Mane

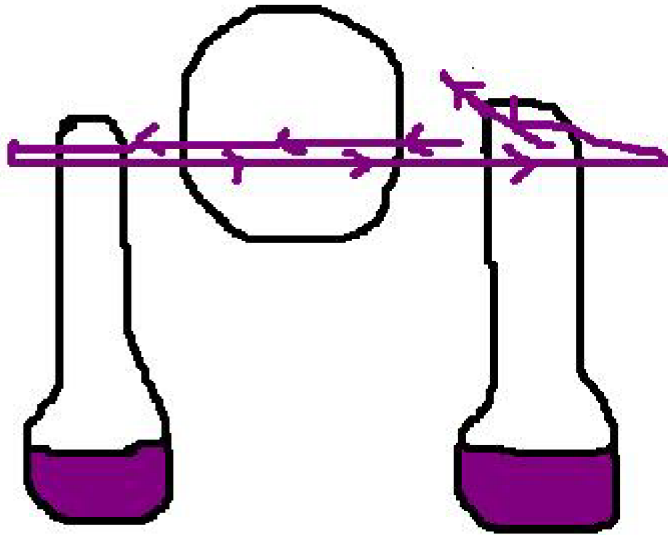

Using Susan Bates trim tool (or 3 in. tall piece of heavy cardboard) wrap deep violet Caron Perfect Match yarn and cut. Using 2 strands of yarn and latch hook, fringe 3 sts on the row directly behind the horn, centering it using the ears as a guide. Repeat between each rnd down center of head and neck

Tail

Using Susan Bates trim tool (or 4 in. tall piece of heavy cardboard) wrap until thickness desired deep violet Caron Perfect Match yarn and cut only one side. Gather uncut side and tie with a 6 inch piece of yarn Tie tail to top of body between rnds 22-23.

Attaching legs.

Take yarn needle and long piece of waxed dental floss. Thread the needle.
attach arms by entering in one joint, exiting out the other and catching the leg and re-entering body and back out where you started, catching other leg, then TIE VERY TIGHTLY and make at least 3 tight knots. If they are too loose to hold position you need to tie more tightly

Decorating

Glue two 5mm eyes on 8th rnd of head (Start counting from nose) with 5 sts between them.

With DMC floss, make nostrils on 3rd rnd of nose and eyebrows just above eyes.

Use the Satin ribbon and Satin ribbon embellishments to decorate the head using the photo as a guide.

I also cut lengths of Satin ribbon and tied them on the tail to conceal where they had been tied, and added an embellishment to the top of the tail.
