HOW TO USE THIS BOOK

Welcome to the wonderful world of three-dimensional granny squares! These little squares of loveliness just took a turn for the more tactile, as Caitie Moore, Celine Semaan and Sharna Moore present a collection of a hundred designs, each with a surface element that makes them irresistibly 3D. You can mix and match as much as you want to create impressive granny square blankets, or alternatively try some of the project ideas scattered throughout this book. Before you start, please read the following advice and information.

READING PATTERNS AND CHARTS

This book contains patterns for 100 granny squares and 10 projects. All of the square patterns are accompanied by coloured charts that show each individual layer of crochet to be made. The colours shown on the charts represent the different yarn colours used for the design, and a colour key is provided with each pattern to help you to identify the shades used (see Yarn Key). To follow the charts, refer to the symbol key (see Chart Symbols).

BASIC KIT

All you need for each granny square is some crochet hooks and yarn (see Yarn Key). Some squares require a little stuffing, and you will also need a yarn needle for weaving in ends and adding embroidery details. For the projects you may need additional supplies, but these will be listed with the instructions. Always read through the instructions carefully, checking the assembly details and any additional materials list, before you start a particular square or project to ensure that you have all of the required items.

CROCHET HOOKS

Metric sizes have been provided for crochet hooks throughout. Please refer to the following conversion chart if your hooks are labelled with imperial or US sizes instead:

MM	IMPERIAL	US
2.75	11	2/C
3	11	
3.25	10	3/D
3.5	9	4/E
3.75		5/F
4	8	6/G

TERMINOLOGY

The patterns in this book have all been written using US terms. If you are used to working with UK terms, then please note the following differences in stitch names:

US TERM	UK TERM
single crochet	double crochet
half double crochet	half treble crochet
double crochet	treble crochet
treble crochet	double treble crochet
double treble crochet	triple treble crochet
triple treble crochet	quadruple treble crochet

YARN KEY

All of the granny squares and projects in this book use Paintbox Yarns Cotton DK range, which features 50g (1.75oz) balls in a wide range of colours. You don't need to stick to the specified shades used for each design, but the following key has been provided to help you to identify the chosen colours in case you wish to replicate the design exactly:

RIBBON DETAILS

Ribbon detail around present is created using surface crochet:

With Colour 1, make a slip knot.

Holding yarn at back of work, insert hook (from front to back) into stitch where you would like to start surface crochet (halfway across each side of square).

Place slip knot onto hook and draw it to front of work, so loop is at front and working yarn remains at back.

Insert hook in next st, pull up a loop and work a slst.

Continue to work slst across present.

Fasten off Colour 1. Rep for second row of detail.

BOW

With Colour 1, ch22, slst into first ch to join into ring.

Rnd 1: sc in each st to end of rnd, making sure not to twist ring. It is helpful to use a stitch marker to mark beginning of rnd. [22]

Rnd 2: (slst in next 3 sts, sc in BL of next 8 sts) twice. [22]

Rnds 3-5: Rep Rnd 2, slst in next st. [22]

Fasten off Colour 1.

The slsts will have created a narrowing in 2 sides of ring. Press these sides together and wrap yarn tail tightly around bow. Use both of yarn tail to secure shape of bow.

Attach bow to top of present on square.

With the tail end of the yarn hanging down, make a loop and hold it securely between two fingers (1). Insert the hook into the loop and pull the yarn through (2), make a chain stitch to secure, and begin making stitches inside the loop (3). When you have finished pull the tail to tighten the loop (4). Slip st into the first stitch to join.

SLIP KNOT

Make a loop with the tail end of the yarn hanging down. Insert the hook or your fingers into the loop and pull the working yarn through (5). Pull to tighten and place onto hook (6).

CHAIN

Place the yarn over the hook (7) and pull through the loop (8).

SLIP STITCH

Insert the hook into the stitch, place the yarn over the hook (9) and pull through both the stitch and loop on the hook (10).

SINGLE CROCHET

Insert the hook into the stitch, place the yarn over the hook and pull through the stitch so that two loops are on the hook (11). Place the yarn over the hook again and pull through both loops on the hook (12).

RIGHT / WRONG SIDE

When crocheting in rounds it is important to be able to distinguish which side of the crocheted piece is the right side. This is especially true when you are asked to work in the front or back loops of a stitch. On the right or front side there are little 'v's that appear (1). The wrong or back side has horizontal lines which are called back bumps or back bars (2).

FRONT LOOP

The front loop of a stitch is the loop closest to you. If the crochet pattern says to work in front loops only (FLO) you will work your stitches into just this front loop (3).

BACK LOOP

The back loop is the loop furthest away from you. If the crochet pattern says to work in back loops only (BLO) you will work your stitches into just this back loop (4).

5

6

FRONT POST SLIP STITCH

Working on the WS, insert the hook around the post of the stitch, from front to back and up to the front again (5), yarn over and pull up a loop (6), then pull that loop all the way through.

BACK POST DOUBLE CROCHET

Work as for Double Crochet inserting the hook from back to front to back around the post of the stitch instead of into it.

13

14

15

BOBBLE STITCH

Yarn over, insert the hook into the stitch, yarn over and pull up a loop (13). Continue yarning over and pulling through loops in the same stitch until you have a total of 6 loops on your hook (14). Yarn over and pull through all 6 loops at once (15).

PICOT STITCH

Work desired number of stitches in same st (e.g. for 2-dc-popcorn, work 2dc, and for 5-dc-popcorn, work 5dc), remove hook from last dc and insert it, from front to back, in top of first dc of popcorn st, insert hook in loop from last dc, yarn over and pull through both loops on the hook (21 and 22).

BEGINNING POPCORN STITCH

For a 5-dc-popcorn, pull the yarn through the stitch and make a chain to join, then ch3 (18), 4dc in same st (19), remove the hook from the loop and insert hook from front to back through the top of initial ch-3, replace the loop onto the hook (from the last dc), yarn over and pull through both loops on the hook (20).

SPIKE STITCH

Insert the hook into the indicated stitch, pull up a loop to the height of the working row, yarn over and pull through both loops on the hook.

FINISHING

JOINING YARN

Insert the hook into the indicated stitch, wrap the yarn around the hook and pull it through the stitch, yarn over the hook and pull through to secure (26).

FASTENING OFF

Cut the yarn and pull the yarn tail through the last loop on your hook.

INVISIBLE FASTEN OFF

When you fasten off invisibly you get a smooth even edge. Cut the yarn and pull the yarn tail through the last stitch. Thread the yarn tail onto a yarn needle, insert the needle, from front to back, into the next stitch. Now insert the needle back into the same stitch that the yarn tail is coming out of, but into the back loop only, and pull gently (27). Weave the tail end into the wrong side of the fabric and cut the excess (28).

LOOP STITCH

Wrap the yarn from front to back over the index finger of the hand holding the yarn. Insert the hook into the next stitch, yarn over and pull through the stitch. With the loop still on your finger, yarn over and pull it through the two loops on the hook.

PUFF STITCH

Yarn over and insert into the stitch, yarn over and pull up a long loop (23), (yarn over and insert into the same stitch, yarn over and pull up a long loop) twice more (24), yarn over and pull through all seven loops on hook (25), ch to close puff.

For a 3-dc-puff, (yarn over and insert into stitch, yarn over and pull up a loop, yarn over and pull through two loops) three times, yarn over and pull through all four loops on hook, ch to close puff.

For a 5-dc-puff, work as for a 3-dc-puff working the repeated section five times. The final yarn over will be through six loops.

For a 7-dc-puff, work as for a 3-dc-puff working the repeated section seven times. The final yarn over will be through eight loops.

WEAVING IN ENDS

Using a tapestry needle, weave all loose yarn ends through the back of your work into stitches of the same colour where possible. Keep checking the right side to ensure they do not show through too much. Pull slightly once complete before cutting fairly close to the final position.

BLOCKING

Pin your items to size using rust-proof pins and steam lightly with an iron. Do not touch your work with the iron but hover over it giving blasts of steam. Leave to dry completely before removing the pins.
