Assembly:

- Sew the eyes and nose on the face
- Stuff the head with fiberfill (I stuffed more fiberfill in the head to make some weight)
- Sew the face on the head
- Stuff just enough fiberfill into the tummy (leave the neck, we don't need any filling here, this is how we make it look "sleepy" :))
- Stuff just a little to the arms and foot, leave the opening free of filling
- Do not stuff the ears, sew them to the head
- Sew all the arms and foot on the body
- and Finally, attach the head to the body
