

Crochet Chair Protector Pattern

From Animals

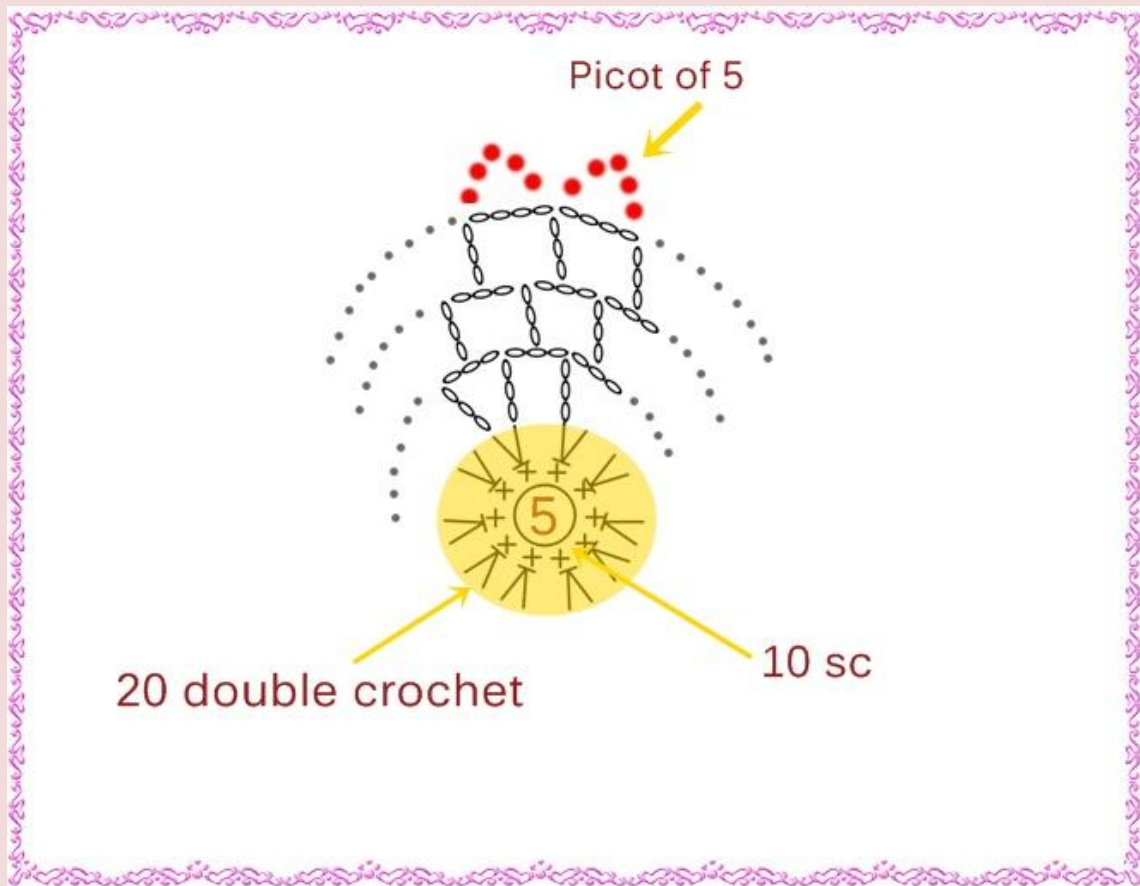

Material: Tapestry Yarn

Pick your Color suitable for crochet needles 8.0

**This is the first I make because my dog was causing me troubles!*

***The next ones I made with the chart I placed here, they are similar, but the chart and pattern works better.**

This is a chart view!

Row 1- Chain of 5 and close

Row 2-10 single crochet around

Row 3- Half double cochet, all row

Row 4- Double crochet, chain of 3, all round

Row 5- Repeat

Row 6- Double Crochet, chain of 4 , all row

Row 7- Make picot all row, chains of 5

NOTE: The yarn I used is very elastic, if you need to change something just increase chains value. For example, at the ROW 5 you can make a 4 chain and 5 at next row... is always going in circles and keep it flat!

GOOD WORK!

Email me if need my help!

Thank you!

Please notice!

All my crochet patterns, including photos, may not be used to copy or redistribute.

You are welcome to sell your finished creations using my patterns and I would be thankful if you would mention my shop in a link.

Thank you so much!
