

Super Mario Invincibility Star

I used worsted weight yarn with a 3.5mm hook. Just make sure you're using a smaller hook than the yarn label recommends, and you should be ok. Trust me, the star looks better without bits of fiberfill poking through ;)

You don't have to join rounds, working in a spiral works just as well. I wrote this pattern when I was still very much new to crochet, and chose to join rounds because I thought it would make it easier to get the eyes to line up after. I've made a couple of stars recently without joining the rounds, and actually prefer it that way. I'm leaving the pattern unchanged though, so you can pick whichever method you want. If you still want to join the rounds, futuregirl made [a very good tutorial](#) on how to do it seamlessly - the end result looks so much better.

There's a [Spanish translation](#) available of this pattern too, thanks to [Palitoz](#)!

ch2

Round 1: 5 sc in second ch from hook. Join with sl st, turn (5sc)

Round 2: ch1, 2 sc in each sc around, join with sl st, turn (10sc)

Round 3: ch1, *sc in next sc, then 2 sc in next sc* repeat around, join with sl st, turn (15sc)

Round 4: ch1, *sc in next two sc, then 2 sc in next sc* repeat around, join with sl st, turn (20sc)

Round 5: Repeat round 3 (30sc)

First point:

Row 1: ch1, sc in next 6 sc,

Row 2: ch1, sc in each sc across, (6sc)

Row 3: ch1, sc2tog, sc in next 2 sc, sc2tog (4sc)

Row 4: repeat row 2

Row 5: ch1, sc2tog twice (2sc)

Row 6: ch1, sc2tog, fasten off

Second point:

Row 1: Attach yarn next to base of previous point. (Pull up a loop, ch1, sc in same st). Sc in next 5 sc.

Row 2-6: Same as first point.

Repeat second point 3 more times, do not fasten off after last point. Ch1, then sc around entire star. Join to first sc with sl st.

When you have made two star shapes, sew eyes on one of them, then whipstitch together, stuffing with fiberfill as you go.

Please don't copy this pattern to other websites - provide a link to it instead. Thank you.
