**About this pattern:** This pattern is worked in a spiral, so please mark the last stitch of each round to keep place, with a stitch marker or safety pin. When starting a piece, the pattern calls for a “ring” use what ever ring you would like: a slip knot, double ring, an adjustable loop, etc... The tail from the ring should be tightened and sewn into the piece and cut.

At the halfway point of the first drawstring, start the second drawstring (red) and weave it thru the eyelet holes, the same direction as the first.
