### **MORE ABOUT CROCHET WORDS**

**Stitches used** - **ch** (chain) **slp st** (slip stitch), **sc** (single crochet), **hdc** (half double

crochet), **dc** (double crochet), **dcr** (decrease) and **3 tog** (stitch 3 together).

#### **Others:**

**st** (stitch), **sp** (space), **yoh** (yarn over hook)

#### **More Instructions –**

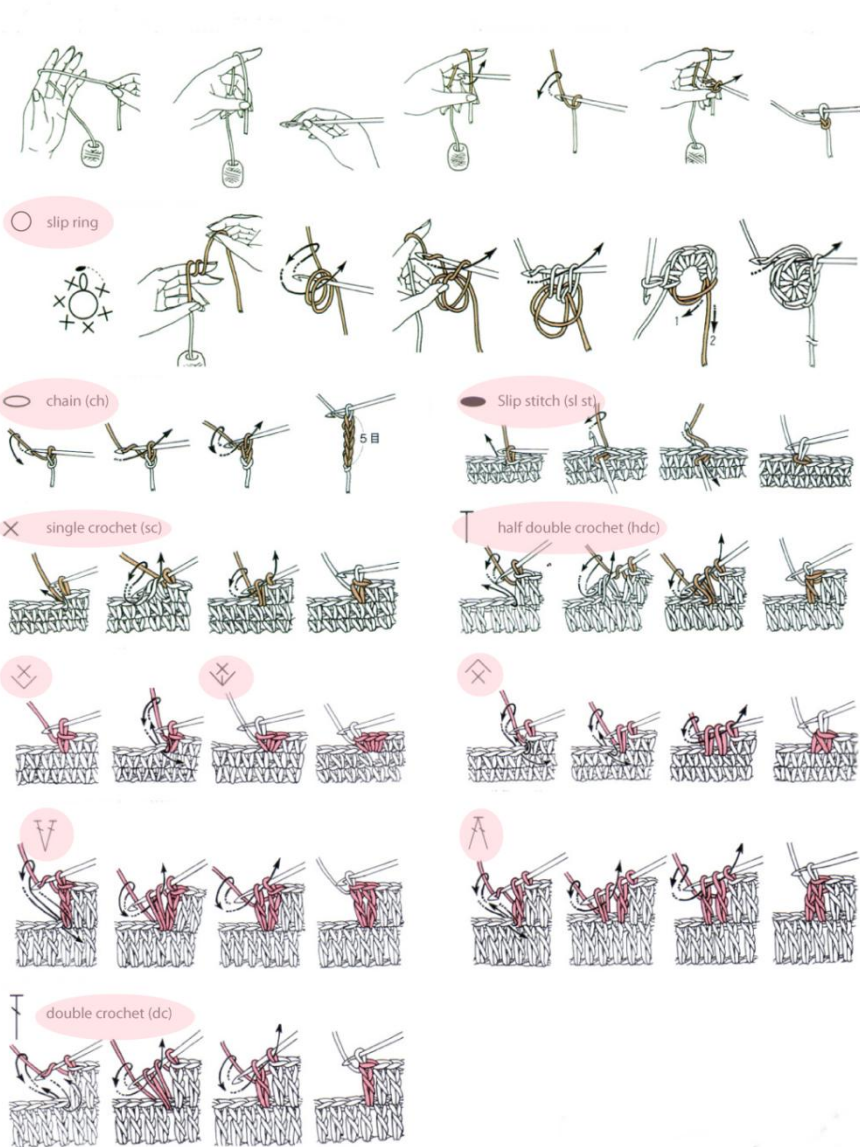

To **decrease one hdc** stitch “**dcr 1**”- Yarn over, insert hook and draw up a loop in each of the next two stitches (*4 loops now on hook*). Yarn over and draw through all 4 loops on the hook. Completed **dcr 1** - (1 stitch decreased.)

To **hdc stitch 3 together**, “**3 tog**” - \*Yarn over, insert hook in next stitch, pull loop through stitch, 3 times (*5 loops on hook*). Yarn over and draw yarn through all 5 loops on hook. Completed **hdc 3 tog** - (**2 stitches decreased.**)

| UK Term                      | US Term                     |
|------------------------------|-----------------------------|
| ss (slip stich)              | Sl st (slip stitch)         |
| dc (double crochet)          | sc (single crochet)         |
| htr (half treble crochet)    | hdc (half double crochet)   |
| tr (treble crochet)          | dc (double crochet)         |
| dtr (double treble crochet)  | tr (treble crochet)         |
| trtr (triple treble crochet) | dtr (double treble crochet) |

\*I will use US Crochet Abreviations

## STARTING WITH A GENERAL LOOK!!

**IMP: YOU SHOULD MAKE FIRST THE TWO HALF MOONS**

**TO CONTROL THE SIZE OF YOUR SLIPPER**

**\*Then make the body of sole, starting from the front Half Moon**

**FRONT SOLE** (Half Moon and Body) Front and back **are different** in sizes, the front has more rows:

\*We will make **the front « half moon»**, the body of sole will grow from there

Row 1-Chain of 4

Row 2-9 dc (double crochet) in ring

Row 3-18 dc, 2 dc together each time

Row 4- 2,1,2,1... 2 dc together and one alone (total 26 stitches)

Row 5- We still working the front "half moon"...

Ex: 2,1,1,2....2 dc together, 1 dc alone... (total 44 stitches)

Row 6- Now make a row with simple crochet ONLY in the base of the "Half Moon" the plane zone, we are preparing ourselves to make the body of sole (total 21 stitches, adjust if need to get this number)

Row 7- All row with dc (double crochet) (total 21 stitches)

Row 8- turn and repeat like before...(total 21 stitches)

Row 9- Turn and repeat (21)

Row 10-Turn and repeat(21)

Row 11- Turn and repeat(21)

**NOTE: DURING THIS ROWS AND THE NEXT ones you will decide the size of your slipper, the rest is similar to all sizes...the other back sole is made separated, so if you wish you can make it right now**

Row 12- Repeat...(21)

Row 13- Repeat...(21)

Row 14- Similar stitch type, just you will "eat" one stitch each side, you need to end this row with only 19 stitches

Row 15- turn and repeat...(19)

Row 16- Repeat...(19)

Rows 19 and 20- Repeat...(19)

Cut The line.

**If this is too much for your feet, just do not make so many rows. This is a 9 size. I recommended to make both half moons at start to be easy control the sole size...**

### **BACK “HALF MOON SOLE”**

Row 1- Chain of 4

Row 2- 9 double stitches in ring

Row 3- 2 dc together each time, total is 18

Row 4- ...2,1,2,1... 2 dc together and one alone total 26 dc

DONE!

### **OTHER STEPS**

Sew the back “half moon” to the body of sole. Have you made it already?  
Ok.

So the sole looks like a boat!

Row 1- Cross all the sole with single crochet (My low stitch), one each time, nothing to increase or decrease. We are just preparing the sole to make the next rows, will be easy!

Row 2-With the front of sole facing to you start a row of hdc(half double crochet), all round. In my images I use a different color from here, also use back loop, if is difficult to you do not care about it, just do normal to you.

Row 3- Repeat...I have 111 stitches because this is size nine. You may have different number, do not worry. For that reason I will not refer more to total stitches in this “bootie zone”, we can call that right?

Row 4-Repeat...all similar...

Row 5 – is my pink zone, single crochet (my low stitch), all round, I still have my 111 stitches...

Cut the line (Yarn)

## LET S MAKE THE UP CIRCLE

Row 1- Magic Loop and 14 dc in ring. If you don't know to make the magic loop make a chain of 4, close and make the 14 dc...

Row 2- Green in this case. This row is with single crochet, left 1 of chain between stitches...

Row 3- Hard Pink repeat...

Row 4- Light Pink, will be 2 single crochet down and one of chain...separating them (2,1,2,1...)

Row 5- Brown, 2 single crochet down and two of chain between them

**PLEASE LOOK IMAGES, ZOOM PDF**

Row 6- Green again, 2 single crochet inside and 1 separating...

Row 7- Hard Pink, 2 single crochet inside and 2 separating (in chain)

Row 8- White, 4 hdc each time, nothing of chain separating

## JOIN THE CIRCLE TO SOLE TO START WORKING AROUND

### WATCH GENERAL IMAGES FIRST

One part of what you see at next image you didn't make yet!

Stay calm! It's just to give you some idea of where to sew the circle, sew it from the back of slipper! Will look better

What I mean is this part will be pressed down, enter the slipper, and sew in 4 points to keep in place. When you place in your feet you will understand the need of that.

## NEXT STEP: MAKE THE "BOOT ZONE"

Row 1- Make a row of single crochet. You can start from back or the inside side.

Your attention very close the circle zones, you have about 3 / 4 stitches different, just to join the circle. Follow images:

At the image you see the first row , single crochet then changed to hdc and dc, right after the light pink!...

Row 2: Hdc (half double crochet) all around, in the circle zone, I decided to make single crochet, but only in the circle zone, the rest of slipper is hdc

Row 3- This is the row where we will insert something allow us to lace the slipper, a chain of yarn to make lace in front. For that reason we make 2 hdc tog (half double crochet together), and no chain between them!

Up they have no chain between them , down I jump one stitch, watch up image please.

Row 4- All hdc, decrease one each time, jumping to the next stitch.

Row 5- hdc all around

Row 6- Is the last row and the circles you see up:

This circles are only a chain of 5 that I placed every stitch...looks good !

To finish make a big chain and insert in the slipper, lace and is done!

### **ATTENTION TO AN IMPORTANT DETAIL:**

When you make the circle and sew to slipper looks like a baseball ball! You need to press that to enter the slipper and sew, just little in 4 points...like North, South....you understand, just to keep the circle in place
