MAKE PINK CORD at SOLE, is a chain:

I used only one sole at this pink model, is to glue to a plastic sole from a beach rubber flips I purchased!

UPPER:

Row 1- Center 46 sts in the front of slipper, place pins. Next row you will work in back loops at pink cord made before! Confuse? You have images, easy!

Row 2- Start at one of sides, 5 sc, 36 hdc, 5 sc, turn

Row 3- Sc all row, you will be going back...

Row 4- Ch1, sc same st, 4 sc, 2 hdc tog , 2 hdc, 2 hdc tog, 2 hdc...this way all this row (about 9 times), leave 4 sc to the end, just like you started, turn

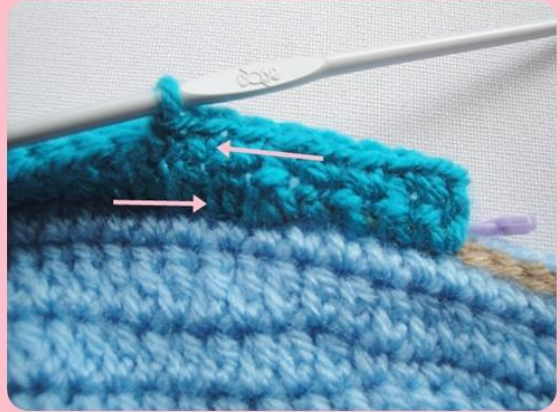

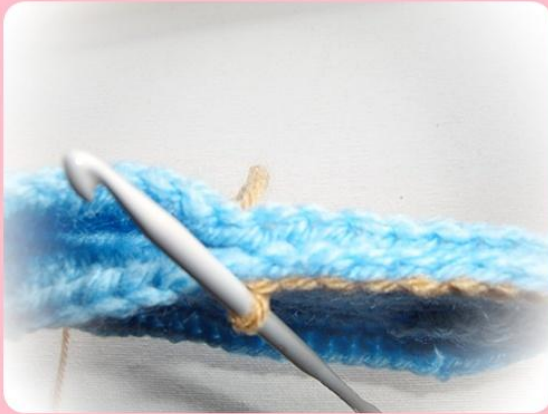

Row 5- Again a sc row, just like round 3

Round 6- Ch2, make 2 dc tog all row.

Round 7- Here we make a kind of edging with sc at all “U” front zone. Just to look better.

Note: I am making the (first)hdc with backloops!

THE CORD TO LACE is a chain of 110

Thank you!
