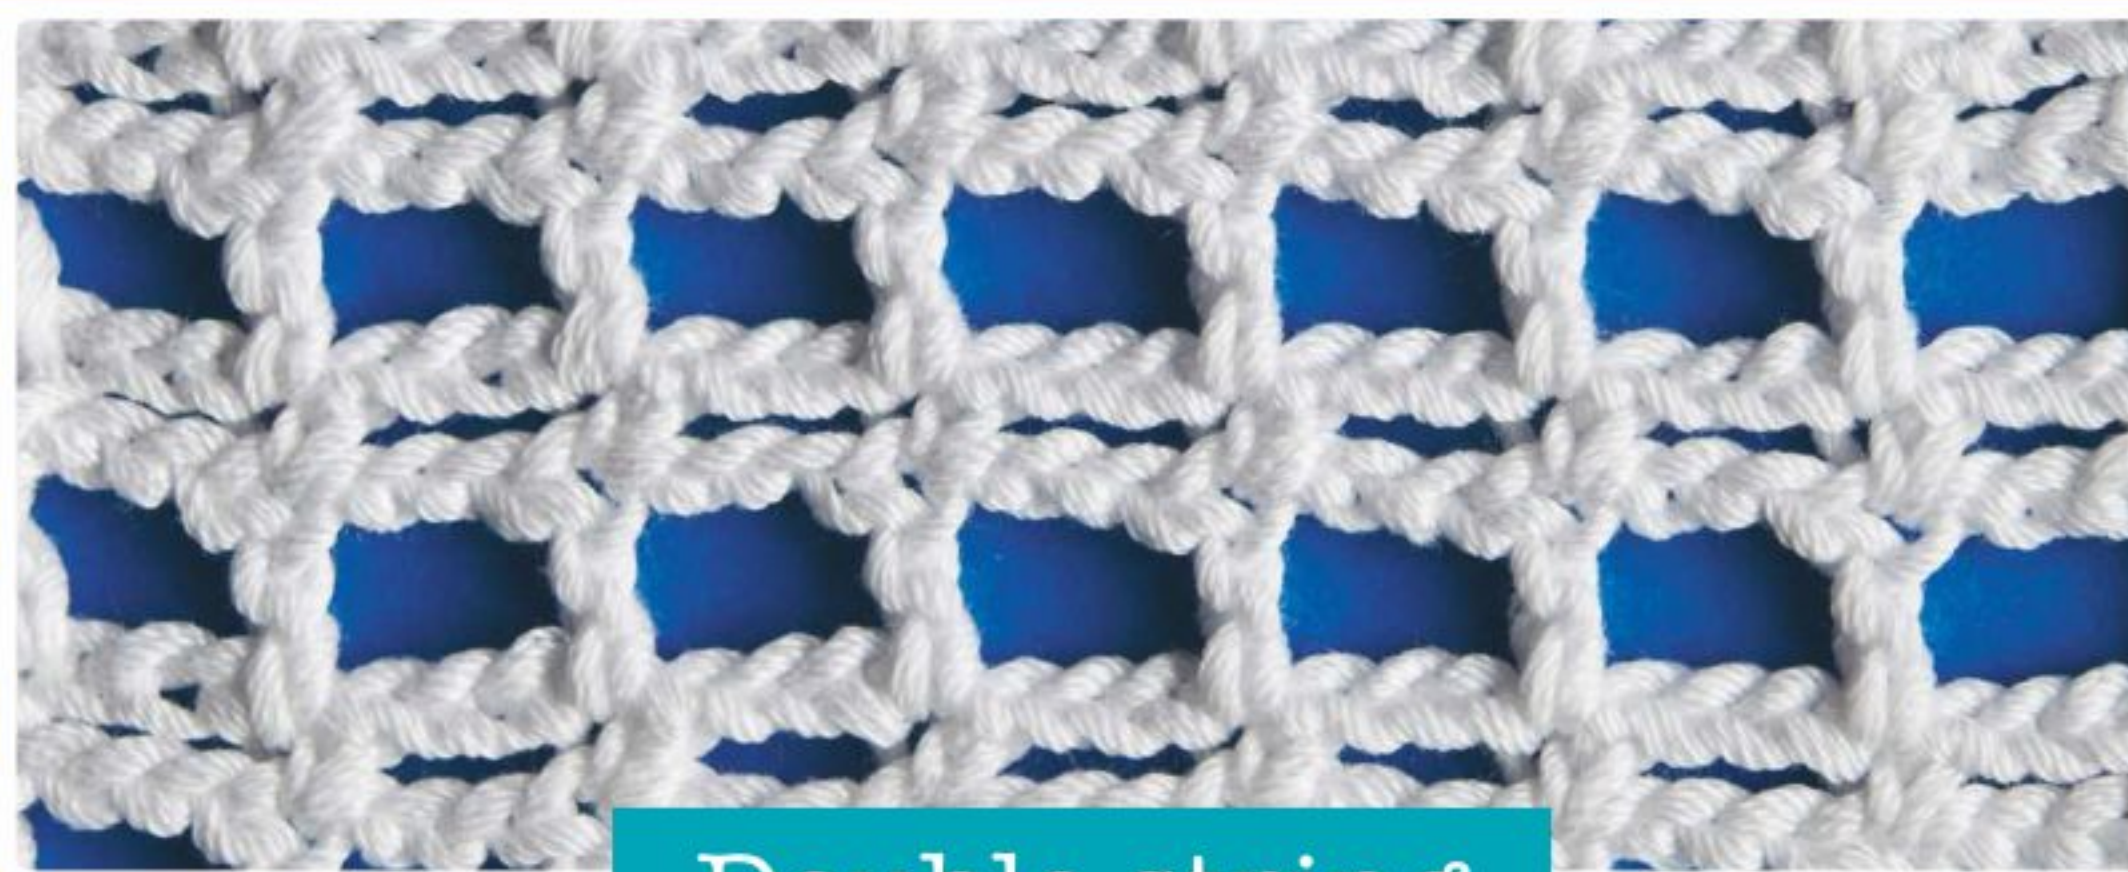

Work 15cm garter stitch (every row k), ending with a right-side row. Cast off knitwise.

To make up

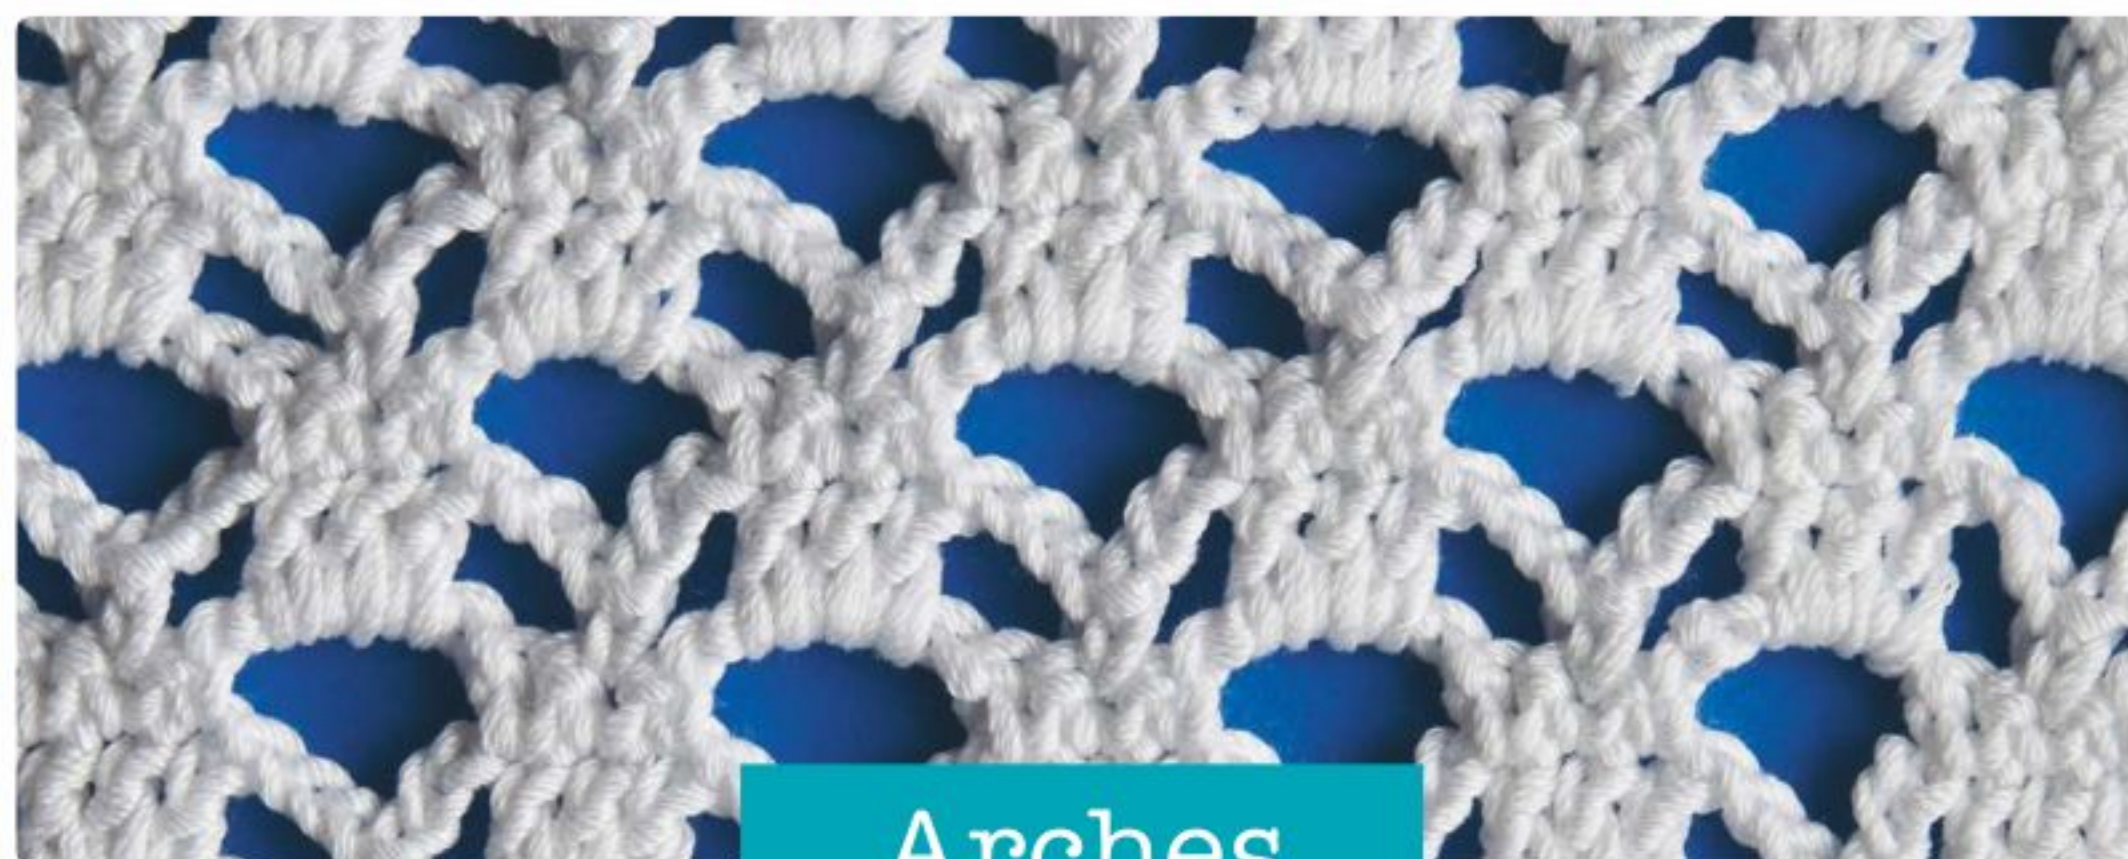

Fasten off remaining ends.

Glossary

Tension

Practically every knitting instruction will state a tension, with a few exceptions, like toys or small accessories.

Tension is the number of stitches and rows that an average knitter will achieve to stated measurements, using specific yarn, pattern and needles. It is used to translate measurements into the number of stitches and rows to be worked.

Before commencing a specific project, check your tension by working a swatch about 13cm square in pattern, yarn and needles or crochet hooks as stated. Stretch swatch in each direction and allow to rest. Mark 10cm horizontally in the middle of the test piece (diag. 1 and 3) and count stitches between markers. Mark 10cm vertically in the middle of test piece (diag. 2 and 4) and count the rows between markers. If the number of stitches and rows is less than quoted, knit another swatch, using smaller needles or hooks. If the number of stitches and rows is greater, use larger needles or hooks.

You may need to knit or crochet samples a few times until the stated tension is achieved.

It is more important to obtain the right number of stitches than rows.

Diagrams 1 and 2 show stitching and rows of stocking stitch of standard double knitting tension.

Diagrams 3 and 4 show stitches and rows of double crochet of average double knitting tension.

Substituting yarns

If you are intending to use yarns other than specified, look for a type of yarn that has the same texture and fibre content: wool for wool, cotton for cotton, with same or similar standard tension and same thickness as original yarn.

The best indicators of the thickness of the yarn are the tension and size of needles or hooks used. A standard crochet tension is not usually available.

Here, we list the standard knitting tension of classic yarns, although these may vary:

4 ply yarn is 28 stitches and 36 rows, to 10 x 10cm, over stocking stitch, using 3¼mm needles.

Double knitting yarn is 22 stitches and 28 rows, to 10 x 10cm, over stocking stitch, using 4mm needles.

Aran yarn is 18 stitches and 24 rows, to 10 x 10cm, over stocking stitch, using 5mm needles.

Chunky yarn is 14 stitches and 19 rows, to 10 x 10cm, over stocking stitch, using 6½mm needles.

For example: If the pattern states 30 stitches and 38 rows over stocking

stitch, you may be able to use 4 ply yarn for this, but using 3mm needles instead of 3¼mm.

In both knitting and crochet, yarn amounts may differ when using substituted yarn, so check the ball band for weight and length informations. If the length is different, work out your amounts by multiplying the length of original yarn by the amount of balls quoted, divide this figure by the number of metres stated on the substituted yarn and that will give you the number of balls needed in the yarn you intend to use.

Making toys

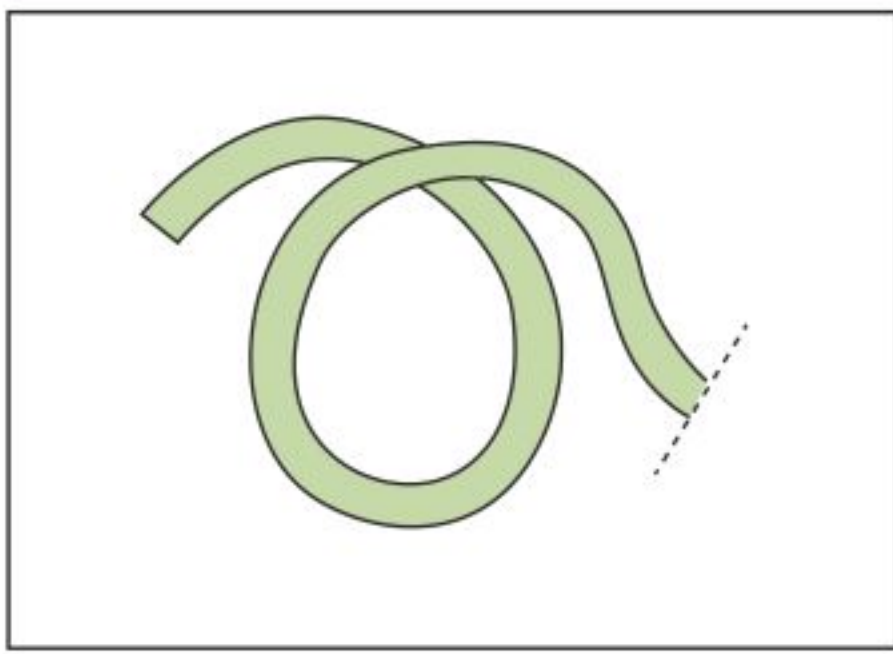

If the toy is intended for under-3s, ensure all the parts are sewn on securely and embellishments used for features (beads, button, plastic nose) are substituted with embroidery. Toy fabric needs to be dense so that the stuffing doesn't show through. Use washable toy stuffing that conforms to safety standards. Make sure toys aren't over- or under-stuffed: under-stuffing can make the toy too floppy; over-stuffing will stretch the fabric.

Knitting Class

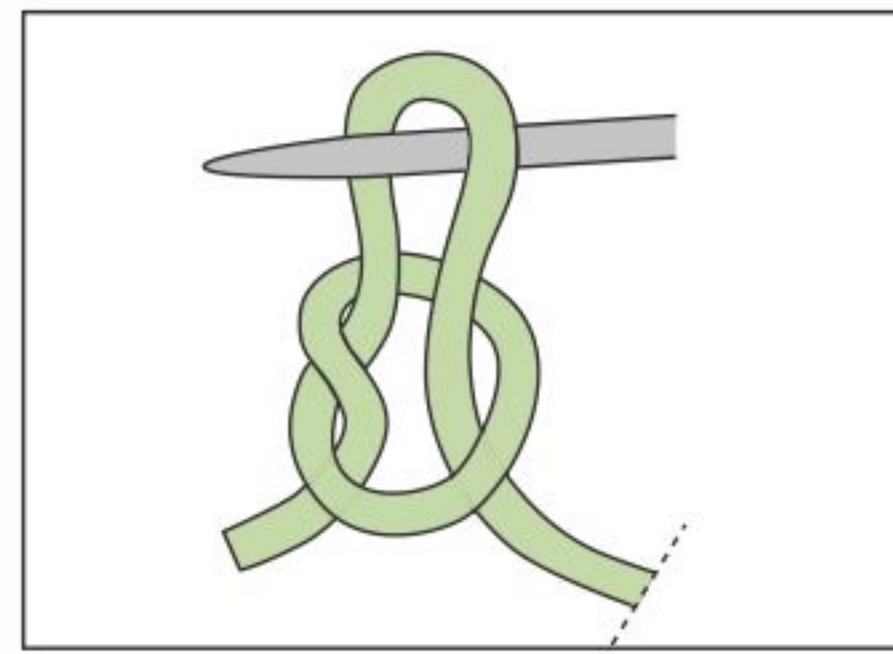

Slip knot

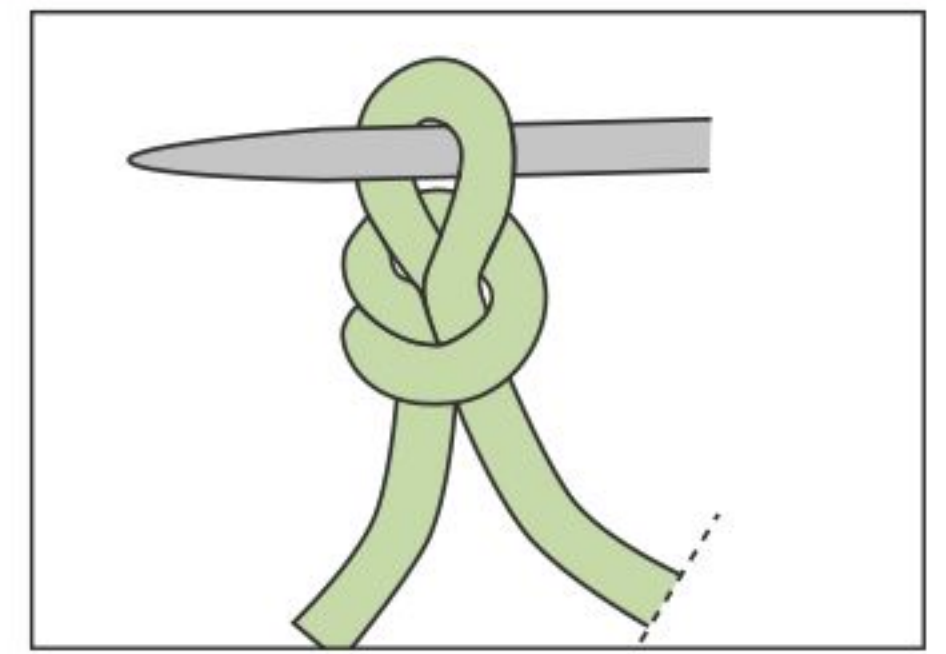

1 Loop the yarn with the ball end on top (the ball end is shown with a broken line).

2 Dip the needle into the loop, catch the ball end and pull it through the loop.

3 Pull both ends to tighten the knot.

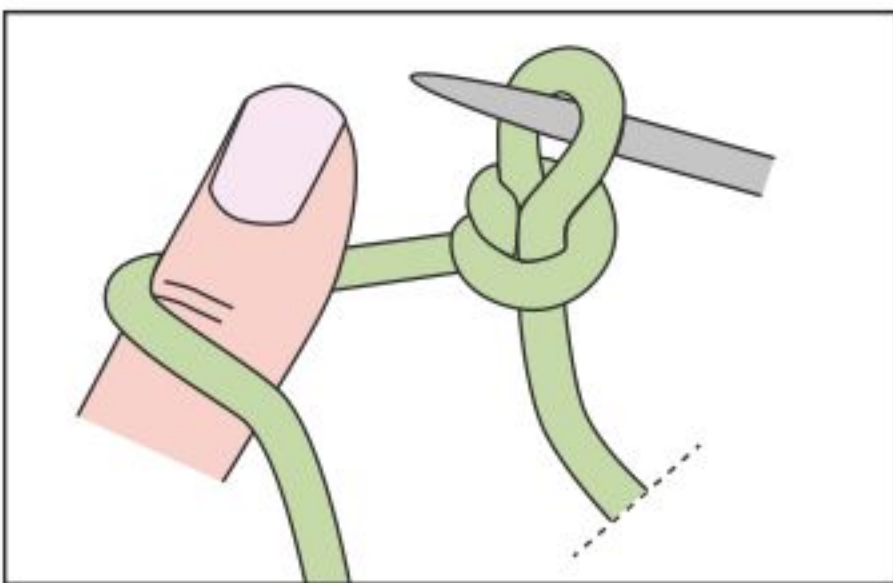

4 Pull the ball end to bring the knot up to the needle.

Holding the yarn and needles

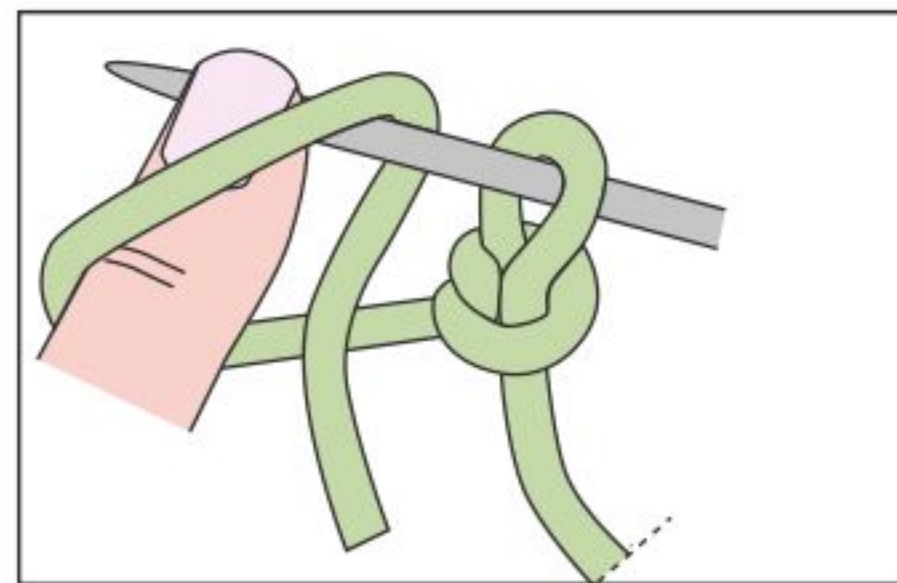

To make even stitches, control the yarn by taking it over the first finger of the right hand, under the second, over the third and under the fourth, or even around the fourth if necessary. Your

right hand also holds the needle that makes the new stitches. Hold this like a knife or a pencil – whichever is more comfortable. Your left hand holds the needle with the stitches already made.

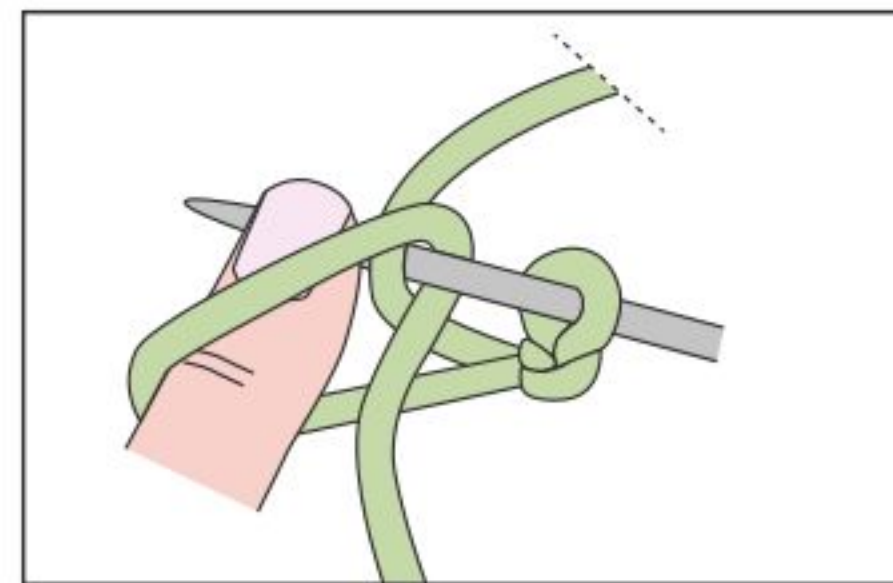

Casting on by thumb method

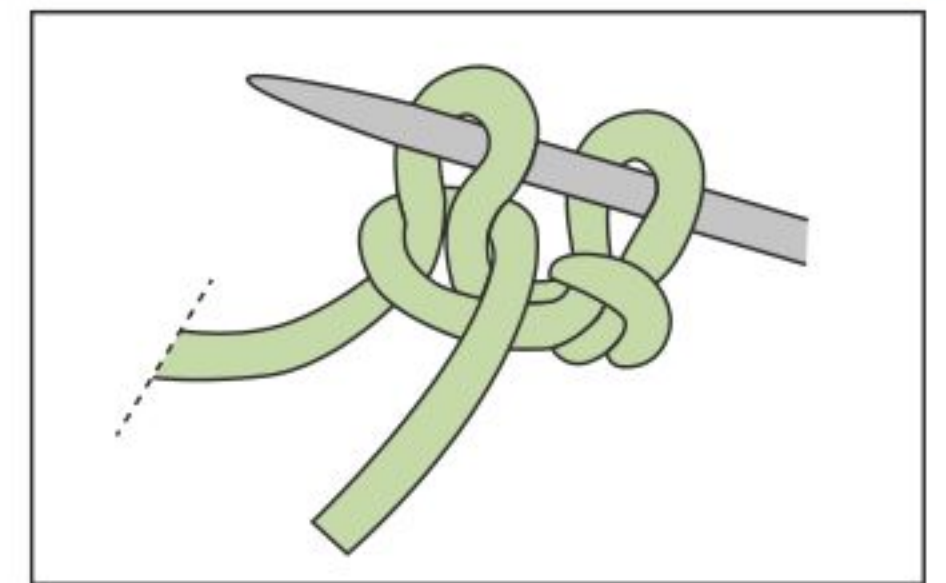

1 Leaving a long end, hold the yarn in the left hand and take the left thumb under the yarn and upwards.

2 Insert the needle in the loop just made on the thumb.

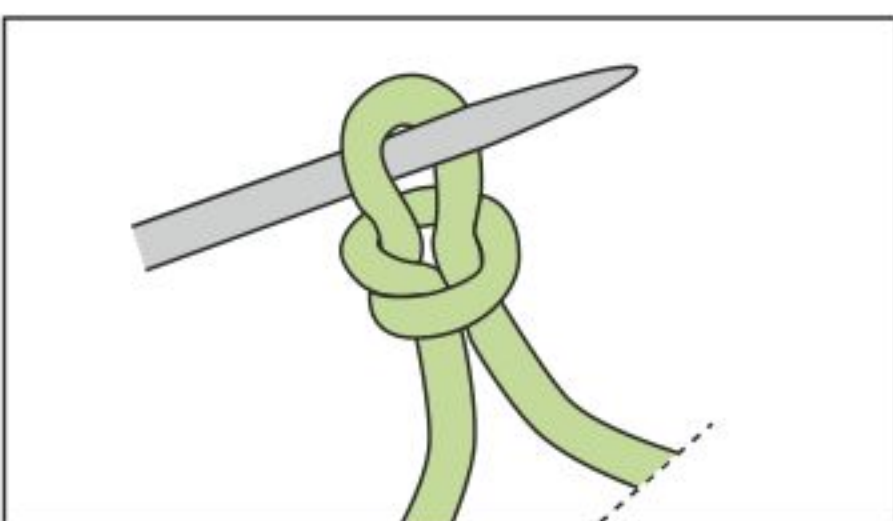

3 Take the ball end of the yarn around the needle and bring it through the loop, slipping the loop off the thumb.

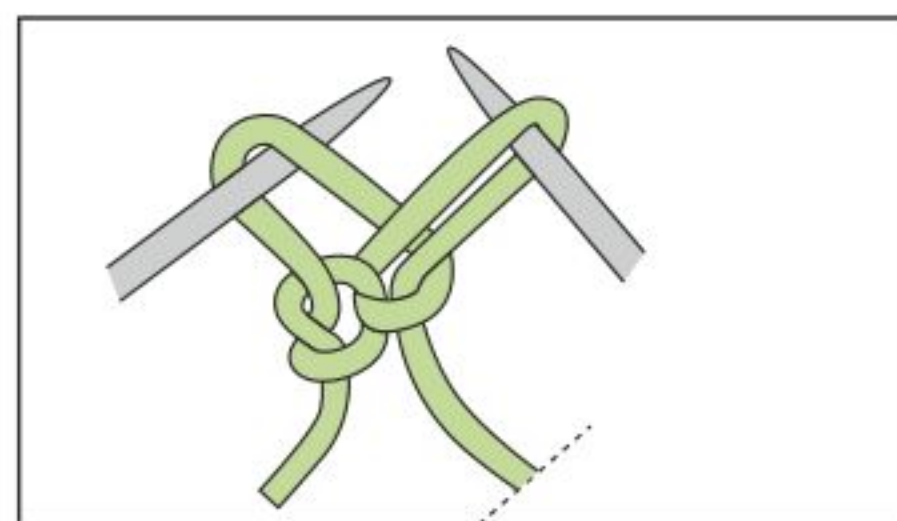

4 Pull the yarn end to close the stitch up to the needle. Continue to cast on stitches as steps 1-4.

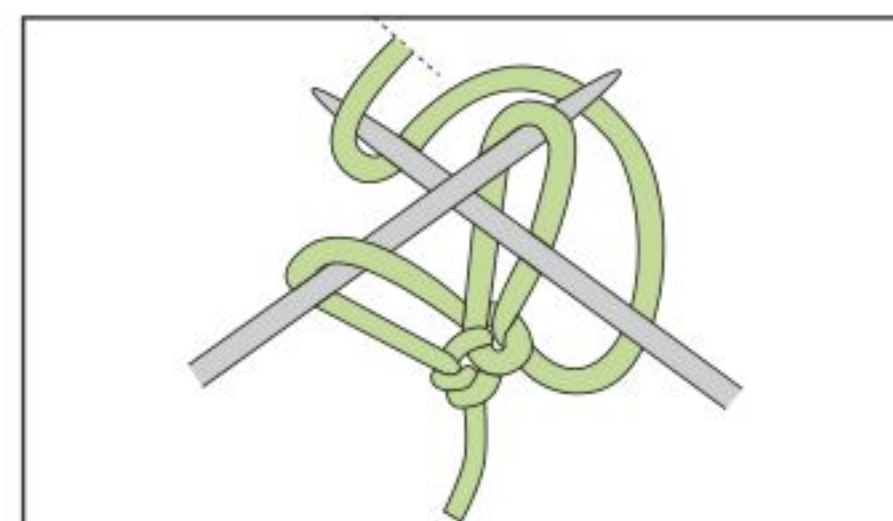

Casting on by cable method

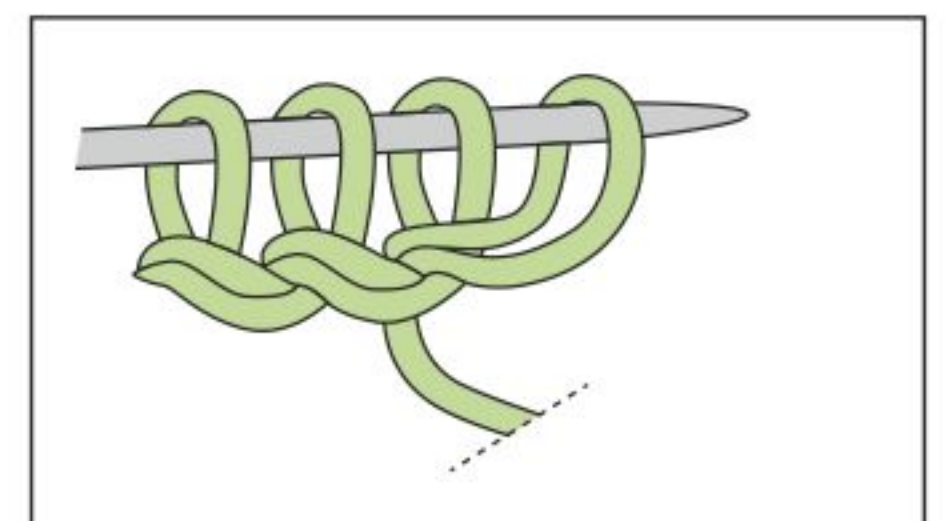

1 Make a slip knot, then hold the needle in your left hand.

2 Knit one without slipping the stitch off.

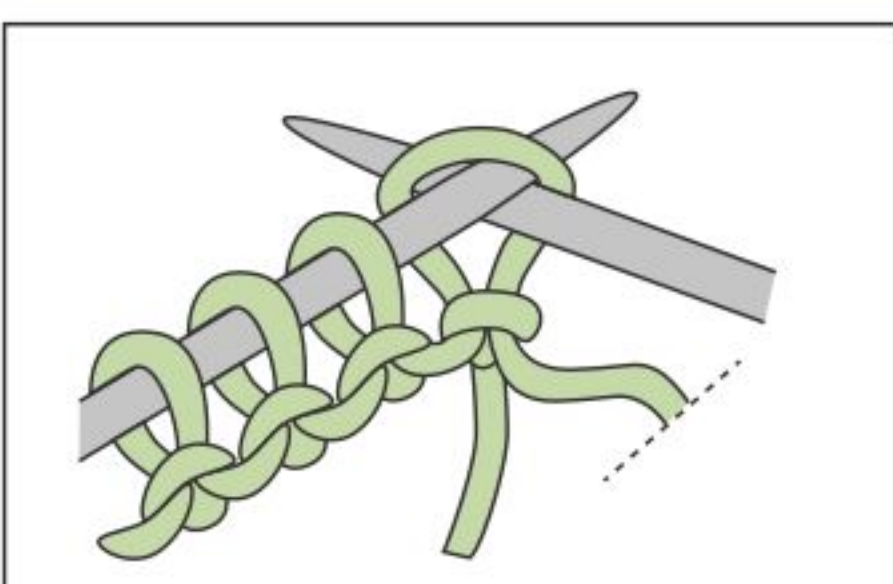

3 Insert the right-hand needles between the last 2 stitches just made, yarn round needle and pull the loop through, thus making new stitch. Slip the new stitch onto left needle.

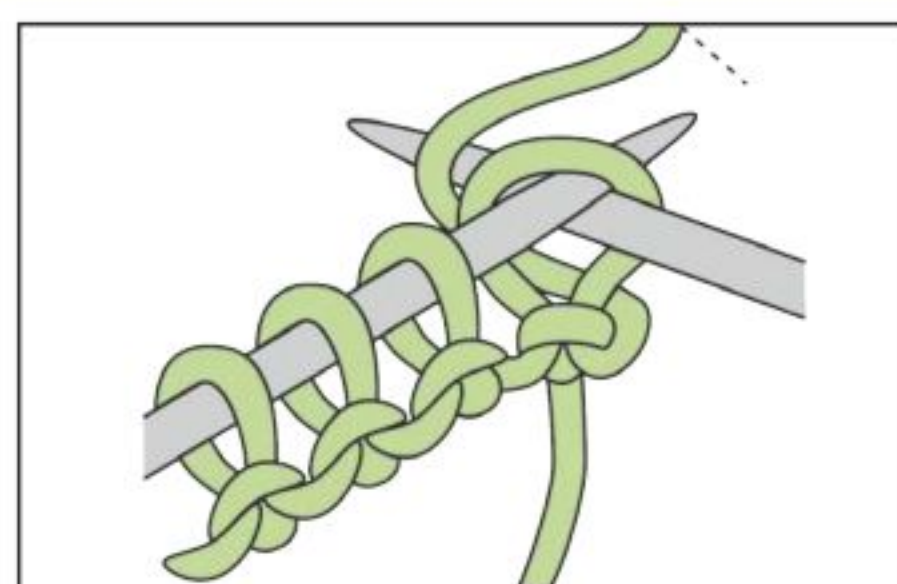

4 Continue making stitches as step 3, until you have the number of stitches you need.

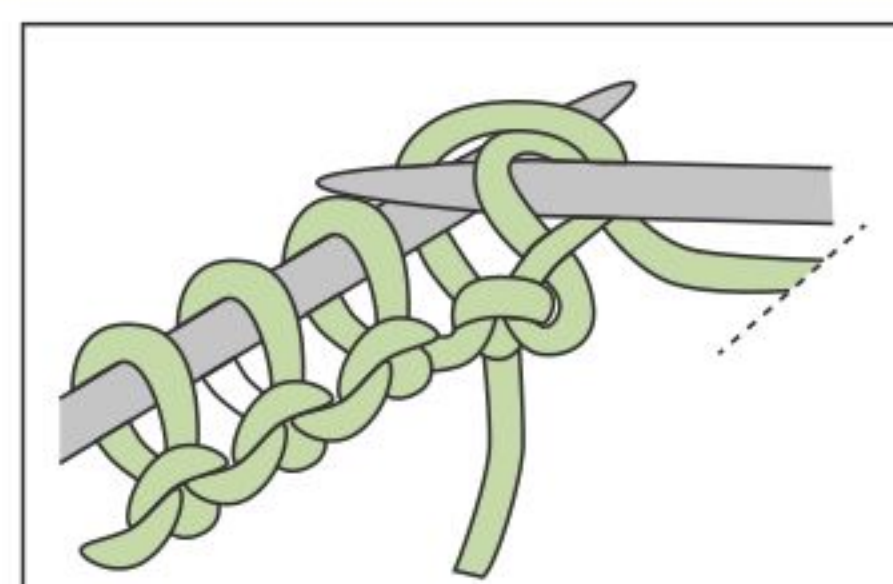

Knit stitch (k)

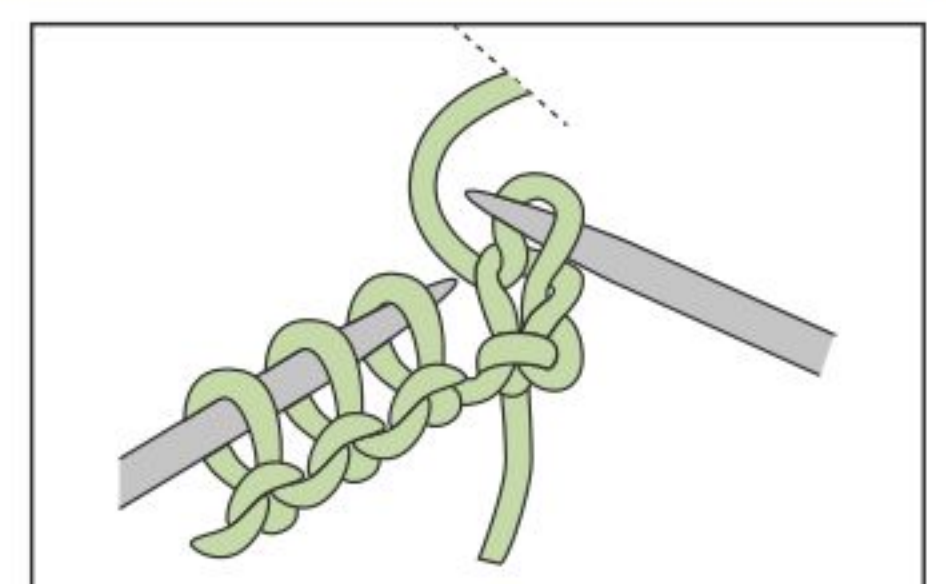

1 Turn the cast-on so that it's in the left hand and insert the right-hand needle from left to right in the front of the first stitch.

2 Take the yarn from behind to bring it under, up and over the right-hand needle.

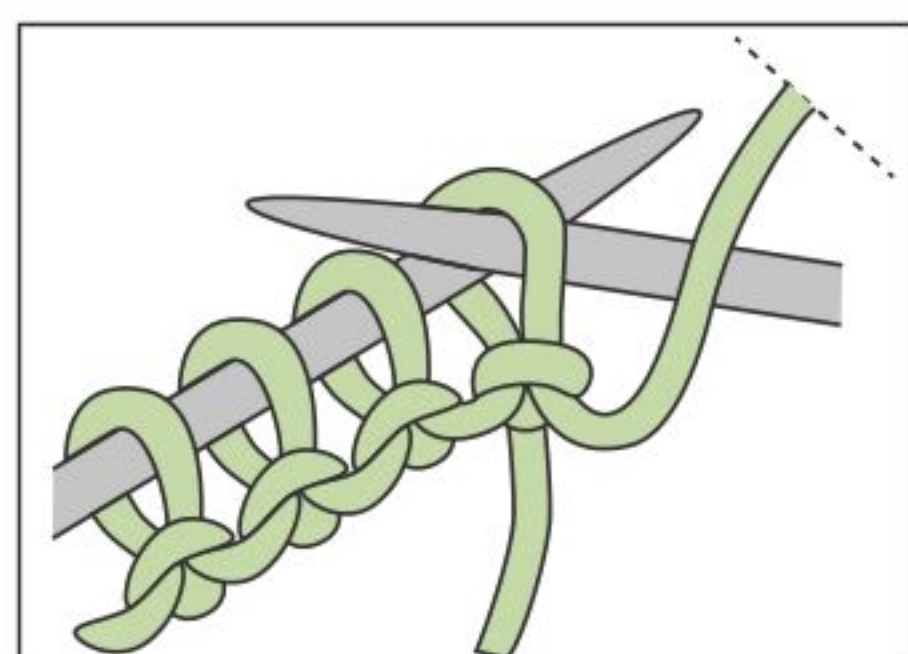

3 Use the tip of the right-hand needle to pull the yarn through.

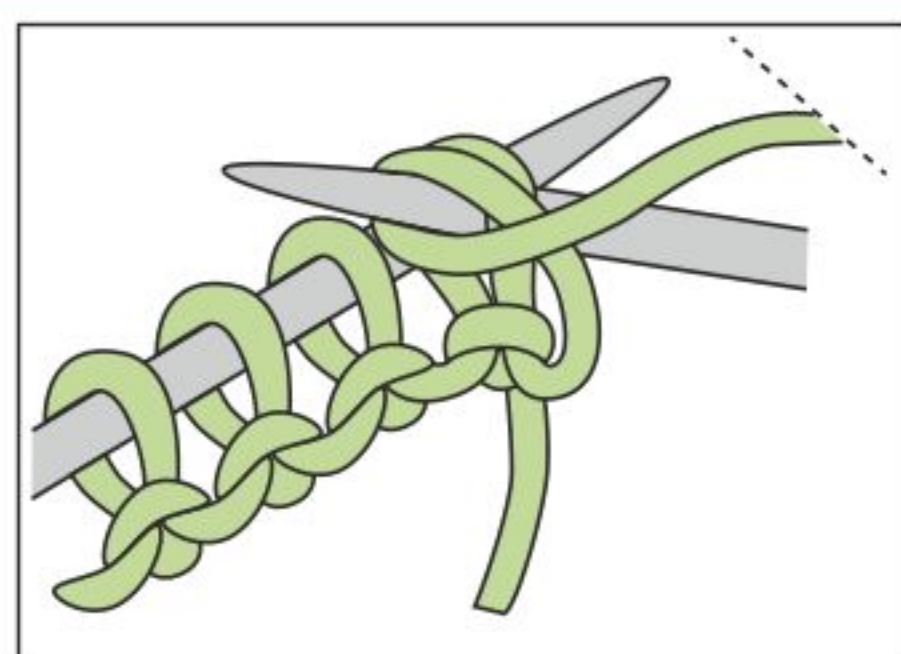

4 Slip the stitch off the left-hand needle to complete the new stitch on the right-hand needle. Continue to make knit stitches as steps 1-4.

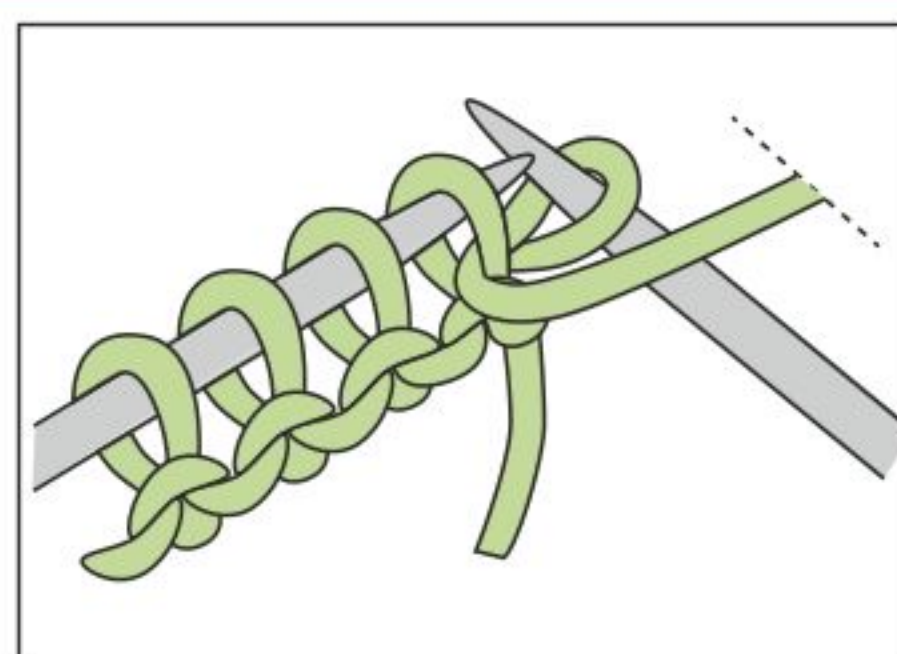

Purl stitch (p)

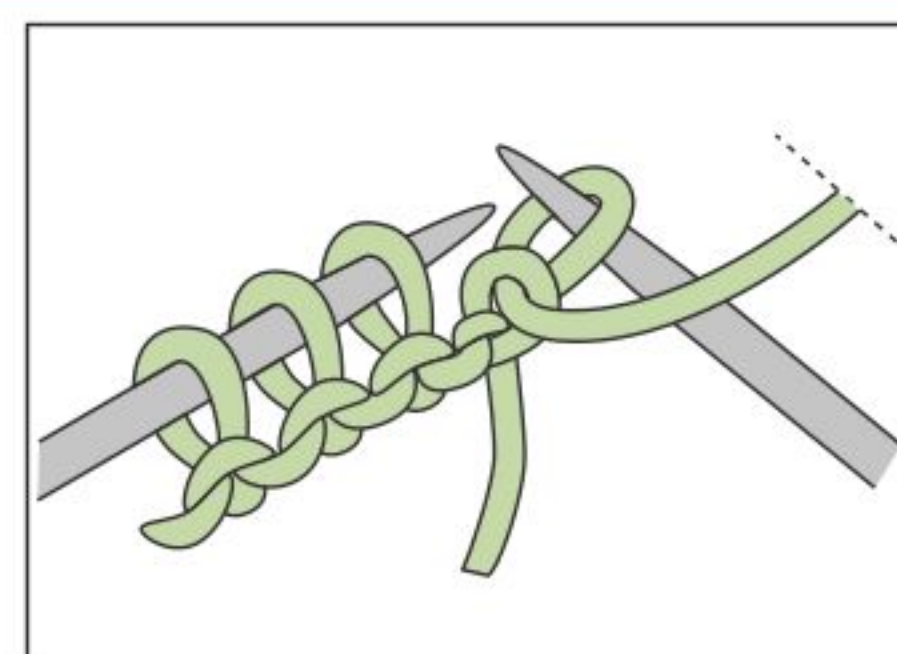

1 With the yarn to the front, insert the right-hand needle from right to left in the front of the first stitch.

2 Take the yarn up and around the right-hand needle.

3 Use the tip of the right-hand needle to pull the yarn through.

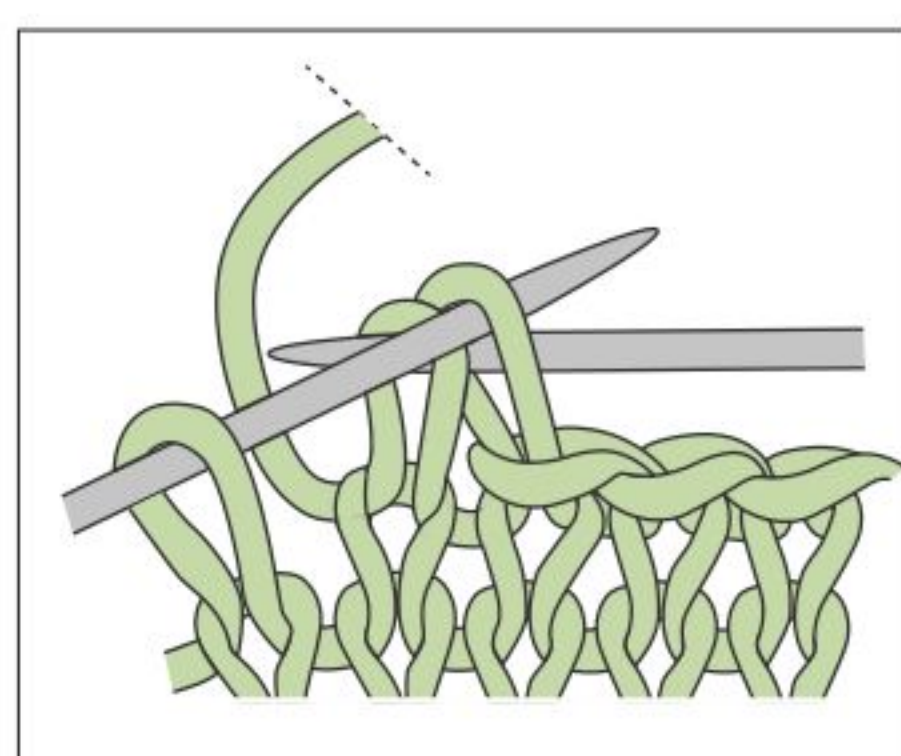

4 Slip the stitch off the left-hand needle to complete the new stitch on the right-hand needle.

Casting off

Knit two stitches, then * use the left-hand needle to lift the first stitch over the second.

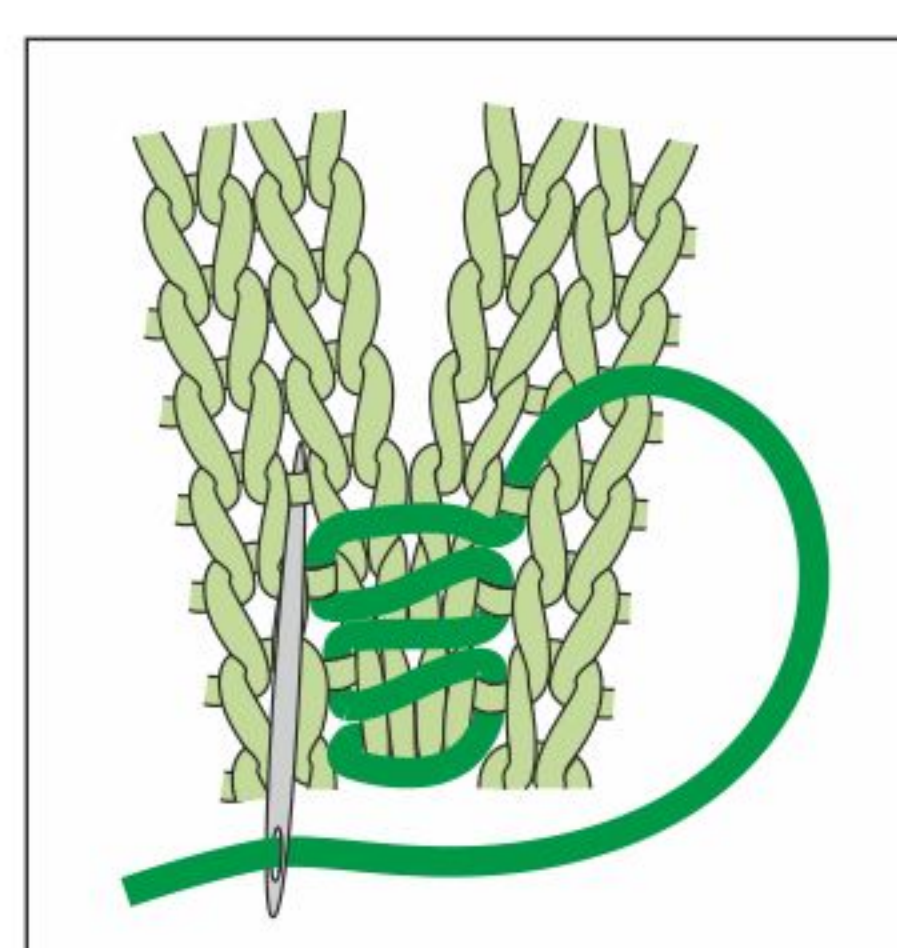

Knit the next stitch, then repeat from * until one stitch is left.

Break the yarn, take it through this stitch and draw up.

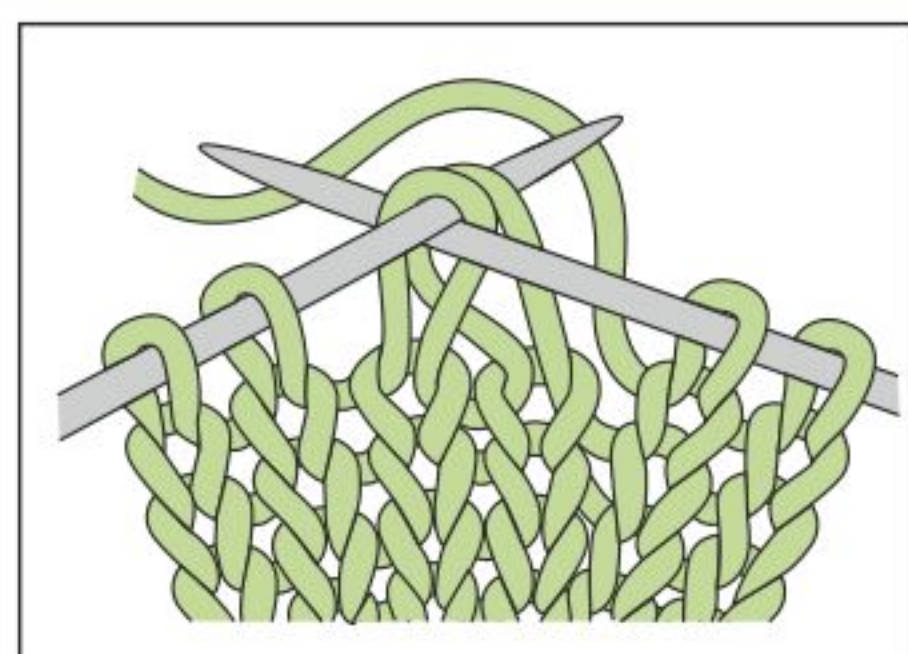

Invisible seaming

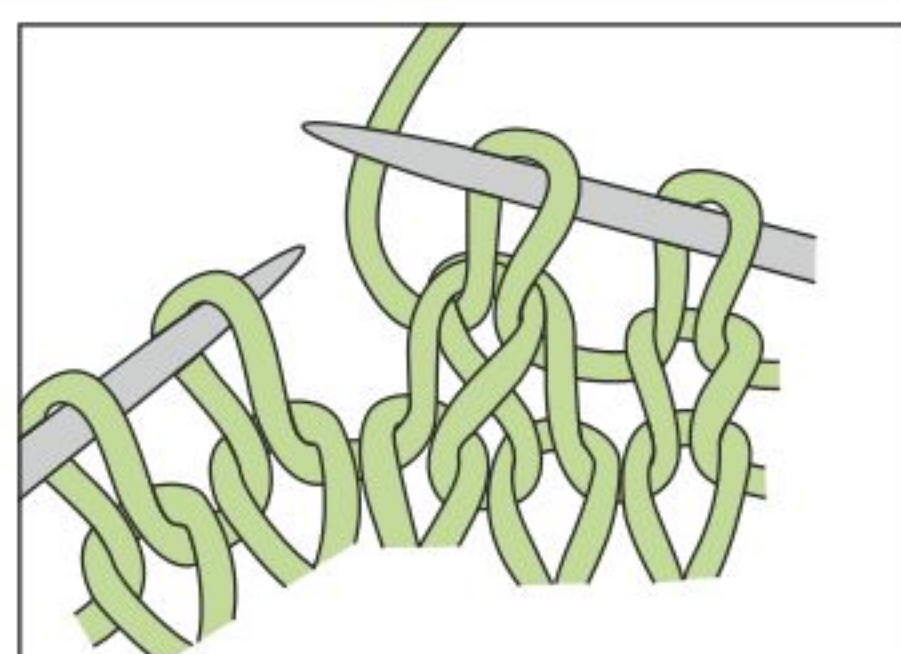

Sometimes called ladder or mattress stitch, this method of sewing up gives the neatest seams. Place the two edges together, right sides upwards and starting at the cast-on edge, take the yarn underneath the strand beside the edge stitch at one side and then the other. After a few stitches pull up the yarn to tension the seam.

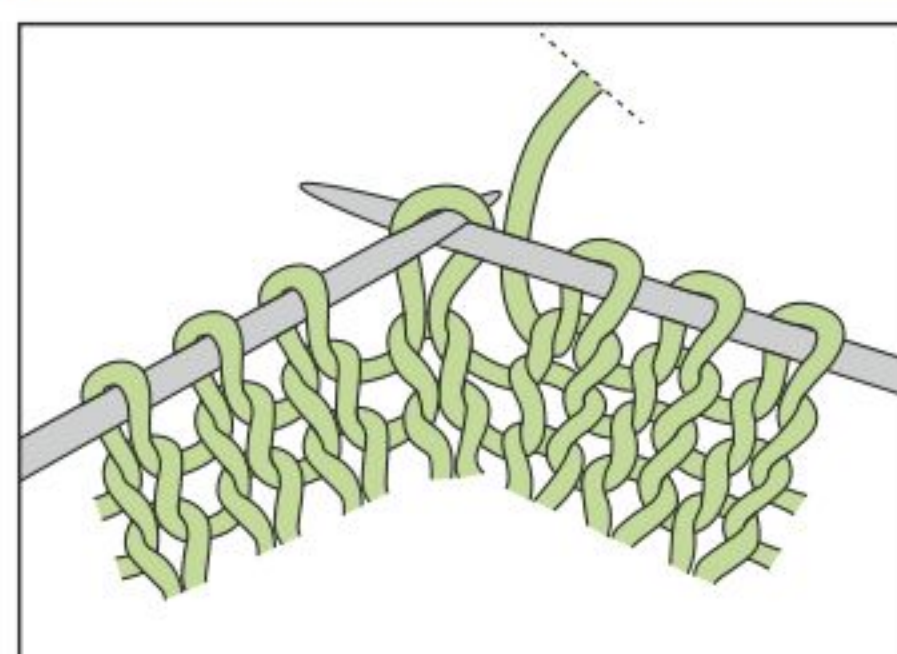

Decrease by knitting two stitches together (k2tog)

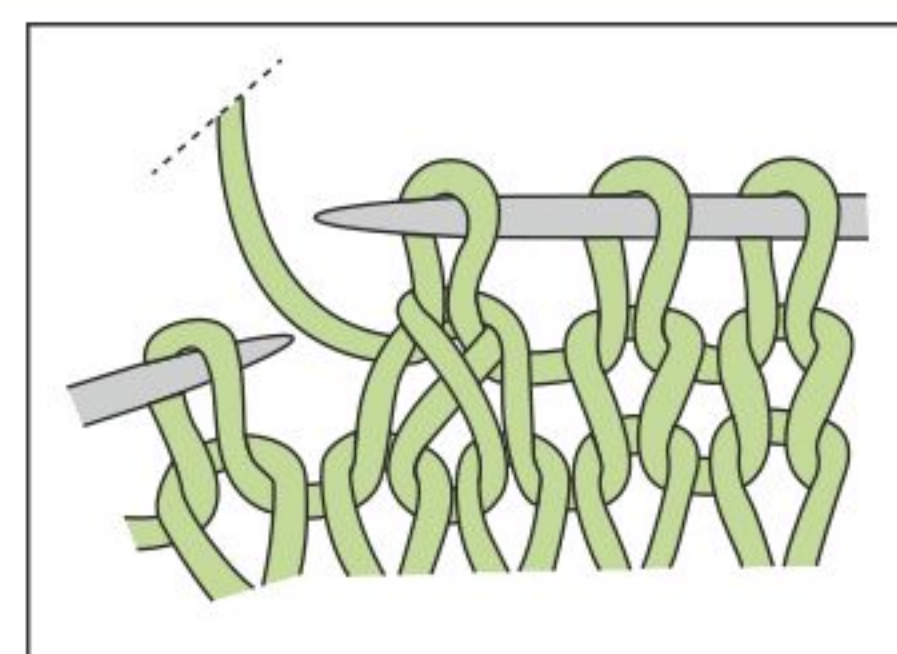

1 Insert the needle in the next two stitches knitwise (that is, through the front of the loops).

2 Yarn round needle, pull through both stitches and slip these stitches off together. The resulting decrease has the top stitch slanting to the right.

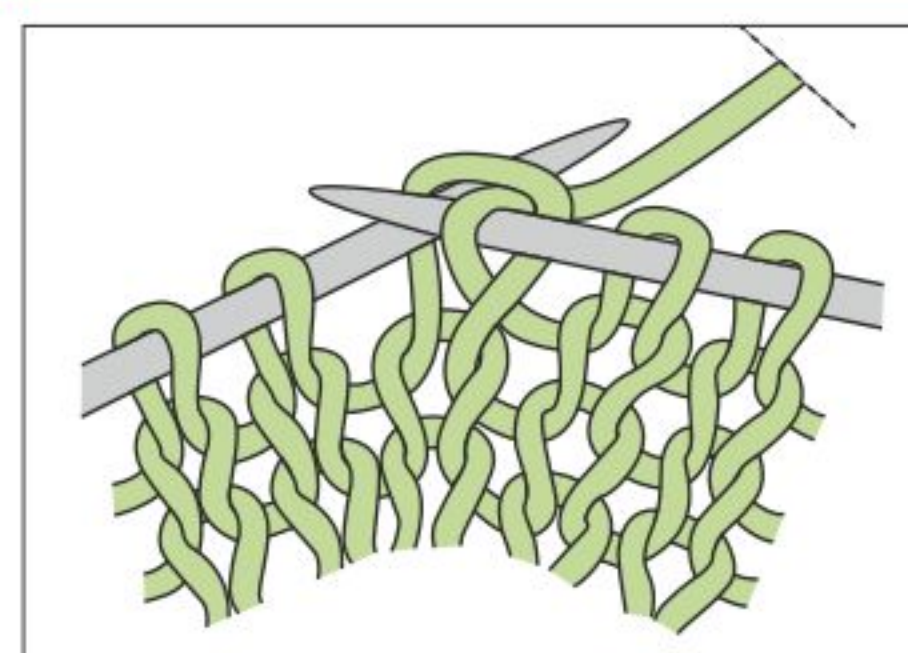

1 Insert the needle in the next stitch knitwise (through the front of the loop) to slip it on to the right-hand needle.

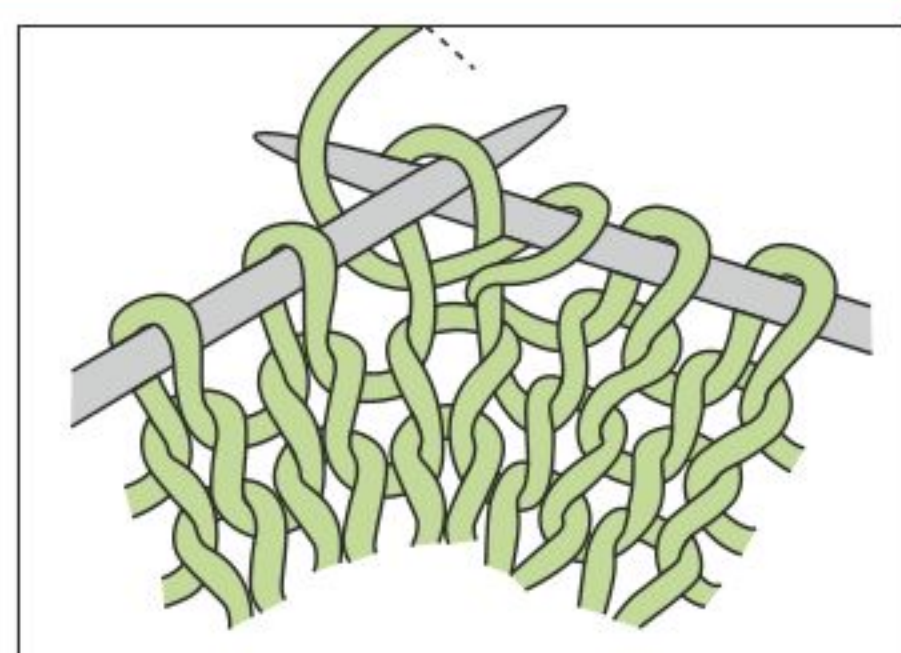

2 Knit the next stitch, then use the left-hand needle to lift the slipped stitch over the knitted one. The resulting decrease has the top stitch slanting to the left.

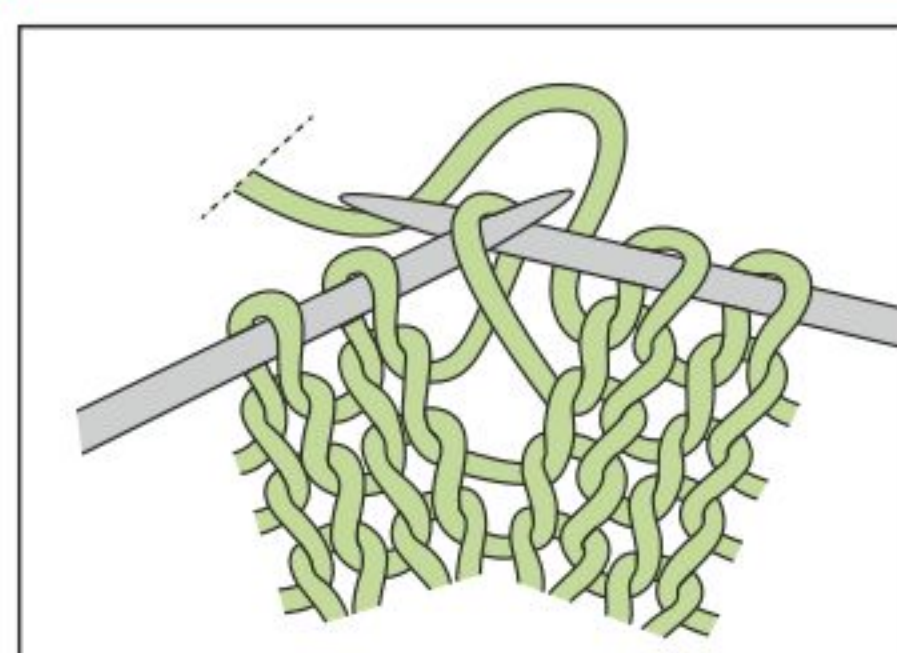

Increase by knitting in the front and then the back of one stitch (kfb)

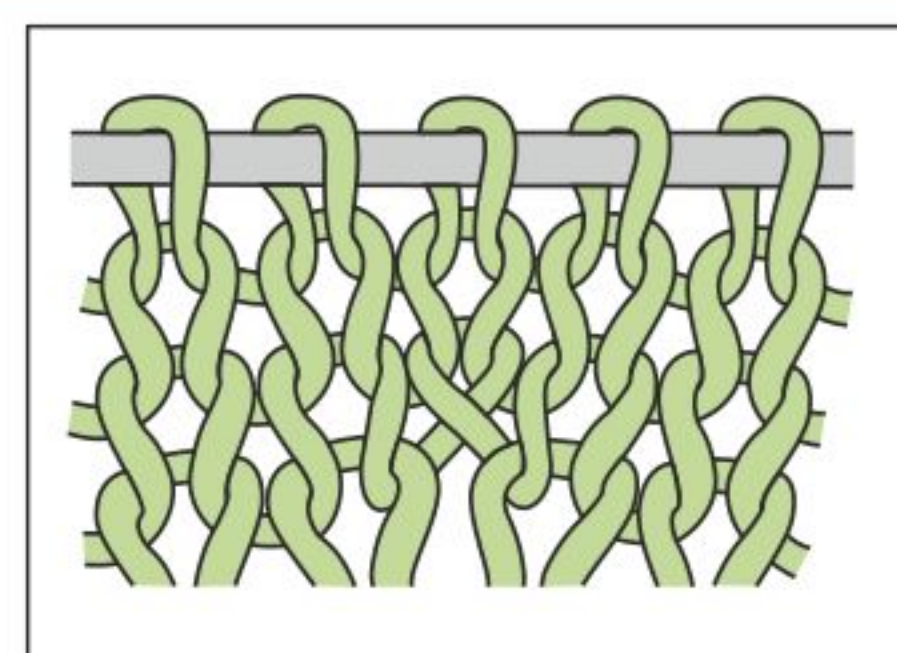

1 Knit the stitch in the usual way, but without slipping it off.

2 Take the right-hand needle to the back and knit the stitch again.

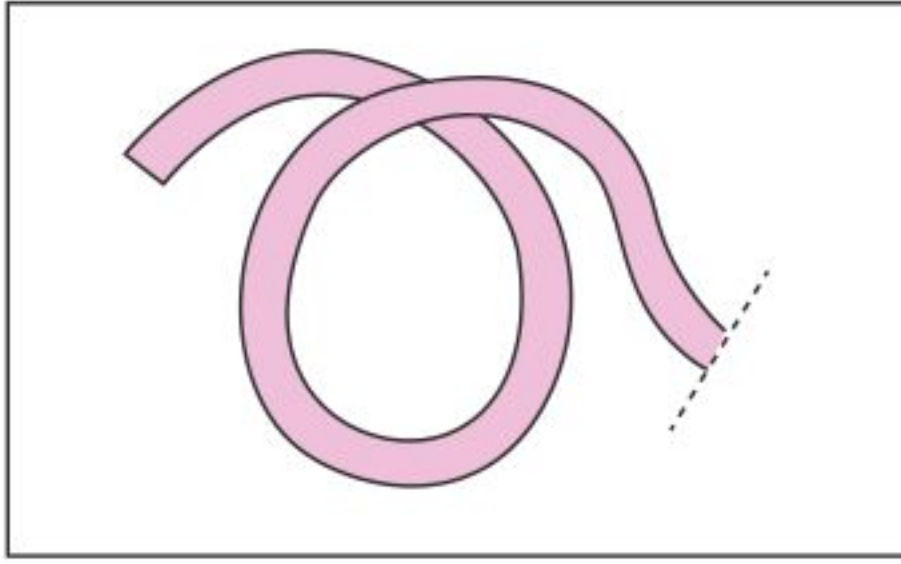

1 Pick up the strand lying between needles and knit in the back of it.

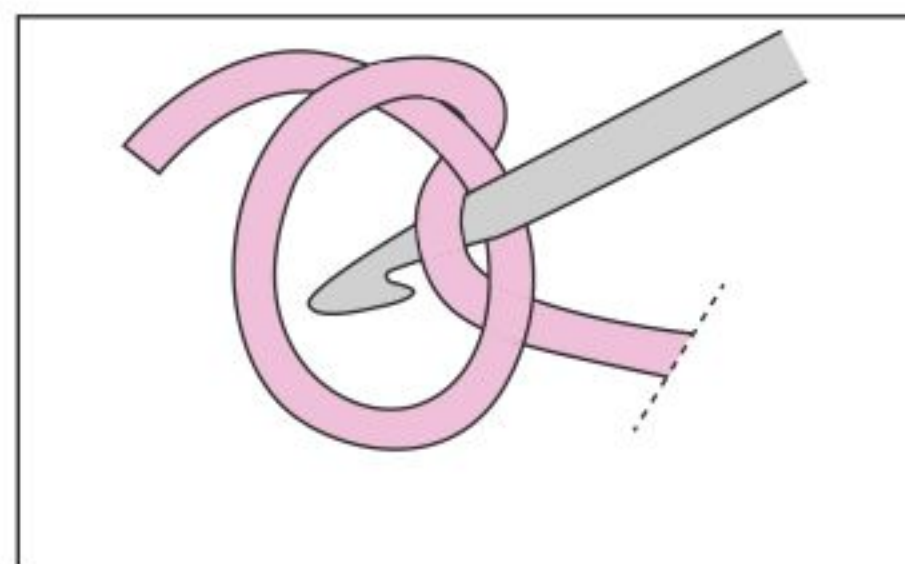

2 This makes a new stitch that fits closely between existing stitches

Crochet Class

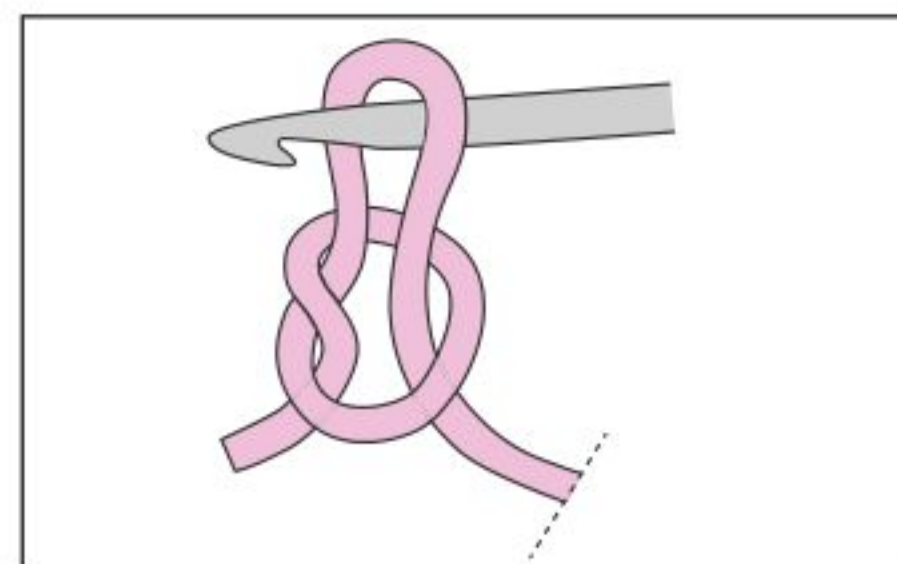

Slip knot

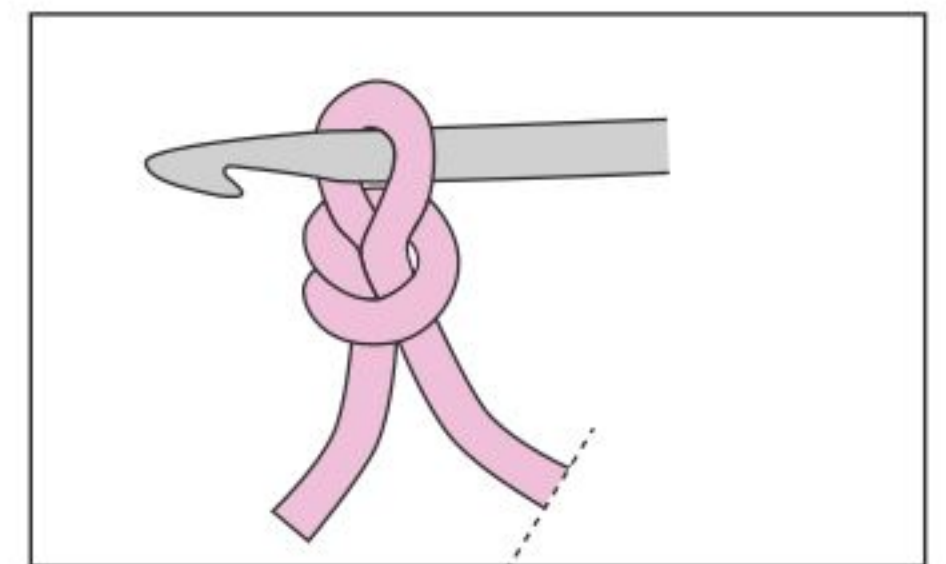

1 Loop the yarn with the ball end on top (the ball end is shown with a broken line).

2 Dip the hook into the loop, catch the ball end and pull it through the loop.

3 Pull both ends to tighten the knot.

4 Pull the ball end to bring the knot up to the hook.

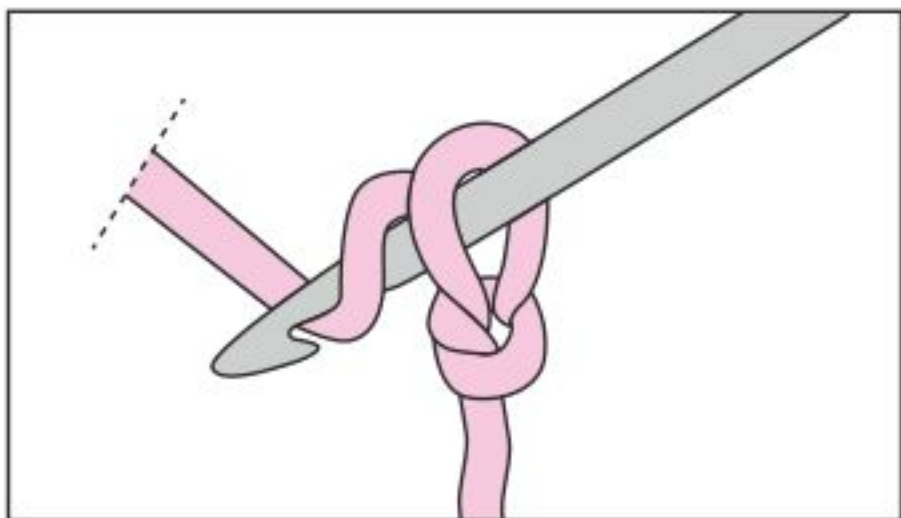

Holding the yarn and hook

Both crochet and yarn are held in the left hand, with the right hand holding the hook preferably like a pencil, but like a knife if you prefer. The work is held between thumb and first finger, with the ball end of

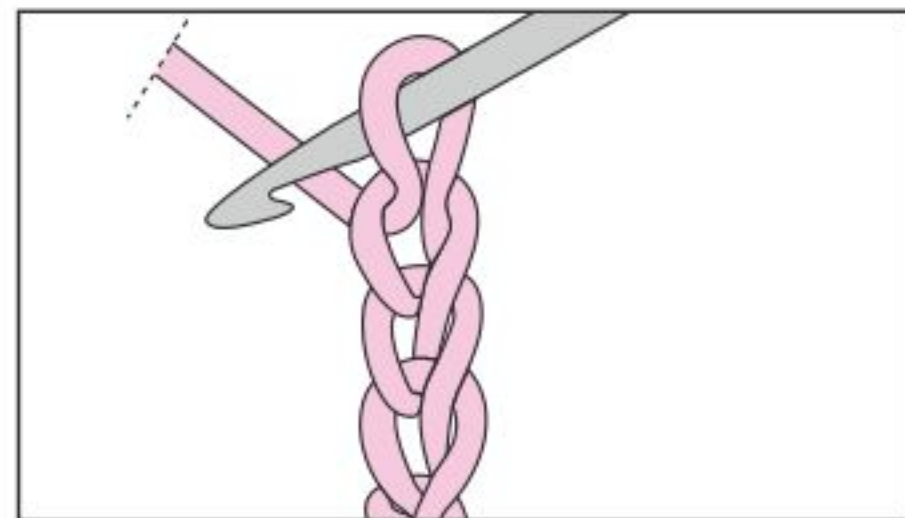

the yarn taken over the first three fingers and under the fourth, or around the fourth if necessary.

Extending the second finger holds the yarn taut for hooking.

Chain (ch)

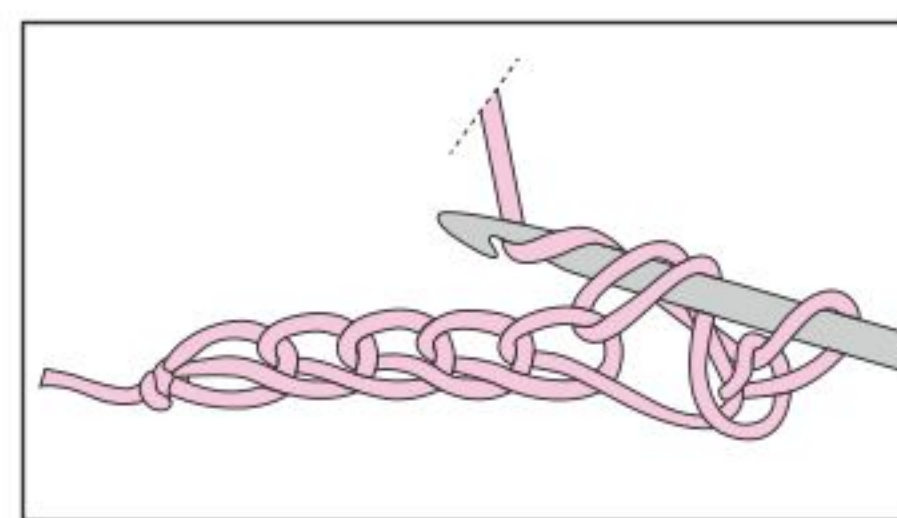

1 Twist the hook under and over the yarn – yarn round hook (yrh). Pull the yarn through the loop on hook and drop it off to make first chain.

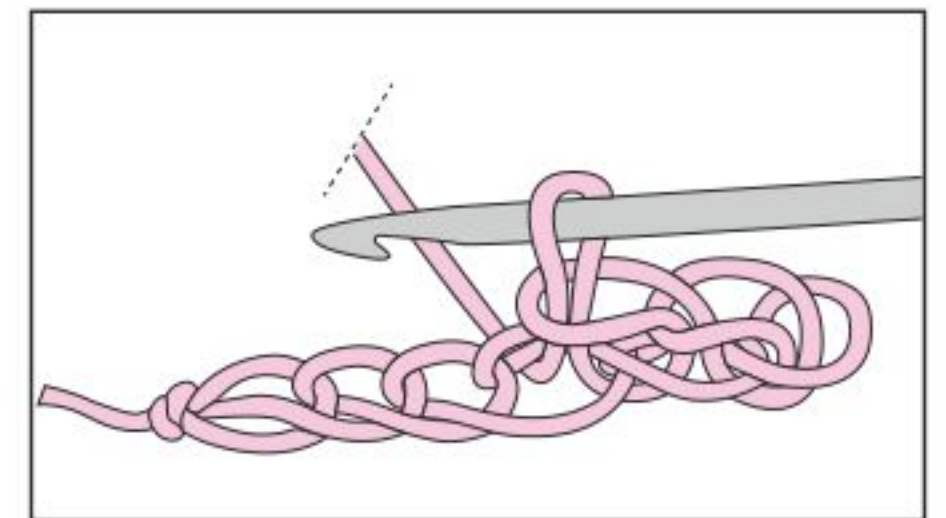

2 Continue to make chain in this way.
Each chain is made up of three strands, with the V shape the 'right side'. When counting chain don't count the loop on the hook.
At the start of a row chain will stand for the first stitch.

Slip stitch (slst)

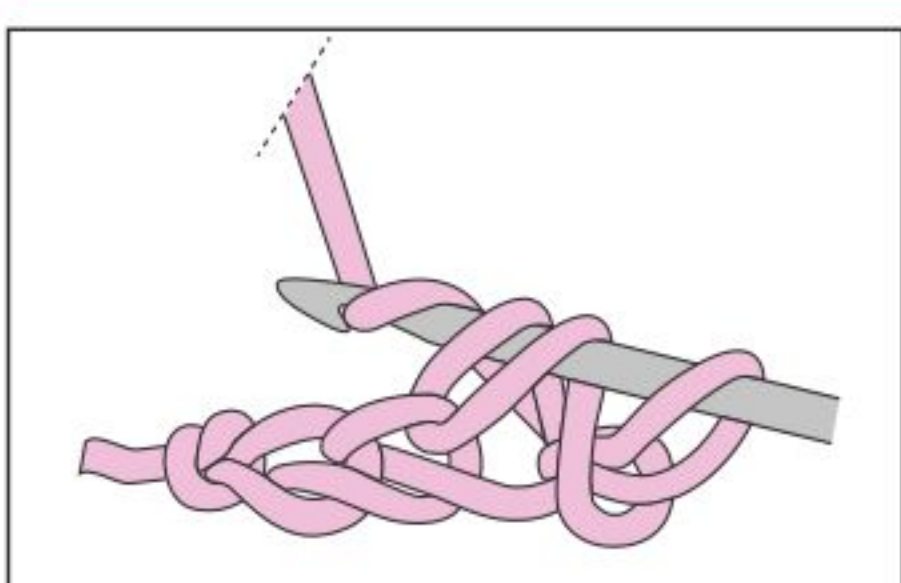

1 Make a length of chain. Insert the hook under two strands of second chain from hook and yarn round hook.

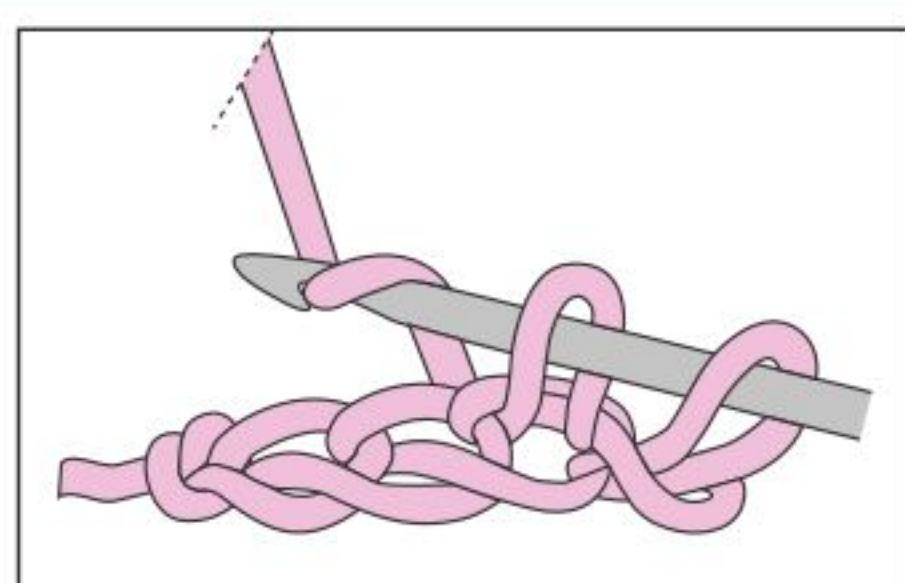

2 Pull the yarn through the chain and loop on the hook. This stitch has virtually no height.

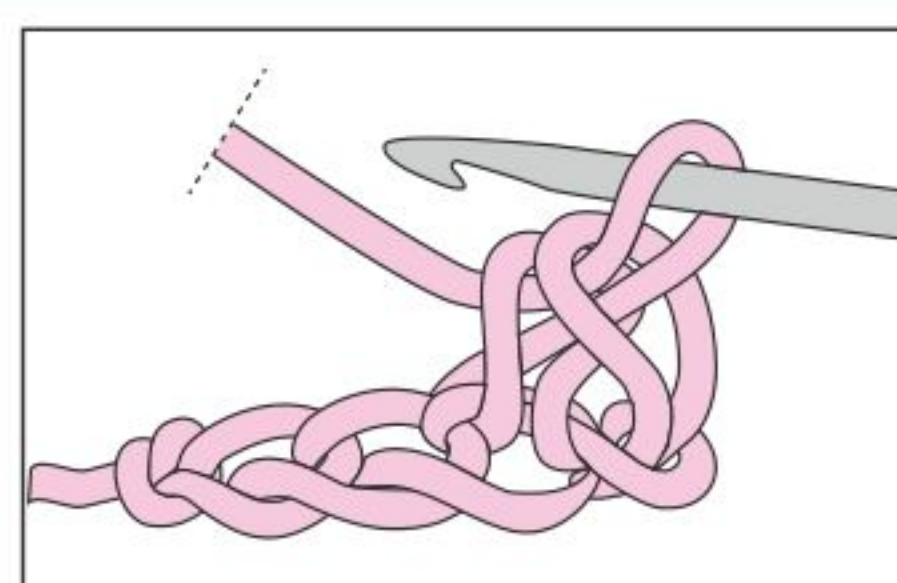

Double crochet (dc)

1 Insert the hook under the top two strands of the second chain from the hook. Yarn round hook.

2 Pull the yarn through to make loops on the hook. Yarn round hook again.

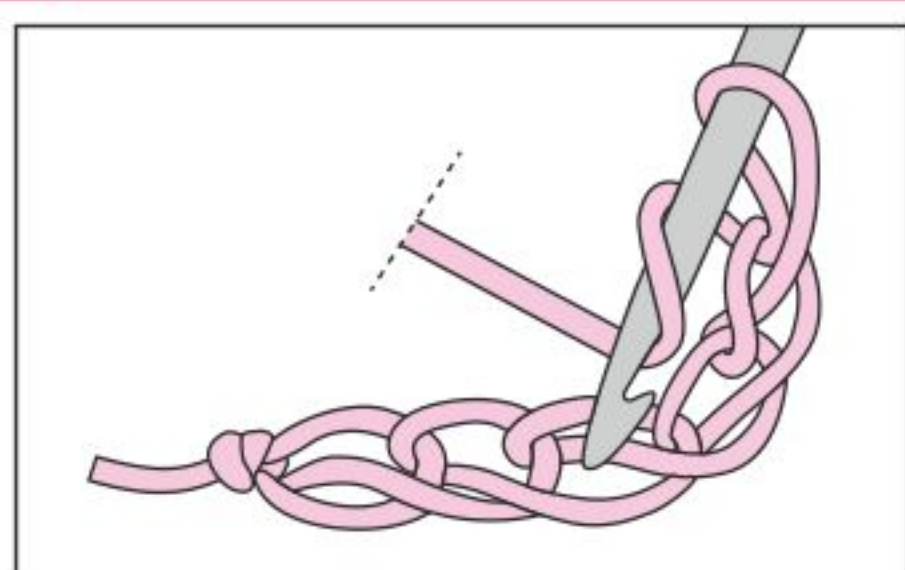

3 Pull the yarn through both loops on the hook to make one double crochet. Insert the hook in the next chain and repeat steps 1-2.

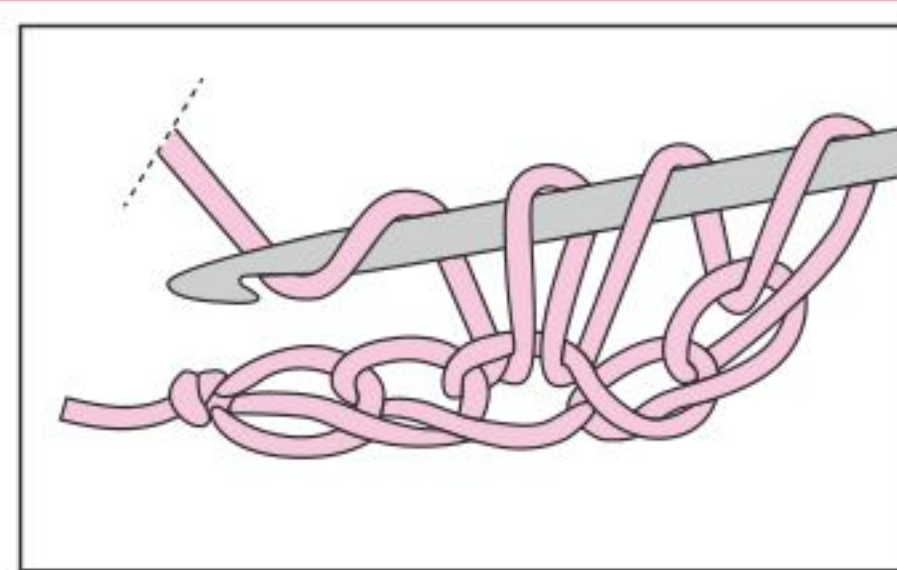

Remember not to take the yarn round hook before inserting the hook. When working into stitches always insert the hook under the top two strands of yarn unless instructed otherwise.

Half treble (htr)

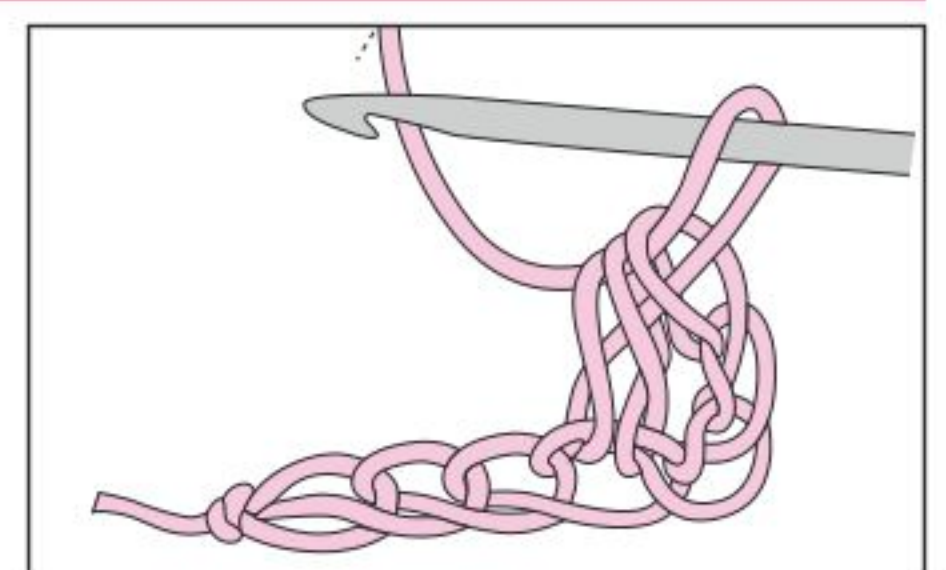

In height the half treble is halfway between a double crochet and a treble and is frequently used as a transitional stitch between the two.

1 Yarn round hook and insert the hook in the third chain from the hook.

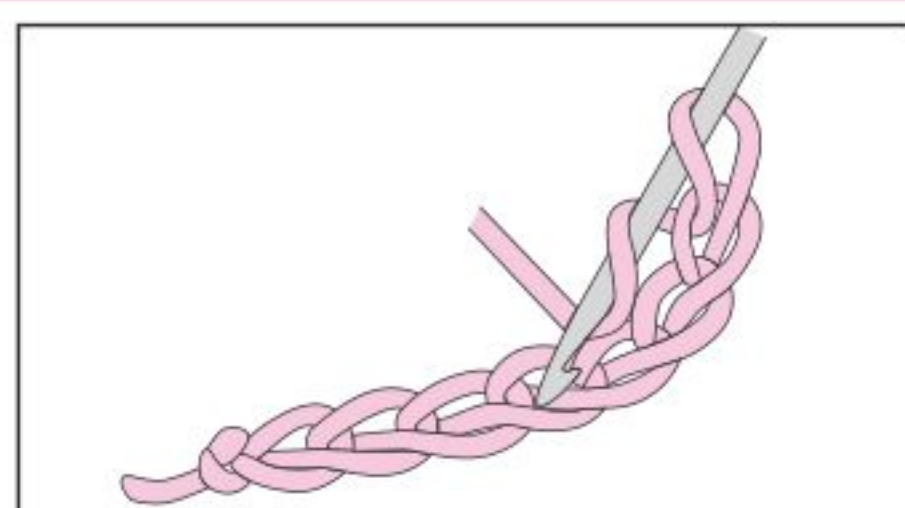

2 Yarn round hook and pull the yarn through to make a loop on the hook, then yarn round hook again.

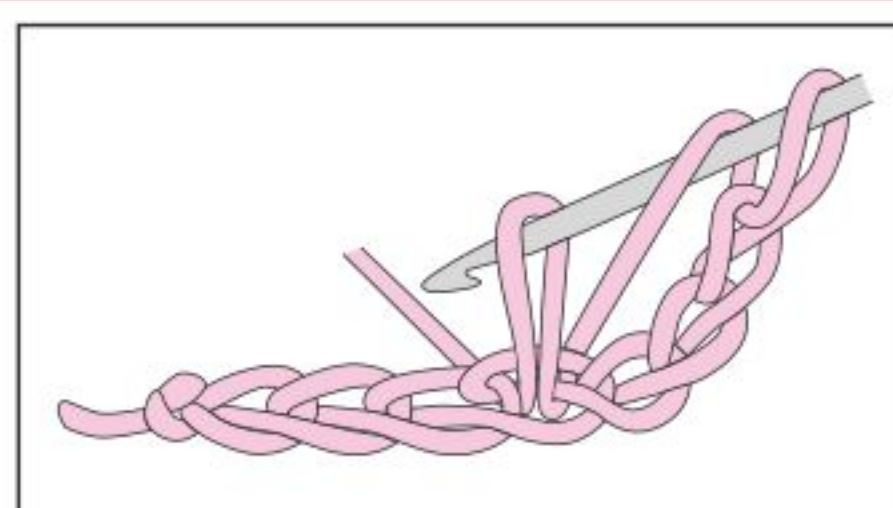

3 Pull the yarn through all three loops on the hook to complete the stitch.

Treble (tr)

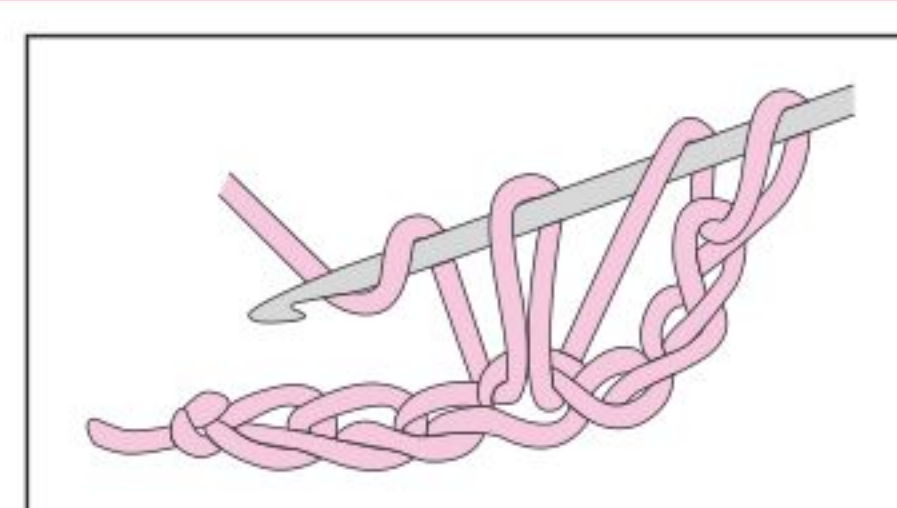

Treble stitch is twice the height of double crochet, because it has an initial yarn round hook, which requires additional steps (wraps) to complete the stitch. The height of stitches is dictated by the number of wraps worked.

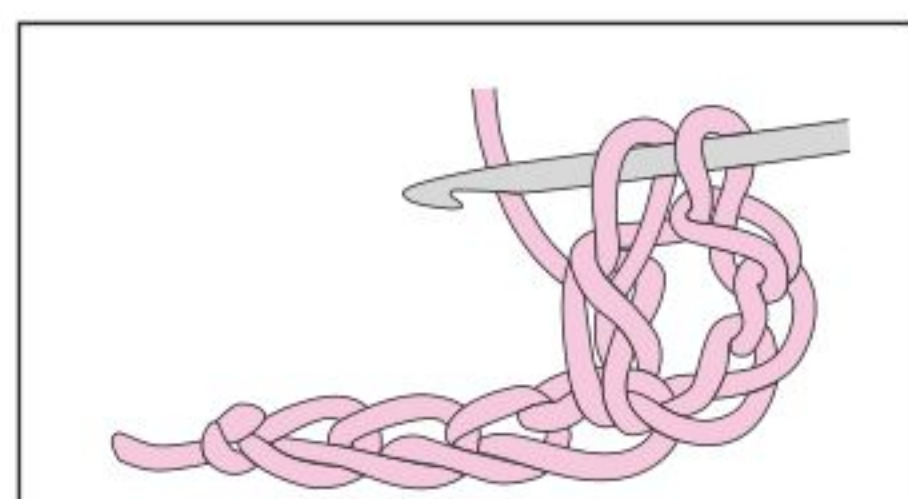

1 Yarn round hook before inserting the hook under two strands of the fourth chain from the hook.

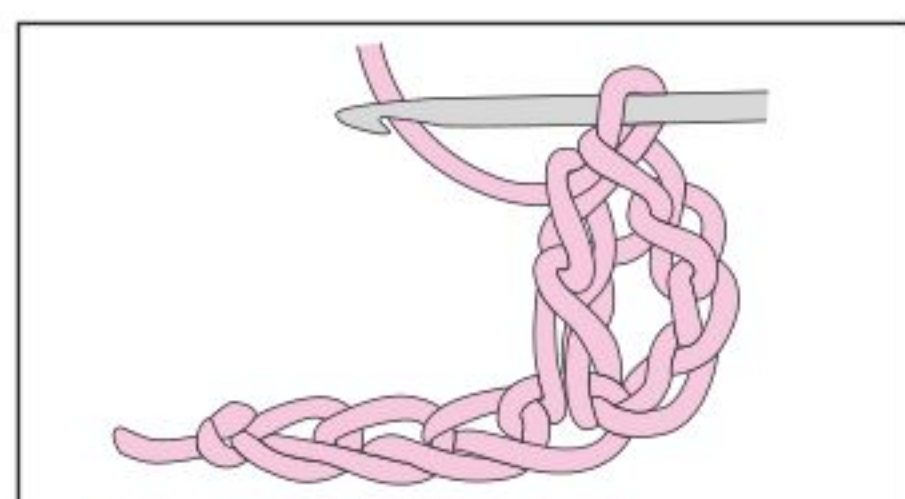

2 Yarn round hook and pull the yarn through to make three loops on the hook.

3 Yarn round hook again.

4 Pull the yarn through first two loops on hook, making two loops on the hook.

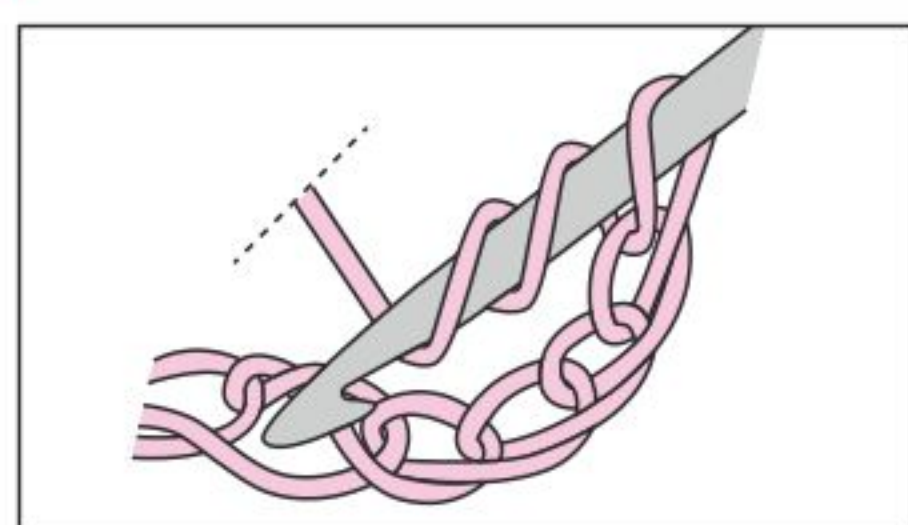

5 Yarn round hook for the last time and pull it through the remaining two loops to complete the stitch.

6 To continue making treble, yarn round hook and insert the hook in the next chain, then repeat steps 2-5. At the beginning of a row three chain usually stand in for the first treble.

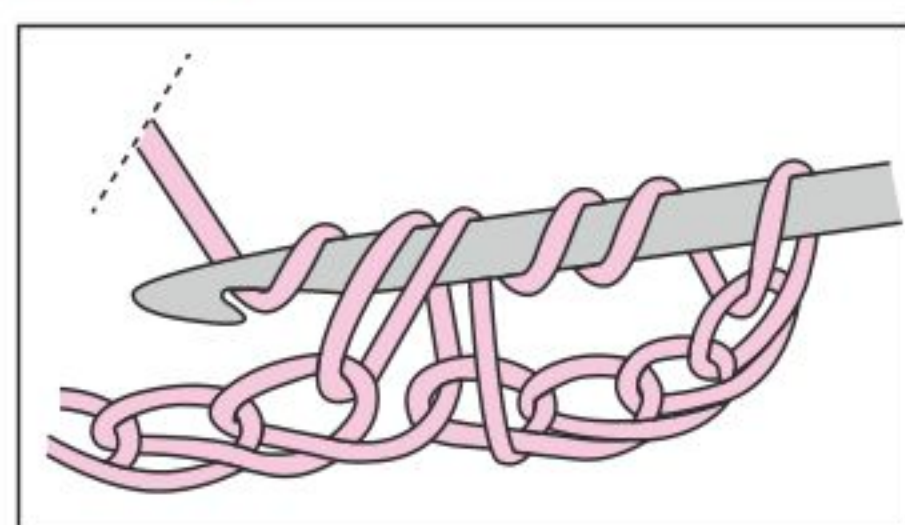

On the next row make sure that the treble following the chain is made in the second

stitch of the previous row, because if it's made in the stitch immediately below you will have made an extra stitch. The last treble of the row will be made in the top chain that started the previous row. Understanding row-end stitches will keep the edges under control.

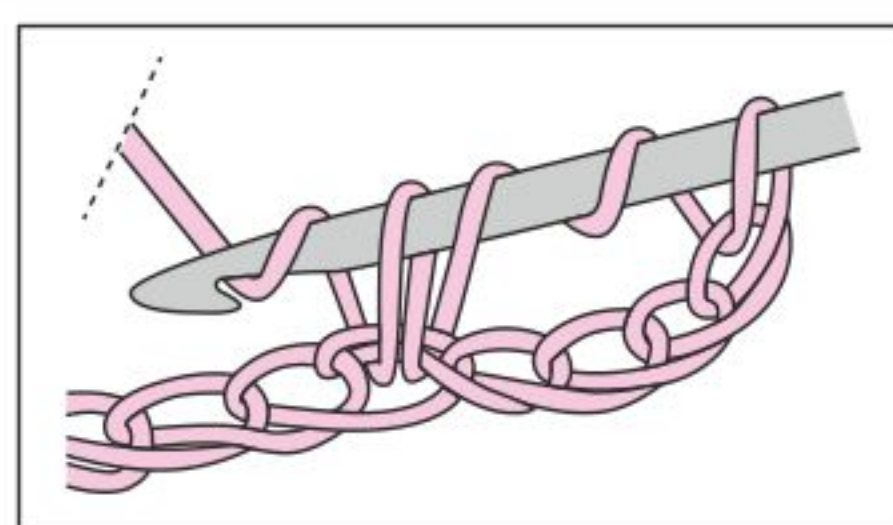

Double treble (dtr)

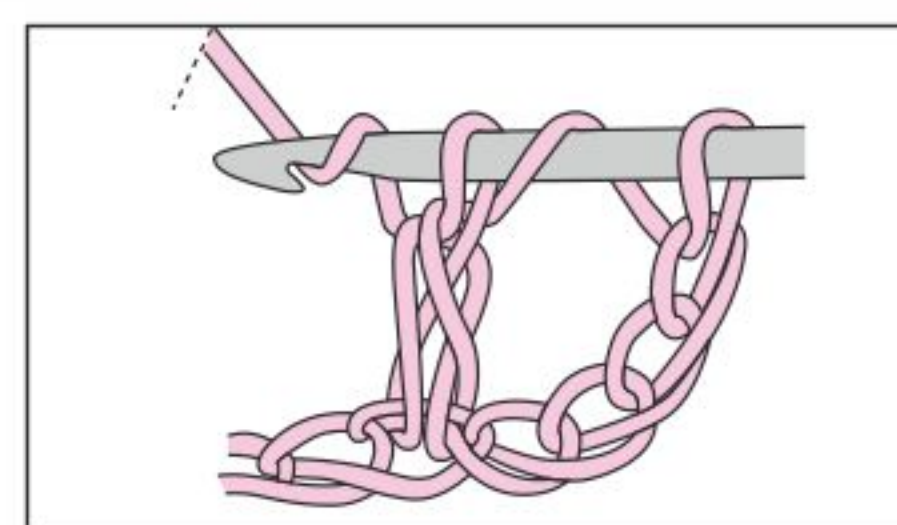

1 Yarn round the hook twice before inserting the hook under the top two strands of the fifth chain from the hook.

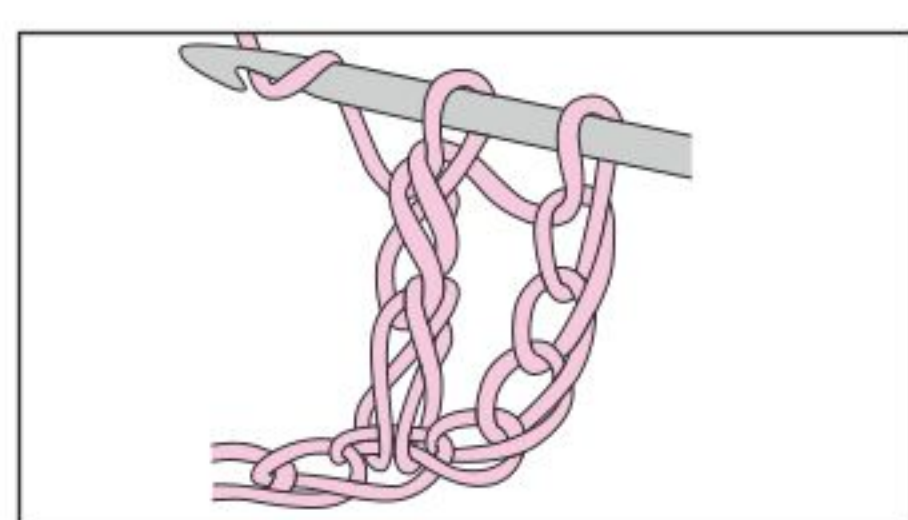

2 Yarn round hook and pull the yarn through to make four loops on the hook.

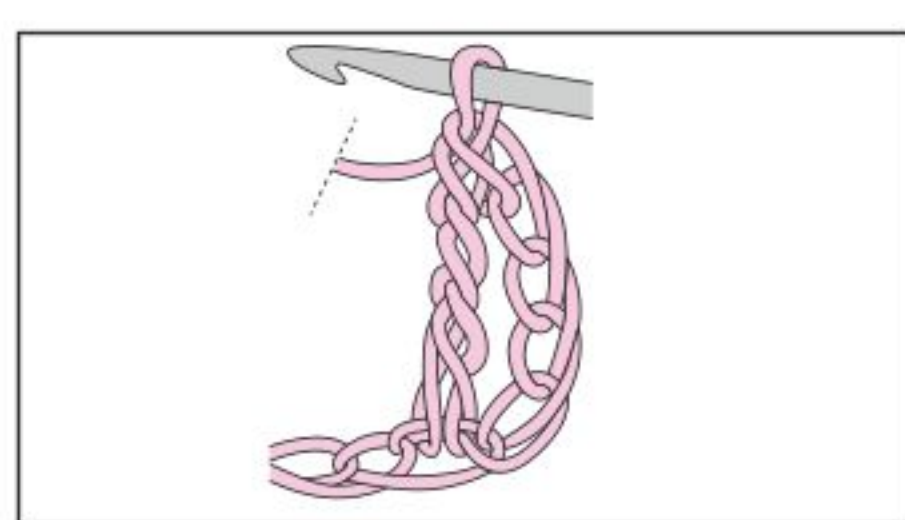

3 Yarn round hook and pull the yarn through the first two loops on the hook to make three loops on the hook.

4 Yarn round hook and pull the yarn through the next two loops on the hook to make two loops on the hook.

5 Yarn round hook and pull the yarn through the remaining two loops on the hook.

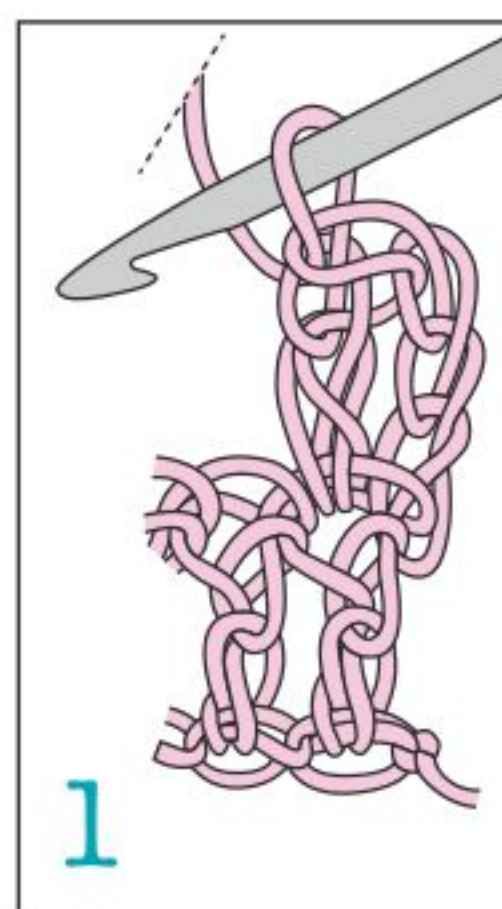

6 The finished double treble. To continue making double treble, yarn round hook twice and insert the hook in the next chain or stitch, then repeat steps 2-5.

Fastening off

Simply break the yarn, take it through the last loop and draw it up.

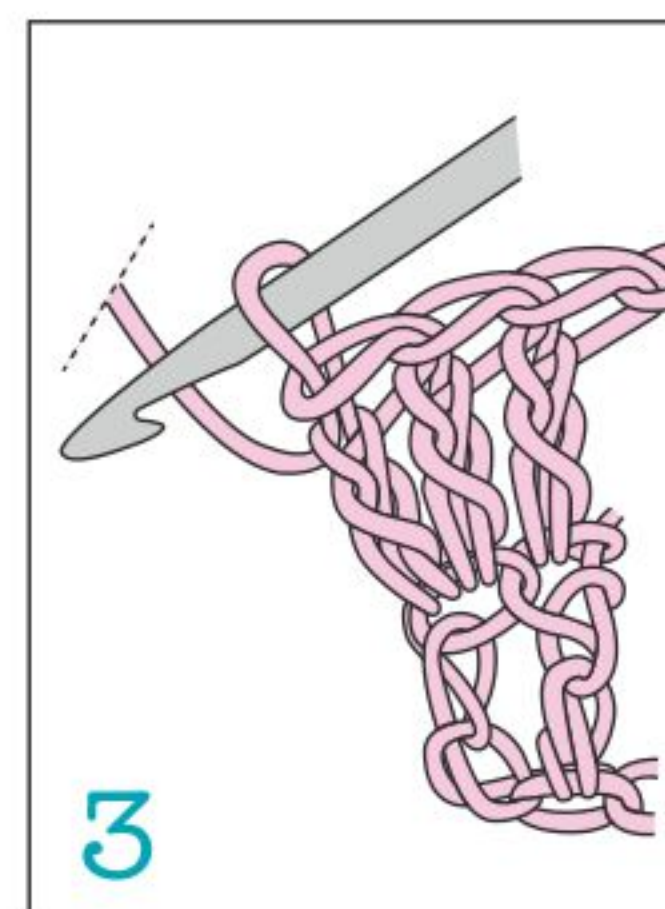

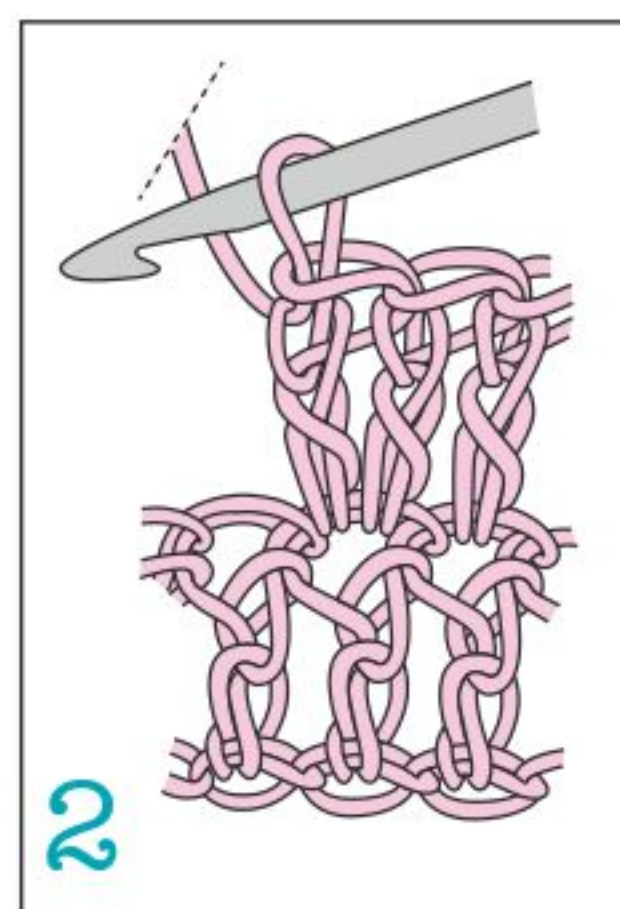

Increases

For clarity these are shown as single increases worked in treble, but the principle is the same in double crochet, double treble, etc.

1 At the beginning of a row, instead of working into the next stitch after the chain that counts as the first stitch, work into the stitch below. This increases one stitch.

2 Mid row simply work the additional stitch, or

stitches, in the place indicated.

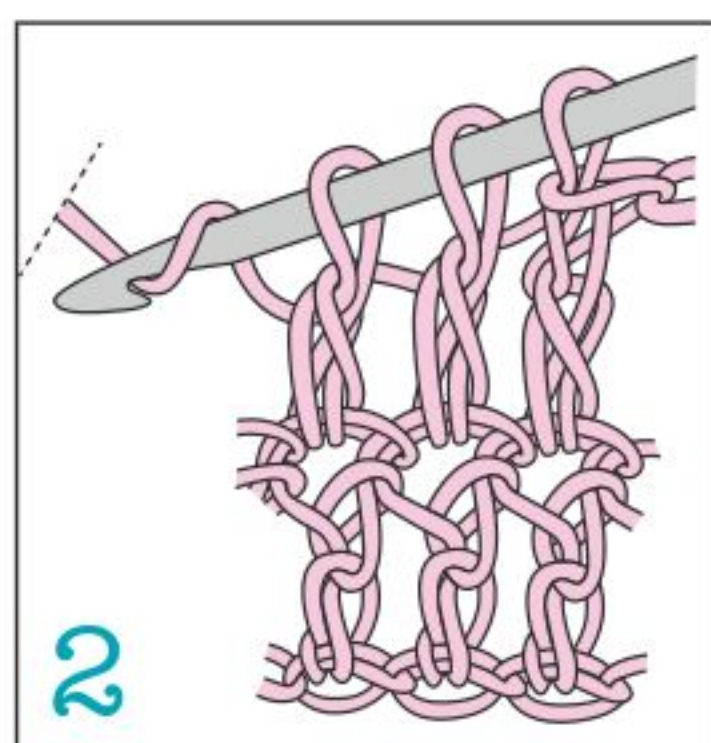

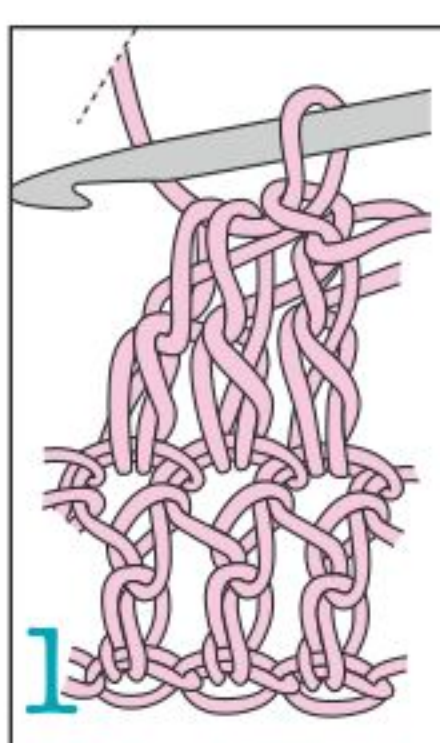

3 At the end of a row, work two stitches in the top chain that formed the first stitch of the previous row. This increases one stitch.

Decreases

Decreases are part stitches worked into a stated number of stitches and then joined into one in the last stage of the stitch.

Decreasing one treble stitch is shown, but the principle is the same in all stitches and for any number of decreases.

1 Without making the last wrap of each make a treble in each of the next two stitches: * yarn round hook, insert hook in next stitch, yarn round hook, pull through, yarn round hook, pull it through two loops; repeat from * once, leaving three loops on the hook.

2 Yarn round hook and pull it through all three loops on the hook.
