

Cat & Mouse Amigurumi

To make the cat and the mouse you will need:
Odds and ends of worsted weight yarn
6 and 9 mm plastic eyes with safety backings (optional)
Embroidery floss, tapestry needle
Size F/5 (4 mm) and size E/4 (3.5 mm) crochet hook
Fiberfill or stuffing of your choice

Finished measurements:

Cat's height is approx. 7.5 inches if standing and approx. 6 inches (without counting ears) if sitting. Depending on your tension and the yarn you use, she might end up being a little bit taller or a little bit shorter :)

Use the F hook to crochet the cat J

Muzzle:

R1- Ch 2, 5 sc in second chain from hook
R2- 2 sc in each sc around (10 sts)
R3- *Sc 1, 2 sc in next sc*, repeat 5 times (15 sts)
R4- Sc 15, sl st in next sc, bind off, leaving long tail for sewing.
Embroider nose and mouth, set aside.

Eye "roundies":

The "roundies" (no clue how to call them) are the little roundy pieces I back up the plastic eyes with, and as you can see they are optional. I made the rabbit without them because I thought she looked cuter like that, so it's your call J

R-Ch 2, 8 sc in second chain from hook, sl st in first sc, bind off and weave in loose end, put eye through hole if you're using plastic eyes with safety backings, set aside.

Body:

-When picking colors to start the body, keep in mind that we start crocheting the body at the bottom and finish at the neck –so if you're going to change colors to make a sweater, you should start with “skin” color and later change to the sweater color.
