FINISHING DRESS:

Depending on yarn you use, you might need to block your lace skirt with a steam iron, just set your iron on steam and wave it gently over your lace skirt from WS. **TIP:** try to steam over a sample before you block the item, to see result, you do not want to spoil your work.

FINISHING DRESS with LINING (optional)

- Cut the skirt layer out of Tulle fabric

AA1 = AA2 : Desired Skirt Length

Gather top of the skirt layer:

- Using the longest stitch on the machine and very strong thread, sew 1 line of running stitches as shown above (do not back stitch at the start or the end).
- Fold skirt in a half across the line and sew another parallel line of running stitches (approx 1 cm sp from the folded edge), trim bottom edge of the skirt to a straight line.
- Pull the threads at both ends to gather top edge of the skirt to the length of the crochet bodice.

- WS of the dress facing to you, pin skirt around bodice edge

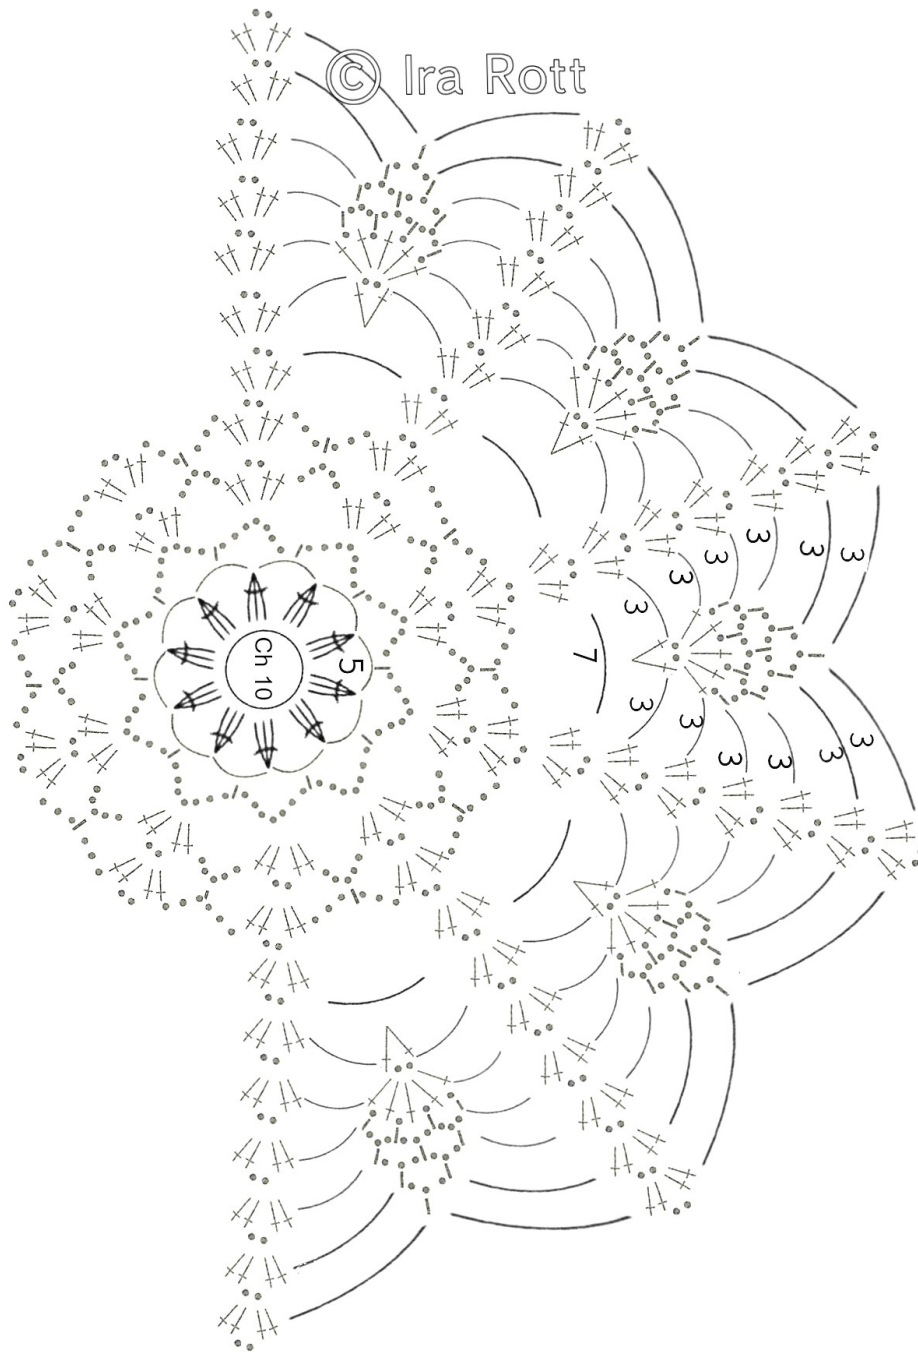

- Sew Gathered skirt around crochet bodice with 1 line of running st

- Pull ribbon through the stitches around dress bodice and tie it up front.
