UP ZONE

Row 1- All with sc (in back loops)

Row 2 and 3- All hdc

Row 4- Look at **the front** of shoe, place a mark at the **middle**. Is done?

Count 9 stitches and place new mark, to the right side, and left make similar.

Watch images! Ok, now you will make a row with sc in back (and around the shoe) and 2 dc together at the front marks (at 3 pins) zone. Is the front zone. You will make a total of 9 dc tog in the front, at the marks zone. We are decreasing as you can see. So, 2 dc tog in front and sc around, the rest of slipper.

Row 5- You will use sc to all row. At the front you will skip one, at the marks zone. How? Make a sc, skip one, make other... Still decreasing inside pins zone.

Row 6- Repeat same method, like before

Row 7- All row with sc

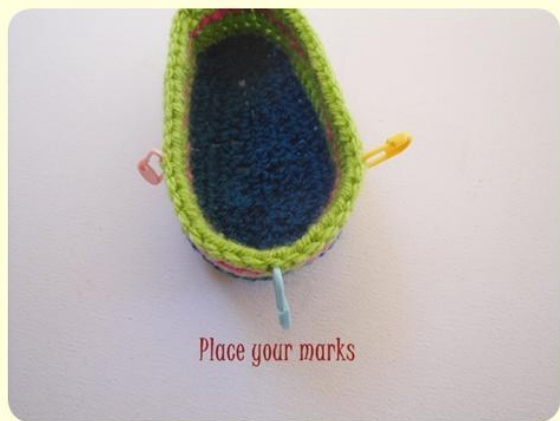

Row 8- All row with hdc

Row 9- Make picot of 3 all around. Is easy, you make a chain of 3 and skip one stitch and join, make again and again...
