TENSION

Check your tension before starting your garment. If there are too many stitches to 10cm, your tension is tight and you should change to a larger size hook. If there are too few, your tension is too loose and you should change to a smaller size hook. It is essential to work to the stated tension, and we cannot accept responsibility for the finished product if any yarn other than the specified yarn is used.

Counting in from both ends of last row, place markers on 2-ch sp after 10th [11th, 12th] group, leave 15 [16, 17] groups and place next marker on next 2-ch sp - 4 markers in total, with 18 [20, 22] groups between centre pair of markers. These marked points are joined on next row to become underarm points.**

Next row (WS) - patt until dc is to be worked into first marked ch sp, dc2tog working first **leg** into this marked ch sp and 2nd **leg** into 2nd marked ch sp (leaving 15 [16, 17] groups between marked points free - these form right armhole opening), patt until dc is to be worked into 3rd marked ch sp, dc2tog working first **leg** into this 3rd marked

ch sp and 2nd **leg** into 4th marked ch sp (leaving 15 [16, 17] groups between marked points free - these form left armhole opening), patt to end, turn (38 [42, 46] patt reps).

Cont straight in patt until work meas approx 40 [42, 44] cm from foundation ch edge, ending after patt row 1 and with **WS** facing for next row.

Next row (WS) - patt until dc is to be worked into first marked ch sp, dc2tog working first **leg** into this marked ch sp and 2nd **leg** into 2nd marked ch sp (leaving 15 [16, 17] groups between marked points free - these form right armhole opening), patt until dc is to be worked into 3rd marked ch sp, dc2tog working first **leg** into this 3rd marked ch sp and 2nd **leg** into 4th marked ch sp (leaving 15 [16, 17] groups between marked points free - these form left armhole opening), patt until last-but-one dc is about to be worked, dc2tog

working first **leg** into this last-but-one ch sp and 2nd **leg** into 2nd dc at beg of row (leaving 1 patt rep **unworked** at each end - these form front overlap) (36 [40, 44] patt reps).

Fasten off.

With **RS** facing, rejoin yarn to one underarm points dc2tog and, now working in rounds, proceed thus:

Next round (RS)- ss into first ch sp, 4 ch (counts as first dtr), (1 tr, 4 ch, ss to 4th ch from hook, 1 tr and 1 dtr) into same first ch sp, 2 ch, 1 group into each ch sp to end, ss to top of 4 ch at beg of round, turn.

Next round - ss into first ch sp, 1 ch (does NOT count as st), 1 dc into same first dc sp, *5 ch, 1 dc into next ch sp; rep from * to end, replacing dc at end of last rep with ss to first dc, turn.

TWISTED CORD TIES

Cut two 60cm lengths of yarn and hold them together. Tie a knot at each end of the two lengths so that they are joined. Now secure one end of the lengths of yarn and twist the yarns from the knot at the other end. Continue to twist thus until the yarns buckle back upon themselves when slackened. Hold onto both ends firmly and fold the yarns in half. Now let the yarn twist up onto itself, smoothing it out as it does. Tie a new knot in the end of the cord and trim the ends to neaten.

Repeat this process to produce two lengths of cord. Stitch one cord firmly to the end of each of the two extension pieces at either end of the belt.

Darn ends in.
Press carefully following instructions on ball band.
