STARTING:

Needle 4.0 Europe

Row 1- Make a chain of 7 and go back with single crochet (sc). (ZONE 1)

Row 2/3/4- Always with sc (single crochet), increase at sides only the enough to keep plane(flat). Join each row. Place at a paper what you increased, the other

slipper must be similar! This is simple, are only 3 rows in small peace of crochet.

Row 5 to 8: (ZONE 2)

At this rows you do not increase! From now until the end of slipper you will not increase. You make all rows with: **hdc, sc, hdc, sc** ...repeat all rows, join each row. Half double crochet and single crochet. Never tried? Looks great

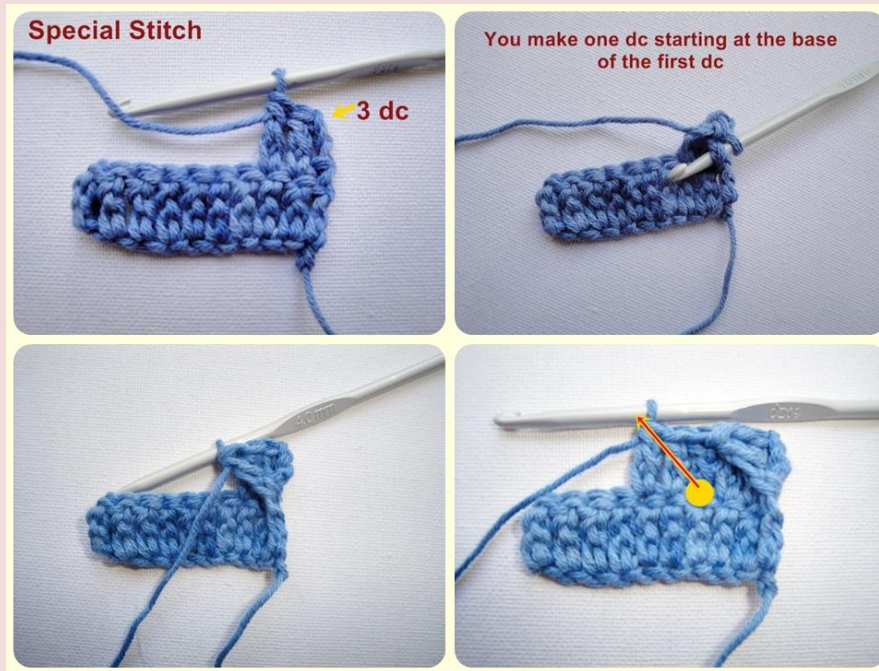

Row 9- (ZONE 3) All row with single crochet (sc) and join.

Row 10 and 11-(ZONE 4)

Both rows with 3 dc same stitch (lace them to **stay only one**, like a booble), skip one, 3 dc same sitch...repeat...join

Row 12- (ZONE 5)

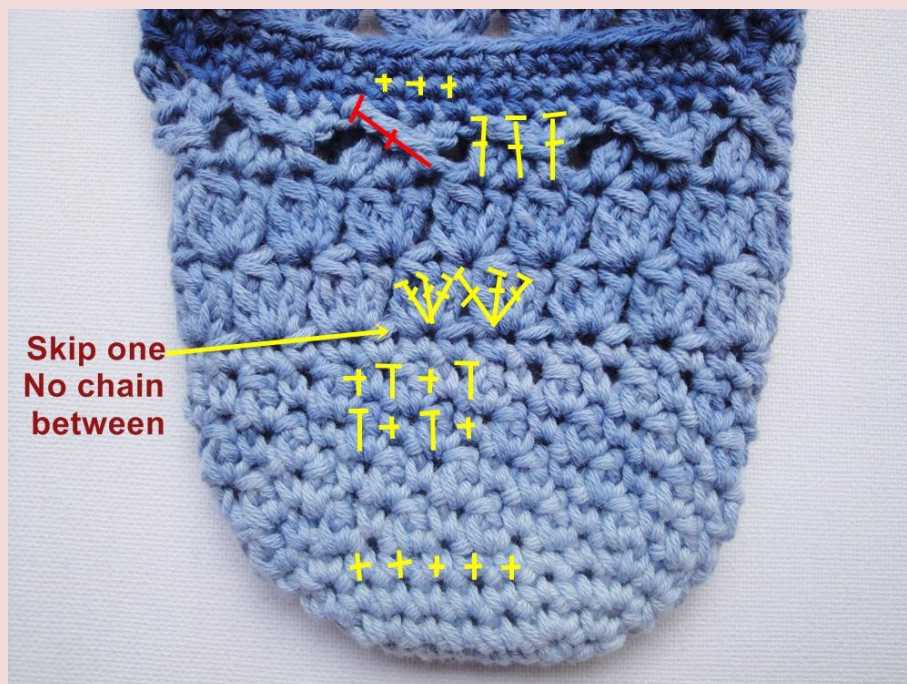

Special stitch (example) [ZOOM PDF](#)

(*You make 3 dc, then make new dc starting from the base of the first. If this is too difficult to you, make all row with dc.)

Row 13 to 22- (My size is 39) You make rows of shells (look images) and check at your feet to be sure of the size. **Make 2 dc same stitch, chain of one, 2 dc same stitch** (look images down). Repeat all around and all rows. You can add or decrease here as you wish, make your size. **Note:** You will only work at sides and sole, leave an open space at front. The size is as you decide. Again place at feet.

This model allows you to create other kind of slippers!

At this point you made the slippers at one piece, now sew the back. Now we are going to make the edge!

Run all slipper with 3 rows with single crochet (sc). Next, we make a row to create the chains! We use slip stitch from one chain to another. This chains will support the big cord, the big up chain to lace. You will make 5. Two in the front sides, 2 in the middle and one in the back.

5 chains of 8
