See the LIGHT PINK ZONE?

Is where you insert the sizes difference. Is a zone where all is similar. How can you do it? Print the design, cut at that place and prepare a paper with the stitches missing to your size. Then, simply past both papers. What you change at that zone will make no difference. **Just keep similar the sole (circle) and decrease zone in the front and the sole circle in the back.** If the size is big for you, just cover the excess of stitches at the paper.

STARTING:

Make your chain, according to your size.

I am making with worsted yarn, size 9

Chain 18 ,the chart is to that size

Look at the left, the 3 starting sc, after the chain done, they are all in the same stitch.

Instructions to start – Chain of 18, Work 3sc in 2nd chain from hook, sc in next 3,hdc in next 7....then

Is only follow the chart! Is easy! In the end of each row join!

I decided to make a chart because is easy to follow to starters or experienced persons.

This is in the back, at the previous 3 sc zone, I am making the second row...see how I started? How is centered? This are the doubles hdc, 3 in total

Join...

How is looking like...

Look the yarn I used. At left you have normal cotton, fine. My cotton is for needles 5 or 6mm (EUROPE)

Flower:

NOTE: I am using a worsted yarn. In my normal fine cotton, a chain of 25 was not enough! Try before the final flower to get yours!

This flower:

I made a chain of 25, chain of 5 to start(count as dc+chain of 2), dc, chain of 2, dc....repeat until the end.

Next row I made for each "Window":

3 dc (each side) separated for a picot of 3

After that you only need to sew the flower to slipper.

I also used a strong blue cotton to lace all slipper.

Are very comfortable, like a glove at feet.

Good Work!

Email me if need something

Thanks!
