- (E) black - 110 black

MATERIAL LIST

- crochet hook size 2.0 mm (US 0) or 2.25 mm (US 1) or 2.5 mm (US 1½)
- tapestry needle
- pins + stitch marker
- scissors + pen
- black glass eyes or safety eyes (Ø 5 mm / 1,97 inch)
- soft stuffing (e.g. Polyfill)
- fabric- or acryl marker (e.g. Molotow One4All, color 207)

some USEFUL FACTS first

1. Every piece starts with an adjustable ring („magic ring“ or „magic loop“). You don't have to close each round with a slst, except the patterns calls for it. You crochet continuously in a spiral most of the time.
2. Take care to crochet very tight stitches! If you crochet rather loosely, use a smaller hook size (e.g. 2,0 mm / US 0).
3. Stuff the amigurumi very firmly as you go. You better overfill your amigurumi with stuffing material than stuff too little! So if you've got the feeling that it's enough stuffing, stuff a little more. A broken chopstick helps spreading and stuffing firmly.
4. If your amigurumi will be best friend to a child under age of 3, you rather use safety eyes or embroider the eyes using the gray yarn or some black embroidery floss.

photo tutorial D - close remaining sts through backloops

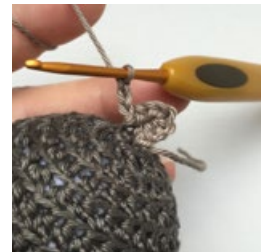

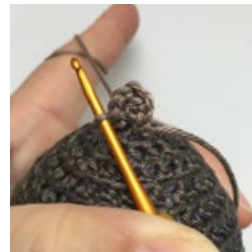

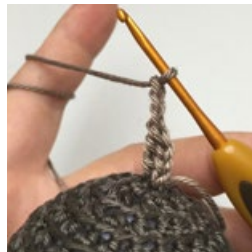

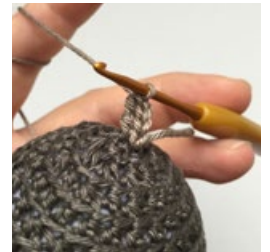

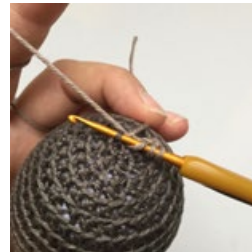

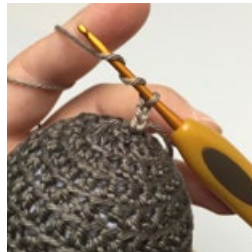

Pull the yarn tail through last stitch completely. Thread a needle. Pull the yarn through **backloops** of all remaining sts. Pull and weave in end.

SCALES yarn B

Turn the body upside down!

Join **yarn B** into the **last remaining frontloop (fl)** on the top of the base layer (it's the marked last stitch of the previous round).
Work in each **frontloop (fl)** all the way back around the base layer in a spiral.

WHITE LAYERS BEHIND THE EYES yarn C

Place a pin into the 1st, 8th, 11th and the 18th frontloop you've left in round 13.

Mark the 4th and 15th frontloop with further pins of another color. These two stitches are the **center stitches** of the shells that you do for the white layers behind the eyes. These are also the stitches where you have to place the eyes at.

Insert hook in 1st frontloop and join **yarn C**.

WHITE LAYERS BEHIND THE EYES yarn C

Crochet **9 dc into the 4th frontloop** (*you've marked this stitch as a center stitch*). Leave a long yarn tail, break yarn and pull the tail through the last stitch completely.

Thread a needle and pull the yarn through the 8th frontloop. Use the remaining thread to sew the half-circle onto the body.

Work the same way for the left eye's layer. Join yarn in 11th stitch, dc 9 in 15th (*center stitch*), break yarn and pull yarn tail through the last (18th) frontloop.

As soon as the body is finished you sew the half-circles onto the body. **Stitch around the posts** instead of sewing through the stitches.

NOSE yarn A

Stitch 3 strands of yarn A horizontal on the height of the last white colored round.

small details

← HEINZ

You can embroider some bright dots onto Heinz' body to make him look even more like a deer.

CHEEKIES →

Color the cheeks using a light pink fabric- or acrylic marker. Or cut some cheeks out of light pink fabric and sew them in place instead. Embroidering the cheeks also works really fine.
